FOREIGN.

VIENNA, 13.—The *New Free Press* is informed that the Porte will make an extraordinary levy of 100,000 men in the Spring, for the suppression of the insurrection in Herzegovina. Egypt will send him an addition of 22,000 and Tunis 8,000 men.

BERLIN, 13.—In the Reichstag, to-day, Councillor Von Phillipsborn, in behalf of the government, stated that steps had been taken to protect German interests in the inquiries going on in England out of the loss of the *Deutschland*; he hoped that the measure proposed on the 10th instant, providing for official investigations into casualties to German shipping, would soon become law.

LONDON, 13.—The *Mark Lane Express*, in its review of the grain trade, says the markets in the French provinces are improving in tone; in Paris they are quiet and steady, and that the Belgian, Dutch, German and Russian markets are steady.

A. A. Montet & Co., merchants, of 11 Billiter Square, E.C., have failed; their liabilities are estimated at \$550,000.

A report came from Bremen, to-day, that the passenger who attempted to commit suicide, and whose name is Thomas, had confessed that there was another case of explosive material on board the *Mosel*; that it was provided with clock work apparatus, which was timed to explode in eight days, when the *Mosel* would be in mid-ocean; that he intended to land at Southampton, and that his object was to destroy the steamer, so that he could claim a large insurance, which he had effected; but a later dispatch from Bremen pronounces the horrible story not true. The case spoken of has been opened by the police, and found to contain nothing explosive or dangerous.

PARIS, 13.—The Assembly continued to ballot for senators, and the following were elected: M. M. Delavergne, Jourez, Berthault, Royer, Calmon, Oscar de Lafayette, Riemilly, Luroy, and Fribert. Of these Royer was a candidate of the Left; all the others were nominated by the Left Centre.

M. Walton has withdrawn his name as candidate for the senate.

The manager of *Le Gaulois* newspaper and M. De Cassagnac have been acquitted on the charges brought against them in connection with the publication of the latter's Belleville speech.

BREMEN, 14.—The *Weser Zeitung*, this morning, asserts that the passenger Thomas has confessed to an intention of destroying the steamship for insurances he held, and implicated others in the plot; the report requires confirmation, which can't be obtained before the end of the judicial investigation going on. 104 democrats against it. The vote was taken by tellers, with the following result—ayes 99, nays 126, so the previous question was not seconded.

A young woman who inquired in a Lebanon (Ind.) book store for "Good Morals and Gentle Manners," was informed by the proprietor that he didn't have 'em, as there was no call for 'em now-a-days.

The chorus in Nottingham in singing Benedict's "St. Cecilia" lately, uttered the line, "God is our hope," as if it were "God is a rope," and have been respectfully urged to breath over the letter H.

None of the congregation knew she was crazy until she insisted upon singing a solo when the contribution box was being passed around. The unfortunate sexton who attempted to remonstrate with her was nearly knocked down by the hymn book she threw at his head, and the pastor, when he tried to quiet her, got a fearful blow on the head from her umbrella. Then the congregation came to his aid, but the woman was too much for them all, and escaped from the church. This happened the other day in Pittsburg.

Notice to the Public!

During a greater portion of the past season, the demand for the

FISH BROTHERS WAGONS

Has been so great, we have been unable to supply all our customers. This has been especially the case since CONFERENCE, we having sold out during its continuance, every 3 $\frac{1}{4}$ and 3 $\frac{1}{2}$ Wagon we had on hand.

We are aware that our being out of WAGONS as above mentioned has frequently been a source of great annoyance to our friends and customers who have come a long distance to get a

FISH BROTHERS WAGON,

And have been compelled to take some other wagon which they did not want, or go home without.

We desire to say to our friends and the public generally, that we have perfected arrangements by which we will be able to supply the demand for these wagons. We have just received a letter written by Mr. T. G. FISH, the senior member and founder of the firm of FISH, BROTHERS & Co., in which he assures us positively that we shall be kept supplied hereafter at all hazards.

We have this day received a Car of 3 $\frac{1}{4}$ and 3 $\frac{1}{2}$ wagons; we have another car on the road between here and Omaha, and still another car will be shipped in a few days. These shipments will be kept up with sufficient frequency to supply the demand. Thanking our friends and the public for the excellent trade they have given us, and soliciting their further favors,

We remain, yours very sincerely,
