DESERET EVENING NEWS SATURDAY OCTOBER 24 1908

Governor of Gem State Will Discuss Campaign Questions In North Idaho.

ANSWERS JOHN F. NUGENT

Takes Up Defense of Present Administration and Declares Republican Victory is Demanded.

Special Correspondence.

Moscow, Ida., Oct. 22.-In this city Saturday night, Gov. Frank R. Gooding will address a widely advertised political meeting. This is the only adgress Gov. Gooding will make during the campaign and a large audience is expected to hear him take up the greatest questions at issue in the state of Idaho. From all parts of the state recile arc coming to hear him. The Moscow correspondent of the Deseret News requested Gov. Gooding to furnish

News requested Gov. Gooding to furnish a synchesis of his address and the fol-lewing summary will indicate the trend of Gov. Gooding's remarks: "This is the first opportunity I have had to discuss the isues of this cam-paign. Important affairs of state have kept me busy at Boise, but I have felt from the first that if I was able to make any addresses Moneou should

felt from the first that if I was able to make any addresses, Moscow should be the first place I would visit. "There has never been a time, in my judgment, since the days of Lincoln, when the election of our candidate for president meant so much to the Ameri-can people, as does the election of Wil-liam H. Taft, and there has never been a time in the history of Idaha when the nam H. Tart, and there has never been a time in the history of Idaho when the election of the Republican candidate for governor meant so much to the pc ple as the election of Hon. James H. Brady. There are great issues at stake pc ple as the election of Hon. James H. Brady. There are great issues at stake in Idaho this year, and every Repub-Hean who has the best interests of the state at beart should fight as he has never fought before for the election of our candidate for governor.

TEMPERANCE QUESTION.

"There is a plank in our platform that means much to the homes of Idaho. This plank, which I shall discuss before I finish, is the temperance ques-tion, now squarely before the people of Idaho for the first time.

tion, now squarely before, the people of Idaho for the first time. "The importance of Mr. Brady's elec-tion is impressed on me more and more as I tead the speeches of the Demo-cratic candidate for governor, and watch the work of the man who is at the head of the Democratic state or-gonization at Boise. In discussing the Issues of this campaign I am not go-ling to bring back to life the two Demo-cratic administrations that Idaho has had since statehood, for the two men honored by the people as their chief executive have passed from this earth. So far as I am concerned, if they had faults, those faults lie buried with them. Both men had their virtues, and their virtues should be remembered. In my discussion tonight I am going to pay some attention to the Democratic nominee for governor, and to that man nominee for governor, and to that man who is at the head of the Democratic State central committee at Boise, John Nugent. I see that Mr. Alexander, the Democratic candidate for governor, is attacking my administration and chorging great extravagance. Mr. Alex-ander makes a general charge. He does not point out to the people where he would economize.

"IGnho has practically doubled in population since the Steunenberg ad-ministration. The people of Idaho are proved of this. It is true there have been some extraordinary expenses in-curred during the last four years. The state was so unfortunate as to lose by fire its main building at the university. To replace this has cost us \$250,000. Possibly Mr. Alexander would have left the blackened ruins of the administration building as a monument to false

The Last Great Fire Did not cause so much suffering to the homeless as many a case of eczema causes its miserable victim. And the relief fund did not bring so much joy as Hood's Sarsaparilla has given thousands of times, in relieving the agonizing itching and burning of eczema-tortured people.

In a Bed of Fire-"I lived in a bed of fire for years, owing to blood poison, all over my body, itching intensely. Hospital treat-ment did not help me. I tried Hood's Sarsa-sanarilla and continued to the iteration of the same set. saparilla and continued taking it until I was entirely cured." Mns. J. T. WILLIAMS. Carbondale, Pa.

