

REPUBLICAN DAILY ORGANIZES

Files Articles of Incorporation With a Capital Stock of \$100,000.

The Intermountain Republican company of this city filed its articles of incorporation with the secretary of state and the county clerk yesterday afternoon and will be ready for the first publication of the new Republican paper on Feb. 12, 1906. The capital stock of the company is \$100,000, divided into shares of the par value of \$10 each.

Albert E. Blunck is president and general manager; E. H. Callister, vice president; Louis A. Blunck, secretary and treasurer. They, with H. E. Bohn and C. E. Loos, constitute the board of directors. The subscribers to the capital stock of the company so far are: A. E. Blunck, 500 shares; L. A. Blunck, 10 shares; C. E. Loos, 500 shares; E. H. Callister, 10 shares; H. E. Bohn, 10 shares. The following article controls the disposition of the remaining 8,970 shares of the stock:

"The board of directors shall have the right and power to sell and dispose of the remaining amount of unsubscribed capital stock until a total amount not exceeding 6,000 shares have been subscribed, sold or disposed of, and no stock above that amount, to wit: \$60,000 shall be sold or disposed of without first obtaining the written consent, or by vote, in a meeting called for that purpose of at least two-thirds of the outstanding capital stock, each stockholder being entitled to one vote thereon for each share of stock standing in his name on the books of the company. No stock shall be disposed of for less than the par value thereof."

The annual meeting of the stockholders will be held on Feb. 12, Lincoln's birthday, and the articles of incorporation contain the following provision for the observance of that day: "The stockholders shall also, on said day, commemorate the greatest of all Republicans, Abraham Lincoln, by a proper observance of his birthday. Prominent Republicans shall be invited to make appropriate speeches on his life and noble character, and the great services he rendered to his country, which addresses shall be printed and distributed among the patrons of the newspapers to be published by this corporation, that the deeds of this great man shall ever be fresh in the minds of men, and that liberty in the broadest and best sense of the word, for the establishment of which he gave his life, shall not perish from the earth. "With malice toward none, with charity for all," the incorporators heretofore pledge themselves, and the papers to be published, to the promulgation of the principles of the Republican party."

Headquarters for the new paper are now being fitted up in the Doody block where the plant brought here from the east by Mr. Blunck is being installed. It is the intention of Mr. Blunck to bring several members of his editorial staff here from the east and he will complete the staff with local talent. The name of the new paper was not given in the articles of incorporation, but it is understood that it will be called The Intermountain Republican.

VICTIM OF TYPHOID.

Miss Minerva Phelps, nurse at Keogh-Wright Hospital, Passes Away.

Miss Minerva Phelps, a nurse at the Keogh-Wright hospital, passed away at 10:30 last night of typhoid fever, after an illness of three weeks. The young lady, who was 19 years of age, came to the hospital from Mesa, Ariz., about six weeks ago and three weeks later was taken down with what proved to be a very serious case of typhoid fever. Everything possible was done for her, but the affliction baffled all efforts to combat its progress and the patient slowly succumbed to the ravages of the disease.

The deceased was the daughter of Hyrum S. and Clarinda S. Phelps and was born Aug. 19, 1888, at Mesa, Ariz., to which point the remains will be shipped this evening for burial. Miss Phelps was a lovely girl and her demise has occasioned great sorrow at the hospital. Her brother William, who has been at her bedside for some time, will accompany the remains on their last journey home.

CHILD DIES OF BURNS.

Inez May, the two-year-old daughter of Mr. and Mrs. Edwin Fish, died this morning at the family residence, 1304 south State street, from burns received two weeks ago. The child was the pride of the household and everything possible was done for her, but the affliction baffled all efforts to combat its progress and the patient slowly succumbed to the ravages of the disease.

20%

DISCOUNT ON ALL TOYS At DINWOODEY'S

funeral will be held tomorrow at 2 p. m. from the undertaking parlors of Joseph William Taylor, on West Temple street.

GIRLS NOT SATISFIED.

Object to Becoming Lightning-Change Artists at the High School.

