NEW MEMBERS OF SCHOOL BOARD.

Thomas H. Carr and M. S. Browning Elected to Fill Vacancies.

HEARINGS IN DISTRICT COURT.

J. H. Spargo Estate Valued at \$101,146—Druggists Convention to be Held at Hermitage.

Ogden, Utah, Jan. 13.—Thomas H. Carr, Republican, has been appointed to fill the vacancy on the board of education from the First ward made by the resignation of Mayor E. M. Conroy, and M. S. Browning, Democrat, was appointed on the board to fill the vacancy caused from the Fifth ward by the resignation of H. H. Thomas, who was made superintendent of the State Industrial school. The vote of the board was unanimously in favor of these two gentlemen, who will make excellent school officials. It is expected they will qualify during the next week.

The bond of James F. Burton as treasurer of the schools, for \$20,000, was filed with David Eccles, G. H. Tribe, Joseph Clark and M. S. Browning as sureties, also the bond of Clerk E. S. Rolapp for \$2,500, with H. H. Rolapp and Samuel Horrocks as bondsmen.

The installation of telephones in all of the school buildings has been a source of considerable annoyance because of people going to the schools and using the phones during school hours. The board last evening decided to have all of the school phones connected up with separate switchboards in the board of education rooms, so that when anyone uses the school phones he must get his connection through the office. This method, it is believed, will greatly relieve the annoyance heretofore experienced.

It was reported to the board that several carloads of coal had been received and distributed to the various schools. The members took occasion to score the local newspapers for publishing the statement that the schools were about to close because of coal shortage.

Supt. Allison reported that the attendance during the past week had been very large.

The finance committee reported \$11,633.30 cash on hand.

The sanitary committee reported one

DISTRICT COURT BUSINESS.

Appraisers Place Value of J. H. Spargo Estate at \$101,146.

Ogden, Jan. 12.—A complaint has been filed in the district court by Julia Smith and the Merchants Protective association against William Spargo et al. to recover \$1,600. The complaint alleges that the defendant agreed to pay to the plaintiffs the sum of \$1,600 for value received, or to deliver to plaintiff 600 head of sheep in payment of the agreement, but that the said agreement had not been lived up to, as only \$50 has been paid on it since 1902. Wherefore judgment in the sum mentioned is prayed for.

F. Middleton, Archibald McFarland and A. D. Shurtliff, the board of appraisers appointed by the district court to appraise the estate of the late James H. Spargo, filed their report with the county clerk. The value of the real estate is fixed at \$85,730, and that of the personal property at \$14,416, making a total valuation of \$101,146. After deducting the necessary expenses, debts, etc., and the \$10,000 that is exempt by law, there is \$85,600 remaining upon which the state derives its tax, which at 5 per cent makes the total due to the state of \$4,280. Joseph Cheiz is the attorney for the estate.

G. A. R. INSTALLATION.

The Logan-Dix Post of the Grand Army of the Republic held its installation ceremony last evening at its hall, which was witnessed by a large number of the comrades and friends, also the W. R. Corps. The officers installed are: Post commander, A. Van Patten; senior vice commander, John Gray; junior vice commander, J. P. Rankin; officer of the day, B. F. Blair; officer of the guards, A. M. Kelley; chaplain, S. L. Jones; surgeon, Dr. H. J. Powers; quartermaster, William Pease. The installation was conducted by Past Department Commander W. M. Bostaph. An excellent musical and literary program was carried out, after which a bounteous supper was served by the Women's Relief corps. The quilt which was raffled was won by Mrs. Adam Hunt.

J. V. Nelson, retiring post commander, submitted his annual report, showing an increase in the post of 30, four deaths, cash received \$391.35; disbursed, \$560.95; leaving a balance of \$49.40 on hand.

The question of raising the deputy marshals' salaries was discussed and referred to the police committee. The question of license collection was discussed and also referred to the license committee.

John Wood and A. J. Walquist were ordered to purchase 10 armchairs, one for each member of the council, and a reporters' table. They also asked to see back the railing in order to provide sufficient room for the city fathers while in session.

The matter of appointing the fire inspector was referred to the mayor.

