

KILLED ALL THE PASSENGERS

Mexican Bandits Hold Up the
Potam-Torin Stage.

VICTIMS' EFFECTS RIFLED.

Edison: Plots That They Put Up a
Hard Fight—Traces Out and
Horses Turned Loose.

Los Angeles, Cal., March 12.—A dis-
patch from Tucson, Ariz., to the Her-
ald says:

Mexican bandits held up the stage
which runs between Potam and Torin
on the Yaqui river in Sonora, on last
Tuesday night, killing all of the six
passengers. Among them was Filiberto
Averado, a wealthy Mexican, who owns
a number of ranches along the Yaqui
river. The authorities at Guaymas
were at once notified.

Averado and his wife had taken the

run wild. The cover of the stage and
the body were both shot full of holes.
It is thought by the Guaymas author-
ities that the perpetrators of the deed
were some of the bandits who have
taken refuge in the mountains back of
the Yaqui river and were laying for
Averado. Friends of the murdered
ranch owner say that he had little
money with him at the time. Averado
had been married only two months.
With him were Senorita Julia Berdo
and Senorita C. H. DeGonzales, both
of prominent families in that country
and both of whom were murdered.

Martin C. Bowman's Body Found.
Chicago, March 12.—The body of
Martin C. Bowman, formerly manager
and part owner of the "New Wright
House" in Cleveland, O., has been found
in the lake at the foot of Fifth
street, by the police. Bowman was 50
years old.

A check bearing the inscription "C.
A. A. Lecker, Jr." found in a pocket
of the man's clothing, aided the police
in establishing his identity. His name
was learned at the Chicago Athletic
association, from which he disappeared
several weeks, leaving his clothing and
money due him.

It is believed that Bowman committed
suicide owing to domestic and finan-
cial trouble.

Grievance Committee Goes Home.

Chicago, March 12.—The grievance
committee of the Chicago and Alton
trainmen, which has been in session in
Chicago for the past two months, has
returned home, and last night it a se-
cret meeting of brakemen and con-
ductors made a report, says a dispatch
to the Record-Herald from Bloom-
ington, Ill. It is understood that the
committee refused to grant the in-
creased scale demanded, but agreed to
equal any advance by the Wabash or

company should continue in operation
as long as it is profitable. It is the
interest of McCourt and the heirs
of Bush.

Upon the expiration of the lease it
is alleged, McCourt formed another
company, in which himself and his wife
were the only stockholders, and called
it the Consolidated Amusement com-
pany, debarring the Bush heirs from
any share of the profits of the com-
pany.

The profits of the two theaters, it is
said, are \$25,000 a year, besides a salary
of \$500 a month which is paid to Mc-
Court as manager. Mrs. Biggar asks
for a share in the ownership of the
theaters and unpaid profits, with interest
to date.

ADOLPH KRAUSS IS THE MAN

A German Farmer Living Near St.
Louis It Is Thought That He Su-
ddenly Went Insane.

St. Louis, March 12.—Adolph Krauss,
a German farmer living 21 miles west
of St. Louis, near Bellefontaine, to-
night killed his wife and six children
with a sledgehammer. He then knock-
ed himself unconscious with the hammer
and at midnight was dying.

It is believed that Krauss suddenly
became insane. He had the reputation
among his neighbors of being a quiet,
inoffensive, industrious farmer, and no
other cause for the crime but insanity
has been assigned.

About 7 o'clock tonight John Krauss,
a brother, happened to go to Adolph's
house to call. The lights were out, but
the door was unlocked, and he entered
the suspicion that something was
wrong. He entered the house and, up-
on striking a light, was horrified to find
that there had been a terrible tragedy.

From all that can be learned, Adolph
Krauss entered the house some time
this afternoon, armed with a sledge-
hammer. Without warning he struck
his wife on the head, killing her in-
stantly. Then, seizing his first child,
age 12, he likewise dealt a murderous
blow. The other five children were
killed similarly. The bodies of the six
month-old baby. Krauss then placed
the seven bodies side by side on the
floor in one room.

He then seized the hammer and dealt
himself a blow on the skull which
fractured it and knocked him uncon-
scious, his body falling almost in line
with those of his victims.

