GREEN INDIAN IN BRITISH INDIA

Rifles and Ball Cartridges Are
Served Out to Local Vol-
unteers at Lahore.

IS HINDOO STUDENT ELEMENT.

Inflammatory Articles in Native
Newspapers Inciting Race Hat-
red Against Europeans.

Professional and Political Agitators
Fomenting Strikes—Rioting Will Be
Suppressed by Force if Necessary.

Lahore, British India, April 27.—Rifles and 20 rounds of ball cartridges have been served out to the local volunteers in consequence of signs of marked unrest among the Hindoo student element. The publication of inflammatory articles in the native newspapers, inciting race hatred against the Europeans and demanding native control of the government of India by means of an elected parliament, has been followed recently by riots at Lahore and elsewhere in the Punjab and by attacks on Europeans. Professional and political agitators are now fomenting strikes on the railroads and the government has concluded that it is time to suppress the rioting by forceful means if necessary. The authorities are satisfied that a determined front will speedily end the outward signs of disaffection, especially as they have the unanimous support of the great Mohammedan population, who at numerous mass meetings have emphatically condemned the anti-European movement. Recent events have given a remarkable impulse to enlistment in the volunteers. The recruits include five judges of the supreme court, the directors of public instruction, university professors, high government officials and leading bankers and merchants, all of whom have entered the ranks of the privates.

SILENT SMITH'S WILL.

Widow Gets \$5,000,000, His Sister,
Lady Cooper, \$20,000,000.
New York, April 27.—The American today claims to have information that under the will of James Henry Smith, the millionaire who died recently in Japan, the widow, who was Mrs. Ethelbert Stewart, receives \$5,000,000 or an income from that sum out of his immense estate. Lady Jane Cooper, his sister, inherits \$20,000,000, it says, while others of his blood relatives get liberal bequests. According to the American friends of Mrs. Smith declare that she will not be satisfied with the provision made for her in this testament and will contest it. The will is said to be in the possession of Lord and Lady Cooper, who recently came to New York. The testament will be probated after the funeral of Mr. Smith, who is now en route to this city from Japan. The American also says that there is a possibility that there is another and later will, made just after Mr. Smith's marriage, in which Mr. Smith made far more liberal provision for his widow. Such a will, it states, would probably be contested by his blood relatives.

PRIVATELY BUILT WARSHIPS.

Congressman Waldo Asserts They Con-
tain Serious Defects.
Boston, April 27.—Congressman George W. Waldo of New York, the principal speaker at a mass meeting held last evening in Faneuil hall, under the auspices of the National League of Employees of Navy Yards, asserted that warships built under contract by private concerns contain serious defects. He said: "Warships built under contract by private concerns and almost immediately after their completion sent out of the Brooklyn navy yard for repairs have been found to have rivet holes plugged with wood, putty and soap, whose removal has caused several hundred rivets supposed to have been put into a warship built by contractors whose workmen filled the rivet holes with putty and wood."

LONG BALLOON FLIGHT.

Aeronaut McCoy Postpones It Because
Of Weather Conditions.
St. Louis, April 27.—After a conference with the weather bureau officials today, Aeronaut B. C. McCoy of the Aero club of New York concluded to postpone the long distance balloon flight of the America for at least 36 hours, as the wind conditions are not so favorable. It was the intention of McCoy and Captain Charles DeF. Chandler, U. S. signal corps, to undertake a trip this evening to Washington, D. C., in order to try for the Latham cup, offered by John D. Latham, a voyage covering the greatest number of miles. Allan R. Hawley and Lee Stevens of New York are to ascend at midnight tonight in the vicinity of the air conditions in this vicinity in the interest of the balloon tournament to be held here in October.

BESITTING SINS OF THE AMERICAN PEOPLE.

