**THE GREAT COUNTRY PAPER OF THE WEST**

**Is Issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News**

## LOCAL BRIEFS.

The German societies of this city will celebrate German day at Lagoon, Aug. 1, with a suitable program.

Alfred H. Dewey, formerly of Derby, England, but now of this city, has been admitted to citizenship by Judge Armstrong.

Sheriff Emery and Deputy Sheriff Smith arrested Gus Rosander last night upon the charge of disturbing the peace. Rosander got on quite a spree and went home and beat his wife. The neighbors called the officers and the man is now in jail.

W. G. Conrad of Great Falls, Mont., a noted irrigationist, is at the Knuttsford. He states that he and his brother are preparing to travel 200,000 acres of land in parts of Great Falls. This will require the building of 100 miles of main canals, and 400 miles of laterals, the storage reservoirs covering 10 square miles of land.

William H. Young has legally adopted his six-year-old stepson, Charles Stewart Larson, and the young man will henceforth be known as Charles Stewart Young. The boy's mother was married to Mr. Young about three years ago, and on July 15, 1905, she departed this life. The decree of adoption was rendered by Judge Armstrong on Saturday.

Milton Trenam, a Stockton miner, suffered a loss of his left eye as a result of an explosion in a Stockton mine Thursday. He is now at St. Mark's hospital, where the injured eye and face is being attended to. Trenam set off a blast of powder, and as it failed to explode, concluded the fuse was dead and approached just as it went off. His face and eyes received the worst injuries.

The work of securing names for petitions to be forwarded to President Roosevelt requesting a registration of the United Indian Reservation is rapidly progressing. Petitions have been placed in nearly every drug store in the business district, and in addition they are being personally circulated. Gov. Cutler has signed one petition and it is thought that other state and city officials will follow, making one roll composed exclusively of officials.

Mrs. Ellen Jukes, an aged lady residing in Hazel Dell, is suffering from a incarceration of the elbow and bruises about the head as the result of falling from the rear platform of a moving street car at the corner of Second South and West Temple streets yesterday afternoon. She was carried into Hill's drug store by the car men who picked her up after she fell to the pavement, and Dr. Pinkerton, her son-in-law, was called. After dressing her wounds, he had her removed to his residence.

A letter has been received by Gov. Cutler from a young girl in New York who wants to devote her life to nursing lepers. She is 19 years of age, and has heard that Utah has a leper colony, and that the government would pay good wages for any one who would nurse and care for these people. She is anxious to do something to help these people, and in her letter to Gov. Cutler, will inform the young lady that Utah has no leper colony, and hence her services are not needed in this state.

More than twenty floats have been entered in the Harlequin parade, which Wednesday night, will start the Elk's Purple day festivities. Some surprising features are in store for those who view this pageant. It will leave the lodge hall at 8 o'clock, and move through the principal streets of the city, while the Elks will be in uniform. Purple fire will be burned all along the route. The parade will be essentially of a fantastic and spectacular character.

Mrs. Emily Shadie, a resident of Utah since 1889, died yesterday at her home in Salt Lake, 142 east First South street. Mrs. Shadie was a highly respected Pioneer, who leaves a group of kindred of whom many are still here. Her children are Frank A. Shadie, C. Riley, D. E. Young, Mrs. Ruth Riley, Miss L. E. Shadie and Harry Shadie, all of them except Harry being residents of Salt Lake. The deceased was born in England, Sept. 23, 1838. She came to America as a girl and to Utah in 1860. Her husband, Henry Shadie, died at Council Bluffs in 1889.

The fact that the celebration of the 4th of July by the members of the Lodge, given in the absence of work, has led the members at Cardwell to have a celebration of their own. It will center chiefly about jollifying over the Japanese victory in the Russian war and the program will consist of Japanese games in the afternoon, and dancing and speech-making in the evening. Among the games to be played will be Japanese foot race and sword dancing, ice cream and candy will be distributed free to the ladies and children, and each man in attendance will receive some souvenir. The funds for the occasion were raised by popular subscription.

Elks from Idaho and Wyoming are already arriving to take part in Purple day on the 27th, and every trait will continue to bring the jolly follows here. Poocatello is sending two to the city, while the other towns will have proportionate delegations. The entire Ogden and Park City lodges will come in to special train so there promises to be a record-breaking attendance. The big parade will take place Thursday morning. A fine racing card at Agricultural park for the afternoon, and a splendid program of entertainment will be given at Sabbath for Pioneer Day.

team and appreciation in which this musician is held, and the evident faith in his sincerity and devotion, are merited by years of self-denying and incessant labor in the quiet of his room. The work in the Utah schools is spoken of on all sides, and admiration is shown for the quiet, poetic looking musician expressed with fervor. It was a good thought to have made him president of the music department of the N. E. association of 1905. The honor pays him for the labor of it in addition to his own arduous labors, and the results are testimony to his friends of the sum of their choice.