When John Krauss discovered the
tragedy tonight he immediately sum-
moned the authorities. The bodies were
taken in charge by an undertaker, but
the coroner did not move Krauss, who
apparently will be dead by morning.

Hawaiian Embezzler Wanted.

San Francisco, March 12.—Wray Tay-
lor, commissioner of agriculture and
forestry of Hawaii, who is wanted for
embezzlement, left San Francisco on
Feb. 11 ostensibly for southern California,
but, as has been ascertained since, he
went over the Santa Fe route, his
baggage being observed by the agents.
The funds which Taylor handled
amounted to \$183,000.

Colorado Mining Strike Settled.

Glenwood Springs, Colo., March 12.—
The strike at the mines of the Rocky
Mountain Fuel Co. at Siltwater has
been settled satisfactorily. The
company has agreed to the recognition
of the union and the strikers have
agreed to return to work. The settlement
was reached after a long and bitter
struggle. The union leaders are satis-
fied with the result, and the company
is pleased to have the mines back in
operation.

Rapid Transit in New York.

New York, March 12.—President H. H.
Vreeland, of the Metropolitan Street
Railway company, speaking on the sub-
ject of rapid transit in New York, said
after briefly reviewing the history of
the development of transportation in
this city, that he believed the future
in motive power from horses to elec-
tricity.

"Since I have been \$7,000,000 has
been expended, about 90 per cent of this
in Manhattan and only 10 per cent in
other parts of the city. The number of
miles of new lines have been built.
When you consider that the number of
people carried last year was 57,000,000
over the subway, it is evident that the
opening of the subway will furnish
relief for virtually not more than a
day. At the expiration of this decade
there will be a hundred thousand
and millions of people a year in Man-
hattan and the Bronx alone. In addi-
tion to the 2,000,000 people in Man-
hattan, its transportation lines have
to take care of the population of all
the places within fifty miles of New
York City. The only hope of im-
provement in the future in New York
lies in the development of the under-
ground system."

Colorado Streams Full.

Brush, Colo., March 12.—The warm
weather of the past few days has melt-
ed the snow drifts from the plains and
the Colorado river and its tributaries
are running bank full. The
Burlington railroad is washed out west
of here and trains are running over
the Union Pacific tracks. At this place,
the bridges south of here along Beaver
creek are all washed away and travel
suspended.

Mr. Cleveland Will Attend.

New York, March 12.—Grover Cleve-
land and two members of his cabinet,
John G. Carlisle and Daniel
Lamont, will attend a distinguished
gathering of New Yorkers and Mis-
sourians on Thursday evening next in
St. Louis. The purpose of the visit
is to discuss the proposed mission abroad
of David R. Francis, who was Mr. Cleve-
land's secretary of the interior and who
has visited King Edward, Emperor
William, President Loubet and King
Leopold in the interest of the St. Louis
world's fair. A large delegation of Mis-
sourians is expected to reach New
York on a special train Thursday
morning to welcome Mr. Francis home
and escort him to St. Louis.

VERY HEAVY REWARD.

Offered for Apprehension of Police-
man Mendelsohn's Murderers.
Hartford, Conn., March 12.—A resolu-
tion appropriating \$10,000 for the ap-
prehension of the murderers of Police-
man Mendelsohn of Waterbury, who was
killed Sunday night in an attack on a
trolley car, was adopted by the legis-
lature today. President Young of the
Connecticut Light & Railway company
announced today that the company
would pay \$5,000 reward for informa-
tion leading to the conviction of the
murderer. The reward now amounts to
\$15,000.

ROOSEVELT'S TRIP.

President Will Seek Rest and Not
Hunt Game.
Washington, March 12.—President
Roosevelt's contemplated western trip
was a subject of much discussion at
the White House today. Senators Long
of Kansas and Hopkins of Illinois, and
Fourth Assistant Postmaster Brister,
also talked with the president about
his tour. The Kansas people are ur-
ging the president to make some stops
in their state after the dedication of
the exposition grounds on April 22.

PUNY CHILDREN

TOO MANY OF THEM DIE.

THEIR LITTLE BODIES UNABLE TO STAND THE ORDEAL OF DEVELOPMENT.

WE THINK EVERY MOTHER IN
THIS TOWN SHOULD KNOW
ABOUT VINOL.

