sion This Afternoon.

# SOUTH SWANSEA ADVANCES. SOUTH SWANSEA LAWSUIT.

## tive-May Day Climbing-Ajax Firmer.

Business was very good on the Exchange today. Nearly 50,000 shares of Mining company was to be held this afstock changed hands and prices were ternoon at the company's offices. A on the whole, well sustained. Some printed report was prepared for prenotable advances are recorded, the sentation at the meeting. In this remost striking being South Swansea's port Manager J. E. Bamberger says the jump to \$1.331/2 and Daly-West's ad- company has produced and marketed, vance to \$31.05. Four Aces was also during the year ending December 31st, in good form today with 2,000 shares 1900, "16,000 tons of crude ore, of the going at 5. Lower Mammoth hung value of \$38.27 per ton, and 36,863 tons around \$2.95 at the close, while Daly of mill or second class ore, making 10,sold at \$1.57 and Mammoth held up to 116 tons of concentrates of the value of \$2.15% after opening at \$2.16% and sell- \$34.62 per ton, or \$962,501 in all, at a ing down to \$2.15. May Day was much total cost for mining, milling, transstronger today, sales being recorded as high as 44%. Northern Light was high as 44%. Northern Light was weaker at 2%, while Rocco-Homestake dropped 200 shares at \$1.02. Star Con-solidated opened at 77 and weakened leaving a margin of \$631,243, out of solidated opened at 77 and weakened to 76, while Ajax sold up to 80%. Con-solidated Mercur was very active around \$3.20. Ben Butler weakened to 5% with the sale of 25,000 shares Bos-ton & De Lamar let go 5,000 shares at \$2.25 per thousand, while daisy sold at % and Dalton was traded in at 10. Joe Bowers showed some activity at 1%. A marked increase is seen in Little Chief which seed an argin of \$631,243, out of which we have disbursed in dividends \$437,500, for developments, improve-ments and betterments, \$24,972, leaving about \$118,770, which was added to our surplus, which with the amount receiv-ed from the Anchor Mining company and miscellaneous receipts has been inwhich sold as high as 16. A big block of Manhattan was released at %, while Yankee Consolidated sold down to 12% The closing quotations were as follows:

Ben Butler Weaker-Con. Mercur Ac- Practically Settled Today - Daly Share-

#### holders Met in Annual Session-Items from the Camps.

The annual meeting of the Daly-West porting, prospecting, assaying, general creased \$156,976 in all.

"By the expenditure of about \$13,000 we have increased our milling capacity about 20 per cent, and as our mill prod. uct reduces the average zinc contents in our entire product, we have suc-ceeded in practically eliminating our zine penalty, which heretofore was quite costly, amounting to over \$2,460 in one month."

The cash on hand December 31st, 1900, was \$189,625.77. A detailed statement of the values

in the crude of shows the presence of 57.5 ounces silver, .05 ounces gold, 23.4 per cent lead, 2.7 per cent copper and 22.2 per cent zinc. These ores sold for \$58.27 per ton. The concentrates contain 46.53 ounces silver, .05 ounces gold, 28 per cent lead, 1.7 per cent copper, and 16.2 per cent zinc, and sold for \$34.62 per

In his report of the mine Supt. Kirby says that on the 900 level there has been run 1,785 feet of exploration work, 890 feet of this has been run in waste to reduce the cost of handling ore, and includes seven upraises and one drift. The remaining 895 feet was run in and on ore and includes drifts, raises and

winzes on ore chutes and vein. On the 01 and 02 levels there has been run 470 feet of exploration work, all of this has been on ore chuite and in ore, in west end of 01 level 70 feet of a raise, and 20 feet winze and 20 feet of a drift from bottom of winze.

rectors; W. H. Dusenberry, secretary and treasurer. The property of the company is situated in Tintic,

Items from Park City. The Park Record says that Quincy is still the talk of the camp and the only reason it is not creating a stir on the stock market is because there is no stock for sale, and none to be found that the possessors seem willing to part with at any price. They seem to think with at any price. They seem to think it good enough for them. The Silver King company is reported to have purchased property very re-cently adjoining Crescent ground and is negotiating for more. It is thought also, that the Crescent itself will in a chart they he added to the Silver King

present. short time be added to the Silver King holdings. Another car of machinery for the Sil-

ver King sampler came in Thursday over the Union Pacific. The car that brought it up is the largest that ever rolled into Park City, its capacity being 100,000 pounds, Superintendent Thomas Roscamp was

down from the California Thursday. He says they are at present running a drift to the leit of the wet chute in the lower tunnel, and that the ground is looking exceedingly well. The Rlo Grande Western made its first trip over the spur to the mouth of the Ontario tunnel Monday for Daly-

West ore. ORE SHIPMENTS. Folowing are the shipments of ore from the Mackintosh sampler for the

Rich Silver Ore in La Reine.

