## RAPID TRANSIT EXTENSION.

Pushing Work on Harrisville Line to  
Handle Sugar Beet Crop—Un-  
propitious Weather.

OGDEN, Sept. 12.—At a meeting  
of the board of education of the Ogden  
city public schools held Saturday, the  
report of Supt. Mills regarding the  
opening of the grade schools, was  
briefly discussed. Conditions have been  
very satisfactory this season and the  
work for a successful school term  
was never better. The new modern  
high school building which is being  
completed at a cost of \$100,000, opened  
this morning, although only the two  
west floors were ready for occupancy.  
The contractors are pushing the work  
with all possible speed and it is hoped  
the building will be completed  
within a few weeks. When finished  
the school will be second to none in  
the west and Ogden should feel justly  
proud of the exceptional advantages  
afforded to the youth of the city.  
Much care has been taken in the  
selection of the faculty, the members of  
which are as follows:

**UNPROFITABLE WEATHER.**  
OGDEN, Sept. 12.—Much has been  
said and written of late regarding the  
weather conditions prevailing in this  
section and again it becomes necessary  
to comment on the unpropitious  
storms occurring during the past few  
days. Saturday bore every resemblance  
to bleak November weather and  
showering pedestrians hurried about  
their affairs seeking the shelter of of-  
fices and stores. The temperature  
dropped from 70 to 40 degrees in a few  
short hours and the mountains took on  
a mantle of snow. A cold rain con-  
tinued to fall at intervals and few vi-  
sitors displayed courage enough to ven-  
ture as far as the fair grounds during  
the day.

**JUDGE GUNNELL'S LECTURE.**  
OGDEN, Sept. 12.—Judge Volney  
Gunnell of the juvenile court addressed  
the people of Harrisville last evening  
on topics pertaining to the juvenile  
law and the training of wayward boys  
and girls.

**RAPID TRANSIT EXTENSION.**  
OGDEN, Sept. 12.—Satisfactory terms  
having been arranged for a temporary  
crossing on the O. S. L. tracks by the  
Ogden Rapid Transit company on the  
Harrisville line, it is now the inten-  
tion to proceed at once with the work  
and every effort will be put forth to  
complete this extension within the next  
30 days. Although this will be some-  
what late for handling the season's  
best crop, yet it is anticipated that a  
good tonnage can be handled even at  
that time.

**DESERTS OGDEN FOR SEATTLE.**  
OGDEN, Sept. 12.—Having visited the  
exposition at Seattle and seen the  
beauties thereof, Dr. James D. Shaw  
has decided to leave Ogden and take  
up his lot in the booming coast city.  
For the past several years, Mr. Shaw  
has held the position of chief clerk to  
the auditor of dining car and hotel ac-  
counts of all the Harrisville lines cen-  
tering here and his loss to the depart-  
ment will be keenly felt. The many  
friends of Mr. Shaw wish him success  
in his change of location and business.

**SUNDAY SERVICES.**  
OGDEN, Sept. 12.—The services at  
the tabernacle last evening, under the  
auspices of the Young Ladies and  
Young Men's Mutual Improvement  
Associations of the North Weber stake,  
were well attended. The principal  
speakers were Mrs. Augusta W. Grant  
and James H. Anderson of the general  
board. A splendid program of music  
was rendered.

Judge H. H. Rolapp, who has been  
touring Europe with his family during  
the past few months, addressed a large  
and appreciative audience at the fifth  
ward meetinghouse last evening, giving  
an interesting description of his  
travel. In his closing remarks he paid  
a tribute to the Ogden boys school, but  
in various parts of Europe serving  
as missionaries, and encouraged their  
friends and relatives by giving a good  
report of the activities of these young  
men.

Pres. W. M. Pickett. There was a good  
representation present from all the af-  
filiated associations of the state.

## NO CONSOLIDATION IN SANPETE SCHOOLS

Court Opens at Mantl Sept. 13, With  
A Large Calendar of  
Cases.

(Special Correspondence.)  
MANTE, Sept. 8.—The Sanpete county  
commissioners met in regular session  
on Tuesday of this week, Alfred and  
Matson of Mt. Pleasant being the only  
members present. The request from  
the city of Gunnison, asking for a  
grant to construct a pipe line from  
Sterling to Gunnison for the purpose  
of putting in a water system was  
granted.

The question of the consolidation of  
schools in Sanpete county was also  
considered by the commissioners and  
decided adversely. Those favoring the  
question had asked for a postponement  
of the matter, but when the question  
came so many favoring various  
opposed to the question, were present  
objecting to postponement, that the  
petition to consolidate was denied.

**COURT CALENDAR.**

## DISGRACEFUL ASSAULT IN MOUNT PLEASANT

Neighborhood Row Aired in Justice  
Waldemar's Court—Mrs. Stohl  
Victim of Whitecappers.

