DEATH OF J. E. FOOTE.

Victim of Pneumonia-Red Desert in Fine Shape for Wintering Sheep. Special Correspondence.

Rock Springs, Wyo., Dec. 15.—J. E. Foote, a brother of Col. F. M. Foote of Evanston, died of pneumonia at the state hospital here last week. Deceased was a prominent resident of Utah and was well known. He was interested in the oil industry ond other lines of business in this state. Sheepmen in this section are in high

feather over the prospects for good range during the winter. The feed on the Red Desert, or the "lease," as it is called, is the best known in many the state of years. The grass is high and well cured, and as the associations leasing it have not permitted sheep to enter the desert as early this year as in for-mer years, and as none will probably be allowed on the desert before Jan.

OUTBREAK OF SCARLETINA.

Schools and Public Gatherings Closed-Brass Band Organized.

Special Correspondence, Fountain Green, Sanpete Co., Dec. 14,

—There had not been any contagion in our town for a long time till recently when four yellow flags in front of as many residences, indicated an outbreak of what the doctor pronounces scarletina. To prevent the spread of the dread disease our board of health has ordered schools and all public gatherings be discontinued for the present ings be discontinued for the present and we hope to stop the spread of the

contagion. The nice weather we have had this fall has permitted the people to attend to their plowing and to procure coal and wood for winter use, so that the high price of fuel affects us but little.

A brass band was organized here recently A N Tollestrup, the principal cently. A. N. Tollestrup, the principa of our public schools, is also a musi-cian, and he is training the members of the band, 15 in number, three of whom are young ladies, and they are

all doing well, and can now play sev-eral pieces creditably. The Y. M. M. I. A. as well as the Y. M. L. A. meet weekly and have very interesting and instructive meetings, Two of our brethren have lately re-ceived letters from Box B inquiring concerning their conditions, and feelings in regard to taking missions abroad. We have now six mission-aries in the field.

CAREY, IDAHO.

LITTLE BABE'S SUDDEN DEATH

Religion Class and M. I. A. Work-Local Improvements. Special Correspondence.

Carey, Blaine Co., Ida., Dec. 11.—This valley has experienced nearly every kind of weather that the year brings around, within the last month.

Hay is changing hands occasionally from \$i to \$4.50 per ton. The sheep herds are all out in the desert, and have excellent feed in the new grass brought on by fall rains, but the lack of water or snow is a rather serious problem with a good many of the flock owners. Building improvements are progress ing nicely this fine weather, and most of the new houses or improvements are nearly completed. The addition to our meetinghouse of 20x22 feet is completed and the room ready for use by the Sunday school, Mutual Improvement asso-ciation and Relief society. Fifteen new buildings have been constructed in the

place this year. SUDDEN DEATH OF BABE. A very sudden and sad death occurred here last Sunday. Brother and Sister Joseph C. Manning came down to fast meeting from their home three miles up the vailey, to have their five-weeks-old infant blessed. The day was weeks-old infant blessed. The day was quite cold, and the mother had the little one well wrapped up. She looked at it two or three times on the road and it seemed to be all right, but on handing it out of the wagon at the meetinghouse the father noticed that blood was coming from the child's nose and the wagon are the property lifelies. They and it was apparently lifeless. They hurried into the warm room and everything that could be done to revive and bring that could be done to revive and bring breath into the little body was done, but without avail, and the spirit of the little one took its flight. It was a terrible shock to the parents and all who were at the meeting, and especially to the little children at home when the lead baby was brought by the sorrow ing parents to their home, where they had left the other children of the fam-

ily, seven in number.

All meetings of the ward are well attended. The Y. M. and Y. L. M. I. A. have in the past years held their meetings jointly, but after this they will meet separately except to hold the opening and closing exercises in the same room and separate to different rooms to