Some rich silver lead ore was broken into this week at the La Reina and from the present outlook the body is a big one, says the Eureka Reporter. August Schmidt and J. D. Stack are exhibiting some nice specimen assays from which to show picked samples to carry 140 ounces silver to the ton. Of quite pronounced in many quarters of course the entire ore body is not made the stock market at the opening. Offerup of this character of rock, but the values are sufficiently large to encourings were large and losses extended age the stock-holders in this property. The strike was made about 500 feet Delaware & Hudson, Federal Steel, Balfrom the mouth of the tunnel in. timore & Ohio, Reading first preferred, fifty-foot upraise and the ore body is said to be several feet in width. St. Paul and Southern Pacific. Satur-Mr. Schmidt has not hal the ore as-

sayed for gold or copper, but from all appearances it contains considerable of the latter metal. Lucky Bill Stock Wanted.

There has been somewhat of a stir relative to Lucky Bill stock this week, and considerable quiet rustling is re-ported to have been made to gather in the stock of the company, says the Park Record. Offlers as high as 40 cents, we understand, have been made for it, and many are of the opinion that it will go higher. The majority of those who seem to be on the inside claim that Solon Spiro is the party who is after it, while others are of the opinion that the Quincy people are the ones. The latter opinon, we are certain, is without foundation, as the Quincy people are making no effort to buy, while Mr. Spiro pur-chased a considerable amount already. Mr. Spiro, it is said, wants the property to add to his Little Bell possessions and to enable him to operate the latter property through the deep shaft now down on the Lucky bill, and this seems to be the most plausible theory.

## MINING NOTES.

W. W. Armstrong of Park City was in town today.

Four cars of ore from the Carlsa

company which is operating the pros-pects south of Elko, is taking out a fair quality of coal. Two veins, one of twelve and the other of about twenty inches have been tapped. The veins seem to dip towards the town under

the river. row 32,000; left over 2,348. Five to ten cents lower; top 5.40. Mixed and butch-ers 5.25@5.40; good to choice heavy 5.35 @5.40; rough heavy 5.20@5.30; light 5.25 @5.25; bulk of sales 5.30@5.35. A correspondent of the Reno (Nev.) Gazette says that the recent discov-ered Tonepah gold field in southern Nevada is apparently confined to a small area. Leasers are taking out ore that runs from \$300 to \$500 per ton in value. Hundred dollar ore is said to be low while \$50 ore is . withless at grade.

Grant H. Smith returned from Stateline vesterday. He reports the Wil-lowvale looking very good. The 5-foot vein of the Margaret has been crosscut and good milling ore is disclosed at the depth of 60 feet. Twelve men are working at the Johnny on the 160 level. The water is being nicely handled with the new pumps. A boom is predicted for the camp next season.

Judge Stewart heard the receiver's application for a discharge in the case of G. W. Popp vs the Dalsy Gold Min-ing & Milling company on Saturday af-ternoon. A motion was also made to al-low \$2,000 to be set aside from funds in the receiver's hands to pay the expenses of preserving the property. The court announced that a decision would be rendered on Tuesday or Wednesday, when court is opened at Tooele.

BURLINGTON THE FEATURE

Its Strength Was Great and Helped to Stop a Falling Market.

There Was an Enormous Demand for Southern Pacific Fours-General Bond Market Irregular.

New York, Feb. 18 .- Pressure was

subsequently broke on large transac-

tions to 1.44%. While there were some further sharp losses in special stocks,

the general market turned upward on active demand for both accounts. A

factor which strengthened the list was

Savage and Gu Wilson of Salt Lake; Emmett Osa Fillmore; R. L. Irvine, Logan and Gu ald Child of Ogden.

SUPREME COURT.

Two Cases Argued and Taken Under Advisement This Morning.

The Supreme Court this forenoon is. ened to arguments in two cases m

for hearing today. The first case taken up was Cela & borne, plaintiff and respondent vs as Phoenix Insurance company, defeadar and appellant. The suit originated a the Third district court, and is to cover on an insurance pollcy of \$50 k. sued to plaintiff by the insurance company, on her house and furniture, who was alterwards destroyed by firs. The defendant company claims the poly became void because plaintiff insure

the premises in another company i

the same time. The jury in the low court found for the plaintiff in the su

of \$500, from which judgment the d

iendant company appealed. The ca

was orgued, submitted, and taken on-

Following the foregoing came the suit of B. H. Schettler et al vs E. P. Lynch et al, appellants, which involves the

partial closing of a three-rod street, known as "Church, street," running

south from Fourth South street, be-tween East Temple and State streets. Years ago, the parties having propery in the center of the block referred to,

each gave one and a halt rods for this

street; later the defendants moved the

fence out to the old line and closed up

rence out to the old has and close and haif of the alley, claiming the grant was not accepted by the div, and hence they had the right to close their portion of the roadway. The lower court de-cleded the issues in favor of the plan-tiff and restrained the defendant from obscincting, the street in question. The

obstructing the street in question. The defendants moved for a new trial

which was overruled, and they appealed. The case was also argued, sub-

pealed. The case was also argue, but mitted, and taken under advisement. The case of Henry Const et al u Deep Creek Curlew Valley Irrigatia company et al, appellant, was conti-ued until February 25th.

