

THE DEMAND FOR AMNESTY.

It is the Dominant Note of the Reply to Czar's Speech From the Throne.

WAS UNANIMOUSLY ADOPTED.

Council of Empire in Mad Race With Lower House to Reach Emperor First.

St. Petersburg, May 18.—Sitting until long after 2 o'clock this morning, the lower house of the national parliament set its seal upon its first great work, the adoption of the address in reply to Emperor Nicholas's speech from the throne at the Winter palace, and setting forth the aims and aspirations of Russia's millions.

Despite attacks from both the Right and from the Left, the leaders of the Constitutional Democratic party held their followers together to the last, and the address was adopted substantially in the form in which it was proposed by the commission and as already telegraphed by the Associated Press.

After the address of the lower house in reply to the speech of the throne was adopted, the house adjourned subject to the call of the president. After the reading of the final draft of the address, the president took the rostrum and applied for a unanimous vote. Count Hayden stated that he and his friends, although approving of the address in general, were unable to vote for certain details, and would withdraw in order that no opposing voice might be heard. He then left the hall, followed by five members.

The address was thereupon unanimously adopted. President Mouroumoff was instructed to request an immediate audience with the emperor today if possible. On his visit to the emperor President Mouroumoff will be accompanied by several members of the commission which drafted the address.

The amendments adopted Wednesday and Thursday affect important details, but do not change the general tenor of the document, which, extreme as it may be in the eyes of the autocracy, falls far short of the expectations of the radicals. Time after time during the long three days of debate the extremists, with their undying hatred of the whole ancient order, launched their fiery attacks against the "mildness" of the various paragraphs, only to break against the firmness of the restraint of the chiefs of the party.

When the discussion had been finished, the deputies, with the exhortation of the country to speedy action ringing in their ears, venture no further delay, and, though they had been already in session 14 hours, took a recess until 2 o'clock this morning for the reading and adoption of the final draft of the address, instead of postponing this formality until the opening of Friday's session.

As it running a race to see which should be the first to present to Emperor Nicholas a demand for amnesty, the council of the empire also was in session well into the early morning hours, discussing its address in reply to the speech from the throne. The document, which is far simpler and more conservative than that of the lower house, proposes an amnesty which does not include those who are charged with political offenses, murder or violation of property rights—in other words political assassins or participants in agrarian excesses.

The lower house's demand for amnesty, the kernel and most pressing point in its address, was altered at the last moment by the commission itself, in response to a demand for indefiniteness in the expression "full political amnesty" substituted "amnesty for all crimes committed from religious or political motives as well as agrarian offenses." The commission also accepted a new clause to meet the wishes of the discontent in the army and navy, asking the emperor to revise the conditions of service on the basis of right and justice.

DARING ATTEMPT TO LOOT THE U. S. SUB-TREASURY.

San Francisco, May 17.—A daring attempt to loot the United States sub-treasury, located on Commercial and Kearney streets, was foiled last night by soldiers from company G of the Eleventh Infantry. The soldiers were detailed to guard Uncle Sam's treasure box, and they claim that their fire was returned by the men who were attempting to loot the safes in the building.

The fight between the guards and the supposed looters took place at 11:30 o'clock last night. Six men from company G were detailed to guard the treasury last night, three men being placed on either side of the place. At the time mentioned, the men stationed on the Commercial street side saw they noticed a man attempting to reach the entrance of the building.

He was ordered to halt, but instead started to run, whereupon a guard fired at him. The bullet did not take effect, and the fellow continued to run. Two of the guards gave chase, leaving immediately the soldiers on the Clay street side began firing and the one guard on men ran to the treasury building.

Guard Hammon was on Commercial street and he says he immediately opened fire and the forms in the window. Fully 30 shots were fired from the fray, some of the bullets striking the wall of the building on the north side of Commercial street. The men were later seen to come down the stairs, but were not again heard of. Attracted by the noise of the battle, Detective Sergeant Taylor headed a detail of police and commenced a search for the would-be looters. He was assisted in this work by the national guards who are stationed at Portsmouth square. The soldiers and police carried lanterns and stopped every person whom they met in the district, but all were able to give a satisfactory account of themselves.

NAVAL BILL PASSED.

But House Defeats the Open Market Feature.

