Buying at \$1.00, Selling at 1.00 1/2.
SILVER
(Half Dollars)
Buying at 0.80 1/2, Selling at 0.80 1/4.

LOCAL AND OTHER MATTERS.

Reported Discovery.—It was reported upon the street yesterday that gold quartz had been discovered in Salina Canon, Sevier County.

Alive.—In portions of Mill Creek the surface of the ground in some of the fields, is fairly alive with worms.

Blighted.—Lucerne and wheat in the neighborhood of Sandy look thin, blighted and sickly. Cause—grasshoppers.

The Insects.—A good many of the gardens of this city are being more or less damaged by grasshoppers, which are becoming quite numerous, in spots.

Wishes to See Him.—Brother E. W. East, 14th Ward, desires us to state that he would be pleased to receive a call from Brother Campbell, late of El Paso, Texas.

Advantageous.—The heirs and relatives of the late Williams Camp will learn something to their advantage by applying to A. M. Munser, at President Taylor's office.

Eleventh Ward.—The Mutual Improvement Association and the Retrenchment Society of the 11th Ward have made arrangements to spend next Wednesday at Calder's Pleasure Grounds.

The Worms.—The worm pest is increasing in different parts of the Territory. Portions of Weber and Davis Counties have got it bad. Vegetation is being greedily devoured by the voracious little creatures.

Tramp.—Yesterday a tramp giving the name of John Robinson, stole a ride on the Utah Central. He was arrested under the ordinance in relation to vagrants. This morning he was fined \$10, which, as a matter of course, he will work out.

Notice to the Bishops of Salt Lake Stake.—The Bishops or Counsellors of each settlement in Salt Lake Stake, south of the City, are requested to call at Bishop Hunter's office on Saturday, without fail.

Tabernacle Committee.

Emigration.—A concert has been arranged to come off in the 19th Ward Assembly Rooms, next Wednesday evening, the proceeds to be applied towards assisting Bro. Joseph Adams and family, of London, to emigrate to Utah this season.

Lecture.—Hon. Schuyler Colfax will deliver a lecture on Abraham Lincoln at the Liberal Institute tomorrow, Saturday, evening. He will also take up the subject of Utah and its future. Admission to body of the Hall 75 cents, gallery 50 cents.

District Court, Friday, June 21, 1878.
People, etc., vs. L. A. Bathans; Jury trial; evidence closed, jury charged by the Court and retired. Verdict, not guilty.
People, etc., vs. James H. Nounan, defendant arraigned and pleaded not guilty.

Back Again.—Contrary to highly exciting reports about anticipated Indian troubles at Terrace, on the C. P. R. R., up till now there has been no appearance of anything of the kind. In consequence of this Captain Warren and his detachment of the Fourteenth Infantry, sent to that place from Camp Douglas a short time since, have returned to their former quarters at Camp.

Benefit.—The play of the Octoroon for the benefit of Manager Harris on Monday next is to be placed on the stage in a most attractive manner, and the cast embraces a number of talented actors who are preparing to present the piece as perfectly as the most exciting could desire and expect. An olio will conclude the performance. It is a big bill, and we hope will draw a big house.

The Shooting at Sevier.—The shooting affray at Sevier Bridge, on June 18th, between the Indian Purbelo, and Francis Caldwell, was caused by the latter supposing that his daughter had been enticed to leave home by the Indian, who denied the accusation and offered to return to Round Valley to prove the fact. Caldwell, however, commenced shooting, but the Indian proved to be the best shot. We learn, to day, that Caldwell is not dead and may possibly recover. Purbelo was tried before Judge Borrowman and acquitted on the plea of self-defence.

Worms and Grasshoppers.—Grasshoppers and very destructive species of worms have put in a sudden appearance at Bountiful. The worms have been playing and havoc among melons and squash, are also cutting the stalks of late corn and, in many places, are injuring the plum trees. The insects are doing considerable damage to the more tender kinds of vegetation.