Chicago, April 27.—Shallowness, passion for material comfort and "a lack of idealism, easy-going disregard of law," according to Henry Churchill King, president of the Oberlin college, are the besetting sins of the American people. President King's diagnosis of the nation's case was made last night in an address before the Oberlin Alumni association at the annual dinner here. "We are in real danger from the American rush," he said. "We pride ourselves on living fast, and we do. But the nation that lives too fast to think is lost. It is curious that in this age of science in which the reign of law is supreme, there should be so utter a disregard for law in moral and spiritual affairs. In our reaction from Puritanism we seem to have fallen into a lackadaisical, easy-going point of

view, as if, somehow or other, we expected to escape the law whenever we so desire. I tell you, we are in danger of waking with ringing in our ears the awful mockery of these words, 'There is no law.' "I have no doubt that the American people are wrongly interpreted when they are classed as mere money grubbers, and yet the danger of our increasing wealth, the danger of the stuporizing, deadening effect of our passion for material comfort, no man can deny. Our personal and our national ideals—we had them once—are in danger."

BELIEVES CONSERVATIVES WILL DEFEAT LIBERALS.

Havana, April 27.—In an interview yesterday, Jose Llanusa, president of the Conservative party, said that he believed the chances of the Conservatives defeating the Liberals were good. The Conservatives want a revision of the Platt amendment so defined that it may be known how and under what circumstances another intervention might take place. According to article 3, the American government may intervene in Cuba whenever in its judgment it is convenient. The reason and manner are at the discretion of the United States and Cuba has nothing to say on the subject. The Conservatives want to remedy this and to find a guarantee of safety in some regulation of the application of article 3. Asked whether he expected the Americans to withdraw from Cuba without new guarantees or a verbal definition of article 3, Jose Llanusa answered that as the Americans were not withdrawing immediately it was perhaps too early to answer the question. He added: "It is true there was a price on the first republic and there may be on the second, but I do not believe that the Americans are going to name it until shortly before they are ready to leave."

HAYWOOD'S WIFE

Going to Boise to Attend Her Hus-
band's Trial.
Denver, April 27.—Mrs. William D. Haywood, wife of the secretary-treasurer of the Western Federation of Miners, left here today for Boise to attend the trial of her husband on the charge of murder of former Gov. Steuneger. She has been a helpless invalid for years but she declares she will sit in an invalid's chair beside her husband throughout his trial if the court officials do not deny her this privilege.

SENATOR LAFOLLETTE

Thinks Next Republican Convention
Will Nominate Roosevelt.
San Francisco, April 27.—U. S. Senator LaFollette, who arrived here today, gave it as his opinion that President Roosevelt will be renominated by acclamation at the next Republican national convention.

M'ADAMS' CONFESSION.

One in Which He Admitted Killing
George Terry He Now Denies.
Cheyenne, Wyo., April 27.—A special to the Tribune from Landers says that John McAdams, who confessed to the killing of George Terry and stirring up trouble on the Shoshone reservation, which he implicated Terry's brother-in-law and a number of half-breeds, has denied the truth of the entire confession. He says he implicated others to make trouble. His alleged accomplices may be released.

LOCOMOTIVE EXPLODES.

Killing the Engineers, Fireman and
Brakeman.
O'Fallon, Mo., April 27.—The boiler of a freight engine drawing a caboose and running at a high rate of speed exploded near here today, wrecking the engine and caboose and killing Paul Lynch, fireman, Frank Appleby and brakeman George Brown, all of Moberly, Mo., and injuring Conductor Desmet and an unknown brakeman.

PIER COLLAPSES AND EIGHT PERSONS DROWNED.

Baltimore, April 27.—A pier under construction at Locust Point, South Baltimore, collapsed today, carrying down a score of workmen. Six bodies have been recovered, two are missing and 14 are injured. This is believed to cover the extent of the casualties. The pier was being built for the Baltimore & Ohio railroad at the immigration station at Locust Point for the use of the North German Lloyd Steamship company at a cost of \$400,000. It was 1,000 feet long.

GARLAND CANAL.

Johnson Bros. of Lowell, Wyo., Get
A Contract.
Washington, D. C., April 27.—The secretary of the interior has executed a contract with Johnson Bros., of Lowell, Wyo., for the construction and completion of the Garfield canal, for the excavation of 115 miles of canal and doing such other work as may be necessary for their completion.

1,200 ATHLETES GATHER ON FRANKLIN FIELD.