## PASTOR ON CITY'S MORALS.

Rev. D. M. Helmick Says Police are Winking and Blind.

Rev. D. M. Helmick of the H.H.M. church spoke strongly last evening on the moral status of this city; his remarks being called out by the recent statement of the police chief. He said: "Conditions are so appalling that I am forced to cry out. This is in time for false modesty. In any town where gambling houses are thrown open, where the morals are loose and the saloons admit all comers, crime must result. The terrible tragedy which is just now passing the rounds is the daily press, only one of the many results. The way the city management handles this town is the cause of much crime. It is a shaming and a disgrace. The saloons are not restricted, men and women, boys and girls may enter, the bars, the crime are put down, and as a result the morals of this city are awful in their departments.

This morning every Elk in town received a letter which is intended to inform him what he is expected to do this week. The following is a copy:

"I don't know just who is to blame. I don't want to cast any reflections on the mayor or members of the city council as individuals, but the crime exists. These are the people who have the power to rule and suppress it. I contend that the city fathers and city officials have the power to control the police to enforce the law, and if they don't do it there is a screw loose somewhere."

The officers of the law are willfully blind. There is too much winking. The police never see anything that is essentially out of joint. I am not now talking about the police in general, but big things that essentially affect the morals of the town. I have reference to the immoral pictures placed in public view, the wide open houses, the gambling dens and other places of vice from which not even children are excluded. Of course the police are blamed, but the police are not blameless. We'll be playing to a host, therefore, and our best root forward for the occasion, while we have the exclusive demonstration use of the streets, should be our lowest aim.

We've got to have every Elk in town in the lead, and if they fail, then let it out that it is all my fault and not as to this as to the fact that crime is allowed to go on, seen and unpunished. The good people of this community should assert themselves and demand a reform."

Chamberlain's Colic, Cholera and Diarrhea Remedy—The Best in Existence.

T. M. Wood, manager of the White County News, Beebe, Ark., is a representative southern business man, who does not believe in the efficacy of any remedy except that which is known to him.

"It gives me pleasure to recommend Chamberlain's Colic and Diarrhea Remedy, to all the people in my family with the best results. In fact, I believe it to be the best remedy of the kind in existence." Sold by all druggists.

## DOGS AND PONIES HERE.

Gentry Shows are Here for Two Days And the Crowd's Begin to Go.

The Gentry shows are in town. They got in yesterday and will remain for two days—today and tomorrow, giving two performances daily at 8:15 and 9:15 on Main and South Main streets, opening with the young ones of Salt Lake yesterday. All the visitors from the continent stream from the circus grounds and these were composed, as a matter of course, principally of children. It was hard to get them to leave at all and at a late hour last night the management of the best dog show in the country were forced to keep the managers open in order to satisfy the curiosity of the little folks.

One "kid" traded his daddy's automobile for a baby Shetland pony and kicked "like a bay steer" when papa backed out. The kid was clinging tight to the number of infantish shenanigans. It seemed that half the boys in town understood the circus business and were anxious to make their knowledge known to their less experienced colleagues.

A hundred different schemes were resorted to in order to get a position in the ring with the boys, and the bolder by the ring on the front door. There are only four elephants but enough "kids" offered to "tote water" for them to quench the thirst of 400. A pass was in each instance the ticket to the ring.

## EXPLOSION PREVENTED.

Fire in the Yards of the Salt Lake Route Close to Oil Tank.

Shortly before 2 o'clock this morning, a fire alarm was turned in, and the apportioned answerer, making a rapid run, reached the north yards of the San Pedro, Los Angeles and Salt Lake Railroad company, where a blaze was in progress as a result of the leaking of a gas line in a well set under the oil tanks.

The flames spread quickly and were rapidly drawing near the platform on which the tank stood. Two alarms were turned in. Two engines and a big steamer were sent for and the firemen worked swiftly in checking the flames. They were equal to the task and the explosion was stopped.

## PARADE WEDNESDAY EVENING

Local Lodge Prepares to Handle Large Crowd of Guests at Lake and At Horse Races.

Thursday Salt Lake will be purple and Thursday early in the morning. The Elks have now about completed preparations for the biggest kind of a day. At a meeting of the committee yesterday at the Elks' headquarters, Chairman Redman of the parole committee, Chairman Crabtree of the race committee and Chairman Dearborn of the Saltair committee reported all ready in their departments.

This morning every Elk in town received a letter which is intended to inform him what he is expected to do this week.
