Logan, March 11.-Professor Gibson, who was formerly an instructor in the college, and who has since traveled very extensively in Europe, visited the col-lege a few days last week. He addressed the students in devotional exercises on Friday morning and gave a very inter-esting talk on the city of Venice and the peculiar customs and habits of its

people. Professor Robinson sang "If There's Sunshine in Your Heart Today" in chapel on Tuesday morning. He was assisted in the chorus by the choir. room last Saturday. The song was beautifully rendered, and it called forth a hearty applause from the faculty and students.

A very successful matinee was given in the gymnasium last Saturday. As usual, a large crowd was present.

The attendance in all classes last Fritic science department yesterday. day was as low as from 20 to 30 per cent on an average. The cause was due cooking are studying poultry, using the farmer's bulletin No. 182 on poultry as to some trouble which arose between the third year students and the rest of the school. The third year students, food as a text. commonly known among themselves as "the invincible class," have been in the remuchinterestedinstudyingth 1 | ii i are much interested in studying

habit of scoring a great many victories in this and also in past years, although they have not scored all the victories. Last Thursday night they scored an easy victory in a game of basketball with the team of the Agricultural college. This seems to have raised their self-esteem to such a pitch that a great many of them presented themselves in a body on the steps of the main en-trance about half past seven o'clock on Friday morning. Their flag was wav-ing in the college tower, and every humble soul not of their class who hap-pened along on that morning and de-

pened along on that morning and de-manded entrance to the college was required to bow with uncovered head to this noble class and its flag. Mary students were forced to perform this humorous ceremony of bowing, but presently there came some stiffnecks who "would not how and scrape to any class," and of course were, therefore, not allowed to enter. The four years came, and sided off in bewildered amazement. What could they do? They looked on with a jealous eye, but were too small to drag such an enormous class from its throne on the entrance steps. Finally the crowd of stiffnecks grew larger and larger, and when they began to be numbered in hundreds, it was

by the students. found that it was not merely a fight of the fourth years alone, to dethrone the visitor at school this week the "invincible" class looked up tothe greater part of the student body. While

things were thus going on, a loud scream of yelling and applauding arose from the crowd of students standing outside. From this place on the steps, the "invincable" class looked up to the college tower and their flag was being quickly torn down. A few clear headed students from the fourth, second and first years had procured long ladders, dent Jones. ascended through the garret, and had gained possession of the tower. And now what a tumult! In a few minutes daring boys from the third years, and others, were climbing to the top of the

the eastern mountains, gathering specimens

Mr. F. R. Lamb, one of our active college students, is compelled to dis-continue his studies—temporarily, we hope—on account of illhealth. He left for his home in Wales a week ago. A delightful "hardtimes" party was given last night by the student body or-

ganization. Invitations were printed on wrappingpaper, and the spelling and diction were as unique as the stationery, or the costumes.

Miss Martha Chipman of American Fork, Mr. Joseph Hansen of Fairvley, Mr. William Hanks of Heber, Mr. Henry Esplin of Escalante, were visit-ors among the students last week. The two last named are returned Elders.

At its last session the Rialto club, acting in the capacity of Congress, clos-ed the debate on the feasibility of dyking Utah lake, and voted an appropriation of \$1,000,000 to carry out the work. The repetition classes in theology,

which were so famous an adjunct in the religious instruction of the academy in Brother Maeser's day, are to be reinstituted on trial during the rest of the semester.

Hereafter the members of the faculty will have two or three institute meet-ings during each month for the dis. cussion of vital questions relating to pedagogy and the advanced principles relating to their work.

Rev. Wildman Murphy of the Metho-dist church has again resumed his place in Prof. Nelson's class in theology-a class which treats of the philosophy of the Gospel. For two months the gentleman was kept at home on account of illness

Prof. Maud May Babcock of the University of Utah is to give one of her de-lightful recitals before the students of the Literary society tonight. It is safe to predict a large house, judging by previous occasions when the lady has favored us.

Last Sunday being an unusually pleasant day, hundreds of students took occasion to visit our new campus on Temple hill. The grass is already green there, and occasionally a sego lily may be found stealing its way to the surface under a sagebrush.

It is a noticeable fact that students instinctively take their friends to the art studio as being the place of great-est inetrest in the university at the present time. The walls are covered almost from celling to the floor with the unique products of students in

PROFESSOR S. H. CLARK.

The Speech Improvement club is ju. bilant over the readiness with which tickets for the Clark recital sold last week.

The attendance Thursday after. noon and evening was both large and enthusiastic, so that they were able not Provo.—Prof. T. S. Court, the regis-trar, was happily surprised by a host of his friends last Monday evening, on only to pay a comparatively high price of the lectures, but also had funds left over, which are to be used in fitting up a ladies' rest room.

Students in elementary geology re-solved themselves into a field class last Tuesday afternoon and rambled over For nearly two months the students have been trying to arrange a debate' with the L. D. S. U. on the lines in which that institution won last year. Thus far they have been unsuccessful. A few days ago a letter came offering to accent the challenge on these condi-

to accept the challenge on these condi-tions: that there be two on a side, and that no student be eligible to partici-pate unless he be a high school or normal student carrying at least 20 hours. The L. D. S. U. has probably spotted its orators, and is determined to gain some advantage, if possible, by putting conditions that might fail to fit the best material in this school. Our

THE WAR IN THE EAST

West, North and South That Stuart's Dyspepsia Tablets are Waging Against All Forms of Stomach Trouble, Can Only End One Way. Dyspepsia Will Be Driven off the Earth.

