

FLOATING FRAGMENTS.
 Constitutional Convention to-morrow at 2 p. m.

A brilliant entertainment will be given at the Theatre to-night, by the Unity Club.
 A large company of missionaries expect to leave for various parts of the world to-morrow.
 There was a copious rainfall last night. More of the same thing has been descending to-day.
 The Fourth Quorum of Elders will meet in the Sixth Ward School-house, this evening at 7.30 p. m.

Jim Finlay, a half-breed on the reserve, shot and killed himself on Tuesday of last week. His family say he had been drinking, and came in, took his gun, and deliberately committed suicide before their eyes. The incident is remarkable, as it is probably the first case on record of an Indian taking his own life.—*Mississippi Herald*.

About sundown, last evening, a man of the Catholic faith, who had been employed about the church and the grounds, entered the sacred edifice and stole a silver chalice and a silver bell which are used in conducting services in Catholic institutions. The pious thief had also collected a number of other articles of value which he concealed in a convenient place from which he could take them when it suited him. He was arrested.—*Ogden Herald*.

LOCAL AND OTHER MATTERS.
 State Convention.—Delegates to the Constitutional convention should remember that at its last sitting, the Convention adjourned till October 10th, at 2 o'clock p. m., unless called together sooner by the President. To-morrow at 2 o'clock the Convention will meet again.

Information Wanted.—If Mrs. Mary Crowther, wife of James Crowther, formerly of England, some relative of the Cockcroft family, will apply to Saml A. Merrill Esq., of this city, he will hear of something to her advantage. Any person knowing of her whereabouts will please communicate with Mr. Merrill or send word to this office.

An Involuntary Dive.—At Park City, a few days ago, a man named Phelan was about to descend a well on Judge Snyder's place to fish out a fallen bucket. As soon as he placed his weight on the rope he gave way, and down he went a distance of thirty feet, into about eight feet deep of water. Then the man who had gone down to fish out the bucket had to be fished out himself. The Record makes merry over the incident.

A Fool and his Money.—This morning a man appeared at the police office and complained that he was robbed of over sixty dollars hard cash on Saturday. He had strong suspicions of a certain party who was with him on an adriatic expedition, but as he had imbibed a large quantity of liquid befuddlement his memory was considerably clogged, and the prospects of working up a case to a successful issue seemed exceedingly slim.

Ready to Go.—A year ago this month Elder Charles M. Nelson, of Springfield, Utah County, was called to go on a mission to the North-western States. His circumstances were not at that time favorable to his leaving home, and he was in consequence excused for the time being by the First Presidency. He is now ready to respond to the call and intends leaving with the company of missionaries who purpose taking their departure from this city to-morrow.

The Unity Club.—This evening the Unity Club will give the best of their delightful entertainments for the benefit of the Deaf and Dumb Hospital. We can with confidence recommend all who wish to be amused and entertained by excellent performances to attend the Theatre to-night. The quality of the affair combined with the benevolent object in view, should attract a very large audience. Go and see the beautiful tableaux and listen to the exquisite readings and vocal and instrumental music.

Wood Engraving.—John Held, wood engraver, has just finished the best specimen of the art we have seen executed in this city. It was done in the order of Mr. Henry Dinwoodey, and consists of a representation of a window, artistically arranged with lambrequins, curtains, cornices, dais, pictures and other beautiful ornaments which can be purchased at Mr. Dinwoodey's establishment. The cut is a really meritorious specimen of the wood engraver's art, and the young gentleman who produced it should be encouraged.

Y. M. I. A. Conference.—The first meeting held this morning at 10 o'clock, was fairly attended. General Supt. W. Woodruff presiding. To the roll call a large representation from the several States responded. Remarks were made by Assistant Supt. M. H. Hardy, Supt. Morgan Richards Jr., of Parowan and Joseph H. Felt of Salt Lake and by sisters E. S. Taylor, Zina Y. Williams and Mary A. Freeze.

The Conference adjourned until 4 p. m., when the statistical reports were presented and important business attended to.

From Philadelphia.—Dr. M. B. Shipp is in town, having arrived the other day from Philadelphia where he has been undergoing a course of medical studies. He has attended three winters at the Jefferson Medical College, and lately graduated from that institution. We understand that he and his wife, Mrs. Dr. Margaret Shipp, purpose taking a trip through the Territory, in the course of which they will deliver lectures and attend to cases requiring medical care in which the patients are in such circumstances as to prevent their coming to this city to receive such attention as they may require.

POISONED BY INDIANS.
 MAN MURDERED AT KANAB.

