THE MORMON PROBLEM.

SALT LAKE CITY, Utah, March 2, 1875. The number of persons who emday in the U.S. House of Representatives upon the payment of contested elections, Mr. Speer, of Pennsylvania, in referring to the contestation of the delegateship for Utah to the Forty-third Congress, was impelled to say that of all the first established themselves in Kirtcontests before the House, and there were thirty-four of them, this one was the most fraudulent and themselves in Kirchest County. S. B. Axtell, formerly a citizen of Ohio and whose semily now reside in Summit County. The Salt Lake — has commenced a bitter personal attack upon him, in substance charging him with selling out for a consideration to the Mormon priesthood. I cannot see at that time any justice in this attack, or any foundation for the charge. One ground for the charge is the issuing of a certificate of election to the Mormon delegate to Congress, G. Q. Cannon, claiming he is not entitled to a seat because he is a polygamist, and that he is not a polygamist, and that he is not a ditizen of the United States. These relate to his qualifications as a delegate, with which the Governor, by of the Constitution of the United States. Another ground of this personal attack upon the Governor is that he boards et a Mognon hotel, and he boards at a Mot non hotel, and that he associates with Mormons, speaks to them and treats them civilly. The Townsend house, where the Governor boards, is owned by a Mormon. A majority of its guests are not Mormons. They are its guests because it is a quiet, well kept house in a good location, and provides reasonably well for their wants, for a consideration. As the Mormons constitute a large majority of the Territory and every member of the legislature just elected, save one, is a Mormon, the Governor must have friendly, social and political relations with Mormons, or he can accomplish little for the interest of the Territory and its people.