Tied the Hands-"We had to tie the hands of our two-year-old son on account of eczema on his face and limbs. No medicine helped until we used Hood's Sarsaparilla which soon completely cured." MRS. A. VAN WYOK, 123 Montgomery St., Paterson, N. J. Hood's Sarsaparilla in the source of Hood's Sarsaparilla is sold everywhere. In the usual liquid, or in tablet form called Sarsatabs. 100 Doses One Dollar. Prepared only by C. I. Hood Co., Lowell, Mass.

board of horticulture has expanded and board of horticulture has expanded and grown until today it costs four times as much to handle as under the Steunen-berg administration. The department of the state board of health has been brought into existence. Six thousand dol-lars was appropriated for the statue of the late ex-Senator Shoup in Statuary hall in Washington, D. C. The offic-of code computation may approximate the late of hall in Washington, D. C. The offic-of code commissioner was created by the last legislature, to codify the laws, and an appropriation was made to cover the expenses of this work and the printing of the codes of \$14,000. The duties of state examiner have been add-ed to those of state insurance commis-sioner, doubling the expense of con-ducting that office.

"The State Historical society has been created, and an appropriation of \$3,500 was made at the ninth session of the logidatum. the legislature to pay the expense of conducting its affabrs during the two years just closing. The commission appointed by me, selected as the his-torian and custodian of the society relles, Hou, John Halles, one of the Dem-ocratic warhorses of Idaho. This ap-polutiment was with my hearty ap-proval. I felt that Mr. Halley was especially fitted for this work. He is one of Idaho's rugged pioneers, one of the men to blaze the trail for civilization in Idaho, and made it possible for those coming in later years to live in peace, prosperity and happiness.

WORK MUST CONTINUE.

"If Idaho is to keep pace with the marvelous development taking place in the Pacific northwest, we must not begin by crippling our state institu-tions. We have only made a beginning in the upbuilding of our educational institutions.

"Idaho must not overlook paying spe-cial attention to the old soldiers who at the time of trial offered their lives that the nation might be preserved. I hope Mr. Alexander will not practise his economy on the Soldlers' Home, During my administration we have erected a hospital and employed a trained nurse to care for them. I do not believe the people of Idaho be-grudge the little appropriated to make these old soldiers comfortable in their declining years.

EARNINGS INCREASED

'We have increased the treasurer's

we have increased the freasurers salary from \$1,000 to \$4,000 a year, but at the same time we passed a state depository law, and that law has earned, since it ws enacted, for the people, \$55,000. We have also passed a county depository law that has earned much in every county in the state for much in every county in the state for

the people. The record of every department of state now shows that there is practle-ally four times as much business transacted through these institutions as there was eight years ago. It is ridic-ulous to compare conditions in Idaho with those of eight years ago. Thank God, we are growing and will continue ow. Our expenses will grow with Idaho is an empire within herto grow us. self.

'I wish to call your attention to the state land department. Possibly Mr. Alexander, if elected, will find an on-portunity to economize in administering the affairs of the land department, but if he does, the state will pay the penalty of his niggardly policy. FORESTS WITHOUT TREES.

"In the gift of lands to the state by

the general government there was one exception made, and that was in regard to lands given for the building of the state capitol. Congress provided that all the money derived from the sale of this grant of 32,000 acres might be used This grant of 32,000 acres might be used for the erection of a capitol building. When the legislature passed an act for the building of a capitol at Boise it became the duty of the state land board to make an effort to sell these lunds to hasten the construction of the new building. Expert timber men were sent out to estimate the timber on lands selected in this grant and competent mon were put at work investi-gating and appraising the agricultural lands. The report of these employees shows a frightful conditon. It was found shows a frightful conditon. It was found that more than 12,000 acres of the 32, 000 acres selected were absolutely worthless. Some of 1/, lands selected and called timber land, did not have a pine tree big enough for a sawiog on a whole section. Either the land or the timber on the land, to the amount of 19,640 acres, has been sold out of this grant for the capitol build-ing ing. "There is not another acre of this grant that can be sold for the mini-mum price of \$10 provided by the con-stitution. Contracts have been let for all the available money received from the proceeds of these sales, and the splendid capitol building now in course of construction, will have to stop at the third story, and either stand there as a monument to false economy or crim-inal carelessness, or the people must man. inal carelessness, or the people must continue work by direct tax. This condition is not only true of the lands selected for the capitol building, but runs through the whole list of the grants selected. "I have called into existence since I "I have called into existence since I have been governor, the fire associa-tion of North Idaho. The state can now boast of the best organization for the protection of its timber of any state in the Union. "As governor of Idaho and chairman of the state land board I have given that institution my best thought and effort to build it up and make it what it should be. Every department of this institution has been reorganized.