(Special Correspondence.)  
MOUNT PLEASANT, Sanpete Co.,  
Sept. 10.—The Pyramid today prints  
the following:

**WHITECAPPERS PLEAD GUILTY.**  
Six women and two men, Rose White,  
Rose Ellen Rosenfeld, Clara White, Gay  
White, Mrs. Malinda Nielsen, Esther  
Anderson, Rose White and Ernest Niel-  
son, were before Justice A. B. Wal-  
demar Thursday evening, charged with  
battery, as the result of the whitecap-  
ping attack on Mrs. John Stohl last  
week, when the defendant women were  
spitting and a dose of red pep-  
per. All entered a plea of guilty to the  
charge excepting Esther Anderson, who  
pleaded not guilty. As the officers  
were present that she had nothing to  
do with the attack on Mrs. Stohl, she  
was dismissed.

In offering an explanation of why  
they had attacked the woman, Mrs.  
Rose White, a woman of 63 years, told  
the court that she had been a victim  
of the whitecappers for some time.  
The Stohl woman, she said, had  
told such horrible stories about herself  
and family, and had said such mut-  
terable things about them, screaming  
out her accusations while in the middle  
of the street, that she could stand it  
no longer. The officials could do  
nothing, so she did it herself. She took  
all the blame of the annoying adminis-  
tration to the offending woman, saying  
she had done it with a small board.  
Some of the stories told by her in court  
as coming from the Stohl woman were  
sensational and untrue in the extreme,  
and were couched in language  
which she had never heard of before.

Clara White offered an explanation of  
why she had joined the expedition  
against the Stohl woman which was  
much the same as that given by her  
mother-in-law. Some of the stories  
which she had heard were told about  
her were real bad ones; they would not  
look well in print. She had adminis-  
tered the red pepper.

Most of the women were dressed in  
new clothing. The two men said they  
had remained outside, not particularly  
to keep others away, although they had  
gone towards one passerby and fright-  
ened him badly. Not a word was said  
during the sparring, which had been  
thoroughly done.

**WHITECAPPERS FINED.**  
MT. PLEASANT, Sept. 11.—Justice  
A. B. Waldemar fined each of the  
whitecappers, Rose White, Rose Ellen  
Rosenfeld, Clara White, Gay White,  
Mrs. Malinda Nielsen, Rose White and  
Ernest Nielsen, \$25 each for the as-  
sault upon Mrs. John Stohl.

ferred to the New Jersey academy at

will give a public recital soon.

MOUNT PLEASANT, Sept. 11.—The  
funeral of Mrs. Mathus Olson of Spring  
City was held in the meetinghouse,  
Wednesday, Sept. 8.

Mrs. Olson died on the 5th inst., after  
a few days' illness, of old age. She  
was 78 years of age. Deceased leaves  
one son and three daughters, her hus-  
band having preceded her in December  
last.

The funeral of Mariah Hansen (Pete  
Nielsen) was held Thursday afternoon  
at 2 p. m. at Fairview. Deceased died  
on the 11th inst. The immediate cause  
of death being heart trouble. Mrs. Han-  
sen was born March 15, 1840, at Sonder-  
sted, Holbeck, Denmark. She joined the  
Mormon faith in 1853 and emigrated to  
Utah in 1862, crossing the plains with  
ox teams. On Oct. 5, 1885, she was  
married to P. N. Hansen, at Fairview.  
She was the mother of nine children,  
seven surviving her. She leaves be-  
sides a host of friends, to cherish her  
memory.

**POISON IN SALMON CAN.**  
Two of Richard Mills' children, the  
babe of Hyrum Mower and Mr. Mower,  
were poisoned on the 11th inst. by eat-  
ing canned salmon. They were clear-  
ing land some distance south of Indian-  
ola, where they were camped. After  
eating dinner they became ill and hur-  
ried home. One of them was seriously  
ill. A physician was called and it is  
reported that all are now out of dan-  
ger.

**FATAL ACCIDENT  
IN BINGHAM MINE**  
BINGHAM, Sept. 11.—John Rafferty,  
28 years of age, unmarried, was the  
victim of a fatal accident at the Utah  
Copper mill this afternoon. While he  
was cutting a shaft in the shaft, caught  
in a set screw, and before he could be  
rescued he was battered and torn al-  
most to pieces. He was removed  
the day hospital where he died soon  
after. His body will be shipped to Af-  
ton, Missouri, where Rafferty's sister  
lives. He was quite popular in Bingham,  
where he leaves a host of friends  
to mourn his awful death.

## SANPETE TOWNS RAISE SALOON LICENSES

Manti, Mount Pleasant, Moroni, Fair-  
view and St. George City in Harmony  
For Moral Betterment.

