TO FIGHT TO THE END.

The Strikers Holding Out and Receiving Abundant Sympathy.

NEW YORK, Jan. 8.—A conference was held last night in Jersey City between representatives of the various trades involved in the Reading strike and it was decided that the men should be ordered out of the Wyoming mine. This action, it is said, would practically stop work in the anthracite coal region. A prominent member of District Assembly 49 said the knights had made up their minds to fight this strike to the end. The closing of the Wyoming mines, he added, would result in thousands of men being thrown out of work from want of fuel to run factories and mills.

COAL FALLING OFF.

READING, Pa., Jan. 8.—The run of coal down the road since midnight was but five hundred cars, while three weeks ago today there were shipped through this city 6,800 cars. Navigation closed on the Schuylkill Canal on Dec. 10 and about two dozen boats engaged in the coal trade, each containing several hundred tons, became icebound. It was not expected that this coal could be moved before spring, but now every pound has been bought up. Information received at the company's office tonight is that today's meetings of the strikers showed that there is no break in the numbers.

THE WOMEN TAKE A HAND.

READING, Jan. 8.—Four among the mining towns showed that the women are just as enthusiastic for the strike as the men. In many cases, where the husbands were lukewarm, their wives urged them to strike.

It is estimated that the miners make an average of between five hundred and six hundred dollars a year. Nearly all have large families to support.

MORE SYMPATHY.

NEW YORK, Jan. 7.—A meeting of the Central Labor Union was held today upon motion of the representatives of the mixed trades' section. A resolution was adopted denouncing the Reading Railroad Co. for causing the great strike of the coal miners, by which the welfare of the entire population has been affected in raising the price of coal. The support and sympathy of the Central Labor Union was pledged to the strikers.

CHILDS FAVORS THEM.

George W. Childs, of Philadelphia being interviewed today said: "I think the advance of 8 per cent asked for by the miners should be granted and added to the price of coal if there is no other way for the companies to meet it. It would make a difference of $750,000 in the miners' wages."

The Educational Bill, &c.

WASHINGTON, Jan. 8.—The education bill in the Senate "unfinished business" for tomorrow and is likely to hold this position during the week. An effort will probably be made by some of the senators not members of the judiciary committee to reach an understanding in Lamar's case, should the committee not act upon it at the meeting tomorrow. Many, even of those who will oppose the confirmation, are becoming tired of the necessity of receiving and answering letters of inquiry and advice on the subject, and wish to have the matter out of the way. It is not expected that any measure of great public interest will come before the House of Representatives for action this week. A great many bills introduced last Wednesday have not yet been printed, and the more important committees of the House have, as yet, little to consider and nothing to report. The first meeting of the committee on rules will be called early this week to consider the various proposed changes in the rules and a report embodying the committee's views may be presented to the House for discussion during the week.

DINGLEY'S RESOLUTION,

calling for information in regard to the alleged discrimination against American vessels passing through the Welland Canal, may be brought before the House.

The judiciary committee will report some unimportant measures to be placed upon the calendar.

Monday will be devoted to the introduction of bills, but no general tariff bill formulated to meet the views of the majority will be presented.

The Socialists In Control.

CHICAGO, Jan. 8.—The socialists had everything their own way at the annual election of officers today in district assembly 824, K. of L. George Schilling was their candidate for master workman and he was easily elected by a vote of 3 to 1. An executive committee composed wholly of socialists was elected, giving that element entire control of the machinery of the assembly. District assembly 24 has jurisdiction over all the Knights of Labor in Chicago except those belonging to national district assemblies.

Chinamen Baptized.

NEW YORK, Jan. 8.—Two Chinamen, Dan Lee and Phil Wing, were formally baptized and admitted to the church on probation at Hanson Place Methodist Episcopal Church in Brooklyn today. They are believed to be the first Mongolians ever received in the church of this faith in America.

Brooklyn Services.