premises to be the 'Moses' of the peo-ple of this state, to lighten the burdens of taxation. He has been mayor of Boise on two occasions. Why has he not shown the people of the state solve on two occusions, why has no not shown the people of the state where he lightened the burdens of tax-ation of that beautiful little city? Why has he not furnished the people with the records to show that he has been

I has he not furnished the people with the records to show that he has been a 'Mosses' in the past. Too well he knows that his record, so far as econo-my is concerned, or lightening the bur-dens of taxation, will not bear the light of day. Let me read the record to you. I heid in my hand an affidavit from the city clerk of Boise, Mrs. Emily L. Savage. It will be seen by this affida-vit that it cost the city of Boise during 'Mores' Alexander's first term as may-or, rearly \$10,000 more than during Mr. Frierce's term as mayor. Mr. Richards, a Republican, cost the city of Boise. \$5,47; during the next two years more than Mr. Alexander had during his first term. But notice the expenses of Mr. Alexander's second term as mayor, \$92,640, or \$26,743 more than Mr. Rich-ards' expenses during the two preceding years. Yet this gentleman has the hereve to go over the state, boasting of his splendid administration of Boise City as mayor, trying to create the im-precision that he is the 'Moses' of the taxpayers of the state. With these figures I will leave 'Moses' Alexander to the voters of Idaho.

RECLAIMING ARID LANDS. "Atter all, possibly the greatest work of the present land department lies along the line of the reclamation of our arid iands. Already we have brought about the greatest transfor-mat.c. in our desert lands of any state in the Union. Where a few years ago all was a barren waste, we now have fields of grasses and waving grain Feautiful homes have been built and the increase in taxable wealth under the Carey act projects measure many

the increase in taxable wealth under the Carey act projects measure many inflions of dollars. "Yet the Democratic state central committee, headed by John Nugent has seen fit to strike at the men who are bringing about this great develop-ment in our state. They accuse them of entering into a conspiracy to rob the state of \$5,000,000. Both Mr. Buhi and Kuhn brothers are men of great wealth, men whose characters have been unassalled in the state where they have lived throughout their lives. If Gobo expects to continue this work, ticabo expects to continue this work, these men must be encouraged, not held up to ridicule and scorn, and charged with a conspiracy to rob the copie of millions of dollars.

NUGENT'S APOLOGY. "But what might be expected of a

"But what might be expected of a man like John Nugent, chairman of the Democratic state central commit-tee. Two years ago Mr. Nugent's paid papers accused me of being a grafter. Wac: I gave them an opportunity to prove in the courts that I had robbed the people, an abject apology was made through their columns, they recding that they did not know what the word "grafter" meant. Mr. Nugent has said something about wanting to fight fair. If he wants to fight fair, let him tell the people of Idaho why, as attroney for the Western Federation of Miners, he was trying to elect Judge Stockslager as governor and defeat Judge Smith, which latter he succeeded in defing. Is this a part of the work of a respectable attorney in defense of his clients. The people of Idaho might have forgotten John Nugent in time if he had not been so anxious to conting the definite work. time if he had not been so anxious to

time if he had not been so anxious to continue his devilish work. "Flushed with success, evidently, in the defeat of Judge Smith, and in in-ducing thousanes of good Republicans to vote against my electicu, he has thought the same kind of blackmail-ing campaign could be again success-ful, but the rimes have changed; the sad story of the assassination of es-Goy. Steurenbucg has been given to the This, but the times have changed; the sad story of the assassination of ex-Gov. Steunenberg has been given to the people. I will leave them to be the judges of my actions in this matter. God knows that I only d11 my duty as He pointed out the way. Not satisfied with this contemptible work of two years ago, he now strikes at the great-est development the world has over known. The good people of Idaho, however,have at last become thorough-ly aroused, and John Nugent, will bring to the Democratic party, through his efforts, the Waterloo is so richly

his efforts, the Waterloo is so richly deserves, for selecting such a man to lead the party. BRADY HONEST AND TRUE.

