

LA FOLLETTE HAS TARIFF MEASURE

If Enacted, President and Commission Provided Would Have Wide Range.

AIMED AT COMBINATIONS.

Where Output is Controlled by a Trust, Articles Might Be Placed On Free List.

Washington, March 20.—If a bill for the creation of a tariff commission which was introduced today by Senator La Follette, should become a law, it would be competent for the commission and the president, acting together, to suspend any tariff schedule and put on the free list any article upon which there was such a combination as would control production or prices of wares either in the United States or in any foreign market.

The bill provides for the appointment of a commission of nine members, one from each judicial circuit of the Union, and no one of which shall be a member of Congress. Not more than five are to be members of any one political party. One is to be skilled in manufacturing, another in agriculture, another in imports, another a representative of labor, the next a lawyer, skilled in the tariff laws, the next an expert in tariff and reciprocity, one in the knowledge of production and accounting, another who has made a study of foreign markets, and the last "an eminent economist." The members are to receive a salary of \$10,000 each, and after the first 11 years of the existence of the commission each of the members are to be appointed for 10 years. The first appointments are arranged to terminate so that a new member should be appointed every year.

In presenting his bill, Mr. La Follette said he would soon ask the Senate for time to speak on the measure. In respect to the section of the bill authorizing the suspension of duties, he said he had placed that provision there as giving his own views on the tariff, and he believed Congress had a right to legislate along these lines.

ROOSEVELT THREATENED WITH ANOTHER MESSAGE

Washington, March 20.—As a result of an extended discussion of the necessity of again directing the attention of Congress to the recommendations of the president looking to legislation on the Sherman anti-trust law and of other topics mentioned in his previous messages, a decision has been reached to send another message to Congress within a day or two.

It is said at the White House that the message has not been written and that it is not now probable that it will be sent to Congress before the introduction of the civil federation bills by Representative Hepburn. This statement is based upon the belief that the mere effect of the introduction of these bills might be seriously impaired if they are preceded by a presidential message indicating their scope in advance, thereby reducing them to mere forms.

Our \$1.00 guaranteed razor is best in city. Full line of straps and razor boxes. State street Hardware, 252 So. State.

DESIDENT LITTLE GIRL TAKES HER OWN LIFE.

Los Angeles, March 20.—Ruth Sargent, the 13-year-old daughter of W. S. Sargent, a local contractor, shot herself in the breast with a revolver in the yard of the San Pedro street public school this afternoon. The act was committed in the presence of a number of public school pupils. The girl is not expected to recover. Failure to gain promotion is said to be reason for the act.

MOTHER BELIEVES IN PERUNA.

Mrs. K. Kane, of Chicago, Uses Pe-ru-na in her family of five children, Grace, Myrtle, Edward, Reeves and George.

GRACE

Pe-ru-na in the Home.

After all, experience is the best teacher. Some doctors may write in favor of Peruna. Other doctors may write against it. But it is the testimony of the mothers and fathers who are rearing families, who love their children, who must economize as to doctor bills, who are raising little boys and girls into men and women of the future, it is the testimony of such people that really counts.

There is no way to positively ascertain how many families in the United States rely upon Peruna for the many climatic ailments to which the family is subject. The number must be a great one. Several millions perhaps. They have learned how to use Peruna for ordinary ailments, and in that way are guarding their homes against more serious diseases.

Such ailments as coughs and colds, sore throat and catarrh, croup and colic, indigestion and loss of appetite, anemia and nervousness, all these ailments are promptly relieved by a few doses of Peruna at the right time.

Millions of provident mothers and fathers are guarding the interests of the home by using Dr. Hartman's great remedy, and profiting by his medical booklets and personal advice.

MYRTLE

Catarrhal Croup.
Few people realize how frequently croup is caused by catarrhal congestion of the throat. Probably nine cases out of ten of croup is of the catarrhal variety. The medical profession recognizes three forms of croup. The spasmodic variety, membranous croup and catarrhal croup.

Nearly every case is of the catarrhal variety, and a few doses of Peruna taken at the first appearance of the catarrhal symptoms is generally sufficient to avert the attack of croup altogether.

Croup is a frightful disease. No disease of children so alarms the household.

EDWARD

A HEALTHY FAMILY

Kept the Children Well.

Mrs. K. Kane, 196 Sebor St., Flat 1, Chicago, Ill., writes: "Peruna has been used so long in our family that I do not know how I could get along without it."

"I have given it to all of my five children at different times when they suffered with croup, colds and the many ailments that children are subject to, and am pleased to say that it has kept them in splendid health."

"I have also used it for a catarrhal difficulty of long standing, and it cured me in a short time, so I have every reason to praise Peruna."

It is impossible to estimate how many homes have been protected against croup by the proper use of Peruna.

Household Remedies.
There is no remedy in the world which has proven so popular for catarrh as Peruna. It has been used for more than thirty years and cured thousands of cases, as proven by our testimonials.

In the early history of this country every family had its home-made medicines. Herb teas, bitters, laxatives and tonics were to be found in almost every house, compounded by the housewife,

sometimes assisted by the apothecary or the family doctor.

Furnishing medical compounds direct to the people, through the druggists, is simply the extension of the practice begun by the people themselves.