Washington, May 17.—After two weeks' debate, the house today passed the naval appropriation bill, carrying \$25,764,000.

The amendment providing that the secretary of the navy could go into the market and purchase chains, anchors and cordage, should it be demonstrated that they could be had cheaper in free markets than they could be made by the government, was defeated

The Restaurants where men go with pleasant anticipations are those where

HUSLER'S FLOUR

Is used.

today by a vote of 188 to 129. By the action of the house on the second amendment, upon which a separate vote was demanded in conjunction with the naval appropriation bill, a 4 per cent differential will be allowed bidders from the Pacific coast.

NATURALIZATION OF ALIENS A FARCE, SAYS HEPBURN.

Washington, May 17.—After the passage of the naval appropriation bill today, the house went into committee of the whole to consider the so-called naturalization bill, which has been continuing order for two months.

"Naturalization is a farce in this country," said Mr. Hepburn of Iowa. In 50 years, he said, he had known but one refusal on the part of a judge to naturalize an alien. "It is a notorious fact," remarked Mr. Hepburn, "that courts admit men as a matter of course. They are generally advised that the applicant is not competent for naturalization, but making citizens of those who are not." The naturalization law is looked upon as a joke.

He believed that naturalization should be looked upon as a boon, and that if sacrifices must be made in getting rid of corrupt and unscrupulous purposes of naturalization that the object attained was worth the sacrifice.

Mr. Hepburn was of the opinion that frauds in the issuance of naturalization papers were perpetrated in state courts and not in federal courts. Mr. Williams of Mississippi called the attention of the house to the section making judges, justices, clerks and officers of state courts, when acting in naturalization matters, officers and agents of the United States, and after protracted discussion, the amendment offered by Mr. Williams to strike out the words objected to prevailed by a vote of 80 to 35.

Mr. Campbell of Kansas led in a fight against the section empowering the agents of the bureau of immigration and naturalization to examine into the methods employed in naturalization proceedings by the court, on the ground that it was clothing a bureau chief with too much power and that it was humiliating to a judge or clerk of a court to have some clerk investigate him.

The amendment striking out section four of the bill prevailed 60 to 19. The bill was under consideration when the house adjourned.

PRESIDENT FAVORS THE SHIP SUBSIDY BILL.

Washington, May 17.—To about 25 officers and members of the Merchant Marine league of the United States, who called upon him today, the president expressed himself as heartily in favor of the ship subsidy bill now pending in the house. The measure has passed the senate.

The president told his visitors that he needed no argument to convert him to the belief in a policy of building up the merchant marine of the country. He was confident, he said, that the legislation now before the house would go far toward beginning the proper building up of the merchant marine, and it was with pleasure that he would give his aid to getting through legislation of that sort.

While the president indicated to his callers that he personally was in sympathy with their efforts to get the bill through Congress, he said it would be necessary for them to do some missionary work to induce the house to pass it.

KILLED BY HEADACHE TABLETS.

Lincoln, Neb., May 17.—Mrs. A. F. Pearson, a young Altonian, died on a Missouri Pacific train which reached this city today. She had made an effort to die before reaching Kansas City and evidently repeated it between that place and Lincoln. The coroner, after making an examination here, said he believed that death had been caused by an overdose of headache tablets which contained a mild form of poison.

JOHN J. MCGRAW ARRESTED.

Manager of N. Y. Ball Team Charged With Beating a Young Boy.

Pittsburg, Pa., May 17.—John J. McGraw, manager of the New York National League baseball team, was arrested here tonight charged by Edward Brady with aggravated assault and battery upon his thirteen-year-old son, Nell Brady. McGraw returned a warrant was out for his arrest and surrendered himself to the police magistrate. He was released on \$50 bonds, a hearing on the case will be held Saturday morning.

The assault is alleged to have occurred in the lobby of the entrance to the Pittsburg team this afternoon. As the New York man was being driven out of the grounds in a bus a crowd of boys followed, hooting and jeering the visiting team and then began to throw pebbles. Brady in his complaint charges that McGraw grasped a whip and cut his boy across the face with it.

The magistrate tonight said that when the boy was brought before him to make the complaint there was no mark upon his face, and McGraw says he will contest the case.

WELLMAN GETTING READY FOR NORTH POLE TRIP.

