

LOCAL AND OTHER MATTERS.

SABBATH MEETINGS.—Yesterday morning the congregation was addressed by President Wells, who gave a brief outline of the recent trip of President Young and company in Southern Utah. President Young then preached, for sixty-one minutes, on the force of tradition on the human mind and its influence on the habits of the people. His discourse will be published in the News in a few days.

In the afternoon the congregation was addressed by a Campbellite minister, whose name we were not able to learn; and afterwards in a most eloquent and interesting manner by Elder John Taylor.

THEATRE.—There was a very fair attendance at the Theatre on Saturday evening to witness the performance of "Richard Darvill" and the "Married Couple." Both pieces went off extremely well and the audience manifested their satisfaction in rounds of applause.

On Wednesday evening the fine comic drama, the "Mute of Toledo," or the "King, Queen and Knave," will be presented with a powerful cast; the "Willful Ward" by particular request will be repeated. The evening will be concluded by a Master Weller's will, constitute a splendid evening's entertainment.

THE CALIFORNIA EXCURSION PARTY OF GEN. PASSENGER, TICKET AND FREIGHT AGENTS, which left this city on the evening of the 16th en route for California, arrived in Ogden from San Francisco at 2 p.m. yesterday, and after dining there, proceeded East. It was expected by the excursionists that they would reach Omaha on Tuesday morning, and then proceed by special train over the Chicago and North Western Railroad to Chicago, where they hoped to arrive early on Wednesday morning in time to breakfast and get ready for the Ticket Agents' Convention which meets in that city on that day. The visit of the party to the Pacific Coast has been one of unalloyed pleasure, the railroad officials of the lines over which they passed, the residents at the places where they stopped, the railroad and steamship companies of California, the public institutions of the coast, the proprietors and managers of places of amusement, and the people generally, all doing everything in their power to contribute to the gratification of the company and to make the visit one of lasting interest. California's scenery, scenery and resources were seen under the best possible circumstances, and the most agreeable impressions were made upon the minds of the excursionists by the princely hospitality which was so freely dispensed to them. It is the intention, we believe, to publish a pamphlet containing names of the excursionists, a sketch of the trip, the places visited, and the resolutions which were adopted at San Francisco by the company, expressive of their feelings, &c., for the attentions and kindnesses received by them. In this all the particulars of the trip will be given, and will, doubtless, be preserved as a memento of the visit by all who participated in it.

BLACK HAWK.—As President Young and party were coming past Payson, on Friday last, Mountain and Joe, two Indians, the first named being Black Hawk's brother, called upon the President and informed him that the notorious Black Hawk, who achieved such unsavory distinction as the leader in the bloody and murderous raids on the people of Sanpete Valley and other settlements a few years ago, was dying. He had lost his sight and speech. He and the Indians with him are encamped at the little spring creek, three miles from Payson.

VISITORS.—There were a large number of strangers in town yesterday, the most of whom attended meeting in the Tabernacle. The number was increased by the arrival on last evening's train of several visitors, among others Lewis Carvell, Esq., General Superintendent of Government Railways in New Brunswick, John McMillan, Esq., of the European and N. A. Ry., St. John, New Brunswick; F. A. Mackenzie, Esq., of the General Transatlantic Co., New York, and J. Shaw, Esq., agent Inman Co., N. Y. These gentlemen were members of the General Passenger, Ticket and Freight Agents' Joint California Excursion Party, which arrived at Ogden on the return yesterday. They leave for the East on the early train to-morrow morning. Hon. Mr. Nuttall, Delegate to Congress from Wyoming, also arrived in town last night.

PREACHING AT OGDEN.—The following special to the DESERET NEWS, was received by Deseret Telegraph Line, this morning: OGDEN, Sept. 26. In the Tabernacle yesterday morning the meeting was addressed by Elder C. W. Penrose, who delivered one of the most able, intellectual and interesting discourses, on the principles of Mormonism, we have been treated to for some time, touching upon the principles of truth, light, error, death, explaining in a beautiful manner, the personality of God and Satan, quoting from the revelations through Joseph Smith respecting the peopling of this earth, the rebellion in heaven and the working of Satan's invisible hosts here in instigating the opposition and persecution that have followed this church since its organization, and so forth to-day. He occupied an hour and forty five minutes, his words flowing like a stream of inspiration. The congregation was highly edified and attentive. If the voice of God could have any effect on the class who deny His personality, and who whittle up the devil into a nothing, save an evil principle in man, yesterday's discourse would certainly have cracked the shell which such have carved for their hearts and crawled into.

