## THE DEAD BODY OF A TRAMP FOUND

Near the Railroad Track—School Ticket Nominated—Wedding Nuptials.

## AUSTRIANS IN BATTLE ARRAY.

A Salon Scrap Checked—Civil Suits—Entered Divorce Granted to Bessie M. Ward.

The trainmen on the Rio Grande Western passenger No. 3, which arrived in Ogden yesterday afternoon at 2:40 o'clock, notified the police and sheriff's department that the body of a man was seen lying along side the track, just southwest of the old race track, near the Adams cannery factory. Judge Howell, Chief of Police Browning, Captain Brown and other officers responded to the call and drove to the designated spot with the patrol wagon. They found the dead body to be either that of a Mexican or negro; an examination of the body showed that the man had evidently been struck by a train some time during Tuesday night, as the body had commenced to decompose from lying in the sun all day yesterday. The train had evidently struck him in the back, as the spine was broken, one leg broken, and his head crushed. His coat and vest were torn down the back, and lay about a rod south of his body. The only thing found in his pocket was a printed card which read, "Bob Minto is a member of the Federation of Butchers in, and is entitled to all the privileges that the order provides." He had no money in his pockets, and his clothes were quite badly worn. He had on a dark coat and vest, corduroy pants and sweater. Judge Howell and the officers, after viewing the remains, decided that an inquest will not be necessary, and the body will be buried at the expense of Weber county.

JOSEPH J. WHITAKER SUED.

The Ecoles Lumber company has brought suit in the Second district court against Joseph J. Whitaker to recover \$175. The complaint alleges that the defendant, Feb. 1, 1899, delivered his promissory note payable six months after date for \$175 to the plaintiff, together with how amounts to \$55.50. Wherefore plaintiff prays for judgment against the defendant for \$175, together with \$17.50 attorney's fees.

LUMBER COMPANY ENTERS SUIT.

The Ecoles Lumber company has brought an action against James E. Horrocks, Irving Peterson and Fred Howard to recover \$710.48. The complaint alleges that the defendants, Peterson and Howard, entered into contract with James E. Horrocks to erect two dwelling houses for him at a cost of \$175, and that these defendants entered into contract with the plaintiff in this action to furnish lumber for the said dwellings, which contract was carried out, and lumber to the amount of \$710.48 was furnished and has not been paid for. Wherefore plaintiff prays for a first lien on the premises and houses and that the premises be sold and the proceeds be used to pay the said debt. D. E. Sloan is attorney for plaintiff in both actions.

BESSIE WARDE GETS DIVORCE.

The divorce suit brought by Bessie M. Ward against William Warde was heard by Judge Rolapp and a decree of divorce entered in favor of the plaintiff as prayed for. The evidence introduced by the plaintiff and other witnesses went to show that the defendant deserted the plaintiff and failed to provide his family with the common necessities of life.

DEMOCRATS NAME CANDIDATES.

Democratic primaries for the nomination of a school trustee in each of the city wards were held last night. The meetings were well attended, especially in the First ward, where over 50 people were present. Each of the nominees was selected by acclamation, and all of the present members of the

A WAY OPEN.

Way a Salt Lake City Reader Knows It Well

There is a way open to convince the masses of people. Scores of Salt Lake City people have made it possible. The public statements of his experience is proof of the like of him never been before in Salt Lake City. Read the name of it given by a citizen.

James M. Morris, miner, of 41 south 10th street, said: "I followed the leading of the train, and if the constant and turning involved in such an act of mine was not the primary cause of my trouble, it certainly aggravated it. I had considerable annoyance from the often persistent nagging and was unable to complete a day's work. I have been so uncomfortable of the question, and very often my rest was disturbed. I knew from the action that these organs required attention, but when a man exhausts all his knowledge of the medicine and standard remedies, and all his efforts are futile, naturally becomes discouraged or worse. In this way I read 'Doan's Backache Kidney Pills' and went to the F. J. Hill Drug Store and bought a box. I do not regret that I did not have a better remedy. The pills did not help me. I have had the treatment, and if the remedy I could not be induced under consideration to publicly endorse it."

HURD-PARLEY NUPTIALS.

Marriage license was granted to Charles E. Farley, 31, Harrisville, and Miss Valena Hurd, 17, of Farr West, Weber county.

KNIFE USED IN FIGHT.

