Democratic State Convention.

HARTFORD, 6.—The democratic State convention organized to-day, with Charles Durand as president, and after recess nominated the following ticket: For Governor, Richard A. Hubbard: for Lieut. Governor, Francis B. Loomis, both by acclamation; Secretary of State, Dwight L. Morris; Treasurer, Edwin L. Buck; Comptroller, Charles C. Hubbard. Electors at large, Gov. Charles R. Ingersoll and Gen. Wm. B. Franklin. The resolutions adopted cordially approve the platform and nomination of the National Convention at St. Louis, arraign the republican party for corruption, and demand a change of administration to secure radical reform in the civil services; charge the republican party with opposing the economy policy of the democrats, and causing a depression of business by official corruption and extravagance, and demand rigid economy in public expenditure; thank the democratic House for retrenchment despite the opposition of republicans; call for the removal of all dishonest officials; demand that the army of federal bayonets around the polls, when peaceable citizens are voting, shall cease; denounce the recent order of the Attorney General as an outrage; ask for a wiser policy in system of taxation; demand a return to specie payment by the most speedy and practicable method, and the discountenance of the imposition of revengeful acts upon any section of our common country.

Moore Preparing a Statement Against Bristow—U. P. and C. P. R. R. Survey—Baltimore Will Defend Her Liberties.

CHICAGO, 6.—The *Tribune's* Washington special says: W. B. Moore, special custom agent of the Treasury, is reported preparing a statement which he claims will give the operations of an organized plan to secure the presidential nomination for Bristow. Moore was dismissed from the secret service by Bluford Wilson about the time of the Babcock trial, where Moore was to have been a witness. Wilson and Moore quarrelled, and the former refused to pay Moore government funds for his St. Louis expenses. Morrill paid these expenses when he became Secretary. Moore's statement is an attack on Bristow and Wilson, and he holds Bristow responsible for all of Wilson's acts, and attempts to prove the conspiracy of which the President has spoken. It pretends that Bristow understood and approved of the conspiracy.

Major Wm. J. Twinning, Capt. Wm. H. Haer, Jos. F. Gregory, Lieutenants D. E. Green and Jas. D. Quinn, of the engineer corps, United States army, leave here to-morrow for Omaha, to commence resurveying the Union and Central Pacific railroad lines, from Omaha to Sacramento. The work will be divided into four divisons, with an officer in charge of each, under the general direction of Major Twinning. This is in accordance with the recently passed joint resolution, and is for the purpose of remeasuring the entire length of both roads, it being asserted that the roads are not as long as has been claimed. As government bonds were issued in the construction at the rate of $14,000 to $48,000 per mile, the question of length becomes important.

The democrats of Baltimore received the Attorney General's letter in the spirit in which the Baltimore mob received the Massachusetts troops on the 19th of April, 1861. The leading democratic organ there, to-day, calls on the party to organize minute men as the only means of preventing bloodshed at the polls. The organ says the time has come when force must be met by force, and Baltimore, which may be called the cradle of civil and religious liberty, should take the lead in the patriotic work. Baltimore, which led in shooting down Union soldiers on their way to protect Washington from rebel invaders, is now the first on behalf of the united south to summon to the bayonet.

The Chicago Industrial Exposition.

The Fourth Annual Inter-State Industrial Exposition opened here to-night, about 25,000 people being present. Every inch of the immense Exposition building is occupied or spoken for, and the display in every department is creditable, and in some magnificent. The art gallery contains 700 paintings, contributed by individuals for the occasion, being worth in the aggregate $34,000,000, the finest collection ever made in the west. The fruit department attracts much attention, and the Pacific slope makes a fine showing there. The Exposition will continue several weeks.

Extraordinary Billiard Game.

Sexton and Slosson having arranged to play a thousand point game of billiards here, 500 points on each of two nights, played the first five hundred points to-night, Slosson beating his opponent in a remarkable game. He made runs of 93, 124, 138, and in the 17th innings made a run of 66 and went out. His average was 29 7-17, the highest ever made in a 500 point game. Sexton's highest run was 69; his average 8 7-16, and the total 135. This is the first game played here by these gentlemen since their return from California.

The Indian War—The United States Troops Still After Sitting Bull and the Hostiles.

A *Times'* special from Terry's camp, August 30th, *via* Bismarck, says: The command left the Yellowstone River, near the mouth of Allon's, on the evening of the 27th, moving due north for ten miles, and went into camp at four o'clock. The next morning the march was resumed. The country is dead and parched, rendering long marches impossible; water is scarce, the small streams being entirely dried up.

After the first day's march the command entered the Buffalo range north of the Yellowstone, and hunting parties were detailed, which secured game enough to last some days. Yesterday afternoon the command camped on the north fork of Rush Creek, thirty miles north of the Yellowstone, bordering on the divide between the Yellowstone and Missouri Rivers.

Captain Bell, with a detachment of four companies, left the main column with instructions to move north across the divide in search of Indian trails leading towards Big Dry Creek, or Mussel Shell River. The battalion rode twenty miles, while the main column moved east and is now in camp on Deer Creek, a tributary of the Yellowstone. Captain Bell returned to-night, and reports having discovered no heavy trails. No large body of Indians having crossed the river he will move toward Fort Benton. Carcasses of buffalo and old trails only were discovered. The present camp is within twelve miles of South Glendive Creek, where a junction, if any, was to be formed with Crook. A courier leaves for Crook to-night.

Terry is convinced that the Indians have not crossed the river in any force west of us, and if they have gone north at all it is toward Fort Peck. It is expected the infantry will move east to-morrow, and that their ultimate destination is Fort Peck, on the Missouri. There appears to be no possibility of a further junction of Crook and Terry for field work.