CLEARING HOUSE REPORT.

February 18, 1901.

ORE AND BULLION REPORT.

On the 1,400 foot level there has been 2.310 feet of exploration work; 1,700 feet of this was west on the vein, 700 feet was in ore, and 60 feet of a raise to 151/2 connect with a winze rom 1,200 was also on vein and in ore,

Supt. Sherman of the mill says the mill has been in operation a fraction over 324 days; during that time there has been milled 40,850,77 dry tons of ore, or an average of 126 tons per day during the actual running time of the mill. There has been produced 10,184,-339 tons of concentrates, that have been marketed and 114 tons of zine concentrates, that have been stored at the mill; thus there has been concentrated

an average of 3.97 tons into one. The average values contained in the

during the year were 7.65 per cent lead and 17.11 ounces silver, also the ore carried an average of 8.17 per cent zinc. The average theoretical savings, as shown each day by the assays, were 91 per cent of the lead and 65.19 per cent of the silver. It might be well to state,

that the values of the ore were low ered by the milling of 6.656 cars of Varcoe tailings.

#### FOUR ACES SUIT.

#### South Swansea Gives a Block of Stock for the Four Aces.

A settlement was made today of the pending Four Accs-South Swansea litl-gation. The directors of the companies met shortly after noon and signed pa-pers to that effect. The proposition is that the two properties shall be con-solidated and that the Four Aces comgation pany shall receive a one-tweifth inter-South Swansea company has called a meeting of its shareholders for March 13th, at which time the proposition to increase the capital stock from \$150,000 shares to 300,000 shares of the par value of \$1 each will be voted on. Twenty-five of it each will be voted on. Twenty-live thousand shares in the new company will then be given to the Four Aces company. The South Swansea took charge of the be-

longings of the Four Aces at 1 p. m. today. Up to that hour all the ore in the bins or in transit belonged to the old company, but all the ore since extracted belongs to the new company.

#### DALY ANNUAL.

The Company Closes the Year With \$22,000 in the Treasury.

The annual meeting of the Daly shareholders took place this morning, and with one exception the old board was re-elected. The officers are: R. C. Chambers, president; David McKenzie, vice president, and J. B. Haggin, treas-urer. The other directors are George M. Scott and Charles Read.

In relation to the company's treasury, In relation to the company's treastly, President Chambers said the company had about \$22,000 on hand. The com-pany is working on the 1,200 level, where a fair showing has been made. Some 200 tons of ore was recently milled at the Ontario but the results of the experiment were not disclosed.

Northern Light becomes delinquent to morrow. Seven feet of ore is now in sight in

the upraise of the Louise S. of Bing-

Fourteen cars of concentrates were reported today from Senator Clark's Ophir Hill.

It is reported in Bingham that 15 inches of good ore is now in the face of the Ben Butler.

A car of high grade silver-lead ore was on the market today from the Utah, of Fish Springs. Two cars of ore were reported today from the Bingham Copper and Gold company and one from the Tesora, of

Tintle. Supt. John A. Kirby of the Daly-West says the winze from the 1,400 level is down 140 feet on the vein and is in ore all the way.

James Finlen and W. W. Wishon of Butte, expected to go out to Peterson today to inspect the Carbonate Hill mine.

The first shipment of concentrates reached the market today from the new mill at the Butterfield company's Bingham property.

President McIntyre, of the Mammoth, ame to town today from the mine and reports everything about as usual at the old bonanza.

The Taylor-Brunton sampler reported 14 cars of ore from Stockton, 2 from Frisco, 1 from Fish Springs, 3 from Bingham and 5 from Tintic today.

Through an error the "News" stated last week that an assessment on Joe Bowers was about to become dellnquent. It should have read Joe Bowers Extension.

A better current of air is the only thing that will result from the Centen-nial-Eureka men breaking into the Bullion-Beck drift on the Mouldoon claim

Manager Packard of the Star Con. came up from the mine this morning followed by four cars of ore. He also visited the Lower Mammoth which he 3's reg. and coup., 1.10%; new 4's reg. and coup. 1.37%; old 4's reg. and coup., 1.13%; 5's reg. and coup., 1.10%. says will yet prove to be a big mine.