Philadelphia, April 27.—More than 1,200 athletes are ready for this afternoon's carnival of relay races and field sports on Franklin field. The collection of contestants is one of the largest ever assembled at an athletic meeting in this country. Every state in the Union east of the Mississippi and north of the Mason and Dixon line with the exception of Wisconsin, will be represented. The south, however, is not without its representatives, for the universities of Virginia, Georgetown, George Washington and North Carolina have sent delegations. Two of the western colleges are after the national championships. Chicago is after the one mile event, and Michigan wants to repeat her performance of last year, when she won the four mile race in record breaking time. Michigan is the favorite for the four mile relay in which Pennsylvania and Cornell are entered. The inter-collegiate champion, and Wilson on the team, is the favorite in the two mile race. Dartmouth, Cornell, Columbia and Pennsylvania are in this event also. A strong wind blew down the course which was a help to the sprinters and hurdlers, but was unfavorable for good time in the relay races. The trials were in perfect condition. Nearly 10,000 persons were present when the first events, those of the Philadelphia grammar school teams, were run off.

PLEASURE TRIP UP JAMES RIVER

President and His Party Indulge
In One After Strenuous Day
At Exposition.

STOPS AT COLONIAL HOMES.

Several Will Be Made at Famous Ones
—No Reporters Allowed to Accompany the Party.

Norfolk, Va., April 27.—President Roosevelt and party, after their strenuous participation in the inaugural incidents of the Jamestown exposition spent today on a pleasure trip up the James river. Rich in its historic associations, its shores lined with landmarks of the colonial days of the Old Dominion, the James river appealed to the president as the field for a day's quiet vacation, and he looked forward to the trip as one of the noteworthy features of his visit. The yacht Sylph on which he embarked last evening after dinner from the dinner given in his honor by the president of the exposition, will carry the party up the James river. The little yacht had slipped down the bay from Norfolk during the night to be in readiness for the early start. The Sylph was headed directly up the river, with Jamestown as its final destination. Much interest was felt in the ruins at this historic spot, the first settlement of which the exposition commemorates. Here it was that the permanent settlement of English-speaking people upon the American continent was made on May 13, 1607. The a peninsula jutting out into the James river, Jamestown, successively named Fort James, James City and Jamestown, became an island through the washing away nearly two centuries ago, of the neck which held the body of the peninsula with the main land. Along the river several stops at famous colonial homes had been planned for the party. The entire trip for the day was arranged as a strictly private affair. No newspapermen accompanied the party and the president sought as far as possible to enjoy the day's vacation in the seclusion of his family and a few friends. The party will return late in the afternoon and will be transferred to the cruiser yacht Mayflower, which is expected to leave Hampton Roads for the return trip to Washington about 7 o'clock this evening. It is expected that the Mayflower will reach Washington about 10 o'clock Sunday morning.

The day is far from being pleasant. The sky was entirely overcast with clouds at dawn and there were several drizzling showers during the morning, but those aboard the yacht insisted upon carrying out the program. There had been no communication with the Sylph at her anchorage in Hampton Roads since yesterday.

In order to make the river trip as much of a holiday as possible the president insisted that his stops should be entirely informal and it was announced that his guests would be carried, he would not make the stops scheduled. It was expected that at Westover, Brandon and Shirley the president and his guests would meet only the occupants of these estates.

In the president's party are Mrs. Roosevelt, Miss Roosevelt, Archie and Quentin Roosevelt, Mr. and Mrs. Tracy, and Mrs. Metcalf, Asst. Secy. Bacon, William Lobe, Jr., Asst. Secy. Latta, Mrs. Ralph Cross Johnson, Capt. Key, naval aide to the president; Capt. Lynch, naval aide to the president; Lieut. Com. Long of the navy, and Dr. Ochsberg of the navy.

Leaving Jamestown late this afternoon, the president and his guests stopped between there and Washington upon the return trip.

SECY. OF WAR TAFT REFUSES TO TALK POLITICS.

