The Execution of all the Central Committee Proposed!

The Banks Resisting the Demands of the Commune!

NEW YORK.

Financial—Property in Paris to be confiscated—Rossel vindicated.

NEW YORK, 13.—The *Sun* this morning says there is a rumor in financial circles that Commodore Vanderbilt has concluded a bargain to buy out the interest of Jay Gould and Fisk, jr. and their friends, in the Erie Company. It is said he is to take all their stock at market price, and pay them a bonus of three millions of dollars. The arrangement is not yet consummated, but it is believed these are the terms agreed upon.

A special Paris dispatch of last evening says, a meeting of Freemasons was held this afternoon, in the Cinque National. Resolutions were passed that the property of persons now absent from Paris, and not returning within eight days, would be confiscated for the benefit of the widows and orphans.

The ramparts are heavily armed and keep up a direct fire upon Issy. They are constructing small mitrailleuses, capable of firing one hundred balls in succession. Fort Issy is armed with marine cannon, destined to bombard the ramparts.

The Versailles troops are actively engaged in constructing trenching apparatus. The Port Maillot is utterly destroyed. Several captains on the staff of the War Office, whose names were found on the list of agents of the Imperial secret police, have been arrested. They were taken to the prefecture this afternoon for identification by a staff officer, when the latter was arrested as a bad character. To-day the "Furcos de Commune" mounted guard at the Hotel de Ville. A double line of sentries has been placed across the street, and all circulation is stoped. General Rossel has escaped, and the Commune is greatly enraged at the loss of their prisoner. General Bergeret has been ordered to find him, and the authorities are telegraphing everywhere within the city, as it is supposed he is still in Paris. General Dombrowski declares Rossel is not a traitor. Of three gens d'armes, discovered and arrested last night, one escaped, another has been killed, and the third is still a prisoner. He declares his intention to kill Dombrowski if a good chance offers.

CALIFORNIA.

Criminal.

SAN FRANCISCO, 13.—Judge Lake this morning sentenced Pat O'Neil to three years and six months in the State prison, for grand larceny; Michael Caligan, for attempted arson in setting fire to the harbor police office, six months in the State prison; Augustus Degay for obtaining money by false pretences, four months in jail; and Frank Trask, for grand larceny, one year in the State prison. Vincente Antodo, who represented himself as Kincade, one of the proprietors of the Bell Union Hotel in Los Angeles, and thereby victimized several parties, having been convicted of obtaining money by false pretences, was sentenced to one year in county jail.

Samuel Lyon, late United States Consul at Yokahama, died there April 6th, from softening of the brain. Three great clans of Japan, at the head of the principal of which is Prince Satsuma, have combined to maintain the Mikado in his full power as against the Tycoon, and Satsuma, who is now virtually dictator, has sent his father to Jeddo to take charge of the government.

A new mint has been opened at Osaka, on the American plan; and a naval arsenal at Yokoska has been inaugurated.

FOREIGN NEWS.

FRANCE.

Wholesale execution proposed—Semiary Captured.

PARIS, 12.—The Commune searched the bank for arms, but none were discovered. The newspaper *Socials* proposes the immediate execution of all the central committees. It is said the committee will retire.

There is a rumor that the nationals are evacuating Vanvres.

VERSAILLES, 12.—A letter of Count Chambord is published, bidding for the throne. Rengeur says there is increasing discouragement among the nationals, who attempt to assassinate Dombrowski.

VERSAILLES, 13.—Issy Seminary has been captured; the federal loss was considerable. At Oiseaux eight cannons were captured, a hundred federals killed, and several hundred prisoners taken. The approaches are actively pushed. There is a cannonade of the entire federal works.

McMahon has addressed the soldiers, apparently for a grand attack.

PARIS, 13.—A stranger presented himself at Vendome and insisted on seeing Dombrowski, but was refused. He quarrelled with the sentinel, who bayonetted him, causing death. On his person was found a revolver.

Delescluse has had four nationals shot for treason.

GREAT BRITAIN.

Bank clerks prepared to stand a siege—The Commune demands ten millions.

LONDON, 13.—The *Times'* Paris special says the bank clerks are armed, victualled and resolved to stand a siege. More newspapers are suppressed. There is fighting at St. Quantin; and the sphere of the attack is extending.

The German commander has demanded the disarmament of the northern enciente.

The *Times* says the basis of the essential provisions of the Washington treaty will be certainly adopted by the Senate. The treaty is the result of mutual concession. The *Times* finds nothing in it inconsistent with the national honor of England, and is ready to sacrifice to restore unity between the two great branches of the Anglo-Saxon family.

The *Daily News* says there has been a naval combat on the Anteuil viaduct, and one of the insurgent gunboats was sunk. Fifty thousand Versaillists cross the Seine to-night, going to strengthen the troops at Bois de Boulogne and Belancourt.

The *Telegraph* says there was a strong reconnoissance made under Dombrowski, but was repulsed by the Versaillists.

Napoleon is better.

The Spanish Senate has adopted, by 85 to 22, an address in reply to the speech from the throne.

Insurgents in central Asia, under Saidik, have commenced hostilities against Russia.

Paris specials say a levy *en masse* is expected. Cecilia becomes general-in-chief. The Commune demands ten millions from the bank. Fifty thousand men are encamped at Germain to join Domal in a grand attack. The residence of Thiers has been destroyed. The furniture of Pallao was sold to-day. The Vendome still stands.

PRUSSIA.

BERLIN, 12.—At mid-day Prince Bismarck returned to the city, and was greeted at the station with cheers. Last night there was a grand banquet at Frankfort, at which were present Bismarck, Rothschild and Arnim. The French diplomatists in the city were absent, occupied in preparing for departure. Rothschild was elected president of the committee.