The recent discussion of the bloomer question at the Salt Lake High school, which was appealed by the physical director to the board of education, after Principal Eaton had decided against them, seems not to be settled yet. The board, or at least the committee on teachers, decided that bloomers were to be allowed. Now it appears that the complaint was not on the question of whether it was proper to wear them, but on the question of time for changing costume, and on this score a complaint is general among girl students, many of whom declare that if the bloomer regulation is enforced they will quit the gymnasium class. The trouble, it seems, is that only one period of 15 minutes is allowed for physical exercise, and in this time a girl must change her costume twice, and get what exercise she may in the time that is left. They claim that the regular costume is suitable for such work as they have time to do in the period allowed.

HIGH SCHOOL DOINGS.

"Red and Black" Day Fittingly Observed This Afternoon.

The annual "Red and Black" day at the High school was held this afternoon, when both alumni and undergraduates united in a demonstration under the school colors. The year has been a banner one for the school, with the victory bird particularly attached to its home perch. At 1 o'clock instead of 2:30 the regular work closed and at 2 o'clock a program was given in the main assembly room. For the occasion the assembly room was draped in red and black banners, and a big picture of the football team was presented by Manager Curtis Clawson to the school. It will be hung in the corridors where already pictures of the preceding years are on the walls. The high school quartet and the mandolin club made their first appearance in honor of the event.

PRINTERS WILL BOOST.

Adopt Resolutions to Stand Behind Manufacturer's Association.

The Allied Printing Trades Council has endorsed the Manufacturers and Merchants' association in a resolution, of which the following is the text: "Whereas, the boosting of Salt Lake City is to the welfare of the working classes as well as the merchants and manufacturers; and Whereas, the manufacturers having organized to boost the city, and Whereas, over 3 per cent of the printing used in this city is at the present time being done by printers of other states, therefore, be it Resolved, That the Allied Printing Trades Council here assembled do heartily endorse the organization of manufacturers, and be it further Resolved, That a committee be appointed to act as a 'boosting committee' of the Allied Printing Trades of Salt Lake City. That these resolutions be spread upon the minutes and a copy be furnished the press for publication."

D. E. WILLIAMSON, President.
A. J. HANSEN, Secy.-Treas.

HOLIDAY RATES

Via D. & R. G. R. R.

One fare for round trip between any two stations in Utah. Tickets on sale Dec. 23, 24, 25, 30, 31 and Jan. 1. Final limit Jan. 4. See agents for particulars.

TWENTY YEARS AGO TODAY.

DO YOU REMEMBER?

A plot to establish a republic in Spain was unearthed at Madrid. The trial began of B. Y. Hampton, on a charge of conspiracy.

TEN YEARS AGO TODAY.

Mrs. Richard Mackintosh was buried from her late residence.

FIVE YEARS AGO TODAY.

E. H. Morris of Ohio, auditor in the war department, Washington, D. C., was shot and instantly killed by a former disbursing clerk named McDonald, who had been reduced. The latter then cut his own throat.

DOWN FROM TETON.

Presidency of Stake Report that Section is in Good Condition.

Messrs. Don, C. Driggs and Geo. S. Young of the Teton stake presidency, are visitors in Salt Lake today on business. The best sugar industry, they declare, is rapidly revolutionizing that company, and they believe it is going to be the coming section of the west. The railroad is bringing in a large increase of smelters, although for several years the number has not increased rapidly. The near future, however, will see a large increase in the value of real estate and in markets for farming products. Not only that, but the mountains behind Teton valley are proving to contain deposits of coal, gold, silver, and iron. They expect as the country opens that it will be a prosperous mining center. "Coal famine? Not much," said they, "we can drive to our own mines and return with a load in a single day, so the settlers are well provided."

Mr. Driggs and Mr. Young will both leave for Teton tonight.

WILL DEBATE TONIGHT.

Tonight at the University of Utah the county teachers will be represented by a debating team, who will try conclusions with the University team, organized to meet Boulder in a debate here early in January. The same question will be discussed, and a sharp contest is expected. The university team is composed of Percy Goddard, Dan Alexander, and John Jensen, while Frank Holman, N. C. Jensen, and James Carlson, represent the county teachers.