Is your boy or girl pale and listless?
Do they eat but little and sleep but
poorly? Do they sleep poorly and
wake weary? Do they grow thin and
the sports and games of other children
your girl complain of headache? Does
your girl studies a hardship?

If so, you may make up your mind
they are growing too fast. They need
something to help nature in her great
work of furnishing the necessary ele-
ments for creating flesh and bone, vis-
cous, bone structure and rich, pure, red
blood.

They need a tonic in the full sense
of the word and we can tell you what
to get.

It is Vinol Wine of Cod-Liver Oil, the
great modern reconstructer. Children
like it, it is so delicious to the taste, in-
deed, it is so delicious that it contains a
highly concentrated extract of the
medicinal principles that are found in
cod-liver oil.

Because the vile-smelling and
tasting growth of the old-fashioned
oil of the other disagreeable features
eliminated, the benefits of Vinol are
easily understood.

Vinol acts favorably on the stomach,
creates an appetite and enables the
food that is eaten to do the greatest
possible amount of good. We will
gladly tell you all we know about
Vinol and why we so highly endorse it.

Inasmuch as we are always ready and
pleased to refund the cost of Vinol to
those who don't find it exactly what
we claim it to be, it will be seen that
we are prepared to substantially endorse
our claims for the excellence of this
marvelous preparation.

range. The president has accepted an
invitation to attend a meeting of
the railway branch of the Y. M. C. A.
to be held at Topeka, May 1. Few
other details of the itinerary have been
worked out.

It has been decided with practical
definiteness that only one trip will be
made. While no date for the beginning
of the tour has been fixed, it is ex-
pected that the tour will not be until
the latter part of the summer. It is
expected now that it will not be until
after April 1.

After leaving Washington the presi-
dent will not return to Washington
until some time in June. It is likely
that the first two or three weeks of the
trip will be passed principally in the
Yellowstone park. There the president
will seek rest and recreation. It is
understood that he will do little hunt-
ing.

POSTAL TELEGRAPH COMPANY.

Will Build Line of Wire on Union Pa-
cific Right of Way.

Omaha, Neb., March 12.—The Union
Pacific railroad and the Postal Tele-
graph company have come to an agree-
ment by which the Postal will build
a line of wire on the Union Pacific
right-of-way from Omaha to the Pa-
cific coast. The poles and wires have
been started here some time, and
the work of construction will begin
at once. The line will carry six wires
and the total cost of construction will
be \$1,500,000. The object of the new
line is to connect the Postal company's
system directly with the Pacific cable
now being constructed by the Mackay
interests.

Run on a Butte Bank.

Butte, Mont., March 12.—A run on the
State Savings bank today caused no lit-
tle sensation in financial circles. A
number of prominent men have come to
the aid of the institution and it is out
of danger.

The run was caused by a canard to
the effect that John A. Creighton, the
Omaha millionaire, who is president of
the bank, had withdrawn his support.
He is said to have sent half a million
dollars to the bank.

In addition local men of wealth
rushed in deposits of from \$5,000 to
\$25,000, and at this time the excitement
subsided.

Drowned in Alaskan Waters.

Vancouver, B. C., March 12.—The
steamer Princess May, which arrived
from Skagway and Juneau last night,
brings word of the wreck of the Juneau
sloop Mariana in Alaskan waters. The
vessel struck a rock while on her way
from Killisnoo to Hoonah. The craft
was being worked by two women and
three men. The women were put ashore
and the men returned to the sloop to
await the high tide. The sloop sank
during the night and all three men per-
ished. They were James Gordon,
Grant Kadok and John Teendoo.

More Cornell Students Dead.

Ithaca, N. Y., March 12.—The death
list of students at Cornell from typhoid
fever numbers 22, the deaths of H. S.
Knapp, a sophomore, in Waverly, and
H. Rockwell, a freshman in Pike, be-
long the last reported. Both these stu-
dents had been home only a short
time. Knapp was one of the best bas-
ket ball players in the university and
had played on the varsity up to a few
weeks ago. Only two new cases have
been reported in 24 hours.

A MYSTERY OF THE OCEAN

Unknown Steamer Goes Under Off
Point Reyes.

GAVE SIGNALS OF DISTRESS.

Just Before Going Down Forever
Sounded Three Long Blasts and
Frantically Awaiting Rescues.