Cincinnati, April 27.—Secy. of War Taft, who is making several public addresses in this city and one in Dayton, arrived here today. He declined to discuss political questions in any way, and declared that he will have during his western trip nothing whatever to say bearing upon the presidential question. The engagements which I have come to fill were made long ago and I have never entered into them. I shall have nothing whatever to say of a political character," said Mr. Taft. There was no committee to meet the secretary at the station, and no demonstration of any kind. His brother, Charles P. Taft, was there alone to meet him, and they were driven directly to the home of Mr. Taft.

There was a decided demonstration, however, when the secretary entered the Sinton hotel three hours later to attend the convention of the Associated Western Yale clubs, of which he is president.

It had been with great difficulty that the Yale men were prevented from going to the station in mass to greet the secretary, it being feared that they would by their demonstration give his arrival a political aspect.

At 1 o'clock, in company with the other Yale men, Secy. Taft will be a guest at the buffet luncheon at the Sinton hotel.

Tonight he will speak at the banquet of the Yale club. His address will be confined to matters connected with the university and the work and influence of its alumni.

EMMA EAMES-STORY GETS DECREE OF DIVORCE.

New York, April 27.—An interlocutory decree of divorce has been granted by a court referee in this city last month. By tacit agreement the parties to the suit maintained secrecy.

The formal filing of the decree of absolute divorce is expected within a day or two.

GOULD AN EASY WINNER.

London, April 27.—Joy Gould won in three straight sets over E. B. Noel in the second round of the international amateur lawn tennis tournament here today.

The young American entirely outclassed his opponent.

Gould has now reached the semi-final. V. H. Fennell, the champion of 1904, who is regarded as having the best chance against Gould, is also left, having defeated Maj. Cooper Key by 2-2.

BURGARS NABBED AT OGDEN TODAY

May Turn Out to be Men Who
Robbed Daynes Jewelry
Store.

CAPT. BURBIDGE SENT FOR.

Salt Lake Police Leave for Junc-
tion City to Investigate
Matters.

Three Men Under Arrest After Enter-
ing Several Places of Business—
Came From Salt Lake.

On the supposition that the men who a week ago tonight robbed the Daynes jewelry store have been caught at Ogden, in the persons of Thomas Lukos, Stephen Quinn and John Stephens, Capt. John B. Burbidge went to the junction city this afternoon. His visit was in response to word that came down this morning to the effect that articles found in possession of the men corresponded to descriptions of things stolen in this city during the past few weeks. It is believed that some of the Daynes jewelry and also booty secured from the residence of Del Wilson were among the effects found in suit cases carried by the trio.

CAUGHT RED-HANDED.

Lukos and Quinn were caught red-handed at Ogden this morning, as they were coming out of Warner's military store, about 1 o'clock, by Sgt. Tott and Patrolman Richard Pincock. The men were taken to police headquarters, where they were placed in separate cells, and when interrogated told decidedly conflicting stories. When daylight came, Stephens came to the jail and inquired for Lukos and Quinn, and upon the admission that he was one of their pals, he too was locked up. All three men are known to have come to Ogden from Salt Lake.

In the possession of Lukos was a telescope filled with women's wearing apparel, and an elegant gold-back, hand-painted comb, brush and looking glass, and a revolver. Upon one of the men was found a considerable sum of money, supposed to have been stolen from Christensen's shoe store, Ogden, which had been burglarized during the night. A clerk in the store says that he can identify a \$20 bill and a 10-cent piece, taken in over a counter sale.

Nothing was secured by the burglars at Warner's store, nor at the military store of Mrs. Lyon, which had also been broken into during the night. From Christensen's \$14.50 was taken, and nearly this amount was found in the pockets of Lukos and Quinn.

BURBIDGE GOES NORTH.

Just the nature of the information sent by the police of Ogden to their fellow officers in this city is not known to the public, but it was sufficiently interesting to claim the immediate attention of the department here, and Captain Burbidge boarded the first train for the north-bound journey making a thorough investigation as to whether the men in custody were possessed of anything belonging to Salt Lake people whose residence and places of business have recently been burglarized.

TO BE NO MAY DAY DEMONSTRATIONS

Many German Cities Have For-
bidden Parades or Similar Af-
fairs Next Wednesday.

