ACCIDENTS OF THE WEEK.

The week just past has been a mos prolific one in accidents of a more or less serious character. The mines furnish the most serious as well as the greater number of the casualties.

Robert Bone met with a serious acci dent Monday at the East Blue Ledge group, in which he is one of the owners. He was engaged in laying track in the tunnel when he struck a small piece of powder which exploded with consider abie force, throwing rock and gravel in his eyes and face, and inflicting painfus injuries. Some of the small fragments of rock imbedded themselves in the eyeball and had to be picked out. Dr. Le Compte attended him and hopes to save the eyesight. In addition to the injuries to his eyes, numerous pieces of rock were picked out of Mr. Bone's face and neck.

William Caughman, a workman at the Sliver King mill, met with a severe and painful accident Monday. He was engaged in putting a hand on one of the pulleys, when his sleeve caught, wrap-ping his arm around the shafting. The arm was broken in two places, making a very had fracture.