The Bountiful folks are somewhat puzzled to know where either or both of these destructive pests have come from, their appearance being both sudden and mysterious. Last Friday there were scarcely any indications of either worms or grasshoppers and now both are in swarms.

Educational.—Territorial Superintendent of district schools, John Taylor, has addressed a letter to the school superintendents of the several counties of the Territory, in which is made plain their duties regarding the nomination of such normal students as are annually entitled, by the present territorial school law, to the benefits of tuition, books and apparatus, at the Deseret University, free of charge. Each county has the right to a certain number of such representatives, to be selected by the Territorial Superintendent, from nominations made by the school superintendents of the several counties. The object of this law is to qualify persons having a natural aptitude for teaching, to fill the offices of educators to the masses, and the necessity of care and wisdom being exercised by those who make these nominations, is a matter of the highest importance to our educational interests. The Territorial Superintendent urges the prompt and faithful action of the county officers in this matter, and exhorts them to use great discretion in their nominations, so that no deficiencies may occur, and no incompetent or unfit persons be selected to fill these positions. He further enjoins them to bear in mind that their office is to bestow these privileges is not to be construed nor used as a right to select any individuals save those who are best entitled to preferment from a natural fitness for the situation, and fitness to be understood as implying an aptness to teach, love for such employment, desire for knowledge, and ambition to improve, and underlying all a basis of moral integrity. Private favors to friends, tributes to influence, or even gifts of charity to the poor, in relation to this matter, are earnestly deprecated and forbidden.

This is a matter which the several county superintendents should take into immediate and serious consideration. Its importance is scarcely to be overestimated, and each should feel and discharge faithfully the responsibility resting upon him. If we would have the rising generation of our people educated to that standard which it is our aim to reach, and prevent their being led away into the false and infidel notions of the world, we must place good and competent instructors over them, to instill correct and righteous principles into their minds.

Wasatch County.—This morning we met with President A. Hatch, of Wasatch County Stake, and Bishop Foreman, of West Heber Ward.

Brother Hatch recently visited Uintah Valley. He speaks commendably of the pioneer work done by Captain Dods, ex-Indian agent, who had spent in the neighborhood of \$5,000 in demonstrating that Ashley's Fork, in that valley, is one of the best localities in Utah for farming, stock-raising and lumber operations, the facilities being numerous and abundant. A large number of new settlers are being attracted to that part of the Territory. It is a good place for industrious people to go to and make themselves comfortable homes.

To return to Wasatch County, many improvements are in progress in Heber City. The most conspicuous among these is the new county Court House, the erection of which is progressing steadily. Throughout the county, the prospects, a short time ago, were never more favorable for an abundant harvest, but the grasshoppers have appeared in swarms in some localities and, in a number of places, are taking the wheat.

Worms have also made their appearance and are doing great damage to peas.

It has been demonstrated that, with necessary care, fruit can be raised in Provo Valley. Brother Hatch has apples, pears, cherries and other kinds now growing in his orchard.

Resolutions of Respect.—In accordance with a call, published in the News, of leading painters of Salt Lake City, a number of representatives of that branch of business, met at the paint shop of Milgely and Sons, last night.

On motion Mr. Joshua Midgely was appointed chairman, and Mr. E. L. Raybould secretary. In response to a call Mr. John Tuillidge made a few remarks relative to the late W. V. Morris, deceased, and pertinent to the occasion generally. A committee appointed for the purpose, presented the following resolutions of respect and condolence, which were unanimously adopted:

WHEREAS, Our friend and fellow craftsman, W. V. Morris, having departed this life as he approached his "eventful day," we, as brother painters, feel to sympathize with his family in their bereavement; and, for the purpose of duly expressing our appreciation of his great ability as a painter, and our grief at his death, we have

Resolved, That by the death of W. V. Morris, the profession has sustained a great loss, in that it has been deprived of a master hand and an original artist;

That as a painter he stood at the head of his profession, and was justly entitled to be called the pioneer artist of Utah;

That society we have lost a friend, the promptings of whose genius in the execution of his work, were of great advantage to us all;

Resolved, That as a body of painters we attend his funeral to pay our last respects to our departed friend and brother artist;

Resolved, That a copy of these resolutions be sent to his family, and that they be published in all the local papers.

