

LOCAL AND OTHER MATTERS.

THEATRICAL.—There was a good house last night at Kate Denin and Mr. Wilson's benefit. The playing, too, was capital and gave the utmost satisfaction. As the "Wandering Boys" Miss Emily and Miss Kitten Denin elicited warm and frequent applause; and at the fall of the curtain there was a prolonged call from the audience, responded to by Mr. Wilson and the little actress.

We hope the gentlemen who take a benefit to-night will have as crowded a house as their merits and the excellence of the full deserve. Two good pieces, Mrs. Romney and Mr. Harris singing, and Miss (live dancing, a strong bid for popular patronage, which should be liberally responded to.

Mr. Harris takes his benefit to-morrow night. This popular comedian and the acting stage manager of the Theatre, takes his benefit to-morrow night. In Dutch and burned cork character parts he has shown to best advantage and evinced decided talent; and those he has wholly chosen for the occasion. For the first time he has the excellent Irish drama, "The White Horse of the People," will be presented, Mr. Harris playing the redoubtable Dutch Major. The piece will be well acted. It will be followed by that formidable piece of nonsense "Shoo Fly," by Mr. Harris; and the new piece of "Kion," Kate Denin in the title role, Mr. Wilson as Minerva, with the "Grecian Band" song, and Mr. Harris as the colored Mercury.

THE ELECTION.—The Municipal Election of yesterday ought to satisfy everybody, unless there were some "demons of a row." The people sustained their ticket fairly and squarely. Everybody voted as he or she desired and none troubled themselves about it. A few ladies exercised their right to vote under the law published on Saturday; and we believe the first one who recorded her vote was Miss Sarah Young, daughter of J. H. Young Esq.

The streets were lively all day with good humored crowds, and stumpy speeches of the length of a couple of three sentences were plenty. The polls were closed at the proper time, and Acting Governor Mann and Major Benham were invited to be present when the work of counting the votes commenced; but both gentlemen, we believe, had other engagements which precluded their attendance. A deputation waited upon the judges of the election to be present when the votes were counted, but their application coming after the boxes were opened and part of the counting was done, they were too late for their request to be granted. The result of the election was known about ten o'clock last night. It was announced by Manager Caine in the Theatre before the farce commenced, and was received with a spontaneous and hearty cheer. The people sustained at the ballot box their vote of last Thursday night at the "mass-meeting."

The total vote was 2,301. The number cast for each candidate elected was: For Mayor, Daniel H. Wells, 1,199; for Aldermen: Isaac Crook, 2,207; S. W. Richards, 2,005; A. H. Raleigh, 2,000; Jeter Clinton, 1,997; A. C. Pyper, 2,003. For Councilors: Robert T. Burton, 2,007; Theodore McKean, 2,006; Thomas Jenkins, 2,007; Robert P. Kimball, 2,011; Henry Gray, 2,004; Thomas McLellan, 2,007; John Clark, 2,007; John R. Winfree, 2,008; Lewis Hills, 2,008. For Recorder: Robert Campbell, 2,010. For Treasurer: Paul A. Schettler, 2,008. For Marshal: John D. T. McAllister, 2,005.

THE MUSIC by the 10th Ward brass band yesterday was one of the features of the election. This band is entitled to great credit for the proficiency its members have made. It is another of those creditable institutions of which our citizens have just reason to be proud; and the 10th Ward may now blow its blast with the loudest.

DANGEROUS BUSINESS.—We have received a note from a credible citizen, stating that last night two respectable young ladies, passing along First South St., were abused and badly frightened by some fellow, an entire stranger to them. This is a very dangerous game in Salt Lake city; and parties troubled by such proclivities had far better go to places where such practices are viewed, if not with tolerance, at least with indifference; there is no locality in the world where insult or injury to ladies is so likely to get the perpetrator into trouble as in Salt Lake, and the 10th Ward may now blow its blast with the loudest.

THREE MAILS AGAIN.—The following letter affords another instance of delinquency on the part of some of the mail officials here. We are acquainted with the writer of the letter and can vouch for his veracity:

Salt Lake City, Feb. 15, 1870.

Editor Deseret News, Sir:—In late issues of your paper, I have noticed frequent communications from parties complaining of gross delinquencies connected with the mail delivery in this Territory. As another instance of this kind, I mailed a letter at Ogden on the 3rd inst., to a person in this city. The person to whom the letter was directed called at the Postoffice in this city today and asked for the letter, but got none. I personally called at the Postoffice yesterday, and got the letter which I had written and mailed at Ogden on the 3rd inst. The letter had the Ogden post mark on the envelope, and was dated Feb. 3rd. Such instances as the above show that a number of screws are loose in the postal arrangement somewhere, and I, in conjunction with many others, would like to see them tightened up.