(Special Correspondence.)  
MT. PLEASANT, Sept. 11.—The pro-  
hibition question in Sanpete county is  
very much alive. Already Mt. Pleas-  
ant and Manti have passed ordinances  
raising the saloon license to \$2,000 a  
year, to take effect Oct. 1, with strict  
regulation. Now, Moroni has an ordi-  
nance in the course of preparation,  
which is in harmony with the agree-  
ment entered into between the munic-  
ipal officials' convention held in Ephraim  
in May. Moroni goes one better by  
increasing the license on pool or bil-  
lard tables to \$100 per quarter. It is  
thought that this will do away with  
dry pool halls, which may be opened  
for the purpose of selling liquor. Fair-  
view is also a stand-patter, and will  
have an ordinance in effect Oct. 1, re-  
quiring from saloons a payment of \$2,000  
license.

Spring City has postponed taking any  
action till the first of the year. The  
city council at its last regular session  
renewed the saloon license for another  
quarter at the old rate, \$300. When this  
expires, it is understood the council  
will adopt an ordinance similar to the  
ones gotten up in the other towns of  
Sanpete.

Ephraim. It is understood, has not  
looked upon the change with good  
grace and will neither raise the license  
to the \$2,000 mark, nor to any other  
above what it is now, thus repudiating  
the action taken at the convention held  
in that city in May.

## DIXIE FRUIT FESTIVAL AT ST. GEORGE

Unsurpassed Display of Southern Utah  
Sub-Tropical Products Draw  
Big Crowds.

(Special Correspondence.)  
ST. GEORGE, Washington Co., Sept.  
10.—The Dixie Fruit festival opened yester-  
day morning under a cloudless sky  
and with ideal weather conditions.  
People are here from all parts of Wash-  
ington county, Utah, and from many sec-  
tions in southern Nevada. The at-  
tendance of visitors from the northern  
part of the state was somewhat disap-  
pointing, owing probably to the heavy  
storms which preceded the festival, and  
the reports which had gone out of dam-  
age to the roads; however, a good  
number of people are here from Salt  
Lake and the northern part of the state.  
Col. E. W. Tuleek is here represent-  
ing the governor, his excellency, at the  
last moment finding it impossible to at-  
tend. The Salt Lake and Weber com-  
mercial clubs were represented, and the  
state horticultural inspector, J. E. Tay-  
lor, is an interested visitor.

Made is being furnished by the  
Washington silver band, the St. George  
silver band, and the Washington or-  
chestra.

The sports are attracting great crowds  
of interested spectators, roping, rid-  
ing, foot racing, baseball, etc., are the  
most interesting features.

The fruit exhibit is one of the best,  
if not the very best, that Dixie has ever  
made. The various settlements are vie-  
ing with each other, all anxious to  
make a creditable display.

The great variety of fruits, as well as  
the appearance and the quality of the  
fruit is astonishing. Grapes, peaches,  
apples, plums, prunes, pomegranates, figs,  
quinces, strawberries, tomatoes, water-  
melons, cantaloupes, sweet potatoes, al-  
monds, walnuts, etc., etc., are here in  
profusion. But the quality and flavor  
of the fruit are what give the Dixie  
fruit its peculiar charm.

In the evening the grounds are lighted  
up with electric lights, the light being  
furnished by the St. George Electric  
company, which has recently installed a  
power plant here.

Tonight will be the fruit festival  
proper, when the fruit which the crowds  
have been viewing for two days with  
enraptured eyes, will be given to the people  
to enjoy in unlimited measure.

Visitors from the north express them-  
selves enraptured over the fruit display.  
Every one remarks, "If only there were  
a railroad here" to furnish an outlet  
for Dixie's grand products."

## RICHFIELD WOMAN INJURED BY ACCIDENT

(Special Correspondence.)  
RICHFIELD, Sept. 10.—Mrs. R. D.  
Young of this city met with a severe  
accident yesterday while returning  
from a trip to Joseph. She was driv-  
ing a horse and buggy with her three  
children. Nearing Richfield at dusk,  
she turned out of the road to pass an-  
other vehicle at a point where a cul-  
vert crossed the road and which she  
could not see in the darkness. One of  
the buggy wheels missed it and dropped  
into the ditch, upsetting the rig and  
throwing the occupants out. The chil-  
dren escaped injury, but Mrs. Young  
suffered a severe fracture of the collar  
bone.

Mrs. Laura Thurber, wife of Joseph  
H. Thurber of this city, died at the  
home of her daughter in Newcastle,  
Utah, this week, and the remains will  
be brought here for burial today.

# LOST!

I lost my gold watch and chain at  
Saltair, Labor Day. The party who  
found it, no doubt, has been wonder-  
ing to whom it belongs. Parties learn-  
ing of the loss of the watch, please  
good; that the party who found it  
would keep it, but everybody knows  
I have been advertising for years that  
red streaks of honesty exist in every-  
thing of the lost watch is another chance  
to prove it. When the right party reads  
this advertisement I am satisfied the  
watch will be returned to me. I will  
reward the person for so doing, but  
the fact that I am offering a reward  
is no reflection on the integrity of the  
watch until it was known to whom it  
belonged.
