Correspondence.

The Corps—The United States. GLENWOOD, Nev., June 1, 1875.

Editor Denver News:

The crops are looking well here, although we have had a very dry spring.

The United Order has been organized here and is being carried on very successfully, and to the entire satisfaction of its members.

Farming, being the main branch of business entered into, has been thus far very wisely conducted under the direction of Bro. Henry Henderson, and the result has been a success.

We have a very good school and meeting house built, mostly by the Order, and some other public and private improvements have also been made.

This country is being settled very rapidly, as the country is very fertile and surrounded by many good prospects, and the United Order is being successfully carried on almost every town and settlement in the State.

Yours, &c., ISAAC W. RIVERS.

Emigrants From New York. NEW YORK, May 31, 1875.