Yours respectfully,

ROBERT PATRICK.

POLICE.—L. Shurtliff surrendered himself to the police yesterday to be tried for getting drunk, and disturbing the peace by riot riding. The prisoner managed to elude the vigilance of the police at the time the offence was committed. He was fined severally \$5 and \$10 for the offences.

A LUCKY FIND.—A curious discovery of a quartz ledge is related by the Nevada Daily Gazette, of February 11th. The boys at the Mud Flat School-house, near Gold Flat, while playing at "Prisoner's Base," placed their prisoners in a hole in the ground, a few feet deep. While digging out the earth of this hole to make it larger, they struck a quartz ledge, from which they took out valuable specimens. The claim promises to be rich one and is known as the "School Boys' Ledge."

By obtaining the CURTIS "Premium Models," and learning to use them, which can be done in a very short time, any lady will be enabled to cut out all kinds of garments worn by males or females, adults or children. There may be other models in the Territory by which ladies' dresses can be cut, but the CURTIS "Premium Models" are positively the only ones that will do as above stated, and abundance of unquestionable testimony can be given that they will do all that is promised. Female Relief Societies will find these Models of great service, enabling all, however ignorant of the art of cutting out, previously, to insure a perfect fit in every style of garment required. Mrs. J. M. Smith, of the 17th Ward, S. L. City is sole agent for the Territory.

For CUTTING and FITTING done in all its branches.

Some People "Ay com-

pletely off the

Handle"

When an article is said to do many things, now for our part we esteem and appreciate a preparation that in proportion to the amount of time and labor we can save by its use. The

RENOVATING MIXTURE

will remove with little trouble, every particle of Grease or Paint from your Coats, Vests, Pants, Hats, Dresses, &c., without injuring, in the most remote degree, the finest fabrics. It is also very useful in removing the grease and dirt from doors and jambs, much used by kitchen hands, and it will kill Bed Bugs as well as their eggs and remove the head like a charm, creating a fine lather and removing every vestige of dirt and dandruff in a twinkling. It does the hair no harm being principally composed of Nitrogen—the element which enters most largely into the composition of hair.

OUR

WASHING COMPOUND

Causes a great saving of SOAP and LABOR as well as the wear and tear of clothing attendant upon so much washboard rubbing as is usually necessary to bring the clothes to a proper degree of cleanliness.

Some women are in the habit of using Turpentine, Alcohol, Ammonia, Camphor Gum, &c., in their washing fluids, but none of themought ever to be used for such purposes (even wash) the use of our agent for six months by using a fluid containing Turpentine. The Turpentine and Alcohol especially tend to open the pores of the skin and thus render the person more liable to take cold as they enter the arms. This Compound does not fade but brightens Calicoes. It is well adapted for Washing Machines.

LIQUID BLUEING.

Most of the Blueing sold is poor stuff, leaving specks in the clothes. To avoid this, people should purchase ours, as it will be found much cheaper and more reliable. It is also a magnificent and durable BLUEING.

We desire our customers to understand, most distinctly, that we are not the persons to palm off on the public any spurious or inferior articles. To prove this we deprecate them to try our goods, and if not satisfied to give them back, we will take them back and refund the means received therefor.

Special attention paid to orders from the country.

FLORENCE

SEWING MACHINE

In point of labor, there is the same difference between thrashing with a flail, or using a Threshing Machine, that there is between sewing by hand or using a good Sewing Machine.

Inventive Genius gave to man Things pleasing to the sight, And such as man has often wished Would make his labors light: Then turned to woman with a smile, And made her heart rejoice, For she in every household sings Its praises with her voice.

"Tis the song, 'Tis the song, In every household wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

When woman toiled for daily bread, From early morn till eve, How many eyes were dimmed with tears, For labor is a pleasure now, And she can tell and sing.

"Tis the song, 'Tis the song, In every home wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.

In every home, in every land, Its praise is sung aloud, It works alike for rich and poor, The humble and the proud; It is the pride of every heart, And every woman's cure, "God bless the Florence Company," Is in every woman's prayer.

"Tis the song, 'Tis the song, In every home wherever 'tis seen, There's a song, There's a song, Of the beautiful Florence Machine.
