

# **EVENING NEWS.**

Wednesday, March 28, 1883.

## **FLOATING FRAGMENTS.**

Home Missionary meeting to-night.

Number 7 of the *Juvenile Instructor* is out.

Mr. John Cutler had a car-load of oranges arrive from California today.

An agitation is in progress in Denver to have the social evil licensed in that city.

Minnie Madden, in "Fogg's Ferry," will appear at the Theatre to-morrow night.

On Thursday evening, March 29, there will be a concert by the Sixth Ward Choir, at the school-house.

Remember the concert for the benefit of the Sunday School, at the Fourteenth Ward Assembly Rooms, to-morrow evening.

An exchange gives the annexed receipt for cattle in horses, which is one of the best known, and is well worth preservation by horsemen: "Laudatum, bulladum, sudum, other, chlorum, each two ounces; dose, half table-spoon in a half pint of water."

On Monday night the performance of "Black Diamonds," by the Opera House Stock Company, at the Ogden Opera House, was greatly marred by the intoxication of Charles Theodore, who played "Banty Bob." It was a matter of much regret to Mr. Curran the company's manager, who promptly discharged Mr. Theodore at the fall of the curtain.

## **LOCAL AND OTHER MATTERS.**

**NOTICE.**  
The General Conference of the Young People's Mutual Improvement Association will convene in the Assembly Hall, to-night, at 10 a. m. on Monday, April 9th, and will continue through the day.

All the members of the various Associations, and particularly the officers, are invited to attend, and the latter should come prepared to make their reports.

JOSEPH F. SMITH,  
W. WOODRUFF,  
Superintendents.  
Salt Lake City, March 21, 1883.

**High Council.**—The members of the High Council are particularly requested to meet in the Council House on Friday evening, the 30th inst., at 7 o'clock.

WILLIAM W. TAYLOR, Clerk.

**Locomotive Cylinders.**—The first two broad-gauge locomotive cylinders made in Utah were cast at the Utah Central Railway Foundry, the last one being made on Saturday. They are for the new locomotive now being built at the railway shops; weight 1,800 pounds; bore 17 inches.

**Orange Donward.**—At the railroad depot to-day, a horse attached to a wagon on which was loaded a quantity of oranges, started on a runaway. The outfit sped past the County Court House toward East Temple Street, scattering the fruit along the street on its headlong course.

We understand the team belonged to Mr. J. W. Snell, and the vehicle was badly smashed.

**Implemental War.**—Mr. Mattison has accepted Mr. Warnock's challenge for a trial of the respective plows sold by them. Since war has been declared hostilities may be expected to begin at any moment. It is to be hoped the plowshares will not yet be beaten into spears, but it appears certain that some one of these implements is likely to be badly beaten. See advt.

**Minnie Madden Company.**—To-morrow night Miss Minnie Madden will appear for the first time before a Salt Lake audience, in the play of "Fogg's Ferry." Music and the Drama says about her:

"Minnie Madden has the inimitable advantage of being really young; she has a pleasing and expressive pretty face, she has bright red hair, and a fair complexion, which goes with it; her voice, like Annie Laurie's, is low and sweet; above all, she has that sympathetic manner which interests the public in her as an actor."

**Home Enterprise.**—Wm. Devey & Son, of Alpine, Utah County, having for some time past been successful in the manufacture of iron chains, have now added another branch to their business—that of making tubular iron wheel-barrrows. The barrows have their own patented improvements of steel spokes to the wheels, strengthening braces, and improved shape, and are pronounced the equal of any made elsewhere. They make several sizes for use of smelters, mines, factories, and for domestic purposes.

**Farwell.**—Mr. Phil. Robinson, the brilliant journalist, who has made many warm friends in Utah by his outspoken and intelligent expressions of the true situation of Utah affairs, combined with his affable and courteous manners, expected to leave for the East this afternoon, but it was not improbable that his departure would be delayed till to-morrow morning. He goes direct to New York, where he will be joined by his wife, and from thence proceed direct to England. He anticipates before long taking a trip to China and Japan. On his journey back to England from those portions of the world he will travel via San Francisco, and may possibly call this way. We wish him success.

