

Jubilee.—The Cache Valley Sunday School jubilee will take place at Logan to-morrow. Brothers George Goddard, W. Willes and Samuel L. Evans went up this afternoon, to be present on the occasion, which is sure to be an interesting one.

Germania.—The Germania smelter, at Little Cottonwood, has shut down for a few days, pending the making of needed repairs, after which the works will start up again, with a good prospect of continuing.

Situations Wanted.—A poor man, a stranger, who recently came to this city from the east, requests us to state that he has two sons, one aged nine and the other ten and a half, who are stout and able to do chores. He would like to get situations for them where they would be cared for. Persons applying can get the man's address at this office.

A Novel Case.—A novel case for this part of the country, was before Justice Raleigh yesterday afternoon. A Salt Lake attorney was charged with an infraction of a municipal law. The defendant moved for the dismissal of the case, on the ground that he, being consul in the Territory of Utah for the King of Norway and Sweden, was not subject to criminal prosecution in the local courts. The Justice continued the case until today, to give him time to examine into the merits of the point raised, this being, we believe, the first instance of its having been brought up in any court of this Territory.

We understand that the point is well taken and the case will, in all probability be dismissed by the Justice. Under the Constitution and laws of the United States a foreign consul is amenable to the local laws of this country, but he cannot legally be prosecuted in the local courts. The prosecution must be conducted in a court of the United States, such as the District Courts of this Territory.

The defendant in the case in question claimed that the police had no right or authority to arrest him. In this he plainly appears to be in error, the fact of his amenability to the local laws clearly implies his liability to arrest for infractions thereof.

FROM SATURDAY'S DAILY, AUG. 25.

Progressing.—We are pleased to be able to state that the health of President B. Young continues to improve.

Large Clip.—To-day Brother Joseph Harker, of Taylorsville, showed us the wool clipped from a single yearling Cotswold ewe. It is very fine, and actually weighed thirteen pounds. That is certainly a large yield.

Trustees Elected.—At a meeting of the residents of the 51st School District—21st Bishop's Ward—last evening, the following were elected a board of trustees for the district: William Paul, sen., C. F. Tweede and Joseph Dover.

Theatre.—Mr. Williamson and Miss Maggie Moore will shortly appear at the Theatre in this city, being under engagement to Manager Harris. They have achieved dramatic fame in several specialties, among the chief of which is the now celebrated play of "Siruck Oil."

Large Yield.—This season Bro. Michael Holden, of the 9th Ward, obtained sixty-five bushels of wheat from one acre of land, in Sugar House Ward.

Brother Andrew T. Case, also of the 9th Ward, received from a five-acre lot, in Sugar House Ward, 258 bushels, or a trifle over fifty-one bushels to the acre.

The major portion of the farming land of Utah only requires careful and skillful handling to cause it to give ample returns to the industrious husbandman.

Championship Match.—The Utah championship base ball match, between the Deserets and Rough and Ready clubs was to commence at 3.30 this afternoon. The following are the respective nines—

In Paris.—Last night we received a dispatch stating that Elders John Taylor, Lorenzo Snow, Franklin D. Richards, Albert Carington and party had just arrived in Paris, Bear Lake Valley, and were to hold meetings there today and to-morrow.

Improper Feed.—During the present week three valuable horses died at Bountiful, from eating dry wheat and green clover. Such feed is sure to kill a hungry horse, and shouldn't be given to it.

Remarkable.—We are informed of a somewhat remarkable incident which occurred quite recently under the immediate observation of Brother Charles H. Wilcken. The gentleman named lost a calf, and he and others hunted over the farm and vicinity for it, but were unsuccessful in finding it, and the cow also wandered around in search of the missing animal. Nearly two weeks elapsed, and, of course, everybody thought the calf must be dead, when all at once it turned up, in company with a young mare that is supposed never had a foal. The manner in which the young calf had subsisted in the interim is the curious part of the affair. It had sucked the mare until it had brought the milk, and, we understand, still clings to it for nourishment.

