

MUSICAL EVENT AT WANDAMERE

Adjudicators for the Contest at The Close of Chautauqua Have Been Chosen.

OPEN TO RESIDENTS OF STATE

Selections for Competition Will Include Choruses, Quartets and Instrumental Solos.

The board of adjudicators for Utah's State musical contest, which will be held the last two nights of the musical chautauqua (Friday and Saturday, July 26 and 27), to be held at Wandamere, is made up of the following well known musicians:

J. J. McClellan, musical director of chautauqua; Anton Pedersen, chair-man; Willard Welke, Arthur Shepherd, Hugh W. Dougal, George Careless, Joseph Ballantyne.

Any three of the above named adjudicators will be chosen by the director and the chairman to adjudicate any of the contests, but all adjudicators will be present at all contests. The high musical standing of the adjudicators insures honest, intelligent and unbiased decisions.

Contests will be made for mixed choruses, permanently or especially organized, of not less than 25 and not more than 50 singers. Vocal, violin, and piano, soloists, which will be limited to amateurs only. Mixed and male quartets, open to singers of all ages. Violins will not be considered in the adjudications. Each and every contestant must be a bona fide resident of the State of Utah.

Compositions selected for the different contests are as follows:

- For mixed choruses, "Gloria," from 12th Mass., "The Rose Tree," Mozart "Hark, Hark, My Soul," "Housley For mixed quartet, "Moonlight," "For male quartet, "Lead, Kindly Light," "Dudley Buck For soprano solo, "Fear Not, O Ye Israel," "Dudley Buck For alto solo, "Good Bye," "Tosti For tenor solo, "Lift Thine Eyes," Logan For baritone solo, "The Two Grenadiers," "Anton Panungin For bass solo, "Armourer's Song," from "Robin Hood," "De Kovan For violin solo, "Cavatina," "Raffi "Oberlaus, Mazurka," "Wienawski For piano solo, "Song of the Brook," "To Spring," "Sinding

The points which will be considered in the contest are: First, intonation and tone quality; second, interpretation; third, attack; fourth, expression; fifth, blending.

Those intending to enter the contest should apply to J. J. McClellan, musical director, or Fred Graham, manager, when all the necessary information will be given. Application for entrance should be made immediately, as no entries will be accepted after the 15th of July. It is intended to give cash prizes of a worthy amount, which will be announced in the next few days.

The program for the four nights of the chautauqua preceding the contest will also be announced shortly. Excursions will be held at all points. One thing that has been decided by the management, which will meet with approval, and that is that for \$1, one may obtain a season ticket for the entire six nights, which will entitle him to a seat in the spacious pavilion, including admission to the grounds.

Real Estate Men at Saitair—Each day it becomes more apparent that the real estate day at Saitair will be a hummer, if not the banner outing of the organization. For some time committees have been hard at work preparing for the event, the principal part of their labors being to get prizes to be offered to patrons of the resort on the day selected, July 11. That the efforts put forth in that direction have been signally successful, will readily be seen from the following partial list of prizes so far donated:

Choirs at Saitair—The Tabernacle choir and the juvenile choir proved good drawing attractions at Saitair yesterday. The little folks furnished the afternoon part of the program, and the older singers went out in force at the close of the day. The singing of both organizations highly pleased all who heard them. There were also a number of soloists. The outstanding feature of the program, and the one in honor of Prof. Stephens' birthday, though he is at present traveling in Europe, Horace S. Ensign had charge of both bodies of singers.

Cambrian Day at Saitair—Thursday, July 18, will be "Cambrian" day at Saitair, and the event promises to be more than usual interest. The Midland Festival chorus, under Prof. H. B. Giles, will be there to sing, and it is confidently expected that they will surprise Sait Laker with the brand of music that they are capable of showing forth.

Wards at Wandamere—Yesterday the first and second wards were held at Wandamere, and each day will hold forth at beautiful Wandamere. During the winter the choirs exchanged rostrums on several occasions and an engendered that will be accentuated Monday evening. Launches will be requisitioned and as the pale moonlight streams down upon the placid waters, the choir will sing an informal program. For some time members of the two wards have been looking forward to the event with interest and there is sure to be a large crowd in attendance to hear the singing of the choirs.

Underwriters at Wandamere—The Utah Association of Life Insurance Underwriters will hold its first annual picnic July 18, at Wandamere. Members of the Methodist churches of the city took an outing to Lagoon yesterday. They did also the Danish Brotherhood. Between both parties, the resort was pretty well filled and the various attractions were liberally patronized. The Scandinavian will go to Lagoon next Monday. They were there one week ago today, but the weather conditions were unfavorable, and it was decided to return to the resort at a later date, so Monday, July 1, was fixed upon. Scandinavian outings are generally of a most lively character.

SOCIAL AND PERSONAL

Yesterday Mrs. Emma Ramsey Morris gave a delightful afternoon party in honor of Miss Jennie Sands, the time being spent chiefly with music, and the guests comprising about 25 of the hostess' vocal pupils. The rooms were beautifully decorated, the parlor in pink and red roses and sweet peas, and the dining room in red roses, while the hall was in nasturtiums. The feature of the occasion was the presentation of a handsome purse of money by Mrs. Morris and her pupils to Miss Sands, to be put to the special use of seeing grand opera in Dresden. The musical program of the afternoon was given by Miss Sands, Miss Agnes Dahlquist and Miss Edith Grant.

