

OGDEN ARMOUR ON MEAT SCANDAL

Wants to Know What Has Be-
come of Our "Boasted Amer-
ican Fair Play."

A GREAT INDUSTRY ATTACKED.

One Result is Agitation in Europe for
Boycott on American
Products.

New York, June 26.—J. Ogden Arm-
our, head of one of the largest of the
Chicago packinghouses, accompanied
by his wife and daughter, Lolita, who
has been under the care of Prof. Lorenz
in Vienna, arrived here today on the
Kron Prinz Wilhelm.

Mr. Armour tonight made public the
following statement regarding the recent
packinghouse exposures:

"On summing up what has been said
about the packing and what has been
done in the packing industry, one natu-
rally inquires: 'What has become of
our boasted American fair play?' One
of the largest American industries has
been attacked and attacked without
reason in a way that has discredited
American goods of all kinds abroad. All
over Europe there is open agitation for
a boycott on American products."

"The entire export trade of this coun-
try has been badly damaged. To esti-
mate the total loss now would be mere-
ly guess work. It may run into the
hundreds of millions. When American
industries are slandered by persons
who pretend to speak as Americans, it
is to be expected that foreign competi-
tors will take advantage of it."

"But the American meat industry
cannot be destroyed by socialist agit-
ators, political revolutionists, stump
speeches, sensational journalism, rum-
ormongering. It has existed for 60 years.
Its products have made their way into
every quarter of the earth on merit.
They speak for themselves. They are
as good today as they were yesterday.
If they can be improved they will be
better tomorrow."

"Slander may retard but cannot stop
good merchandise from finding a market.
The public has been grossly mislead-
ed or maliciously informed on two of the
most important phases of the whole
question, namely, the character of meat
inspection as it is and has been, and
the attitude of the large packers toward
a proposed legislation."

"The inspection now in force in all
the larger packinghouses makes the sale
of diseased meat from such houses
impossible. The government which is
responsible for the inspection has failed
to state the facts about it."

"The larger packers believe in govern-
ment inspection. They asked for it in
the first place. They want it continued
and improved, if it can be im-
proved."

"I believe all of the large packers
are heartily in favor of the purposes
which the pending bill is intended to ac-
complish, namely, thorough inspection
of all animals before slaughter; thor-
ough inspection of all animals after
slaughter; thorough inspection of the
sanitary condition of the packing-
houses; thorough inspection of the
products that go to the consumer in
other than bulk."

"I have seen it stated that the scan-
dalous attacks upon the American meat
industry were precipitated by the opo-
sition of the reformers to proposed leg-
islation. That is not true and could
not be true. My information is, and
the newspaper files will bear me out,
that the flood of slander was well start-
ed before a suggestion of legislation
was heard. We never heard of the so-
called Beveridge amendment bill until
it was introduced. Everything provided
for in the proposed legislation could
have been accomplished without any
of the damaging sensationalism we
have had, if the co-operation of the
packers had been desired or had been
accepted when proffered."

"As the report to the National Asso-
ciation of Manufacturers, which I have
just read, well puts it, the purpose of
the 'reformers' has been to the harm
of the industry first and then reform it."

"There is some satisfaction in the
way the users of the Chicago meat,
and practically all meat, are now test-
ing to their quality in the face of
what has been said. San Francisco
where have starved to death after the
earthquake and fire if Chicago canned
meat was not at hand, and the health
department says that period was the
healthiest in the city's history. Eng-
lish army officers and inspectors are
giving similar testimony. It is gratify-
ing that developments are proving the
unfair character of the Neil-Reynolds
report."

"I am personally much gratified by
the way these subsequent developments
bear on Armour & Co. The comment of
the Noble-Stedden committee of the
United States agricultural department
experts and the report by the Chicago
health department show that our plant
as a whole is clean and sanitary, it
ought to be. We have always tried to
keep it so. We were doing it before
this agitation was dreamed of. For
five years or more we have spent an
average of more than \$700,000 a year
on new buildings and improvements on our
Chicago plant alone."

Lolita, the daughter of Mr. and Mrs.
Armour, showed but a slight trace of
lameness, and looked the picture of
health.

"We were very much hurt," said Mrs.
Armour, "over the reports circulated
here that our daughter had not im-
proved under Prof. Lorenz's treatment.
Any one who looks at the child today
will see that they are untrue."

NEURALGIA CURED

PATIENT GIVES ALL THE CREDIT
TO DR. WILLIAMS' PINK PILLS.

Disease Had Attacked the Heart and
Would Doubtless Have Been
Fatal Had Right Remedy
Not Been Taken.

That Dr. Williams' Pink Pills will
cure neuralgia there is no room to
doubt. So many severe cases of this
painful disease have yielded to these
pills that the sufferer who is prevented
by packing from trying the remedy
deserves little sympathy.