"This same character assassin is now "This same character assassin is now trying to blacken th: name of Hon. James H, Brady. I sincerely bope that no Republican will be fooled again by this man's methods. I have known Mr. Brady for a number of years, and if I did not believe he would stand for these things for the advancement

LEAVES FROM OLD ALBUMS.

COL. T. G. WEBBER FORTY YEARS AGO.

Here is a war-time photograph of one of this city's foremost business men, Col. Thomas G. Webber. Those acquainted with Col. Webber will recognize him easily, the mere flight of some 40 years having left few traces upon him. At the time this photograph was taken, Col. Webber was serving with the Union forces in the army of the Potemac, a member of Gen. George B. McClellan's staff as an artillery officer. His later service was with Gens. Hooker, Halleck and Grant following the release of McClellan and his subsequent departure for the social centers of Europe. Gen. McClellan, though officially in bad repute, never lost the confidence of his men.

to see every county in the state pro-hibit the sale of intoxicants. The pro-hibitionists in this state are a factor in this campaign. They should be will-ing to meet this question on the local option issue and proceed step by step, and in this way realize in a short time their fondest ambitions of seeing Ida-how strictly a prohibition state. The good women of Idaho should realize that this is their opportunity to protect the home. You have been given the right of suffrage, and if you will organ-ize and assist in making a proper fight, we should win this great issue for re-form. You should work as you have ed with investments of all kinds, and there was a wild scramble to unload at any price. In the panic that ensued the legitimate interestes of the country became involved, and the whole coun-try suffered from the methods of Wali street, which Roosevelt had been try-ing so hard to reform. ASKS DEMOCRATS FOR REASONS. "Is the Democratic party ready to be judged by its past record? I have not heard any of them pointing to it with pride. We have only had one Demo-cratic administration for more than a generation, and that was in Grover Clevelend's second term. In his first administration the Republican party had control of both houses of Congress. form. You should work as you have never worked before, for the enactment of a law of this kind will bring about a higher standard of clitzenship in Ida-ho. The enactment of a local option law will close the 'hell holes' in nearly every county in the state. had control of both houses of Congress. The Democratic party was unable to change a single law on our statute books. Cleveland governed this coun-try during his first four years under Republican laws. But the country elected him a second time, and with it they gave him a Democratic senate and a Democratic house of representatives, so that they might enact their princi-ples into laws. The appailing result

APPEALS TO MOTHERS.

"I want to say to the mothers of lda-ho, unless you have a boy to spare, this is your opportunity and your chance to do something for the home. chance to do something for the nome. The Idaho legislature at the last ses-sion passed a law taking the elective franchise from men and women who are living immoral lives. It is the only state in the Union with such a law. We have made the ballot box the cleanest of any state in the Union, for this clear of persons cannot come this class of persons cannot come within 100 feet of our voting places. I was one of the three men who wrote the first plank in the Republican party platform giving the women of this state the right of the elective franchise.

GOVERNOR NEEDS SUPPORT.

"It is not only necessary that we should have a governor we can depend upon in this fight, but you should see that every member of the legislature elected to both the house and senate, will vote for the measure. For the law, if passed, means more for Idaho than any other law ever placed on our stat-ute books. books.

"I hope the business interests of Ida-no will look at this question in the brondest sense. The records of every state that has either local option or state that has either local option or prohibition show lighter taxation, fewer erimes committed, more money in the legitimate channels of business, less losses to merchants in the payment of bills by their customers, less misery and distress, and a healthier condition than had ever before been known in those states. I hope the business in-terests of Idaho will stop and think of this great question for just a few minutes. There is something to live for besides the dollar.

cused of the Steunenberg murder cost Idaho \$116,000. I wish to thank the members of the last legislature, both Democrats and Republicans, for the local support they gave us in this mat-ter Every member, regardless of their political affiliations, voted to pay the an appropriation of \$50,000 to continue these trials. Without this great expense the tax levy for the past two years would have been much lower.

CONSTRUCTIVE WORK.