A mistake in yesterday's announcement of the marriage of Miss Mamie Silver and Karl Q. Cannon made the name of the latter appear as Clarence.

Mr. and Mrs. M. Nathan announced Sunday evening their extended vacation to David L. Turk of New York, the date of the wedding being as yet undecided.

Mrs. Margaret Kerr Robinson was hostess at a delightful reception last night given in honor of her sister, Mrs. William Anderson of Milwaukee, the parlors being in pink roses and sweet peas, the dining room in pink and white, and the library in deep red roses. Here punch was served, Miss Mary Olive Gray presiding at the bowl. About 200 people were present.

Mr. and Mrs. Ernest Fowler have returned from Missouri. Miss Lillian Andrews leaves next week for California. Mr. L. A. Burns of this city leaves Sunday evening for an extended vacation. He expects to visit his parents in Seattle and his birthplace in Ontario, Canada, returning about Aug. 15.

The employees of the collection department of the Rocky Mountain Bell Telephone company were entertained Wednesday evening at the home of Ernest E. Hendrichsen, Holiday. The party, 22 in number, took the 6:30 o'clock car for Sugar House, where they were met and taken to Holiday on a hayrack. The evening was spent upon the lawn, where games were played and refreshments served. The return was made in time to catch the last car for Sait Lake, and a most enjoyable time was had by all who participated in the outing.

Miss Jennie Sands was guest of honor yesterday at a pretty luncheon given by Miss Edna Conner, the table being decorated in pink roses and ferns, and a number of invited friends being entertained.

Mrs. A. W. Davis leaves this afternoon for Pocatello, where she will visit for some time with her sister, Mrs. H. B. Williams.

PLANS COMPLETED FOR BIG CAR BURNS

Contractors to Start Work on Tenth Ward Square Next Week.

COST CLOSE UPON \$750,000.

Details of the Big Improvements to be Undertaken by the Utah Light & Railway Company.

Chief Engineer Ashton of the Short Line is completing plans for the great car burn plant of the Utah Light & Railway company on the old Tenth ward square, which the company bought from David Keith for \$30,000. The blue prints have been made, but there are a few changes to be made at President Bancroft's suggestion; and by another week contractors ought to be at work making the necessary excavations. The arrangement of the different departments is very complete, and is made the more satisfactory because of various suggestions from the Los Angeles people who have had profitable experience in this special line.

NUMEROUS BUILDINGS. The amount of money to be expended in building up this improvement in front of \$635,524; but the chances are that this figure is more likely to reach three-quarters of a million of dollars. The square is to be surrounded by a spacious cement sidewalk and within the enclosure there will be a club house for the men, with offices, 55x125 feet; a heating plant, 50x60 feet, a spacious material yard, with three cranes, a rail bending equipment in a space by itself, a 20x112 foot carpenter shop, 32x 120 foot paint shop, 48x120 foot store house, transfer table 20x25 feet, 20x40 foot paint and oil shop, 20x100 foot truck shop, 48x140 foot blacksmith shop and foundry, 14x150 foot machine shop, 10x20 foot seray house, wash pits, 280x40 foot car house, with 10 stalls for 144 cars 45 feet long, with 16 inspection pits. The company has ordered 50 new cars, 35 of which are for next January and February delivery, which will be all that is to be desired in this line. The Wandamere line is to be double tracked, and a corps of surveyors are locating the proposed extension to Gardfield.

BRINGING BODY HOME.

Funeral of Little Forest Shupe to Take Place at Springville.

Dr. and Mrs. James R. Shupe are expected to arrive in Springville tomorrow, with the body of their little Forest, who was killed by being run over by an express wagon at St. Louis Thursday evening, which will be 22 months old, was playing in front of the parent's residence when the accident occurred. The driver was a negro, and he was immediately placed under arrest.

Dr. Shupe has been studying medicine at the Laramie university for a period of four years, and having received his diploma was preparing to bring the family back to Utah, when the baby boy's life was taken in so shocking a manner. Mrs. Shupe was formerly Miss Elmer Dalton, of Springville, and the child's interment will take place in her home town. Dr. Shupe was once a resident of Montpelier, Idaho.

MILLS OF DIVORCE GRIND SWIFTLY

Four divorces were granted by Judge Morse yesterday afternoon during the regular weekly divorce call. Susanah Sawyer told Judge Morse a story of jealousy and cruelty on the part of her husband, Richard Sawyer, and was granted a divorce, together with \$20 per month alimony and the custody of her young son. She declared that they were married on June 26, 1906, and that the husband began treating her cruelly the day after their marriage, and kept it up until she filed her suit for divorce, when he disappeared, and she has not seen him since. She said that he was even jealous of her when she went out shopping, and that he frequently cursed and otherwise mistreated her.