JOSEPH ROBERTSON.—"Information Wanted."—Under this heading the *Millennial Star*, of the 6th instant says:

"Any person knowing the whereabouts of Thomas Pitts, who emigrated from Pendlebury, England, to Utah in 1864, will confer a favor by forwarding his address to Thomas Pitts, Birkitt Bank, Wigan, Lancashire, England."

NEW ZEALAND MISSION.—We clip the following from a late issue of the *Millennial Star*:

"A correspondent of the Wellington (New Zealand) Independent, of May 6th, publishes that paper with 'An Evening with Elder Beauchamp,' from which and other articles in the same paper we learn that considerable interest existed at that place concerning Mormonism. The Wellington *Advertiser* and *Register*, of the cheap and nasty journals, suggests mobbing of Elder and Saints, and reports a Mr. Toomah engaged in the business of extinguishing Mormonism in New Zealand. We have heard of several notorious characters engaging in similar business in this and other ages, but Mormonism, which is

the truth, has outlived them all. Meantime, we might inform the people of Wellington that the *Advertiser*, judging from the peculiar kind of language and style in which it indulges, is no credit to any community."

NEW GOVERNOR GENERAL OF CUBA!

NEW YORK.
New Governor for Cuba—Fighting in the Streets of Paris.

New York, 24.—The Sun says that a Spanish mercantile house has received a dispatch from Madrid, stating that at the request of Serrano and Prim, Admiral Topete has accepted the office of Captain General of Cuba.

A special evening telegram, dated London, says a telegram from Tours, states, that the excitement of the governing classes was overwhelming when they received intelligence of the revolutionary uprising of the Reds in Paris, the seizure of the Hotel de Ville, government stores and arsenals. Rumors of the uprising were spread by the fugitives, and the wildest discord and confusion prevailed. From all that could be learned it appears that detachments of the regular army, comprising fugitives from McMahon's army, made up for the most part of Zouaves and Turcos, joined the mob in the streets of Paris, and commenced revolutionary depredations. General Trochu and Vinay, it is said, with a large force from outside the fortifications, entered the city for the purpose of quelling the disturbance. These troops came immediately in contact with the revolutionists, and severe fighting in the streets ensued, the result of which is not known. The environs of Paris are now in ruins, from the gates of Neuilly to Les Epaves. All the buildings, in this part of the suburbs of the French Capital are destroyed, with a single exception, the beautiful chapel, erected to the memory of the Duke of Orleans. A large force of Prussians now occupy Fontainebleau, and have levied 150,000 francs from the inhabitants.

The terms of capitulation of the garrison of Toul are the same as those granted the French at Sedan.

A special correspondent at Tours writes on the 20th that at Chartres ten thousand mobiles had been concentrated on Monday, when the news came that the railway was cut at Rampouillet, and that the Prussians were expected at Chartres, whereupon the officers told the mobiles to lay down their arms and go home, as it was impossible to resist. The mayor also exhorted them to withdraw for fear of provoking the Prussians. The whole force thereupon disbanded.

The Havre steamer arrived on Friday at Southampton; she brought a hundred French refugees, who report that every man in Havre is drilling. A mobile attempted to blow up the powder magazine, which would have almost destroyed the city. The offender was arrested and is to be shot.

On the track of the Nathan murderer.

SCHUYLKILL HAVEN, 25.—An arrest has taken place to-day, that promises to ensure the conviction of the party guilty of the murder of Nathan. On the 13th of August a young man named Francis J. Keeping, came to Schuykill Haven, and took quarters at a hotel. Almost his first remark was asking the landlord if he had heard anything about the Nathan murder. He seemed restless and troubled and could not sleep at night, and at length admitted to a boarder, that he was within four feet of Nathan when he was hit; that he had the iron dog in his hand a short time before the murder was committed, and that he knew where the dog was purchased. That Nathan dropped when he was hit the first blow, and that he could at any time lay his hand on the murderer. He was urged to go to New York and lay this information before the authorities, but he refused, saying if a certain party did not do the right thing, he would "blow" in a short time. Since this confession he refuses to admit anything, but a close watch of his movements since, has wound around him a fearful chain of circumstances. He is known to have pawn tickets for diamonds and jewelry, and has some bloody clothes, half washed. His manner has been that of one upon whom some terrible crime has rested: no rest, no sleep, no appetite. He has been in constant correspondence with some parties in New York, and has received from them letters and money from time to time. He claims to have been a bar tender in a saloon at the corner of Bleeker Street. He says he knows Washington Nathan well. That he many a time opened champagne for him; that his father's name is Robert Keeping and he resides at No. 24 Maiden Lane, or at least does business there. In appearance he is small, and has dark hair. He said he had lost forty-seven pounds in weight since he left New York. He was employed as a hand on a canal boat on the Schuylkill canal at the time of his capture. In his conversation he tells things which would criminate him. He will be in New York to-morrow.

