Elder J. F. Wells:

Dear Brother—Our winter has been very severe, commencing in November last, and it is snowing while I write. The month of January was nice, open, and mild, but the rest of the time has been terribly cold. My health and spirits were never so good as at this time, and the same is true of Brothers Squires and Farrell, who are now laboring with me. We held a very interesting district meeting here on Feb. 28th, at which Prest, Joseph F. Smith delivered two of his best discourses, which gave immense satisfaction to Saints and strangers. The little Coffin chapel was never more crowded, I presume. We are getting a better hearing from strangers than at any time since I came to this conference.

We desire the saints to invite and if possible to bring a friend each with them, and we find this kind of exertion is resulting well and furnishes us with once in a while a strange face to look at, which is very encouraging.

Next Sunday Bros. S. and F. and myself, shall attend the district meeting at Sheffield, and on the 26th of this month we shall hold a district meeting at Mansfield, which is now the liveliest branch in the conference, with Bro. Joseph Betts working on the lead. Our conference will be held on the 4th of April. Bro. Squires and I expect to attend the Glasgow conference on the 18th of April.

I know of but very few who will be able to emigrate from this conference the present season by their own means, and we have not yet heard of any help that is expected from home. I presume Bro. Lynn will go on the first ship, May 1st, and Bro. John Newbold, I presume, will go on the second ship as steward.

I think we have just before us a good and profitable Summer's labor in this conference and I believe three of us can labor to advantage. We think of holding numerous camp meetings, and besides to visit among our outside friends from house to house wherever we can gain access. Our best prospects are in Nottingham, Mansfield, Sheephead, Whitwick, Gresley, Burton and Gainsborough, and we hope to make decided advancement in all the other branches as well.

The health of the Valley Elders is generally good, though some have lately returned on account of ill health. I consider the Mission in a healthy condition and thriving, although we are among the gleaners.

Yours indeed
F. M. LYMAN.

We would call the attention of our readers to the advertisement of Walker Brothers, to be found on another page of this paper. Persons visiting the city during Conference should not fail to give them a call, for Walker Brothers have the largest and cheapest stock of goods in Utah.

It is a satisfaction to a man doubled up with a pain in his intestines to have the four or five doctors who have been frantically summoned, get into a hot discussion as to whether it is a genuine case of Asiatic or simply a Cholera-Morbus.

There will be no necessity for a "grass-hopper fund," another season, if the Omaha Bee is not mistaken in its review of the case. That paper is writing up the history of the grasshopper, Nebraska's natural enemy, and gives the gratifying information that the destroyers forgot to lay eggs last Fall. That was a great oversight on the part of the grasshoppers.—Ex.