Pleasing Incident.—About nine o'clock last evening, Bishop John Sharp, of the 20th Ward, was agreeably surprised at having his ears saluted by strains of harmonious music. On going upon the porch of his dwelling to ascertain the source of the delightful sounds, he discovered that it proceeded from the well-trained voices of about fifty choristers—the Tabernacle choir, led by Prof. Careless. They had come to serenade the Bishop, as the most fitting manner in which to manifest their appreciation of the numerous courtesies he had tendered them. He made a neat and appropriate speech, thanking the singers for their exhibition of good will towards him. Quite an assemblage of people collected near the choir, attracted by the sounds of the melody they made.

Mail Irregularities.—Mr. John H. Stott, of Moroni, Sanpete County, writes concerning mail irregularities, under date of the 23rd instant.

"Perhaps a word or two concerning the assorting and distributing office, would not be out of place. Sanpete and Sevier mails are in two sacks, the one is exchanged in Sanpete, the other going direct to Sevier. Our papers, the Weekly for August 1st, came to hand August 12th, and, strange to say, they came from South, and letters that are mailed North came to hand three or four days after time, from the South, showing that there are some doubts resting on the distributing and assorting offices. To these instances, and many others, I am eye witness. It appears to me that a great amount of blame is to be attached to the assorting offices."

The gentlemanly mail agent would confer a boon on the part of the Territory referred to in the foregoing, if he will take steps to remedy the cause of complaint, which is not of short standing.

Missouri R. R. Bridge Gone!—A telegram has reached this city, notifying Superintendent Sharp of the Utah Central, not to receive any freight for points east of Omaha, until further notice. The secret is, the iron bridge across the Missouri is broken, from the effects of a tremendous storm. Full particulars have not reached us. The telegraph wires are also gone, and special means of communication and transfer across the river have to be arranged. This is a very serious matter for the Union Pacific Railroad Company, as well as for the traveling public generally.

Just before going to press we received the following in a telegram from Mr. John Reeve, at Ogden, to Supt. Sharp—

"The operator at Omaha says, the two eastern spans on the bridge are gone. The trouble was caused by lightning striking the iron tubing supports, and completely wrecking them, and the current of the river doing the balance of the injury. Our telegraphic communication is broken, and we are doing it by a skiff across to the bluffs. The only ferry boat at Omaha was wrecked last spring. Since then the ferry business has been done via the bridge."

Departed.—Mr. J. C. Lawrence, some years since one of the lessees of the Salt Lake House, died in this city yesterday, of dropsy.

Fire.—About four o'clock yesterday afternoon a hay stack belonging to Brother James T. Wilson, of the 2nd Ward, was set fire to and almost totally destroyed. The stack contained between five and six tons; it is a serious loss to him. A considerable portion of the surrounding fence was also consumed. The hay was fired from the street, and certain parties are suspected of incendiarism. The neighbors around turned out and assisted energetically in extinguishing the flames and preventing the fire from spreading.

Indian Delegation.—Last evening Elder James S. Brown arrived from the south with a delegation of sixteen Navajo Indians, one of whom is a woman, the first female Navajo, we believe that has ever visited this part of the country.

Garanuu Namunche or Toto So Ne Huste, the former being his panish and the latter his Indian name, is at the head of the party. He is in fact the head Chief of the Navajo Nation. He is accompanied by two other leading men, Honoco, brother to the former, and Eseelebe, son of the same.

At the beginning of April Elder Brown and a party of brethren visited the north-eastern part of Arizona and the north-western portion of New Mexico, and found a strong spirit of inquiry among the Navajos relative to the "Mormon" people, their methods of farming, manufacturing, and in relation to their institutions generally. These inquiries were incited by the report of the Navajo delegation which visited this city a year ago, and these composing the one now here have come to see, hear and examine for themselves, that they may be witnesses of the same things.