NEW YORK, Jan. 8.—The first of a series of services to be conducted in Brooklyn under the auspices of the Rev. Hugh S. Pentecost were held today. It is understood the anti-poverty and labor element of Brooklyn will erect a church and install him as pastor.

LAMAR RESIGNS.

The President Accepts the Tender.

WASHINGTON, Jan. 8. — Secretary Lamar yesterday tendered to the President his resignation as Secretary of the Interior and it was accepted by the President. The formal resignation, it is understood, will not go into effect until Tuesday next.

The following is a copy of the letter of resignation and the President's reply:

WASHINGTON, Jan. 17.

To the President:

When, some months ago, you invited me to accept the

VACANT JUDGESHIP

in the Supreme Court, you expressed the wish that as the court was not in session, I should postpone the resignation of my present office until the meeting of Congress allowed you to send my nomination to Congress, and there were certain matters before the department, inaugurated by me, and it was therefore desirable that I should close them before leaving. As I would have been very reluctant to take a place upon the bench until your nomination had been confirmed by the Senate, I cheerfully consented to your request. My nomination has now been submitted to the Senate, and recognizing both their right and duty to subject its fitness to the most

CRITICAL EXAMINATION,

I would still wait in my present position pending their decision, but I think I am warranted in supposing that the final decision may be delayed some time. As you have at the same time nominated my successor in this department and his successor in the Post Office Department, this delay may to some extent embarrass the administration of public business in the department mentioned. To avoid such embarrassment and to leave before the Senate in its final judgment upon my nomination the sole question of my fitness for the position, dissociated from any other nomination, and unaffected by any other considerations, I now respectfully ask you to accept my resignation as Secretary of the Interior, which I hereby tender.

In terminating the relations to you as a member of your official family, I desire to express a grateful sense of the obligations I am under to you personally for the consideration and kindness which have always characterized your treatment of me and for the

GENEROUS CONFIDENCE

and support which you have steadily given me in the trying and arduous administration of this department. I shall always be proud to have been associated with the honorable record you will leave upon the page of your country's history.

Sincerely, L. Q. C. LAMAR.

THE PRESIDENT'S REPLY.

Executive Mansion, Washington 7.

My Dear Mr. Lamar.

When I determined to nominate you to a position on the bench of the Supreme Court, the personal gratification afforded by the tender to you of so honorable and suitable a place and the satisfactory conviction that an important executive duty would be performed well and me almost to forget that my action involved the loss of your conscientious and valuable aid and service in the Cabinet which for nearly three years I have so much enjoyed and appreciated. Your note of today forces me to contemplate its discontinuance with the most profound and sincere regret. But since that I know the separation you now insist upon arises from that conception of the public duty which has always so entirely guided your conduct in our official relations, I am

CONSTRAINED TO ACCEPT

the resignation you tender, hoping it only anticipates your entrance upon the discharge of higher and more congenial functions than those now relinquished. What I have thus far written seems very informal indeed. I intended this, because I am sure the close confidence and relations of the positive affection which has grown up between us needs no expression or interpretation, and yet I find it utterly impossible for me to finish this note without assuring you that the things that have characterized your conduct and bearing in the position from which you now retire, all your devotion to your country and your chief, your self-sacrificing care and solicitation for the public interests, all the benefits which your official service have conferred upon your fellow countrymen, and all the affection and kindness so often exhibited toward me personally, I shall constantly remember with the tenderest gratitude.

Yours very sincerely,
GROVER CLEVELAND.

Enabling Acts Coming.

WASHINGTON, Jan. 8.—Springer, chairman of the committee on territories, today said: "Very probably enabling acts will be passed for some of the territories, that is, we may pass an act enabling some of the territories to adopt state constitutions and construct the machinery of state governments, preparatory to recognition as states."

The admission of a new state is a very important matter and cannot be done on mere application or any

ARITHMETICAL BUSINESS.

