## No Whiskey!

Brown's Iron BITTERS is one of the very few tonic medicines that are not composed mostly of alcohol or whiskey, thus becoming a fruitful source of intemperance by promoting a desire for rum,

BROWN'S IRON BITTERS is guaranteed to be a nonintoxicating stimulant, and it will, in nearly every case, take the place of all liquor, and at the same time absolutely kill the desire for whiskey and other intoxicating beverages.

Rev. G. W. RICE, editor of the American Christian Review, says of Brown's Iron Cin., O., Nov. 16, 1881.

Gents:—The foolish wast-ing of vital force in business, pleasure, and vicious indul-gence of our people, makes your preparation a necessity; and if applied, will save hun-dreds who resort to saloons for temporary recuperation.

Brown's Iron BITTERS has been thoroughly tested for dyspepsia, indigestion, biliousness, weakness, debility, overwork, rheumatism, neuralgia, consumption, liver complaints, kidney troubles, &c., and it never fails to render speedy and permanent relief.
