A. C. SUMMER SCHOOL.

in Elementary Agriculture, pomestic Arts, Manual Training.

special Correspondence. Logan, Cache Co., April.19.—The report of the committee in charge of arranging the details of the regular summer session of the Agricultural College mer sected upon at a special meeting was acted upon at a special meeting of the College Council, it being decided a six weeks' summer school be that a six weeks summer school of the ded, beginning June II. According to held, beginning June II. According to the committee's plans, a number of estern lecteurers of note will deliver addresses, and several of Utah's most prominent educational men have prominent educations.

sed to give their assistance. An innovation at the Summer school will be the introduction of courses in elementary agriculture, domestic arts, and manual training, with the view of preparing teachers for the proper presentation of this work to pupils in the grades and in the high schools. This feature of teaching industrial education in the grades, while comparatively new. has met with marked success in a number of states of the Union, and some high schools of this state have folsome high schools of this state have to lowed the plan and have done sufficient work along the lines of manual train-ing and domestic arts to prove that the work will meet with success in Utah. president Kerr has been agitating the matter for some time past, and many of having the next state legislature pass a law providing for the introducion of work in agriculture, manual arining, and domestic arts in the rural schools. Nature study, as at present taught, is thought by many to be a complete failure. The purpose of nature study work—that of putting the pupils touch with their environment-can doubtless be accomplished in a more satisfactory way by the teaching of satisfactory way by the teaching of elementary agriculture, manual training, and domestic arts in the grades and in the high schools. The college is ideally located and equipped for work of this nature. The instructors in agriliture, the station staff, the experi-ental farm, the conservatory, and the various laboratories of the institution will be at the service of the teachers. Aside from the work of industrial or instruction in the regular commor school branches, favorable action hav-ing been taken by the state board of lucation to permit credits, in lieu examination, for the subjects com-

Flattering Outlook for Farmers-

to stop over and meet the members of the local government and representa-tives of the municipalities.

Crup reports are not so flattering as at first anticipated. A great deal of the winter wheat killed out and many farmers are reseeding to spring grain. The weather so far is most favorable to farming operations and the much needed inclusture resulting from the recent snowstorm is sufficient to bring the grass and grain along until the regu-

amount of railroad and canal construc-tion, is another good reason for the extra acreage seeded this spring.

The Alberta stake Sunday School Union held a most interesting meeting an! sociable on the evening of the 6th. After the union work, all present enjoyed a most delectable picnic, served by the officers and workers of the Cardston Sunday school. A varied program was rendered and the whole concluded with a laughable farce given by the workers in the Leavitt school.

REARED AS A GIRL.

DEATH OF EVAN OWEN.

Evan Owen of Wellsville, an old and respected citizen of this county, ded yesterday morning of prolonged bronchitis. He has been alling for a long time, but few realized that the end was so near. The deceased was a native of Wales, where he was born 73 years ago. He came to Utah in 1852, and first located in Iron county. He came to Cache valley in 1860, and has since resided at Wellsville. He leaves a wife and seven children. The children are all grown. The funeral will be held in the Wellsville hall at 2 p. m. Virginia Lacrolx of Morat, Switzerland, herewith pictured, is a boy. It was seventeen years before his sex was known to the general public, for his mother, wishing to save him from the military conscription, had brought him up as a girl. He was baptized and

registered as a girl and has been employed in a straw mattress factory as a female worker. Being an especially robust and muscular young fellow, the time came when his sex could no longer be concealed. The Swiss war depart. ment will gain by the discovery.

GOOD JUDGEMENT

Is the essential characteristic of men and women. Invaluable to good business men and necessary to he sewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby. The best worm medicine ever offered to mothers. Many indeed are the sensible mothers, who write expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by Z. C. M. I. To find out for a certainty whether or not your heart is affected. One person in four has a weak heart; it may be you. If so, you should know it now, and save serious consequences. If you have short breath, fluttering, palpitation, hungry spells, hot flushes; if you cannot lie on left side; if you have fainting or smothering spells, pain around heart, in side and arms, your heart is weak, and perhaps diseased. Dr. Miles' Heart Cure will relieve you. Try a bottle, and see how quickly your condition will improve.

"About a year ago I wrote to the Miles Medical Co., asking advice, as I was suffering with heart trouble, and had been for two years. I had pain in my heart, back and left side, and had not been able to draw a deep breath for two years. Any little exertion would cause palpitation, and I could not he on my left side without suffering. They advised me to try Dr. Miles Heart Cure and Nervine, which I did with the result that I am in better health than I ever was before, having sained 14 pounds since I commenced taking it. I took about thirden bottles of the two medicines, and laven't been bothered with my heart since."

RAILWAY EXTENSIONS. Much interest is manifest in the pro-posed railway from Macleod via Card-DESERET NEWS BOOK STORE.

CONSTITUTION MAY BAGE SCHAMROCK III Although the announcement has open made by Sir Thomas Lipton that he would race Shamrock III for the King's Cup in August few people in this country realize that the Shamrock is in their midst and has been since Sept. 3, 1903. After the America's Cup defender Reliance ran away from her over the 30-miles course off Sandy Hook she was taken in tow without finishing the race and sent to a berth high and dry from the sea in a shipyard in New York harbor.

With the Shamrock in the King's Cup contest, the race has taken on a new aspect. There is little doubt but that she can beat any yacht in this country, except the recent America's Cup defenders, over the 40-mile course off Newport, and there is a feeling already that she should have a competitor her

There are the Columbia, Constitution and Reliance that might be raced, but there is hardly a chance of the last-named being put overboard. Many yachtsmen believe the Columbia is not fast enough to beat Shamrock III. Although she was selected over the Constitution to defend the America's Cup.

The Constitution would be the yacht best suited under the circumstances to uphold this country's supremacy in big yachting events, and in all prob-

ability will be the boat elected to compete. Milne in fair form, and is expected to give a good account of itself either on

the bench or the diamond. This is the first effort of the University in the base-ball line. If the season proves successful baseball will become a permanent feature, and if it proves a failure it will probably be a long time before the sport is resurrected.

The lineup for today is as follows: University.