Paris, May 17.—Walter Wellman, American explorer, lectured tonight before the Society of Aerial Navigation relative to his projected steerable balloon expedition to the North Pole.

The first portion of Mr. Wellman's party, under his wife, will leave France June 5 for Spitzbergen. Mr. Wellman will join them there July 1, starting trials thence, it is expected, later in July. In the event of non-success of these trials the expedition will be put off until next year.

Mr. Goddard is making progress with the construction of the balloon.

Flood of that association and the Japanese embassy. The embassy communicated the complaints to the home office, and this has made reply by asserting positively that it has faithfully carried out its intention to open markets for the foreign trade. The foreign office points out that foreigners already have been permitted to enter certain specified ports and that consuls have been admitted.

NOXIOUS NOSTRUMS DENOUNCED BY DOCTORS.

Washington, May 17.—Denunciation of so-called noxious nostrums in the shape of patent and proprietary medicines was the feature of the discussion at the meeting in this city of the National Association for the Study and Prevention of Tuberculosis.

The attacks were led by Drs. Samuel Hopkins Adams of New York, Frank Billings of Chicago and J. Willoughby Irwin of Philadelphia. Dr. Adams said that some of the alleged consumption cures were comparatively harmless, being merely a mixture of inert drugs that had no effect one way or the other, while others were made up of cocaine, opium, hashish and cheap whisky.

This latter class of remedy he declared to be an active poison in any case, but especially so in the case of a consumptive patient. He expressed the belief, however, that the consumption cure business was on the wane. He urged a campaign of education, the only means of fighting the noxious evil.

At the night session Dr. Lawrence F. Fieck of Philadelphia, vice president of the association, delivered his annual address. He pleaded for the adoption of all possible measures to check tuberculosis. The financial loss to the public, he said, by the disease is not less than \$200,000 annually.

The double cross was adopted as the emblem to be worn by those organized in the crusade.

An annual list of directors was chosen, including the following: Vice President Charles W. Fairbanks, Indiana; David R. Francis, Missouri; James J. Hill, Minnesota; Dr. Sherman B. Bonney, Colorado; Dr. Henry S. Well, Colorado; Dr. W. H. Flint, California; Prof. Benjamin Ide Wheeler, California.

MINISTERS ADVISED TO TAKE LESSONS FROM PRESS

Philadelphia, May 17.—Ministers were exhorted to take lessons from the modern newspaper by Bishop Samuel Fallows in a sermon delivered at the evening session of the general council of the Reformed Episcopal church. The bishop said that the press in some respects had superseded the pulpit and now exercises many of the functions which the pulpit has lost. He said: "The preacher of today can learn many valuable lessons from the modern newspaper. He should emulate it and study its style. The ideal newspaper articles are sharp, short, pungent and to the point. The sermon should have all of these characteristics."

The bishop said the press has been the faithful ally of the pulpit in breaking down caste, in favoring humanitarian reforms and in advocating the rights of all.

"When the prayer was first compiled," he said, "journalism had scarcely begun its existence. Hence no mention is made of the editor in the enumerated list of persons needing the prayers of the church. No revision ought to be deemed complete which does not include them, for a class which requires more intercession by the saints."

During the morning and afternoon sessions several propositions to revise or amend the book of prayer were defeated. A motion to change the form of the marriage ceremony was also lost.

NEGRO LYNCHED IN FLORIDA.

Tampa, Fla., May 17.—A mob entered the jail at Enverness, Citrus county, last night, took the keys from the jailer and took out Frank Jordan, colored, charged with robbing and murdering a white peddler named Sweeney, at Stage Pond, two weeks ago.

The negro was hanged by the mob to a tree a short distance from town. There was no disorder, the mob doing its work very quietly.

COTTON GOODS FOR MANCHURIA.

Tokio, May 17.—A strong association has been formed at Osaka for the purpose of supplying the markets of Manchuria with cotton goods, which constitute the most important item of trade with that country.

URGES INSURANCE REFORM.

Baton Rouge, La., May 17.—Gov. Blanchard today sent to the legislature a special message urging insurance reform.

IF YOU DON'T

Succeed the first time use Herbine and you will get instant relief. The greatest liver regulator. A positive cure for Constipation, Dyspepsia, Malaria, Chills and all liver complaints.