In the council chambers was passed that smoking in the council chambers be prohibited during session.

POLICE NOTES.

Monday, Jan. 8, ten husky Austrians came driving into Murray from the south at a speed that would run down a fire department. City Marshal Mauss soon apprehended the offenders, and they were tried before the city justice, who fixed their penalty at \$10 each, or 10 days. The foreigners took the 10 days, and are now serving their time in the county jail, owing to inadequate room in the local repository.

Sam Ginterbeck was fined \$10 for discharging firearms in the city limits.

Olaf Amundson is serving 10 days sentence for disturbing the peace.

NEWS BRIEFS.

Mr. William Gordon, who has been lying at the point of death for several days with typhoid fever, is slowly improving and strong hopes are entertained for his recovery.

The Socialists of Murray will meet Jan. 19 to organize a debating society to be known as the Murray Debating society.

A week ago while working on Mrs. Oline Durand's new hotel, J. R. Warburton had the calf of his leg badly crushed. He was assisted by his legged wagon up an icy pitch, when the horse fell and let the wagon back upon him, striking his limb on the fleshy part and tearing his muscles out of position. Since then Mr. Warburton has been compelled to go about on crutches and has been unable to attend to business.

The Murray Drug company and the Lyon Drug company have consolidated and are located at the old Murray Drug stand.

Ward conference will be held in the Grand ward Saturday, Jan. 14, commencing at 3 o'clock.

Thursday last Mr. and Mrs. Thomas Powell were the recipients of a fine baby girl.

BLUFF.

NEW BISHOPRIC CHOSEN.

Struggle of the Frontiersmen to Maintain Homes—Successful Aird Farming.

Special Correspondence.

Bluff, San Juan Co., Jan. 8.—The farmers rejoice in having a very wet though cold winter. Stock is doing well, and there is abundance of feed and the moisture that has fallen permits the stock to range out on new pastures.

Since the establishment of the state aid experiment farm in San Juan county new faith and courage have taken hold of the people of this section. Instead of giving their entire attention to stock raising, they are beginning to locate the land, fence farms, and grub the brush and plow and plant. The last season brought better results in the way of raising grain with less expenditure of money than they themselves expected. One man, John Bailey of Monticello, produced 30 bushels of wheat on one acre.

The people very much appreciate the privilege of celebrating during the holidays. They have been prohibited from celebrating three holiday seasons out of the last five on account of contagious diseases and epidemics.

Counselor Wayne H. Redd of the state presidency was thrown from a horse Dec. 2 and rendered unconscious with a bruised head and broken finger. He is now recovering nicely.

THE OGDEN DRUGGISTS' ASSOCIATION.

The Ogden Retail Druggists' association held a meeting yesterday to discuss plans for the enlargement of the state association which will convene in Ogden for a three days' session either in July or August. Committees were appointed to look after the arrangements for holding their sessions at the Hermitage in Ogden canyon, which place will be made the headquarters for the visiting gentlemen and their ladies. The people have had to fight the monster river so long, both for obtaining water for irrigation and otherwise that some of them are about discouraged, but most of the people still have faith that something can be done. The water is far from being with brush and rock. Piling and bar-wire has been thought to be impracticable on account of a terrible time being so far away and having to haul it over 50 miles over a very rough road, but the citizens may yet have to try it.

TRUBLE AHEAD.

The town of Bluff is located on a quicksand bottom of the San Juan river. The last few years the river has been working its way toward the city and has already taken a great deal of farming land away. The people have spent several thousand dollars in attempting to stop it, but so far without success. The river is now in such a shape that unless something can be done very soon it will be a matter of time before the town of Bluff has many to boast of, for so small a place the people have had to fight the monster river so long, both for obtaining water for irrigation and otherwise that some of them are about discouraged, but most of the people still have faith that something can be done. The water is far from being with brush and rock. Piling and bar-wire has been thought to be impracticable on account of a terrible time being so far away and having to haul it over 50 miles over a very rough road, but the citizens may yet have to try it.

MASSONS WILL GO TO SALT LAKE.