We have seen a private letter to Brother Seth Johnson, of Hillsdale, Garfield County, who is now in Salt Lake City, from a relative. It was written at Kanab and dated the 4th inst., and tells of a tragedy that occurred near the latter place a few days previous. An old man named Phelps, who has a place in Kanab, and another up one of the adjacent canyons had been putting crops in at the canyon farm, when some Indians called and put a quantity of strychnine in his food. Mr. Phelps ate the poisoned victuals and soon died. A boy named Judd also partook of some, but finding it tasted bitter, only swallowed a very small portion and has recovered. Two young Indians are under arrest at Kanab on a charge of having committed the murder.

This is the first instance we have ever heard of in which an Indian resorted to poison for killing purposes.

A Good Time.—The General Conference, which terminated yesterday, was probably the largest gathering of the kind the Church ever had. Yesterday the huge Tabernacle was densely packed in every part, while several thousand people had to turn away from inability to gain an entrance into the building. The feeling of the people, so far as we have been able to ascertain, is to the effect that it was the richest Conference they ever had the privilege of attending. The spirit of the Gub of Jacob rested upon the speakers with great power, and the brethren not only gave the most clear and pointed instructions, but they spoke words of comfort which on one occasion yesterday so affected the congregation, that the faces of hundreds were suffused with tears of joy. The faith of the people was great, and prevailed in bringing down a rich blessing from the Lord upon the chief general congregation of His Church. When President Taylor called for an audible acknowledgment of the hand of God in delivering His people from the power of their enemies, the immense concourse moved with a united impulse shouted an amen that sent a thrill to every heart. The spectacle of a people with such implicit faith in the strong arm of Jehovah, was well calculated to impress its witnesses with its grandeur. The saints have great reason for rejoicing, as they enjoy a degree of spiritual and temporal prosperity that is wonderful. Let the revilers revile; they are but straws in the wind so far as impeding the progress of such a people to the goal of their advanced destiny is concerned.

A Good Institution.—The Merchants' Reporting and Collection Association, whose principal office is in 124 Dearborn street, Chicago, Ill., is an organization of prompt and reliable commercial lawyers throughout the United States and Canada, for the protection of trade and the collection of debts. Competent law correspondents and attorneys represent the association in nearly every city and town, and thus form a network of commercial intelligence throughout the country. By presenting unpaid notes to the attorney of this association in Salt Lake City collections can be made in any place where the association is represented. Questions are answered in strictest confidence through the company's correspondents, and all needed information given as to the collection of accounts, etc. In fact whatever tends to protect business interests in their rights, and to secure at moderate cost the payment of outstanding accounts is the business of this useful organization. The company has just published a register for 1883 and 1884 of the names of all their correspondents, for the use of its members, and we find that of Charles W. Stayner Esq., as their representative in Salt Lake City.

Returned From a Mission.—On Saturday morning we received a pleasant call from Elder Howard Coray, of Provo, who returned a few days ago from a mission to the Southern States. He left home on June 30th, 1882, and proceeded to Smith County, Virginia, where he labored during the whole of his ministry. During that period nearly all the members of the Church in that part of Virginia, twenty-six people, emigrated to Utah and Colorado, where last fall and fourteen by the company that lately came by way of the Denver & Rio Grande R.R. Brother Coray was treated courteously and hospitably by all classes of people. He enjoyed his labors greatly, but being advanced in years, turned sixty-six, he experienced some inconvenience in having to travel considerable on foot. In addition to his labors in the south he visited relatives in Pennsylvania and New York, and obtained a great deal of useful information regarding his ancestor. His relatives, who had not seen him from the time he was a youth, received him with marked kindness.

A Venerable Lady.—Last Tuesday Mother Polly Stinson, formerly of this city, now of Holden, Millard County, completed her 80th year. A number of her family connections, of whom there were four of her children, twenty-one grand children and eight great grand children, called to see her. Besides these a large number of personal friends were in the company. The venerable lady was the recipient of many loving congratulations, accompanied by tokens of affection in the shape of presents. In the morning she had been feeling somewhat feeble, but the troops of loving ones with their pleasant greetings quite revived her aged heart and made her feel much stronger. Mother Stinson is one of the oldest members of the Church, with which she has become connected in the days of Kirtland, and has remained steadfast and true.

Married.—April 8th, in this city, Miss Cecelia Meyer, niece of F. and S. Auerbach, to Mr. H. Barnett, of Butte City, Montana. We wish the happy couple happiness and prosperity.

 HAMILTON G. PARK,
 For the Stake Presidents of the Seventies.

Missionary Matters.—We have received a call from Elder William Asper, of the 19th Ward of this city, who returned home from a mission to the Southern States a few days ago, in charge of that part of the company of emigrants from the South that came to this city. Brother Asper left here April 19th, 1881, and during his absence from home labored in the State of Virginia, with the exception of a short time he spent in Pennsylvania, where he baptized a few persons. In Virginia quite a number of converts were made, and for the last year he presided over the Conference, in which position he was succeeded by Elder John T. Heninger.

On the way home Elder Asper and the company he had charge of received marked courtesy at the hands of all railroad officials on whose lines they traveled.