EMPLOYERS TAKE MEASURES.

Workmen Absenting Themselves to
Celebrate Threatened With Weeks'
Dismissal Without Pay.

Berlin, April 27.—All appearances indicate that May day this year will be observed less generally than ever in Germany. Many cities have forbidden street parades or other public demonstrations and the employers' organizations have taken strict measures to prevent the workmen from celebrating the day, using the threat of a week's dismissal without pay if they absent themselves. This was the means which last year brought the Hamburg stevedores to terms. The social democratic national committee has issued the usual proclamation calling upon the Socialists to observe the day, but the appeal is more aggressive than usual. It urges the local organizations to study the situation for themselves and then only celebrate the day if they can do so without getting into trouble with their employers. The proclamation has been the subject of criticism on the part of the Socialists themselves, but the part of their speeches deemed the moderate recommendations as being the only wise course in view of the attitude of the municipalities.

MOYER-HAYWOOD DEFENSE FUND COLLECTIONS.

New York, April 27.—U. S. Soloman, campaign manager of the Socialist party for New York, and a member of the Moyer-Haywood defense committee, has made a statement regarding the efforts of the conference here held in other cities to collect funds for the defense of the accused officials of the Western Federation of Miners.

On April 17, he said, the sum collected was \$10,587, and out of this \$20,000 had been paid in preliminary expenses. Since then, he said, the sum had come in, and some individual unions have contributed as much as \$5,000 each.

There are 15,000 organized workers in this country alone and we expect eventually to raise \$100,000.

EX-GOV. BULLOCK DEAD.

Albion, N. Y., April 27.—Rufus B. Bullock, former governor of Georgia, died here today at the family homestead. He was 73 years of age.

JURY ACQUITTED BINGER HERMANN

Declared That He Was Not Guilty
Of Destroying Records of the
General Land Office.

DELIBERATED FOR 21 HOURS.

Announcement of Verdict Caused Gen-
eral Scene of Congratulations
In Courtroom.

Washington, April 27.—Binger Hermann, former congressman from Oregon and former commissioner of the general land office, was acquitted of the charge of destroying permanent records, by a verdict of the jury at 12:40 o'clock today. The trial had progressed for 12 weeks and the jury deliberated 21 hours.

Nothing was heard from the jury room after the jury retired at 5:30 yesterday afternoon until 11 o'clock today when word came that it was desired that Justice Stafford repeat his charge to them. This was granted after brief argument of counsel and the next hour and a half was occupied in re-reading the charge, after which Justice Stafford, who, at 10 o'clock last night had sent word to the juryroom that it would be better at that time to drop consideration of the case and get some sleep, advised that the jury proceeded to their luncheon before again endeavoring to reach an agreement. The jury, however, disregarded this admonition and within 10 minutes after its second retirement appeared with the verdict of not guilty.

There was immediately a general scene of congratulation in the courtroom. Mr. Hermann expressed thanks to each jurymen as did his counsel, U. S. Atty. Baker and many others in the courtroom congratulated the defendant.

ROCKEFELLER WILL GIVE AWAY ALL HIS REAL ESTATE.

New York, April 27.—The World today publishes, in connection with the announcement of gifts by John D. Rockefeller of land in Chicago and Cleveland, the statement, credited to a friend of Mr. Rockefeller, that the gifts are part of a plan which Mr. Rockefeller has formed of giving away all of his real estate. These gifts, it is stated, have always worried him and his idea is to turn over nearly all of his real estate to his son and have the latter assume the responsibility that have come with their ownership.

Chicago, April 26.—John D. Rockefeller, it was announced today, has decided to give away all of his real estate, including about ten city blocks and valued at \$2,000,000.

The tract extends from Cottage Grove avenue to Madison avenue in this city. With this latest addition to the holdings of the university it becomes possible to carry out the building plan of the late President W. R. Harper.

Within the past 18 months Mr. Rockefeller has given \$16,000,000 to the university and the total since the founding of the institution amounts to \$21,416,000.

CAPT. TYGARD INDICTED.

Charge With Misapplication of Funds
Of Bates National Bank.

