GETTING EVEN WITH ASSIGNORS. A little excitement occurred this

week at the store known as the Junc-tion Co-op, which, however, has been owned and operated by a company of men residents of Ephraim, for some time past, ever since the Co-op was forced to close its doors by its creditors and now this company has shared the same fate, and the creditors have placed Mr. A. Sundwall, of Fairview, in charge, Now comes a Mr. Henry Thompson the

into the store, and after greeting present party in charge, selects two suits of clothes, and wished to know the lowest cash value of the same, upon receiving the desired information he politely asked the privilege of taking the two suits home to determine which of the two he would retain to which proposition the genial manager assented.

In a short time Mr. Thompson returned and to the surprise and annoy-ance of Mr. Sundwall, laid on the counter enough of the late company's scrip to pay for the two suits of clothes, remarking, "There is your pay, and that's all you'll get." Then quietly left the store

Are the creditors, in placing Mr. Sundwall in charge, legally intrenched to such an extent as to refuse to accept the scrip issued by the late company, whose goods were wont to be bought by the scrip they issued? The judicial mind of Ephraim is dis-