San Francisco, March 12.—Great mys-
tery attaches to the disappearance and
identity of a steamer which is reported
to have sent up signals of distress off
Point Reyes last night and which sud-
denly disappeared as if swallowed up
by the sea. Just before her disap-
pearance, the observers say, the steam
siren of the distressed vessel sounded
three long blasts and lanterns were
swung on the port side in a frantic
manner, indicating the great excite-
ment which must have prevailed on
board the vessel. To the watchers at
Point Reyes lighthouse it looked as if
those on board were preparing to dis-
embark.

Capt. Jorgensen of the lighthouse
ordered his crew to get a lifeboat ready
and, with his men, launched the boat
and spent several hours cruising in the
vicinity of the spot where the ship was
supposed to have gone down, but with-
out success. A vessel had gone to the
bottom was found and the search was
given up.

In the meantime the toughest De-
fiance was sent out from this port by
the Oregon Railway and Navigation
company, acting on a rumor that the
steamer in distress was the steamer
"Colombia" from Portland, Ore. but after
a search of the coast off Point Reyes
returned to port, her captain reporting
that he had observed nothing to in-
dicate a recent disaster.

Scarcely had the Defiance returned
before the Columbia started for the
coast. The steamer Columbia was ap-
proaching this harbor. She has
sailed from Portland, Ore. and is com-
manded by Mr. and Mrs. Whitely and
their daughter. They expect to be
away about six weeks.

Killed by Trolley Wire.

New York, March 12.—An overhead
trolley wire in the Bronx broke last
night, falling on a motorman, who was
instantly killed by the current, and fell
over the dashboard of the car, which
passed over his body. The car was en-
veloped in a sheet of blue flame, but
the conductor and the other passengers
on the car at the time escaped unin-
jured. The body of the motorman, which
was frightfully burned, could not be
extricated from beneath the car until the
current was shut off at the power
house.

Offered to Buy Cuban Penitentiary.

New York, March 12.—Sir William
Van Horne, while visiting President
Palma, offered to purchase the state
penitentiary property, valued at \$200,000,
says the Tribune's correspondent at
Havana, his purpose being the
erection of a \$1,000,000 hotel with New
York and Canadian capital. The prop-
erty is to be taken to the matter to congress
and use his influence to secure the sale.

Will Sue Metropolitan Railway.

Baltimore, March 12.—According to
John Kueker, senior member of the
firm of the accountants who made the
investigation into the affairs of the
Metropolitan Street Railway company
of New York, both civil and criminal
suits will be brought by the stockhold-
ers who instituted the movement. Mr.
Kueker said:

The company's books will doubtless
be asked for by the court and the en-
tire financial situation explained."

Colorado's Paul Revere.

New York, March 12.—Leo L. Leob,
who is known as the Paul Revere of
Colorado, has arrived in this city to
consult specialists with regard to par-
tial paralysis, from which he has suf-
fered as a result of the achievement
which earned him the title he carries.
Leob is the man who, when a cloud-
burst let loose a wall of water 15 feet
high, five miles outside of Manitou,
Colo., mounted a pony, and riding at
breakneck speed, warning the residents
of the approaching calamity.

LETTER FROM MRS. PENNELL.

Tells of Her Husband's Troubles and
How She Stood by Him.

New Haven, Conn., March 12.—In a
letter to her sister, Miss Nellie Lamb
of this city, written about a week ago,
Mrs. A. R. Pennell of Buffalo referred

to her husband's troubles as follows:
"I feel some times that I could not
stand up under the strain, yet for
Arthur's sake I must. It is harder for
him than for me, as he is so sensitive
and has such pride and honor. To
think of all this trouble should come
to us through our efforts to do others."
The letter was in reply to a com-
plicate letter from several members of
the family commending her for her
bravery and assuring her of their
unwavering belief in Pennell's inno-
cence of any connection with the death
of Burdick.

Drivers' Union Engaged.

Kansas City, Mo., March 12.—An in-
junction was granted tonight to the
Kansas City Transfer company against
the Team Drivers' International union.
No. 14, which is a union of drivers of
the strike John F. Phillips of the
United States district court.

The action was brought on the ground
that the complainants are government
carriers and hence employed by the gov-
ernment in transporting bonded goods.
The papers filed with the court state
that the company was unable to secure
the names of all the members of the union,
but such names when obtainable would
be added to the list contained in the
order.