Mrs. Charles Schmitt, of 115 Thomas
street, Newark, N. J., suffered for
seven years with neuralgia which at-
tacked her heart and which did not
yield to the usual remedies. The story
of the cure is best told in her own
words.

"I had a awful fever and it left me
with a weak heart. Then I took cold
and a severe pain settled in the region
of my heart. My suffering was almost
beyond description. I could not talk
and the pain caught me at every breath.
The awful pains would come on sud-
denly and I would have to lie right
down and could not walk and would get
dizzy for a time."

"I was confined to bed for four weeks
at one time and nothing seemed to do
me any good. I was under a physi-
cian's care for months. He pronounced
my trouble neuralgia of the heart and
prescribed for me. The capsules he
gave me relieved me for a time but
the pain came back again."

"Finally Dr. Williams' Pink Pills
were recommended to me by a lady
whose husband had been cured at
about the same time and I decided to
give the pills a good trial. While I was
on the second box I began to see an im-
provement, the pains became less fre-
quent and at last I was entirely cured.
This was some time ago but I have had
no relapse and have been in good health
ever since. I think there is no medicine
to equal Dr. Williams' Pink Pills."

These pills actually make new blood
which carries to the starved nerves the
elements they need. They contain not
only a part of cod liver oil, but also
valuable and anything. They cure
troubled nerves by removing the
cause of the trouble."

Sold by all druggists or sent postpaid
directly by Dr. Williams' Pink Pills
Medicine Co., Schenectady, N. Y.

when the officers drew their weapons
and the mob retired. Extra police
have been placed on duty and the re-
serves have been increased.

IS DOWIE INSANE?

Nurse Testifies Was Under Idea Kaiser
Would Visit Him.

Chicago, June 26.—Miss Elizabeth
McGinnis, a nurse who accompanied
John Alexander Dowie to Mexico and
Jamaica, testified today in the house-
ing of Judge Landis to determine the
ownership of Zion City properties, that
Dowie during that trip was delirious
a greater part of the time. While in
Jamaica, she declared, he was con-
tinually under the impression that
the emperor of Germany was coming to
visit him, and at times sent the wit-
ness to the port to watch for the
imperial fleet.

THREE NEGROES KILLED.

Lying on Track and Engineer Thought
They Were an Ash Heap.

Muskogee, L. T., June 26.—Mistaken
for an ash heap by the engineer after
three unknown negroes were run over
by a Missouri, Kansas & Texas south-
bound train today at Welch, L. T.,
near the Kansas line, and ground to
pieces. Fragments of the bodies were
gathered by the train and found to be
cold, which shows they were dead be-
fore the accident. A revolver was found
near the bodies. The bodies were so
badly cut up that the manner in
which they met death cannot be as-
certained.

TO PREVENT FURTHER ANTI-SEMITIC EXCESSES

St. Petersburg, June 26.—The gov-
ernment, taking advantage of the ef-
fect produced by the frankness and
sincerity of Interior Minister Stolypin's
declarations in the lower house of par-
liament, has taken prompt steps to
prevent further anti-Semitic excesses.
But this effect is waning and the im-
possibility of the present state of
daily coming more to the fore. The
sentiment in favor of a change in the
ministry is now not only shared by
the lower and upper houses of parlia-
ment and voted by the entire press,
but is supported by a strong faction at
court.

THAW FAMILY ROBBED OF JEWELS

Value of Gems and Plate Placed
At Sixty Thousand
Dollars.

MATTER WAS KEPT VERY QUIET

Strings of Pearls and Diamonds of
Value and Perfect
Color.

Pittsburg, June 26.—While seeking in-
formation of the Thaw family it was
learned tonight that the home of Mrs.
William Thaw, mother of Harry Thaw,
who is charged with the murder of
Stanford White in New York last
night, was robbed of jewels and silver
plate within the past few weeks, the
value of which is said to amount to
\$60,000.

The matter was reported to the
police, but because of the prominence
of the family the incident was sup-
pressed. All the officers of the country
have been notified of the robbery, and
a description of the jewels has been
sent to the various police departments.
Disclosures of the robbery were made
through a "leak" unconsciously drop-
ped by one very close to the family.
The exact time of the robbery is not
known but it occurred while the Thaw
family was in the city and although
the police and detective forces of the
city have been immediately notified the
matter has been kept under cover until
the present time.

The jewels are said to be some of rare
value gathered by Mrs. William Thaw
in her travels, and include strings
of pearls, diamonds of rare value and
perfect color, and silver plate that was
convenient for the robbers to take
away. Heavier pieces of plate of com-
bustible bulk were left behind.

The Pittsburg Post tomorrow will say
of the robbery that it was "a most
clever gang did the work, it is said."
