Clark and received attentions from him. Some time previous to October, 1900, Walter Clark was employed by the plaintiff to work on his farm at Slaterville, Weber county, and Clark lived at the plaintiff's home, that the defendant and said Walter Clark did secretly and without the plaintiff s knowledge associate together in an improper manner. That in October, 1900, the said Clark departed for Idaho and afterwards carried on a regular correspondence with the defendant. That at the said time the defendant began to neglect her household duties, and during the fall of 1900 and spring of 1901 she abused the plaintiff and up to the time of filing of this complaint the defendant has used vile epithets and told him that she hated him. That her conduct is becoming more unbearable; that on August 23 and 24, of 1901, the defendant beat the plaintiff with shoes clothes brushes etc. Wherefore plain-tiff prays for a decree of divorce, for custody of the four children and for such other relief as the court may deem equitable.

Rev. William R. Brock Speaks Feelingly of His Experience and Tells. How, at Last, He Found the Cause and Removed it.

This would be a beautiful world if it vere not for the vexations and troubles

It is easy enough to say, "Don't let things trouble you." But it ign't so easy not to do it. Still, it is true that many troubles can be shaken off and many more avoided. For many long years the Rev. Wil-liam R. Brock, of Provence, I. T., was burdened with troubles more than fall to the lot of the average man, but finally he was able to throw them off and now tells entertainingly how he accomplished it. He says: "When I was a boy of about twelve years, I had what a boy seldom has-rheumatism. I had been in bad health for some months and was taken out school on account of it. But I kept

getting worse and at one time could hardly get around. This, I suppose, undermined my health and was the cause of the later troubles which afflicted Some sixteen years ago I developed a torpid liver and an enlarged spleen which finally caused a chronic diar-

rhoea. This in itself was very weaken-ing but, in addition to that, my stomach refused hearty food. I had a severe pain in my side almost all the time and, when I walked any distance, I became out of breath, with a feeling of burn-ing at the heart. My head and limbs would ache fearfully, especially at night. Then my rheumatism came on again and, later, I had a dry, hacking cough which nearly drove me dis-

tracted. 'I was under the care of two physiclans but, although the tonics gave me seemed to do me good for a while, the effect was only temporary. A friend in Texas, some years before, had told me of the benefit he had received from Dr. Williams' Pink Pills for Pale People, but I thought then I would frust to the doctors. However, doctors

were not helping me and finally I was induced to try Dr. Williams' Pink Pills by an advertisement in a paper which told of the cure of a case similar to mine, This was four years ago. I took them and eight boxes made me well. "I should have kept on a while longe until I had driven all the impure blood out of my system, for the next sum-mer the trouble came back. But I was not discouraged. I began taking the ills again, and a few boxes cured me, took six boxes in all at that time, and ny cure was permanent and, in the hree years that have passed since then. I have not been troubled at all. I am now well and strong and Dr. Williams' Pink Pills for Pale People have made

OFFICER BURT'S HEARING.

The police committee of the city council, composed of Jones, Brown and Cross, held a session last night to hear ovidence in regard to the charges preferred by Lamoni Holmes and Charles Spackman against Officer Robert Burke. Holmes testified before the committee in support of the affidavits made by himself and Spackman, in effect that Burke had arrested them for fast driving on May 11 last, near Five Points; had used vile and abusive language to them and had compelled each one to deposit \$5 with him as an alternative of being taken to jail; that this money had later been assessed against them as fines. Burke testified in his own behalf that he used no vio-lent language, that he followed the instructions of the police court clerk in accepting money to insure an ap-pearance for hearing.

There was a quarrel in the commit-tee from the first, Brown and Cross disagreeing with Chirman Jones in regard to allowing Attorney Leffenger to appear in the case for Holmes and Speakman Spackman.

Several wordy disputes took place and it is probable that Brown and Cross will submit a majority report favoring the officer, while Jones may

SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition - is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S.S.S. begins the cure by first cleans-ing and invigorating the blood, building up the general health and removing from

When this has been accomplished the discharge gradually ceases, and the sore or ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopcless your condition, how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body. Mr. J. E. A difference of \$10.00 to \$25.00 ought to convert anyone. Our suits are \$7.50 to \$30.00. Better come now and get your suit if you expect it to have a place in your wardrobe on Thanksgiving Day. Many other things you'll need. Hats Gloves, Underwear, Shirts.