Kansas City, April 27.—The federal grand jury here today returned an indictment against Capt. Flavius J. Tygard charging him with misapplication of the funds of the Bates National bank of Butler, Mo., which suspended in September last and of which he was president, the Masonic Home of Missouri, Knights Templar of Missouri, Walnut Land and Coal company, a corporation with large holdings, the Bates County Investment company and was continued in the private trust.

The indictment contains eleven counts, \$15,000 being involved.

Following the suspension of the bank, Capt. Tygard was declared insane and was confined in a private sanitarium. He is 74 years of age.

REEF PLANS TO ESCAPE.

San Francisco, April 27.—An evening edition of a public story to the effect that Abe Reef had planned to escape from the city by one of the Kosmos liners, and the day of his departure was set for the day after tomorrow, was contradicted by Detective Burns and Elmer Briggs. It is said he had engaged a launch in which he purposed to overtake the steamer after he had sailed through the heads.

GEN. GRANT'S BIRTHDAY.

Galena, Ill., April 27.—The birthday of Gen. Grant was celebrated today for the seventeenth time. This morning the cornerstone of the Carnegie Play \$50,000 building was laid. The commemorative exercises took place this afternoon in Grant park. The orator of the day was Senator Beveridge.

STRIKE AT STANFORD PROBABLE

San Francisco, April 27.—Strong possibility of a strike which will completely stop the building operations at Stanford university lies in a conference held here today between representatives of the building trades council and the Stanford trustees and cutters, who are now employed on the college campus. The men are after a raise in wages, and if it is not granted, they will probably walk out and take with them all employees engaged in the work of rehabilitation at Stanford.

The masons and cutters are getting \$5 a day, but want \$6. There are about 160 of them, and their defection would seriously cripple the work, especially as other craftsmen are likely to lend them support in the fight. The carpenters at work on the buildings are also organizing for a raise from \$5 to \$5.50 a day.

"GENTLEMAN BURGLAR" CAUGHT

Chicago, April 27.—Edward Tate, known as the "gentleman burglar," who escaped from Peoria recently, was arrested today as he was about to enter the residence of a friend.

Tate was under arrest for blowing the safe in the office of the board of education at Peoria. The robbery is alleged to have been for the purpose of removing evidence against alleged accomplices of Newton C. Dougherty.

PRIME'S CROP REPORTS.

Famous Crops Statistician of Dwight,
Ill., Is Dead.

Chicago, April 25.—H. T. K. Prime, who for years was chief statistician of Dwight, Ill., gathering statistics on crops, died last night in the Chicago home for incurables. He was stricken with paralysis two years ago.

"Prime's crop reports" made the publication known to farmers and others. Farmers regarded his figures and opinions as infallible. Even after the government broadened its crop statistics, Prime's reports were by many considered an authority where views of experts conflicted. Mr. Prime was 71 years old, a native of Connecticut, and the son of Samuel Irenaus Prime, minister, author, and for many years editor of the New York Observer. He moved from Dwight to Chicago 10 years ago and for a long time made his home at the Union League club.

JAPS OFF FOR THE HAGUE.

Tokyo, April 27.—M. Tuzuki, chief secretary of the Japanese privy council and head of the Japanese delegation to the second peace conference at The Hague, and his party, including Vice Admiral Shimamura, Gen. Akemura and H. W. Higashi, adviser to the Japanese foreign officers, left here this morning for The Hague.

HYDE-BENSON ARGUMENT.

Washington, April 27.—After argument today by the Honorable Edward Snyder and Land conspiracy case, which was to have followed the Hermann trial before Justice Stafford, was postponed until the next day of court. The trial will begin October 21.

ZEIGLER COAL CASE.

Jury Returned a Verdict of Acquittal
After a Long Trial.

Chicago, April 27.—A dispatch to the Tribune from Benton, Ill., says: The jury in the Zeigler coal case returned a verdict of acquittal in the case of the people against the Zeigler coal company, charged with employing incompetent miners without certificates of competency. The case grew out of the explosion in the Zeigler mine, which killed 12 men. The motion of Joseph Zeigler for a new trial in the case of similar character, in which he was convicted in February, was overruled and the case taken to the appellate court on appeal. This is the last of the prosecutions instituted against Mr. Zeigler and his company as a result of the explosion.