The great and effective work of Stu-art's Dyspepsia Tablets is no longer confined to America. They are being used now all over the world, for their fame has spread throughout foreign countries and they cure dyspepsia in all lands and all climates just as well as they do at home. In fact, surround-ings and conditions never interfere with the successful work of Stuart's Dyspepsia Tablets, not even the condi-toins of the stomach itself. They go ahead in their own natural way re-gardless of the stomach and digest the food that the head atomach constant food that the bad stomach cannot di-gest, and permit that organ to do just as it pleases, rest up, take a vacation. get well or what-not. The stomach, however, always makes it a point to get well when it has nothing else to do. That's what stomachs always have done and will continue to do when they have

the opportunity. A prominent Detroit physician says: "I prescribe Stuart's Dyspepsia Tablets for all cases of stomach trouble. I have tried many prescriptions, including a number of my own, but find noth-ing that gives such universal relief as this remedy. They are natural, harm-less and thoroughly effective in their work, and while I have a natural antipathy to patent medicines, I do not hesitate to prescribe and recommend Stuart's Dyspepsia Tablets on all occasions.

Stuart's Dyspepsia Tablets are for sale by all druggists at fifty cents a box. They are so well known and their popularity is so great that a druggist would as soon think of being out of al-cohol or quinine. The above testimonial of the physician is no exception. In fact, physicians are prescribing them

James King, a missionary student. will leave for New Zealand in a fox days. Marlowe Taylor, Frank Y. Tay. lor and C. H. Norberg have also discontinued in order to engage in active missionary work abroad.

On Tuesday morning the school was favored with a visit from Mr. John Robinson, the popular baritone singer. He sang "Grant Us Thy Peace." by Obarri, and "The Minstrel Boy," by Shelley.

It is reported that Prof. Chamberlain, the biologist, is about to return from Cornell, where he has been studying for two years, with the benefit of a scholar-ship. The professor will be warmly welcomed here. He has been engaged as an instructor in Cornell, for some time past, but he can probably do more for others by teaching again in the L. D. S

Concerning the Clark lectures Prest. Paul said: They will begin on Monday, the 14th, and will last throughout the week. He said that this is an oppor-tunity to hear the views of a fine scholar in the study of our mother-tongue and a great man as a thinker. Many of the students have decided to attend the lectures. The classes in third and fourth year English are planning to hear the series.

The '05 class held its regular meeting on Thursday. The vice president, Maud Neeley, presided. After the usual regu-lar business, Miss Vera Felt sang "Marvina." A plano solo was rendered by Miss La Prele Hatch. A discussion of class day exercises was engaged in and then Miss Vida Fox recited a humorous piece. Miss Willie McDonald also recited and President Paul ad-fressed the meeting on the functions of school class organizations.

WEBER STAKE ACADEMY.

Ogden .- This has been a busy week or the academy; Prof. Clark has come nd gone, leaving with us a higher re. gard for the altruistic, and taking with him our keenest admiration for his

Notwithstanding the unpropitious weather of last Tuesday, the teachers and seventh and eighth grade students of Hooper, Pleasant View, Taylor, West Weber and Huntsville schools attend-ed Prof. Clark's lectures on that day, many of them visiting the academy in he forenoon.

The lecture committee has the best of easons to feel that the Clark lectures ere pre-eminently successful at each auditory was comparatively large and particularly was it select. After all expenses have been paid, the treasurer reports a healthy working balance.

Bishop Robert McQuarrie addressed he students last Tuesday at devotional and spent the forenoon in visiting the chool, particularly the domestic arts lepartment, where he examined with much interest, the fine needlework of ur girls.

The acadamy gave another of its popular and successful balls Friday evening in the Parry hall. A large at-tendance and a good time were charac-teristic features. The proceeds go to the athletic association.

The basketbail teams of the Agricul-tural college and the B. Y. college (juniors) are with us. A basketball cournament will commence Friday eveing and conclude today, in which these teams and the academy juniors and the team from the school for the deaf and The outcome blind will participate. will be reported next week.

The principal and Prot. Thomas E. Mackay met with the people of Eden and Huntsville wards last Sunday.

Mrs. D. O. McKay,

Among the visitors to the school this

ness man of Logan, gave an interesting address to the students in devotional exercises this morning (Thursday). El-der England returned less than a year ago from a mission in the Southwestern States, and spake upon some of his experiences. He had made extended visits to Jackson county, and such cl-ties as Independence, Liberty, Carthage, Nauvoo, Far West, and other places of great historic interest to the Latter-day Saints. In recounting his visits to these places, he presented an experience of great interest and profit to the students and faculty.

are holding their annual reunion

the University of Chicago will be here tomorrow to begin his series of lectures at the college. The event has been looked forward to for a long time, by all the people of Logan, the students, and the faculty, with a great deal of interest. Professor Clark will give four dramatic recitals; and as a sign of

in charge of the affair to engage the tabernacle for the Friday evening per-formance. So many who attended the Clark lectures here last year are very ager to attend again. The Webster Debating society meets