A Hostile Chief Shot and Killed.

CHEYENNE, Wyo., 6.—Henry Homans, who arrived at Sidney yesterday, reports that Sioux Jim and family came into the Red Cloud Agency from the north on the 29th ult. The commanding officer instituted a search for them through the agency Indians. They were found by American Horse, chief of one of the bands at the Agency, but Jim refused to surrender his arms, whereupon American Horse shot and killed him, taking the family prisoners.

Excitement Over a Cave In.

POTTSVILLE, Pa., 6.—The people in the vicinity of Centralia are greatly exercised over the caving in of some ground in the lower part of the town, which is completely honeycombed. The surface continues to crack and crumble and to show signs of general weakness. The ground above Cowell & Co's mines is slowly sinking, and the miners all refuse to continue work.

Another Railroad to be Sold.

ST. LOUIS, 6.—The Atlantic and Pacific Railroad will be sold on Friday. The Missouri and Pacific Railroad was sold yesterday for $1,000,000.

Heavy Rain Storm.

The heaviest rain storm of the season occurred after midnight last night, nearly three inches of water having fallen. The storm was pretty general, and although reports of the damage are meagre, yet there is little doubt but that much injury has been done.

The Goss-Allen Prize Fight.

LOUISVILLE, 6.—Learning that a prize fight was contemplated in Kentucky by Goss and Allen, Gov. McCrary has taken steps to interfere, and notified the sheriffs of the counties suspected as the choice of the parties, to arrest all violators of the law.

A Man Shot.

NEW ORLEANS, 6.—A special to the *Bulletin* from Coshatta says: Wester, Clerk of the District Court, who was shot on Sunday last, says he recognized in the man an old personal enemy who had repeatedly threatened his life. Wester says there was no political motive in it.

Prof. Huxley Visiting.

NASHVILLE, Tenn., 6. — Prof. Huxley visited the capitol, departments of agriculture, and places of instruction to-day. He visited the Vanderbilt University, and at the earnest solicitation of the citizens consented to deliver a discourse at Mason's Theatre to-night.

International—The Races.

PHILADELPHIA, 6.—The final four oared heat, between the Thames and Halifax crews, was won by the latter in 18.5½, but the umpire allowed the claim of foul, and gave the London crew the race.

The last race of the Regatta was a pair oared contest between Green and Thomas, of London, and Faulkner and Regan, of Boston; the latter won in 21.20.

A Grand Jury Makes a Clean Sweep.

WHEELING, West Va., 6.—The grand jury has been in session for three days, and completed its labors to-day. It made a clean sweep of liquor men and houses of prostitution.

Statue of Lafayette Unveiled.

NEW YORK, 6.—The statue of Lafayette, given by the French government as an expression of its friendship for this country, was unveiled this afternoon in Union Square, where already stands the statutes of Washington and Lincoln. The presentation speech was made by the Consul-General of France, and Mayor Wickham replied. F. A. Condert, a distinguished French lawyer, delivered the oration. As the statue was unveiled, the battery, stationed near by, fired a salute. Fort Columbus, and the man-of-war *Plymouth*, at anchor in the bay, being informed by telegraph of the unveiling, also fired a salute. Previous to the ceremony in Union Square there was a grand procession of military, firemen and civil societies, including masonic encampments and French associations from Canada. An immense concourse of people witnessed the ceremonies. The flags of France and the United States floated together everywhere. A battalion of German riflemen formed part of the military procession.

Increase in Price of Silk Products.

The established advance on the cost of raw silk having made necessary an increase in the prices of silk products, a meeting of machine twist and sewing silk manufacturers of the United States, was had, to-day, at the office of the Silk Association of America, in this city, to receive the report of a committee of five appointed at the meeting on August 16th. The list of prices submitted by the committee was approved as being equivalent to the prices current for raw silk at the sale of the last meeting; but as the prices of silk have risen one dollar a pound since that date, the question of a further advance in the price of manufactured products was considered but not acted upon. It was decided to wait the further development of the course of the market, and to adhere for the present to the prices reported by the committee, although these are less by one dollar per pound than those asked by raw silk dealers.

$25,000 Fire.

Lanter and Caselaro's cabinet factory, Houston Street, was burned to-day; loss $25,000.

Preparing for an Attack.

Dates from the City of Mexico to the first have been received. Diaz continues in Oaxaca, and the government troops are preparing to attack him. The troops had had several minor successes. Two Mexican war ships have been sent to Tampico and the mouth of the Rio Grande.

Serious Riot About a Flag Pole.

The *Tribune's* Kingston, N. Y., special says: This afternoon the Hayes gun squad, of Kingston, with a large delegation of citizens, went to Stony Hollow to set up a pole and haul up a Hayes and Wheeler flag. The citizens of that place would not hear the speakers, drowning their voices with cow bells, shouts and ejaculations. The meeting broke up without a talk. Just as the train was leading their cannon in town the mob undertook to pull down the pole. This incensed the Hayes gun squad, who rushed to the pole and were met with pistol shots. These were returned by the gun squad, and seven men of the democratic rioters were wounded, one mortally. The squad had four wounded. It was an unprovoked act. One of the wounded is reported dead at this hour, 9 a. m.

Nominations.

FORT DODGE, Ia., 6.—The Democrats of the 9th Congressional district in convention, to day, nominated Samuel Reese. The platform is strong for greenbacks.

CLEVELAND, O., 6.—The Democratic central committee, to-day, nominated H. B. Payne, vice Rauney declined, for representative of this district. It is doubtful if Payne will accept, as he declined before the convention.

LEXINGTON, Va., 6.—The Democrats nominated Randolph Tucker in the 6th district for Congress. Dr. Chas. S. Mills, collector of the port of Richmond, is his opponent.