CONSIGNMENT OF CAPE GOLD.

London, April 27.—The British steamer Armada, Castle, arrived today from Capetown, loaded \$5,500,000 in Cape gold, the largest consignment ever brought in a single shipment to England.

NOT INSANE; JUST HUNGRY.

Fred Mueller Claims to Have Walked
From Rexburg, Idaho.

In the office of the chief of police this morning, Judge C. B. Diehl questioned Fred Mueller, a German, in an effort to determine the latter's mental condition. Mueller was arrested last night by Officer Emil Johnson on Madison street. At the time the man was wandering about the alley inquiring for President Joseph F. Smith. He claimed that President Smith had employment for him.

When questioned by Judge Diehl, Mueller said that he had walked from Salt Lake from Rexburg, Ida., and that he was hungry and thirsty. He talked coherently and gave a lucid account of his travels since leaving his native country five years ago.

Immigration Inspector McCabe is now making an investigation into the case with a view to deporting Mueller if the latter is insane. It is the opinion of Judge Diehl and others who heard the examination, that Mueller is sane, but that he was a trifle unbalanced last night by reason of hunger and fatigue.

OLD FOLKS ENTERTAINED.

Banquet and Melodrama Presented in
Granite Stake Hall Last Night.

The old folks of Granite stake gathered at a banquet and play arranged for their pleasure in the stake amusement hall last evening. The tables were arranged in the shape of a fan, so that all might have a good view of the stage. Covers were laid for 350, and it was quite a sight to see so many gray haired veterans assemblé around the banquet board. Messrs. Savage, Frank, Margates and Jensen of the old folks committee were looking after the welfare of the gray heads.

Following the suspension of the bank, Capt. Tygard was declared insane and was confined in a private sanitarium. He is 74 years of age.

GEN. GRANT'S BIRTHDAY.

Galena, Ill., April 27.—The birthday of Gen. Grant was celebrated today for the seventeenth time. This morning the cornerstone of the Carnegie Play \$50,000 building was laid. The commemorative exercises took place this afternoon in Grant park. The orator of the day was Senator Beveridge.

STRIKE AT STANFORD PROBABLE

San Francisco, April 27.—Strong possibility of a strike which will completely stop the building operations at Stanford university lies in a conference held here today between representatives of the building trades council and the Stanford trustees and cutters, who are now employed on the college campus. The men are after a raise in wages, and if it is not granted, they will probably walk out and take with them all employees engaged in the work of rehabilitation at Stanford.

"GENTLEMAN BURGLAR" CAUGHT

Chicago, April 27.—Edward Tate, known as the "gentleman burglar," who escaped from Peoria recently, was arrested today as he was about to enter the residence of a friend.

Tate was under arrest for blowing the safe in the office of the board of education at Peoria. The robbery is alleged to have been for the purpose of removing evidence against alleged accomplices of Newton C. Dougherty.

NEW COUNTY SCHOOLS.

Bids Will Be Opened Monday Night by
Granite District Board.

The school board of the Granite district will meet on Monday night and open bids for the \$50,000 of school bonds which were authorized recently at a special election for the purpose of building new school houses in the district. The board anticipates that the bids will be opened for the bonds as they are considered as first class investments by bondholders.

The board will also receive bids for the bonds as they are considered as first class investments by bondholders. There are several other contemplated when the school board meets on Monday night. When these are completed there will be no excuse for any child in the county being without a school. The school board will be so located that they will be in easy reach of all.

MEN SELECTING AN ARBITRATOR

Car Operators' Executive Com-
mittee Are Considering Sev-
eral Names Today.

THERE'S A RAINBOW IN SKY.

Prospects of a Peaceful Settle-
ment Are Now Decidedly Bright-
er Than Heretofore.

Special Union Meeting Called for Mid-
night When Entire Proposition
Will Be Submitted to Men.

Today is one of waiting in the street car controversy, with the rainbow promising a peaceful settlement through arbitration growing constantly brighter.