A fight occurred in a lower Twenty-fifth street Australian saloon last night, which would no doubt have resulted in murder had it not been for the quick action of several Austrians. Two men named Louis Rockich and Pete Muller entered into a dispute, which led to blows and Rockich pulled a knife and rushed at Muller, but the men in the saloon floored him, and held him until Sergeant Chambers and Officer Al Herick arrived and placed the two under arrest. They are charged with disturbing the peace.

Of interest to Mothers.

Thousands of little ones die every year ofroup. Most of them could have been saved by a few doses of Foley's Honey and Tar, and every family with children should keep it in the house. It contains no opiates and is safe for all ages. Mrs. George H. Pickett, San Francisco, Cal., writes: "My baby had a dangerous attack ofroup and we thought she would die. I gave her a few doses of Foley's Honey and Tar and she was cured. I can't say enough for it. It is the best medicine I have ever used." F. J. Hill Drug Co.

Democrats generally favor a non-partisan school election but plan is not favored by Republicans claiming that the plan was tried a few years ago when Democrats were in the majority in the city and the Democrats then turned the non-partisan nominees down and elected their own men. Republicans will now plan a complete ticket in nomination and allow Democrats to do the same. Republican primaries have been called for Dec. 3.

## RICHFIELD.

## MILD SMALLPOX RAGING.

A Verifiable Epidemic Has Broken Out—Only One Serious Case Reported.

An epidemic of mild smallpox has made its appearance within the last few days that has become somewhat alarming. Where in some cases it is pretty severe yet there is no special occasion to worry as to serious complications. It was thought some time ago that the disease had been brought under control, but after a week new cases began to break out and during the past week there have been seven or eight new cases, in different families. The disease exists in all parts of the city and it is impossible to tell who are or have been exposed.

Among the cases reported perhaps that of Mr. Bob Elliot is the most serious. It is said by the quarantine physician that his body is literally covered with pustules and he has suffered severely. A day or two ago it was feared that it would prove fatal with him, but he has taken a change and the chances are more favorable.

The board of health decided Tuesday to take extreme measures against all who are quarantined by enforcing them not to come any closer than 15 feet of a sidewalk, and no person not quarantined shall approach within 20 feet of any one who is under quarantine regulations.

It is claimed by the health officers that there is the utmost indifference among many of those who have contracted the disease, hence the positive orders recently promulgated. The officers intend to prosecute to the fullest extent any violators of the rule.

## DOVER FUNERAL OBSEQUES.

Old Folks on Thanksgiving Day—Weather Fine—Mining Experts Visit.

Special Correspondence.

Cedar City, Nov. 27.—Funeral services over the mortal remains of the late William H. Dover were held today in the Tabernacle, which was filled with relatives and friends of the deceased, who passed away at the age of 70, after an illness of nearly four years' duration. The deceased was born at Oxford, England, on the 15th of November, 1835. Owing to the death of his parents was thrown on the world at an early age, and compelled to earn his own living. At the age of 10 years, he lost his father, and his mother was followed to the great beyond one later by his father. In the year 1855 he joined the Church of Jesus Christ of Latter-day Saints, in Coventry, England. In 1859 he left his native land to come to Utah, but was detained in New York some four years before coming to Utah. He first settled in Tooee county, and from there came to this city in 1875, where he has continued to reside until his death. He was a useful and honorable citizen, and held many positions of honor and trust in the community; was especially prominent in the old folks committee and seemed exceedingly happy in his efforts to make the aged comfortable and happy. Held the position of High Priest and died in full faith in the Gospel. A wife and seven children, three sons and four daughters, mourn his loss. Bronchitis, which developed into consumption was the cause of death.

Thanksgiving exercises were appropriately observed on Thursday last, the exercises being under the auspices of the mutuals of the ward at 10 a. m., a goodly number of old and young met in the tabernacle, where a well arranged program was carried out.

H. R. Briggs of this county, and normal of the city, was the principal speaker. In the afternoon Bishop H. W. Lunt and wife in their usual hospitable manner entertained a number of aged people, 21 of whom were present, averaging in age over 74 years. After partaking of a well prepared dinner the company joined in relating their experiences in settling in Utah, and particularly the many adventures they passed through in assisting to build up Cedar City.

Sports were indulged in by the youth during the afternoon, and a ball for adults in the evening closed the exercises.

The weather continues very mild and open, no moisture having yet fallen; our roads and streets were never in a worse condition through dust than at the present time. We are visited occasionally by gentle rains, but the weather is generally very close.