SAN FRANCISCO 24.—The receipts of the French Sanitary Fair, so far, amount to twenty thousand; twelve thousand were subscribed at the fair to-day, in aid of the French government, and over six hundred were collected for the benefit of the Protestant Catholic Orphan Asylum, from the children visiting the pavilion. An additional fifteen thousand of the sanitary funds have been remitted to Bordeaux.

Lawlessness Threatened.
FLORENCE 24.—On Friday the Roman populace tore down the escutcheons of foreign legations where they were combined with the papal arms. When those of Portugal were attacked General Cadorna intervened, and immediately issued a proclamation to the people, denouncing such excesses as violations of international law, and threatening severe penalties in case of lawlessness being renewed.

SPAIN.
MADRID.—The ravages of the vomito at Barcelona are increasing, and the panic among the inhabitants is frightful. Yesterday, out of thirty-five cases there were twenty four deaths.

FRANCE.
France will not yield to Prussian demands.
TOURS, 24.—The following news is official, being embodied in a proclamation to France: Before the flag of Paris Jules Favre desired to see Count Bismarck to learn the intention of the enemy. The following declaration is the result of the interview: Prussia wishes to continue the war in order to reduce France to a second-rate power. Prussia demands Alsace and Lorraine as far as Metz, by right of conquest; Prussia before consenting to an armistice demands the demolition of Strasbourg, Toul and Mont-Vallerin. Paris is exasperated and will rather bury herself beneath her ruins than consent to such insolent pretensions. We can respond but by resistance to the last extremity. France accepts the struggle and counts upon her children.

The company also call the attention of Watch buyers to the fact that the Elgin Watches now offered have an added improvement over all others, in a new

PATENT DUST EXCLUDER

So constructed as to enclose the works, and form a protest against dust, enabling the movement to remain in order without cleaning double the time that a watch will ordinarily run without this protection.

The company feel confident, after having had their watches three years in market, and selling many thousands of them in all parts of the country, that the Elgin Watches are the best time keepers now offered to the American public.

OVER FIVE HUNDRED DEALERS
In various parts of the land have unsolicited endorsed them. They are in use upon numerous lines of Railway, including the Union Pacific and the Pennsylvania Central, and other lines of these roads, with other prominent R.R. companies, endorse them as the best watches for the use of R.R. employees and travelers yet introduced.

The following are presented as specimens of these testimonials:

TESTIMONIAL.
UNION PACIFIC R.R., OFFICE OF GEN'L SUP'T, OMAHA, Dec. 18, 1869.
Hon. T. W. Raymond, President National Watch Co., Chicago, Ills.

Dear Sir:—During the month that I have carried one of your W. W. Raymond Watches it has not failed to keep the time with so much accuracy as to leave nothing to desire in this regard. For accuracy in time keeping, beauty of movement and finish, your Watches challenge my admiration, and arouse my pride as an American, and I am confident that in all respects they will compare successfully in the markets of the world, with similar manufactures of older nations. They need only to be known to be appreciated.

Yours most respectfully
G. G. HAMMOND, Gen'l Sup't.
OFFICE OF THE RAILROADS, RAILROAD, Gen'l Sup't, New York, Jan. 17, 1870.

T. W. AVERY, Esq., President National Watch Co.

Dear Sir:—The Watch made by your company which I have carried since past two months, has kept excellent time. I have carried it frequently in an engine, and have been on the road with it almost daily. During this time it has run uniformly with out-stan hard clock.

Truly yours
J. M. TOUCHEY, Gen'l Sup't.
The following dealers also, in various parts of the country, have certified that they consider the Elgin Watches to be all that the money market has ever offered, as better finished, more correct and durable, than any in market, at the price, and that they have great confidence in recommending them to the public, on account of their general merit.