Somehow an impression has got abroad that a territory must have a certain population to qualify it for admission. There is no law and no custom about it. The admission of a new state is entirely a matter of legislative discretion. It is within the power of Congress to erect 'No Man's Land' into a state and admit it into the Union. The State of Illinois was admitted when she had less than 40,000 people, while Dakota has 600,000. Congress in its discretion may exclude Dakota and may admit 'No Man's Land.'"

Thebetan intriguers are becoming more active than ever and it is expected the government will be compelled to make an immediate display of force on the frontier.

The Emperor.

BERLIN, Jan. 8.—Emperor William remained in bed all this morning. He did not appear at his favorite window. His pains were relieved on Saturday by an injection of morphine. The drug caused debility and loss of appetite and the Emperor will be unable to go out for a week.

PARIS, Jan. 8.—De Lesseps goes to Panama in March.

Natural Gas.

CHICAGO, 8.—The water fountain in the Leland House, which is supplied by water from an artesian well 125 feet deep, ceased to flow a few days ago. The hotel engineer diagnosed the case as one of natural gas and investigation proved his theory to be correct. By the aid of a roughly constructed apparatus a steady flame was produced. The Leland Hotel is near the lake and is two miles from Cook's brewery, where gas was discovered last week.

Gen. Terry Ill.

CHICAGO, Jan. 8.—Col. C. Corbin stated tonight that Gen. Alfred Terry, is severely ill at the Grand Hotel, in New York. "I do think Gen. Terry is in any immediate danger," added Col. Corbin, "but I fear his disease will ultimately prove fatal. I should say that he is in about the same condition that Secretary Manning was for a long time."

"Aunt Eunice" Gone.

NORWICH, Conn, Jan. 7.—Eunice Cottrell, known throughout North Stonington as "Aunt Eunice," died aged 115, on the Pequot Indian Reservation on Monday, January 2nd. She was a great grand-child of King Phillip, and at her death the oldest descendant of the Pequot Indians. Mrs. Cottrell's maiden name was Sheutee, and her father was slain in the massacre of the Pequot Indians by Captain John Mason and his whit-sailors, who surrounded and set fire to the wigwams, shooting down the red men as they rushed forth. A monument is now in course of erection in Mason's memory at Pequot Hill.

A Bank Fails.

CHICAGO, Jan. 7.—A special to the *News* from Douglas, Wyoming, says: The Maverick Bank assigned today Alexander T. Butler and Charles D. Broadbeck are assignees. The cause is said to be an inability to collect outstanding debts. The assets are said to exceed the liabilities. The institution was largely patronized by cattlemen.

Stock Notes.

KANSAS CITY, Jan. 7.—Judge Krekel, in the United States Circuit Court today rendered a decision of importance to cattlemen. The case was one in which Chas. B. Hudson had shipped 378 steers from Bennington, Kansas, with orders to have them in the Kansas City stock yards the next day in time for the markets. The Union Pacific Railroad failed to do this, and the cattle were sold next day, when the market was dull, at a loss of $766. Hudson sued and recovered the money. Judge Krekel's decision today was in the form of a refusal to grant a motion for a new trial.

ST. PAUL, Jan 7.—A Helena special to the *Pioneer Press* says: No reliable returns have been received as to the condition of stock throughout eastern Montana. Stockmen are somewhat uneasy. A fortnight of inclement weather would result in serious loss. The thermometer ranged from 14 to 41 degrees below zero, with an average of a foot of snow on the ground.

SIMMONS LIVER REGULATOR
DYSPEPSIA
Up to a few weeks ago I considered myself the champion Dyspeptic of America. During the years that I have been afflicted I have tried almost everything claimed to be a specific for Dyspepsia in the hope of finding something that would afford permanent relief. I had about made up my mind to abandon all medicines when I noticed an endorsement of Simmons Liver Regulator by a prominent Georgian, a jurist whom I knew, and concluded to try its effects in my case. I have used but two bottles, and am satisfied that I have struck the right thing at last. I felt its beneficial effects almost immediately. Unlike all other preparations of a similar kind, no special instructions are required as to what one shall or shall not eat. This fact alone ought to commend it to all troubled with Dyspepsia.