"We have practically built up the University of Idaho since Gov. Steun-enberg's administration. Everything that now represents our university has that now represents our university has been brought into existence during the iast eight years. In the Steunenberg administration there was one building. Now we have 10 splendid buildings. We have built the Academy of Idaho at Pocatello, which is the praise of the southeastern portion of the state. The Industrial school' at St. Anthony has been built, and is conceded by all to be a splendid institution and much needed for the training of our wayward boys and girls. We have built the boys and girls. We have built the oroft Idaho asylum for the insane at Orofino, for the care of the insane in this part of our state, which the dic-tates of humanity demanded should be tates of humanity demanded should be built. We have built a supreme court building at Lewiston. There have been appropriations made of \$130,000 for the how capitol building. There has been appropriated \$70,000 during my admin-istration for the construction of wagon mods.

roads. "The office of state veterinary sur-geon has been created. The 'state

CITIZENS BENEFITTED.

"It must be admitted by al fair mind-ed citizens that the best agricultural lands in Idaho had long since passed into the hands of the citizens of the state. The receipts of the land office speak volumes for the management of that department. Prior to January 1, 1995, during the first 14 years of statehood, the total cash receipts of the land department were \$1,404,152. The receipts during the three years and eight months of my administration, to Sept. 1, 1905, during 14 years, were \$477,633. The earnings during my ad-ministration during three years and eight months to September 1, 1906, were \$925,415." "In the protection of our timber from fires, inthe careful cruising of our agri-cultural lands for selection, my admin-"It must be admitted by al fair mind-

ber lands, in the inspection of our agri-cultural lands for selection, my admin-istration has spent more money in the department than any previous admin-istration, but the net earnings of the department alone tell the story, for in the last hree and two-thirds years to Sept. 1, 1908, the state land department has carned \$474.779, more than all oth-er administrations of that trust since statehood. I could not have spent a statehood. I could not have spent a dollar less and brought about these

splendid results. CITES ALEXANDER'S RECORD.

"Who is this man who promises to do so much? Who is this individual who

for these things for the advancement of our state, I would not have given him my support for his nomination and election. I know Mr. Brady to be hon-est and true, generous and brave, and that he will make the effort of his life to give the people of Idaho the best administration they have ever had. He has been a part in the great de-velopement that has taken place in the southern part of our stata, and is a business man of the highest quality. He is especially fitted to be governor of this young state in this great per-jod of her development.

ATTACKS A WOMAN.

"Not satisfied with his villanious at-tacks on those alreday mentioned. John Nugent strikes at the good name of Miss Chamberlain, state superinten-dent of public instructin, accusing her dent of public instructin, accusing her of the violation of the law, and holding her up to public ridicule. He is ac-cusing her of an illegal expenditure of \$300. Every one of our state super-intendents of public instruction have attended these meetings and the state has paid their expenses, which, in my judgment, was highly proper. Hell is full of better men than the man who strikes at the good name of any wo-man.

VICTORY IN DEFEAT.

"Many of the voters of this state were disappointed at the defeat of Hon. Burton L. French, at our state con-Burton L. French, at our state con-vention. Let me say to his friends that sometimes defeat means victory, more especially when a man accepts a defeat in the manly way in which Mr. French has accepted his. I am glad to know that Hon. Burton L. French intends to stay in public life. Idaho needs men of his character and ability. Col Hamor will style Idaho ability. Col. Hamer will give Idaho splondid representation in the next Congress, and it is to French's inter-est that his friends see that Mr. Ham-

Congress, and it is to French's inter-est that his friends see that Mr. Ham-er receives the overwhelming majority he is entitled to at the hands of the Republican party. "The people should not forget that in the senate, Idaho has two men who have demonstrated their marked abil-ity. Senator Heyburn deserves the praise of every good citizen, not only in Idaho, but in every state in the Union, for the passage of the Pure Food Law, a law that is recognized as one of the greatest works of the Republican party since it held the reins of governmnt. He should be returned to the senate to continue his great work for the people. "It is the pride of every citizen of this state that Senator Borah has be-come one of the leaders of the great-est legislative body in the world. It is the duty of every Republican in Idaho to assist in building him up, for he has become a national character, adding luster and fame to the name of Idaho. WILL WORK FOR TEMPERANCE.