A United States deputy marshal
served the injunction upon the defend-
ants immediately after it was granted.
It is probable that the transfer com-
panies will ask for restraining orders
from the federal court tomorrow.

Attempted to Murder a Woman.

Indianapolis, Ind., March 12.—There
was a mysterious assault and attempted
murder early today at the home of Mrs.
M. Whittiger, a widow living with her
three children at 901 North Senate av-
enue. Mrs. Whittiger, while asleep with
her 15-year-old daughter, was struck in
the forehead with a hammer in the
hands of a man, who entered the house
by the rear door. The girl was seized
by the throat and choked in a terrible
manner. Mrs. Whittiger was seriously,
but not fatally injured. The man es-
caped.

Buried Under Coal but Lived.

Wilkesbarre, Pa., March 12.—Buried
under 20 tons of coal, Joseph Ryan,
a miner, was found today and re-
lieved to his home uninjured, except
for a few bruises.

He was at work in his chamber when
the fall occurred, completely burying
him. The miners started to dig him out.
To their surprise, they heard a groan.
An hour later they freed him from the
coal and found him alive.

D. O. Mills Coming West.

New York, March 12.—Mr. D. O.
Mills, whose customary departure for
the Pacific coast at this season has
been delayed a little by a severe at-
tack of grip, has started for the west
by train, accompanied by his wife and
daughter. They expect to be
away about six weeks.

English Benefit Probable.

New York, March 12.—The treasury
experts are greatly disappointed by the
recent returns, and are forecasting a
deficit which will require a London
loan. They say the London repre-
sentative of the Treasury, "There are short-
ages in excise, the income tax and the
customs, and it now seems inevitable
that Sir Michael Hicks-Beach's en-
treaty will hold good. Delay in the pay-
ment of taxes is one of exhaustion of
the country under pressure of financial
trouble."

Court at Buckingham Palace.

New York, March 12.—Tonight's court
at Buckingham palace will be excep-
tionally brilliant, with a full muster of
the diplomatic corps, says a London
dispatch to the Tribune. The royal
procession to the throne room will be
followed by the reception of the diplo-
matic corps, conducted by the duke of
Marborough of Lansdowne. The
American embassy will have a full de-
légation in attendance, including five women.
There will be in the American diplo-
matic corps, says a London dispatch,
General Evans' wife and daughters will
be present by Lady Jean's daughter.
Mrs. Brodick will be one of the hand-
somest brides present.

DESPERATE ENCOUNTER

Between Employes of Rival Turpe-
tine Camps in Florida.

Norwalk, Fla., March 12.—Assessor
Bullard of McMeekin, who arrived at
this place today, reports a desperate
encounter between the hands of rival
turpentine camps near Orange Springs,
Fla., which ended in the killing of a
large number of men. A contention
arose about a matter of little im-
portance between some of the negro labor-
ers of McMeekin's camp, and those of
Leah's camp. This aroused the fury
of the entire crowd and precipitated a
fight which ended in a general battle.
Further details cannot be obtained.

J. W. Kelly's Case Postponed.

Butte, Mont., March 12.—The case of
J. W. Kelly, who is in charge with the
murder of Dr. Henry Cayley, was to-
day indefinitely postponed on the
strength of affidavits presented show-
ing that Dr. Turner, reported as one of
the most important witnesses for the
defense, was out of the state and could
not return in time to testify.

ried a large sum of money with him.
The stage carried very little mail and
only any money or valuables, so that
Averado must have been the mark for
the bandits. The hold-up took place
about half way between the two towns,
but just how the stage was attacked
will never be known, as all of the pas-

evidence that they put up a fight, else
they would not have been killed. Their
bodies were rifled of everything
of value on them. The traces had been

COMPLETE TREATMENT, \$1.00.

The agonizing itching and burning of
the skin, as in eczema; the frightful
scaling, as in psoriasis; the loss of hair
and crusting of the scalp, as in scald
head; the facial disfigurement, as in
pimples and ringworm; the awful suf-

No statement is made regarding them

economy, have made them the standard
skin cures and humors remedies of the
civilized world.

gham of the quartermaster's depart-
ment, will call for bids today for the

sengers and freight to Alaska during the