Nervous System a Wreck.
John G. Hirdler, Garfield, Kas., writes:

"On December 2, 1899, I was injured by a fall on the Santa Fe R. R., and my entire nervous system was impaired by the same. The help of a physician was useless. I believe I tried every one in the vicinity, but all were alike and I

FATHER AND CHILD.

MR. J. M. STANSBERRY AND DAUGHTER

Catarrh of Stomach.

Mr. John M. Stansberry, Amarillo, Tex., writes: "For several years I had catarrh of the stomach. I was hardly able to do anything, and could not eat with any satisfaction."

"When I commenced using Peruna, I weighed only 110 pounds. I took six bottles, commencing in the spring, and by the following winter I had gained 63 pounds."

"I owe it all to Peruna. It cannot be praised too highly. I am forty-five years old, and my occupation is that of architect and builder."

remained without strength.

"I then tried Peruna, and after using it for three months was totally well. I am seventy-one years old, and my work on the railroad is hard and tedious, but I can work like a young man in all kinds of weather, heat, cold, rain, snow or storm alike."

"Peruna is the purest and best medicine, and if used according to directions, it will help any person and cure any disease for which it is recommended. I recommend this medicine by my own experience to any one suffering from an ailment on the order of mine."

For Herself and Children.

Mrs. Alina DePasse, 776 E. 165th St., New York, N. Y., writes:

"It gives me pleasure to testify to the curative qualities of Peruna and Manalin."

"I was afflicted for over seven years with catarrh of the head, throat and digestive organs. I consulted many physicians, but they did me no good."

"One day I happened to read some testimonials in your Peruna Almanac. I decided to try Peruna and Manalin. I bought a bottle of each and after taking them for a week, I noticed a change for the better. So I kept it up and after using twelve bottles I was perfectly cured."

"I also gave the medicine to my children and they had the same beneficial result. I would never be without these remedies in the house."

"I highly recommend Peruna and Manalin to all my friends, and, in fact, to everybody."

Thousands of families have learned to trust and believe in Dr. Hartman's judgment, and to rely on his remedy, Peruna.

FLEET WILL STOP A WHILE AT JAPAN

Mikado's Invitation Meets With Immediate Response in Washington.

Washington, March 20.—The American battleship fleet is to visit Japan. The desire of the emperor of the

island kingdom to play host to the fleet was laid before Secretary Root yesterday by Baron Takahira, the Japanese ambassador. The invitation which was couched in most cordial terms, was made the subject of extended consideration by President Roosevelt and his entire cabinet today. Secretary Root was directed to accept the invitation, and the acceptance was laid before the Japanese ambassador late today.

It is regarded in official circles here as more than likely that China will be next to bid for a look at the fleet, and that should this be the case, the invitation will be accepted.

NEW ITINERARY.
Secy. Metcalf and Admiral Pillsbury, chief of navigation, are arranging the details of the new itinerary.

With the exception of China, it is determined that all other invitations, should any be received, will be declined, for at the best the fleet will not now be able to reach the Atlantic seaboard before the first of next March.

The itinerary which seems to be the most direct, includes stops at the Hawaiian Islands, Samoa, Melbourne, Sydney, Manila, Yokohama—should that port be selected as the stopping place in Japan—possibly a Chinese port, back to the Philippines and then home by way of the Suez canal, with only such stops as are necessary for coaling.

TARGET PRACTISE AT MANILA.
The fall target practise has been planned to occupy a month at Manila, either before or after the visit to Japan. Although target practise is re-

garded as decidedly important, and the custom is to have the ships occupy a month each spring and fall in gun practise, the desire to have the fleet return to its home station may lead to a curtailment of the month planned for Manila.

Japan will have the ships a week, according to the tentative plans. While the stops in foreign ports so far made have been on an average of 19 days' duration, a part of that time was occupied in taking on coal. With a visit to Manila, no coaling operations will be necessary in Yokohama. This would enable the entire stay there to be given up to the festivities and show features of the visit.

The acceptance of the Japanese invitation is regarded in official circles as of considerable importance in the way of demonstration of the cordiality existing between the American and

Japanese governments. The added trip is nearly equal in distance to a voyage from New York to Europe. The text of the invitation and the reply has been held from publication by the department of state pending its receipt by the Japanese government.

KENTUCKY NIGHT RIDERS MURDER AND RIDE AWAY

Carlisle, Ky., March 21.—A band of night riders early this morning shot and killed Harlan Hedges, a prominent farmer, seven miles northwest of this place. This is the first murder by the night riders in the Bluegrass region of Kentucky. Hedges was awakened by shouts shortly before 2

o'clock. Apprehending trouble he went to his front door with a shotgun and fired once. The night riders replied with a volley which killed Hedges just as his wife reached his side. The masked men then rode rapidly away and did not attempt to set fire to Hedges' house or barn. Hedges is an independent tobacco farmer and is widely known over the country.

We have made Utah famous as a great Candy Center, shipping tons of CHOCOLATES, etc., to Chicago, San Francisco, Denver, etc. Why? Merely QUALITY and attractiveness.
STARTUP CANDY CO., Provo, Utah.

Taffeta Silk Petticoat---\$5.00

This is without doubt one of the best Taffeta Silk Petticoats on the market. Made up Extra Fine, deep knee flounce—with dust ruffle. All the new spring colors and black, a skirt that is fully worth \$7.50—your choice MONDAY, TUESDAY, WEDNESDAY, for \$5.00

"The Paris."