**Plans of Competitors.**—In answer to the invitation of the City Council, requesting plans for the improvement of public parks, seven were sent in for Liberty Park, premium \$100, Don C. Young successful competitor; Washington Square 3 plans, premium \$20, Wm. Hedges successful competitor; Tenth Ward Square, 5 plans, premium \$20, Chas. R. Wilkes, son of Major Wilkes, successful competitor; Pioneer Square, (Old Fort) 2 plans, premium \$10, Wm. R. Jones successful competitor.

**Forest Fires.**—Since Dec. 1st, a Mr. Thomas, representing the land office department at Washington, has been in the Territory. His special business is to ascertain what steps can be taken for the prevention of forest fires, so destructive to the timber of the West. In pursuance of his investigations he has been pretty generally over Utah, and has discovered that most of the fires started in the mountain fastnesses are the result of criminal negligence or carelessness, and occasionally of design, and that two classes are responsible for most of them—tramps or "cowboys," and hunting parties, and occasionally people camping out in the mountains, engaged in ordinary pursuits, and through lack of caution, the cause of starting destructive conflagrations in the timber.

It is found also that parties in different places are guilty of infractions of the law which forbids the cutting down, for any purpose whatever, of timber less than eight inches in diameter. It is to the interest of the Territory that the timber should be protected and preserved especially in view of the fact that it is already none too plentiful in this region. The young trees should be allowed to remain and develop as they are not only the source of future supplies, but serve to hold the snow in the mountain passes, and thus are a means of preserving a water supply for the agricultural lands below. It is to be hoped that Mr. Thomas will receive all the assistance from the people that they can render him, as the accomplishment of the object of his mission is necessarily local in its beneficial effects.

**Mr. Robinson's Lecture.**—A large audience assembled at the Theatre last night to listen to the farewell lecture by Mr. Phil. Robinson. Notwithstanding that the gentleman was laboring under a serious disadvantage, in the shape of an affection of the throat, the result of a cold, he held the audience for two hours and fifteen minutes, the interest in his narrative of thrilling adventures, graphic descriptions and humorous situations never flagging for a moment. In addition to the leading features of his former lecture, Mr. Robinson introduced a brief relation of the reasons which led to the Afghan, Zulu and Egyptian wars, and made some comments upon the leading characteristics of the great English Generals, Sir Garnet Wolseley, to whom he paid a high compliment as the *beau ideal* of a soldier and a cultivated English gentleman. He also ventured the statement that within the next few years there would be some heavy fighting, and that Sir Garnet would figure in it, and it was the lecturer's unqualified opinion that he would whip whoever was on the other side of the struggle.

**Probable Fatal Affray.**—The Ogden Herald states that on Tuesday night, on Lower Fourth Street, five tramps quarrelled. From bluster they got to blows, and in the fracas one of the drunken rowdies received two gashes on the upper part of the left arm and a fearful stab wound in the lower part of his body, just above the pubic bone. The wounded man falling to the ground, where he lay groaning with pain, the other four fellows ran off; but shortly after two returned and took him to Dr. A. S. Condon who lent all the surgical assistance in his power. Meanwhile the police officers had got wind of the affair, and they appeared on the scene, arresting the two tramps referred to and setting out in search of the other two, whom they soon found, hidden in a ditch, one with his head bleeding from a severe blow with a rock. His wounds were attended to, and the four fellows were then marched off to the city jail.

The man who was stabbed is fatally wounded. His age is twenty-two years, and his name is given as William Henry.

**The Remains of a Man.**—A few days ago we published the fact of the remains of a man having been found near Clear Lake, Millard Co., by a lad named William Crookwell in accordance with the notification sent him by Dr. J. D. McCrookwell, Coroner James McShon assisted by the doctor, his son and Mr. Peter Woolsey, gathered up the bones and buried them under a cedar tree. In the pockets of the clothing were found a copy of the Ogden Times of Jan. 2nd, 1879, and an envelope on which was the post mark of Blackhawk, Cal. It also had on it the address of John Nolan, Denver, City, Colorado. The article now named, the clothing together with the watch and chain and the six dollars found at the time the remains were discovered, were placed in the custody of the Coroner.