WILL WORK FOR TEMPERANCE.

WILL WORK FOR TEMPERANCE. "The Republican party has a pledge in the state platform for local option. The republicans promise to give the people of Idaho a law so that they will be able to vote on the temperance question by counties, giving them pro-hibition in those counties where a majority of the people ask for it. This plank pleases me more than any other written in the Republican state plat-form for many years. Every citizen should recognize the people's right to yote on this question. This is a gov-

A NATIONAL PROBLEM.

"On the third of next November the voters of this country must choose be-tween the two great parties, which of these shall govern this country for the next four years. Once again the Re-publican party, proud of its achieve-ments in the past and hopeful for the future, presents as its candidate for president of these United States, Wil-liam H. Taft. Its declaration of prin-ciples stands for progress and for the protection of American institutions and industries that have made this the mightiest nation on the earth. If your choice is to be between the two men, oters of this country must choose bechoice is to be between the two men, then the Republican party offers you as its candidate a man that has had as us candidate a man that has had more experience in the affairs of our nation than any candidate ever given by either party to the American people. He has been a part of Roosevelt's ad-ministration, the greatest administra-tion this country has ever known since the day of Livean who return the since

the days of Lincoln, who struck the shackles from four million slaves, and gave the world the first free govern-

gave the world the first free govern-ment it ever saw. "This country needed its Roosevelt as well as its Lincoln, and the principles for which he stands are as important to the American people as those prin-ciples which Lincoln represented dur-ing the dark days of the Civil war. The Roosevelt administration, in which Tart here been big close friend and advisor has been his close friend and adviser has been his close friend and adviser, stands for a higher standard of citizen-ship and obedience to the law from all classes of citizens, whether they be multi-millionaires at the head of a great trust or the officials of labor or-contractions. He has begun a work granizations. He has begun a work that must be continued. There must be no backward steps, no halting, but a forward march toward a higher stand-ard of citizenship among all classes of people

WHAT TAFT MEANS.

WHAT TAFT MEANS. "A vote for William H. Taft is a vote for the continuation of the Roosevelt policies, that are the pride and hope of every law-abiding citizen of this nation. If your choice is to be between the declaration of principles given by the two great parties, then it is only fair for you to consider the effects of these principles of each party when emacted into laws. "Some of our Democratic friends will hold the Republican party responsible for the money panic which swept over the country one year ago, yet it came without a moment's warning, like a bolt of thunder from a clear sky. It raged with intense fury and has been

boit of thunder from a clear sky. It raged with intense fury and has been the cause of much suffering and dis-tress. It came at a time when this country was at its highest pitch of pros-perity. Its life, however, was short, and the country is fast returning to normal conditions. normal conditions

WILL RESTORE SOLIDITY.

with restore solidity. "Taff's election means the placing of this country in the position it occupied before the panic—the most prosperous nation the world has ever known. Eve-ry sensible man will admit that over speculation was largely responsible for the money panic. It is true that Roose-velt had turned on the limeight and exposed rotten conditions on Wall street, and when they were no longer able to sell worthless stocks to the people, they found themselves overload. should recognize the people's right to vote on this question. This is a gov-ernment where the majority rules, and if the local governments of our state what prohibition, no citizen should say nay. Let me say to the prohibition-lists of this state that this is the only solution, in my judgment, of the liquor question at this time, I hope some day

thrown out of employment, many of there with families depending on them for their daily bread You can blane us for the panic of last year if you us for the panic of last year if you will, but just so sure as the Republi-can party is successful at the election in November, just so sure will the fight be continued against all criminal or-K be found, for the watchword of Taft's administration will be 'Obedience to the law." STANDS ON ITS RECORD. 'The Republican party stands ready to be judged by its past record. United, proud of its achievements in the past, with a record spotless and clean, the Republican party faces the third day of November confident of success, and for a continuation of those principles that will build here a mightler nation for us all. The Republican pairty took the reins of government when this nathe tends of the throat of civil war An all wise Providence gave us the im-mortal Lincoln to guide our ship of state through the greatest civil strife the world has ever known. It gave

will ever salute the dawn.'