The highest assay on the shipment of Ben Butler showed 24 per cent lead, 12 ounces sliver and \$1 in gold per ton, besides a 19 per cent excess in iron. Ow

specialities prices at 11 o'clock still averaged below Saturday's level. There were contrary movements in the common and preferred stocks of the steel companies. While the preferred stocks advanced buoyantly the common stocks moved downward, Stocks Hoved downward, femeral Coal lost 3 and A. S. W. and Federal 2%. Tin Plate pfd. rose 8 and Hoop preferred 8½ points. Federal Steel pre-ferred 3 and Steel and Wire preferred Liquidation in Coloado Fuel broke 4% and lead preferred and Wheel ing and Lake Erie second preferred 8% and 2% respectively. The railroad list became very re-actionary after Dela-ware and Hudson had railied 5% and prices of the most active stocks were a point or so below the highest. The feature of the bond market was

21/21

ormous demand for Southern Patific fours, which advanced 3 points The general bond market was irregular After touching the lowest prices after o'clock the bears began to cover to take profits. There were quck rallies of a point or over as a result and the morket became quieter. The close was unsettled and irregular.

Jong Ming has a number of supporters among the Christian workers of the city, who are helping him to push his crusade along with a view of eliminating the vice complained of. One of the arties referred to--a woman-- went through most of the saloons on Commercial street the other night, accompanled by a detective, and distributed inviting the inmates of the despised places to attend a temperance It is hoped the work done by neeting. those who desire to improve the tions of the city, and benefit the peo-ple who indulge in the demoralizing fascination of gambling, will result in reform.

FAMILY'S NARROW ESCAPE.

#### Infected Pork Comes Dangerously Near Causing Death.

The Van family of 1329 south State street, had a narrow escape from death by poisoning on Sunday. Dr. Benedict, who was called in, declared the case one of ptomaine poisoning, due to eating infected pork, which constituted the staple of the Sunday dinner. Shortly after the dinner all who had partaken of it—Joseph Van, his wife and four chil-dren and a lady who was a guest—were seized with pains and drowsiness, the baby losing consciousness altogether. Van, seriously alarmed by this time, made the run of his life for a physician, and Dr. Benedict and his life-saving stamach pump were presently on the scene and doing heroic work.

Although still suffering from the effect of the violent shock to their stom-

achs the family was doing nicely at last accounts.

#### DIPHTHERIA'S DEADLY WORK.

On Friday evening last Marvel Oliver Hudson, the 10-year-old son of John and Alice Hudson, and grandson of Elias and Agnes Price, took down with diphtheria. Yesterday he was added to the death list of the dreaded disease. The funeral took place from the family residence, 36 South Thirteenth East street, at noon today. OTHER CASES.

Two new cases of diphtheria were re-ported to the health board today. They They are: A 10-year-old boy of C. Jensen residing at 558 Seventh street; and Marvel O. Hudson, aged 10 years, at 3 at 38 South Thirteenth East street. The latter child died last evening, but the case was not quarantined till today, not having been reported.

## SEVENTEEN CANDIDATES. Competitive Examination for Naval

## Cadetship Held Today.

Helen H. Stayner commenced i today in the district court against Young as administrator of the east Charles W. Stayner, deceased i Mary G. Stayner, et al., to record 600, with interest thereon from yr 15th, 1897, and \$25 attorney's fee, as so to forceclose a mortgage on let so to foreclose a mortgage on h 33, 39, 40 and 41, in block 1, of Sun ville addition; also part of lot 2 The competitive examination of candidates for the naval cadetship is being ville addition; also part of or 21, plat D, given to secure the part of the foregoing amounts. Plaintiff also asks that her the quiete conducted this morning in one of the offices occupied by the board of education in the city and county building the property menioned be quiete against Joseph Ashley Gliroy Su Isaac Whitney Stayner, Mary Ma Iena May Stayner, Mercy Cab The examination commenced at 9 o'clock this morning, and will probably continue till about 5 in the afternoon. The physical part was conducted by General John Q. Cannon and Dr. E. S. Wright, who passed all of the seven-When it came to th teen candidates. ducational part, however, two of these Take LazativeBromo Quinie Takiets gists refund the money if if fails to the Grove's signature is on eachbot. Sc dropped out of the race, not having sufficient confidence in their own erudition to face the imposing array of questions set before them by Dr. Frank

D. Cooper, who is conducting the educational examination. As is customary in such examinations each of the candidates is assigned a number, and none of them are known by name to the examining committee. The papers will be renewed tonight and the results announced tomorrow. The committee will then recommend to Con-gressman King the two making the best record, both educationally and cational examination. 219 South West Temple St., Salt Last Mill Cyanide | TESTS