Utah Southern.—The railroad party that visited Nephi the other day did not come to a definite decision in relation to the future terminus of the road. However, a point about one mile south of Nephi, known as Robert's Spring, was considered the most favorable. This spot is seven miles this side of Nephi, and has good advantages for a terminus. It is probable that the line will be completed to that place this summer.

The M. E. Church in Court.—Mr. Fred Carpenter and the First M. E. Church of Salt Lake City before Justice Tyler, to recover \$197 and interest thereon, amounting in the aggregate to about \$250, for services as sexton. The case came up this morning. Mr. Lomax appearing for the plaintiff and ex-Chief Justice James B. McKean, who is president of the board of trustees of the said church, on the part of the defendant. The pastor, Rev. J. M. McEldridge, and Mr. W. E. Brotherton, members of the board of stewards of the M. E. Church, were also present.

The claim of the plaintiff, Mr. Carpenter, was not denied, nor could it be, as he held Mr. Brotherton's certificate to the effect that he had performed the labor and that the amount in question was due him by the M. E. Church.

The suit, however, was entered against the M. E. Church as a corporation and Judge McKean moved that the case be dismissed, on the ground that the defendant is not a corporate body. The plaintiff objected, but the Justice had no alternative but to overrule the objection. This creeping out of jurisdiction, through a small technical hole in the very small business, but the aperture was there and out of it the Methodistical representative slid.

The motion to dismiss was perhaps of itself not over dignified, under the circumstances, yet it was made the occasion for airing the rhetorical perfection of the mover with as much flourish as if the destiny of a world hung upon the result. The reverend gentleman, Mr. McKean, addressed the Court lengthily and loudly, until his tones peeled forth upon the summer air like the shrill notes of a clarion. "How are the mighty fallen!"

Correspondence.
ST. GEORGE, Utah, June 16, 1878.
Editors Deseret News:
Conference closed this afternoon, attendance not quite so large as usual. The instructions were good, prominent and interesting. Discourse delivered by Pres. Erasmus Square on the duties of the Priesthood. The only change made was C. A. Terry appointed Bishop of 3rd Ward, St. George, in place of J. W. Nixon, whose labors call him to Mount Trumbull, where he expects to reside in the future, as he has charge of the mills at that place, of which he is one of the principal owners.

Woolley, Lund and Judd have opened a store at Grand Gulch, where considerable means is being expended at present in the development of the rich copper mines in that section.

Pears, apples, currants and early fruits are now ripe, and the prospect here for a good crop is excellent. I think we never better this side of the Rim of the Basin.

AMMAN.

BORN.
To the wife of Mr. William Woods, of the 19th Ward, June 21st, a boy, being the seventh son. Mother and child are doing well.

DIED.
At Vernon, Tulee County, May 25, 1878, after a long sickness terminating in palsy and paralysis, P. A. PETERSON. Deceased was born in Oreda County, Sweden, July 7, 1832; married the gospel August 25, 1854; emigrated to Utah in 1861, and lived and died a faithful Latter-day Saint, leaving a wife and three children and many relatives and friends to mourn his departure. (COM. Deseret News, June 20th, 1878.)

In the 9th Ward, Salt Lake City, June 20, 1878, of whooping cough and pneumonia, CAMELIA A. TULL, daughter of John L. and Opie Maxwell, aged 7 months and 13 days.

Funeral services on Saturday, June 22, at 2 p.m. Friends of the family are invited.

MILFORD HARRIS, pastor.