**Plans for Improvement.**—Considerable public interest has been manifested regarding the plans for the improvement of public parks of the city, especially those in relation to Liberty Park. Some of those furnished by competitors for the premium offered by the City Council are splendid specimens of art and ingenuity, and as many people would doubtless be delighted to have the opportunity of viewing them, it has been suggested that they be placed in some part of the City Hall, where they would be accessible to the public, that they may be open to general inspection for a few days. The suggestion is worth consideration. Those who were unsuccessful might not wish to exhibit their designs. As they are splendid specimens, we see no reason why they should object.

**Salt Lake and Denver.**—Officials of the Denver and Rio Grande R. R. in this city state that they know of no reason to prevent through freight trains running between Salt Lake and the capital of Colorado on or about the 1st of April, and passenger trains shortly afterwards, as the road will be completed between those two important points by that time. There is some talk of celebrating the finishing of the road by an excursion from both ends of the line at an early day.

## **Lady Notaries.**

Editor Deseret News:

In your Monday evening's paper an article appeared under the heading of "A Lady Notary," stating that the appointment of Miss Mary Greenwood, of American Fork, was the "first instance so far as you could recollect, of a lady receiving an appointment of that character."

In the year 1874, two ladies, Miss Joan M. Campbell and Miss O. Georgeanna Snow were elected Notaries Public for Salt Lake County by the Legislative Assembly of that year. Very Respectfully,  
AN EAR WITNESS.

"Juvenile Instructor," No. 7 of this year's volume of this popular and interesting periodical is out. The contents are:

"Westminster Abbey," (Illustrated); Topics of the Times, by E. F. P.; Friendship; The Boys of '76, by J. H. W.; Editorial Thoughts; Learn to Observe; A Thrilling Scene, (Illustrated); History of the Church; A Drop of Blood; An Indian Legend, by Hagath; Sunday School, by W. J. T.; The Reformer; Items of Experience, by A. M. C.; Chapter for the Little Ones, (Illustrated); Be Gentle; Beautiful Words of Love, by J. L. Townsend, music by E. F. Parry; Album Lines, by J. L. T.; Enigma.

Bishop John Sharp arrived from the East last night, in good health.

## **SPECIAL BUSINESS NOTICES.**

**FLOW TRIAL.**  
SALT LAKE CITY,  
March 28th, 1883.

We notice in your last night's edition a challenge from R. Warnock to meet the Sulky Flow Trialers in a friendly plow match during Conference, 1, as one of the said dealers, accept the challenge, and ask him to state in your next issue the time and place he wishes to hold trial.

Yours respectfully,  
L. B. MATTHEWSON,  
Mitchell Wagon Yard.  
d & s April 10

"Charter Oak A B C" is a very handsome book just issued by the manufacturers of the "Charter Oak" stove, and it is after the style of nursery books, giving a rhyme for each letter of the alphabet, singing the praises of the "Charter Oak" stove. It also contains some valuable cooking recipes. The cover is a very neatly executed piece of work, and is printed in bright colors. A copy will be mailed to any address in receipt of one three cent stamp. Address the Excelsior Manufacturing Company, St. Louis.

**A CURE OF PNEUMONIA.**  
Mr. D. H. Barnaby, of Oswego, N. Y., says that his daughter was taken with a violent cold which terminated with pneumonia, and all the best physicians gave the case up and said she could not live but a few hours at most. She was in this condition when a friend recommended Dr. Wm. Hall's German Syrup, and advised her to try it. She accepted it as a last resort, and was surprised to find that it produced a marked change for the better, and by persevering in its use a permanent cure was effected.

Townley's Toothache Anodyne cures instantly.

**MOTHERS' ATTENTION!**  
Chas. Jones of Elizabeth, Spencer Co., Ind., says: I have dealt in medicine a number of years, and will say that Dr. Roger's Vegetable Worm Syrup is the most valuable medicine I ever sold. My customers were so pleased with its effects that they purchased a number of bottles to have it on hand. It is all that it is recommended to be.