Marie Alice Willock informed the court that her husband, Grady J. Willock, had never supported her since their marriage in March, 1906, but to the contrary had been perfectly willing that his mother-in-law should support them both. The mother-in-law stood for it during the honeymoon, but refused to assume the responsibility for an indefinite period. The result was that Willock left one day and did not return, and neither did he send any money to his wife although he was earning \$18 per week as an employe of the Utah Light & Railway. Mrs. Willock was granted a divorce.

Harry W. Brown, a traveling man, was granted a divorce from Emma Hill Brown on the grounds of desertion. They were married on Jan. 14, 1887, and a little over a year ago Brown returned from one of his trips and found his wife missing. To the court in his room was pinned a note telling him that she did not love him any more, and bidding him good-bye. She returned to her former home in Independence, Kansas, where service was secured on her.

Another similar case of desertion that related by Emma Smith, who said that her husband, William Smith, told her on April 7, 1906, that he was going up town, and from all he knows he is still going as she has never seen him since. They were married in July, 1905. Mrs. Smith was granted a divorce.

SUIT FOR \$50,000.

Suit has been filed in the district court by George H. Speight against the Rocky Mountain Bell Telephone company and the Utah Light & Railway company to recover damages in the sum of \$50,000 for personal injuries received by him on Jan. 26, 1907, by coming in contact with a live wire while working as a lineman for the telephone company. Plaintiff claims that he was testing wires on a pole on Center street when his leg came in contact with a live wire which had not been properly

Thomas Frasier, 636 2nd St., N. E., Washington, D. C., writes: "Peruna has done so much for me that I feel it my duty to tell you and those afflicted of its merits. I was a sufferer from indigestion and biliousness until I could only attend to my duties in an indifferent way and really took no pleasure in life.

"I was advised to try a change of climate, which of course would mean a loss of my position, when fortunately one of my friends advised me to use Peruna. "I did so and in two weeks I was a different man and shortly after I was cured of my stomach trouble. It is certainly a great medicine."

How many people in this country are afflicted with biliousness and indigestion. Hundreds of thousands of people. After they have tried physic and drugs and travel and sanitariums many of them at last resort to Peruna. Of course they will. It could not be otherwise, with such testimony as this before their eyes. A great multitude of people have taken Peruna and know what it will do. Many of them declare themselves cured of chronic catarrh by using Peruna.

COURT NOTES

Cornelia Kooymann has failed to pay her divorced wife, Paternella Kooymann, \$15 per month alimony or the \$50 attorney's fees as ordered by the court, so Judge Morse issued an order for her to appear before Judge Armstrong on July 5 and show cause why she should not be punished for contempt of court.

The Sait Lake Hardware company has been made defendant in an action filed in the district court by the Oregon Short Line Railroad company to recover \$447 alleged to be due for freight on merchandise shipped to defendant from Trenton, N. GOOD FISHING IN SALT LAKE

Now Comes Captain Davis With The Champion Story of The Year.

TONS OF FISH DESTROYED.

How the Gulls Peck Out the Eyes of The Carp When They Rise To The Surface.

For years dead carp have been found floating on the surface of Great Salt Lake and in every instance the eyes of the fish were out. This strange circumstance has always been a source of wonder. It was thought the eyes decayed first, due probably to the saline contents of the water. This belief was not satisfactory but no other solution was found until a few days ago when Capt. Davis of the catamaran Cambria II, made a surprising discovery while cruising in the region of the Lucin cut-off. It is at this point that the waters from Bear river enter the lake and as the river has been unusually high this year a large volume of water has been formed, easily 15 miles wide by 20 miles long. This is known as Bear river bay and is larger than Utah lake, Utah's big body of fresh water. As the water passes through the 600-foot bridge in the cut-off midway between Promontory point and the east side of the lake the current is so strong that the fresh water flows over the salt water to a depth of several feet. Carp and a few other fish come down Bear river and into Bear river bay with the current and are then carried still further by the current as it gains in rapidity. When they reach the point near the cut-off they strike the salt water and rise quickly to the surface and fresh water. Thousands of gulls loaf around this point and as fast as the carp come up, the birds swoop down by the hundreds and pick out the eyes of the fish neatly. When the bigger fish are helpless the pelicans devour them. This is the only portion of the fish they care for or can get because the carp are too tough and large to handle. When the gulls have finished extracting the eyes the fish are dead and then pelicans get the carcasses. As countless schools of fish come down the bay every day thousands of fish are being killed constantly. Capt. Davis saw almost a dozen dead fish washed up on the banks of the bay.

"The old fellow in charge of the steamer used in building the cut-off takes a bucket and in a few minutes the carp come up, the birds swoop down by the hundreds and pick out the eyes of the fish neatly. When the bigger fish are helpless the pelicans devour them. This is the only portion of the fish they care for or can get because the carp are too tough and large to handle. When the gulls have finished extracting the eyes the fish are dead and then pelicans get the carcasses. Mrs. J. C. Clowes had just alighted from her buggy further down the road and the two outstills collided, the buggy being demolished. Bowden was taken to his home at 412 South Fifth West street, where he is resting easily.