The Ogden Masonic lodge and the Eastern Star will go to Salt Lake City next week in large numbers, to participate in the district grand lodge annual meeting, which will be held there Tuesday and Wednesday for the Masonic lodge, and Thursday for the Eastern Star. This will be the first annual meeting of the Eastern Star of this district, as the order was just organized here last year. A fare of one and a fifth to Salt Lake City and return has been secured for those days.

DEATH CLAIMS TWO CHILDREN.

Death visited the home of Mr. and Mrs. Albert Vennema yesterday and called from them their little 7-year-old daughter Annie, the immediate cause of the death being pneumonia. The funeral services over her remains will be held Sunday at noon at the Marriott ward meetinghouse.

Last evening Gehard E. Graven, the little 4-months-old baby, died at the family residence, 988 Twenty-third street, from pneumonia. The funeral services will be held Sunday afternoon at 2:30 o'clock at the Fourth ward meetinghouse. Interment of both children will take place in the Ogden City cemetery.

BRIEFS AND PERSONALS.

Fred Harris of Kayville was brought to Ogden yesterday afternoon and operated on at the hospital by Drs. Rich and Rich for appendicitis.

J. W. Phipps of Evanston, suffering from typhoid fever, has been brought to Ogden for medical attention.

The case against the three men charged with stealing coal, which they were in the act of delivering to P. T. Smyth, when arrested, will come up for trial Monday.

Chief Browning has issued the order that the police round up all vagrants and order them out of town or put them on the rock pile.

Eugene Ryan will appear before Judge Howell Jan. 13, to plead to the charge of burglary and grand larceny.

Under the auspices of the Weber Stake academy lecture course, Rev. Sam Jones will lecture at the Ogden tabernacle next Friday evening.

The case of O. C. Smith against the Ogden and Northwestern is still on trial in the district court.

Chairman Joseph Stanford of the board of county commissioners was a Salt Lake visitor yesterday on special business.

Redd and a number of the High Councilors were present.

Bishop Jens Nielsen, a man of 86 years of age, who has presided over the Bluff ward since its organization, over 35 years ago, resigned on account of his age. He has always given satisfaction to the people over whom he presided, and by his wise counsel and fatherly advice, has endeared the hearts of the entire people of the ward to him, and it can truly be said of him, he was indeed a father to his ward. His resignation was accepted, and he retired from the position with the blessing and good-will of all who knew him.

H. Redd was chosen as the new Bishop, with Kumen Jones and Francis Nielsen as his counselors, who were unanimously sustained by the people.

WEAK MEN PAY WHEN CURED.

Contradict Disorders. Be sure your cure is thorough. Not one of our patients has ever had a relapse after being discharged as cured, and we cure in less time than the ordinary forms of treatment require.

Specific Blood Poison. No dangerous minerals to drive the cure to the interior, but harmless blood purifying remedies, that remove the last pollution of the system.

What "Weakness" Is and How We Cure It. So-called "Weakness" in men is merely a symptom of chronic inflammation in the prostate gland, brought on by early dissipation or by the improper treatment of some contracted disease. A complete and radical cure is therefore, a question of restoring the prostate gland to its normal state, and this we accomplish principally and completely, with the use of internal remedies. Our treatment is a local one entirely. It is original and scientific, and has been proven the only effective remedy for thousands of tests. We are convinced that by no other methods can full and permanent restoration of strength and vigor be accomplished.

Venereal A. L's a utterly painless treatment that cures completely. I investigate our method. It is the only thorough and efficient treatment for this disease being employed.

Spermatorrhea. Stricture. Piles. Private and contracted Diseases. Hydronephrosis, etc., are also among the diseases we cure to satisfaction.

The city council, while in session Tuesday night, pushed business with great dispatch. The message of Mayor Charles Brown was attentively listened to. It was approved and ordered put on file.

In outlining his policy, the mayor in his message promises to strictly enforce the city ordinances, and to carry out any resolution of the council which shall tend to the better government of the municipality, or give more effective police protection and promote order and peace. He urges the continuation of the policy of the past administration to secure good roads in all parts of the city, and favors the installation of more street lights, especially on the State road, the chief highway of Murray.