Brother Brown and party held a council with the Indians at the camp of Pal Chil Clane, about two hundred men of the tribe being present on the occasion, including Totoso-ne-Huste, the leading chief already mentioned. It was then that the latter proposed to pay the present visit.

Manlete or Pahada Pahadane, is the war chief of the nation, but, in the estimation of the tribe, is second in rank to Totoso Ne Huste, although the whites, or "Americans" recognize the war chief as the head.

The delegation are stopping at the house of Brother Brown, and have been visiting the leading places of interest in the city to-day. Elder Brown purposes taking them North, to Bear River, on Monday.

FROM MONDAY'S DAILY, AUG. 27.

The President's Health.—President B. Young is still very weak from the effects of his recent attack of illness, but is slowly improving.

South.—Brother J. L. Workman, of Virgin City, Kane County, dropped into our office to-day. He reports of that part of the Territory, average crops of all kinds, and the people generally in excellent health.

Proposed Match.—Arrangements are in progress for a match game, to be played at Provo, on Sept. 5th, between the Springville nine, and a picked nine of this City, the latter to be composed of six members of the Red Stockings and three of the Metropolitans.

The Firemen's excursion, to Provo, comes off on the same day.

Eastern Traffic.—Superintendent Sharp has received a dispatch instructing him to receive freight for points east of Omaha and ship it as usual.

It is probable the connection with the other side of the Missouri is maintained via Sioux City or Kansas City, or both, there being a bridge at each of the two places.

Released on Bail.—This afternoon Alma Eldredge, Jacob Huffman, James C. Livingston and Return J. Redding, against whom the grand jury found a true bill of indictment for the killing of "Ike" Potter, a notorious cattle thief, a good many years since, appeared before U.S. Commissioner Sprague, and were released on \$10,000 each till the 27th of September next.

The first two of the accused named were arrested some time since and confined in the penitentiary, and the others voluntarily appeared, without arrest.

Organization.—A dispatch received this morning, from Paris, Idaho, states that, at the Special Conference held there on Saturday and yesterday, by Elder John Taylor and party, William Budge was appointed President of the Stake and James H. Hart and George Osmond his Councilors.

Missionary.—A private letter from Elder Walter J. Lewis states, that Elder Orson Pratt, himself, Elders Parry, Williams and Howells arrived at Liverpool about midnight on August 9th, three weeks and one day after their departure from here. They had a remarkable rapid and very prosperous trip, for, having been detained eight days on the way, it only occupied fourteen travelling days.

All four of the Elders named, who accompanied Elder Pratt, have been appointed to labor in the Welsh Conference: Elders Lewis and Parry in North Wales and Williams and Howells in South Wales. All were in good health and spirits.

Jail Delivery—Robbery.—The following is a special to the News—Parowan, August 28.

Editors Deseret News:

Last evening, as Constable Dalton was putting a Spanish horse thief, Francisco Perez, in jail, two men with masks on came in, drew revolvers on the constable and compelled him to release the prisoner. The three men hastily decamped, leaving the constable locked in. However, he was soon released and a pursuit was made for some miles, but it was unsuccessful.

An Indian horse thief also got away at the same time, was recaptured, but got away again.

A couple of young men, the Jones Brothers, of Fort Johnson, who had taken grain to Pioche to sell, to pay a debt in Cedar, were lately attacked this side Pioche, by a robber, and compelled to give up their money, over a hundred dollars.

Lively Shooting Affair.—The following dispatch appeared in the Herald of yesterday morning—

Pioche, Nev., 25.—Quite a lively shooting affair occurred this evening about 8 o'clock, in the doorway of the Eldorado saloon. The participants were Pat Holland, said to be traveling correspondent for the Virginia Enterprise, and formerly proprietor of the Pioche Record, and George T. Gorman, now local editor of the Record. Six shots were fired. Gorman apparently had the best of the situation, Holland's pistol going off prematurely while pulling it from his pocket. Gorman then got in two shots, Holland's pistol failing to go off, whereupon he coolly placed it on his knee, rearranged the trigger and it went off, grazing his hand. The parties were within ten feet of each other for the first five shots, and did all the firing around the centre post of the saloon door. Holland ran through the back door, Gorman firing one shot after him.