All kinds of promises are made looking to the development of these iron industries in our county. Immense deposits and the establishment of them, when will these things materialize.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia. In fact, the only case of pneumonia reported in Cedar City was in the case of a man who died of pneumonia in the hospital at Salt Lake. The man was a resident of Cedar City, and was a member of the Relief Society. He was a man of about 40 years of age, and was a member of the Relief Society. DISASTROUS FIRE IN PROGRESS.

The Barn and Sheds of Lauritz Christensen in Flames—Efforts to Check Made.

Special Correspondence.

Santaquin, Utah, Nov. 30.—A fire broke out on the premises of Mr. Lauritz Christensen of the place between 11 and 12 o'clock this morning. It has burned his barn, containing about 20 tons of hay; a set of harness, light wagon, tools, cow sheds, etc. It is not known at present how the fire originated.

Mr. Christensen was out about 11 o'clock last night, just before retiring for the night, and everything was safe at that time; but he was awakened out of his sleep shortly after that by some of his neighbors crying "fire."

The morning is still, there being very little breeze, and a large crowd of willing hands with buckets kept the fire confined to the hay, but were unable to put it out, and are watching that it does not spread on to neighboring property.

## INTERNATIONAL MONUMENT TO PEACE.

The cut illustrates the unique peace monument recently erected in South America. It is popularly called "The Christ of the Andes" and is situated on the boundary line between Chile and the Argentine Republic. This seems to be especially appropriate, for that boundary line has been for the last seventy years a cause of perpetual wrangling between these nations. It stands at an elevation of 14,000 feet above the sea level. The statue is of bronze and is twenty-eight feet in height. It rests on a granite pedestal symbolizing the world, upon which is an inscription reading, "These mountains shall crumble to dust ere Argentine and Chile break the peace which at the feet of Christ, the Redeemer, they have sworn to keep."

The wedding of Geo. Hall, aged 19, and Mrs. Alminda Whitlin took place at noon today, Justice L. J. Ross officiating. We wish the couple a happy married life.

Fall trade is quiet, due possibly to the open, warm weather we are having. The farmers begin to wish some mild frost, but none are very serious.

Crops Proving Excellent—Five Little Girls Born—News Notes.

Special Correspondence.

Parker, Idaho, Nov. 25.—The beautiful weather is the subject of public comment. Nothing has ever been known like it heretofore, the nights have been cool, but lovely, still and dry.

The sugar beet situation in this neighborhood is about perfect, the weather being such as to obtain the very best results. There has been gathered this season from the Kgin bench the astounding number of 13,111 tons, netting as high as 10 cents a ton, but low to the farmers.

Wheat here brings \$1.35 per hundred for milling quality; oats \$1 and potatoes 50 cents. So it will be seen that our community is in reasonably good circumstances.

With the exception of two children in the family of Mr. William Hunter, the health of the people is fairly good.

Mr. Walter Mosso has been sent to Salt Lake for treatment for stomach trouble. In addition to the stomach trouble, he has a severe case of rheumatism, and is unable to move.

There have been five births within the last month, as follows: To the wife of Bishop D. G. Miller, a girl; to the wife of Horace Loveland, a girl; Nov. 14, to the wife of Henry A. Grover, Nov. 14, a girl, and to the wife of Ezra Davenport, Nov. 20, a girl. It is feared in this burg that some of the anti-"Mormon" agitators may get the notion that some plot is on here among the "Mormons" to have a preponderance of girls born, five in succession! But no, it is just one of the chances.

There were many beautiful flowers strewn around and on the casket.

There is gloom and sadness over our entire community, this being the second time the angel of death has visited our ward in one week. The first being the sudden death of the late Aaron B. Porter.

The deceased was counselor in the primary, a member of the Relief Society and choir; also an aid in the Y. M. I. A. She was a devoted wife, loving mother and true friend, an earnest worker in the cause of truth. She was mother of 11 children, of which there were three pairs of twins, the first having died at birth, the infant now left is but two weeks old. She leaves a loving husband and a host of relatives and friends to mourn her loss.

Mrs. Johnson emigrated to Utah in May, 1885, from Denmark, and settled in Salt Lake City, where she lived for two years, then moved to Logan, where she married Neph Johnson, Jan. 4, 1888. In January, 1885, in company with her husband, she moved to Independence, Ida., where she lived until her death.