Holland, in addition to the wound in the hand, was slightly wounded in the left side. As far as known Gorman is uninjured. The trouble arose from an article which appeared in this morning's Record against Holland, on account of his having written up Pioche for the Enterprise, and failing to mention the Record. This article in the paper this morning was very bitter, and the latter part highly embellished with vulgarity, and giving Holland a bad deal generally. This afternoon Holland got up an elaborate poster, written by himself, with highly colored pencillings, and containing language if anything more vulgar than that in the Record. He posted it on the side of Pres Ward's saloon, where it remained for hours. Gorman was out of town, and upon his return looked up Holland and proceeded to business. The sympathy is divided somewhat, but the most is with Holland. Some loud remarks are made against the Record.

Sunday School Jubilee.—We have received, from Brother James A. Leishman, an account of the Cache Valley Sunday School Jubilee, which took place in the Logan Tabernacle, on Saturday. Limited space compels us to condense the report. The interior of the building was beautifully decorated for the occasion, and the assemblage, which convened at 11 a. m., was very large.

President M. Thatcher, Councilors Preston and Hammond, Bros. George Goddard, Wm. W. Willis and S. L. Evans, of Salt Lake City, Bro. Lorin Farr of Ogden, and the Bishops of the various Wards of Cache were on the stand. Elder Geo. Q. Cannon, President of the Deseret S. S. Union was unable to be present, on account of sickness.

The "Song of the Sabbath School" was beautifully sung, the opening prayer was offered by Bishop W. F. Rigby, of Newton, when the host of choristers sang, "Gather Them into His Fold," with fine effect.

The whole musical programme was excellently rendered, and included "Rock of My Refuge," "Gentle Words," "Secret Prayer," "My Beautiful Home," Beautiful Sabbath," "On to the Field," "The Sabbath Day," "Guardian Angel," "Give us Room that We May Dwell," "Our Own Sunday School."

Questions on the life of Joseph Smith the Prophet from the *Juvenile Instructor*, were asked by Brother J. E. Hyde, and promptly answered by the children. "The Good Boy's Resolve" was sung by Brothers Goddard and Willes; Miss Birdie Hammer, of Providence, recited "Who Killed the Bear," and Master Samuel Stewart of Clarkston, "I am With You Again."

The general exercises were interspersed with brief addresses from President Moses Thatcher and Counsellors Preston and Hammond, and Brothers George Goddard, W. Willes, S. L. Evans, Lorin Farr, C. O. Card and O. C. Ormsby.

Statistical tables were read by Pres. M. Thatcher, J. E. Hyde and O. C. Ormsby, successively, for the year 1875, 1876 and 1877, which showed an increase of 50 per cent. of teachers, pupils, classes, books and attendance during the past two years, which increase speaks well for the efforts of the superintendent of the Stake; in connection with the several bishops and teachers throughout the entire valley. A report was also presented which showed a healthy financial condition of the Sunday School Union of Cache.

The committee of arrangements for the jubilee were O. C. Ormsby, E. M. Curtis, Wm. Knowles, Joseph E. Hyde and Alexander Lewis.

The general and local authorities of the Sunday School Union were presented and unanimously sustained by vote.

A vote of thanks was tendered the committee of arrangements; the musical conductor, Bro. W. Knowles; the organist, Bro. Joseph Goddard, and assistant organists, Bros. Frank Whitehead, of Richmond, and Sister Amenda Ellason, of Logan; who contributed much to the exercises of the day, and others who had aided to decorate the house, for their valuable labors.

The benediction was pronounced by Brother George Goddard. The jubilee was a complete success, a delightful affair, in every particular.

DIED.
