

TALK OF THE TOWN.

Oden calls for a new Opera House. To-morrow is the longest day of the year. Prof. M. H. Hardy came up from Provo last evening. Matinees are the best patronized entertainments now-a-days. Apostle Orson Pratt attended the Tabernacle services yesterday. The Utah Central express was over an hour late this morning. A boy was run over in front of the Theatre, yesterday afternoon. Order & Patterson's saloon was entered by burglars last night and \$12 stolen. The Old Folks' Excursion leaves this city at 7:45 a. m. Be at the depot on time. The bishopric of the 15th Ward assisted in dispensing the sacrament yesterday afternoon. A post office has been established at Trenton, Cache County, with Andrew McCombs, P. M. The General Committee on Celebration meets to-night, at half-past 7 o'clock, in the City Hall. Three cases of drunkenness and disturbance, and one of vagrancy, were to-day fined \$10 each. John Henry Williams, Henry T. Williams, and Mary Olsen were today admitted to citizenship. Elias Morris, builder, has been awarded the contract for the erection of the new University building. Zion's Musical Society holds its second general annual meeting this evening, at 7:30 in the Council House. A meeting of the Salt Lake Board of Trade will take place next Saturday, at 11 a. m., in the Council House. A young man put on a bathing suit yesterday morning, and kept it on all day, in anticipation of the predicted flood. The "Two Orphans" was repeated on Saturday evening to a medium audience, and closed the Claxton engagement. Daily bathing trains have started, for the season. They leave here at 4:45 p. m. They will not run Wednesday on account of the excursion. It was rumored this morning that a row took place at Sandy, yesterday, in which three men were shot and killed. It was not confirmed. The telephone office is being moved from its former location to the Deverest Bank building. As a consequence, the wires are idle for a few days. General John E. Smith, who is to retire from the army, will be tendered a complimentary reception at Fort Douglas on Friday evening. Thomas Hyatt, of Minersville, shot himself through the head on the night of the 18th, in a temporary fit of insanity, caused by sickness. He lived about four minutes afterwards. A window blind of a residence on First South Street caught fire a little after midnight, on Saturday. The alarm was sounded, but the blaze was extinguished before it had made any headway. Provo announces its "rebellious" intention of marching behind the stars and stripes, with guns and sabres (if it wants to) on the glorious Fourth, "despite of my Lord Cardinal" or any other man. An usher in the first circle of the Theatre, Saturday night, received a slap in the face from a woman with whom he was expostulating for creating a disturbance. She and her partner were ejected. Four boys for stealing a number of articles from Dinwoodey's store on Sunday last were fined to-day. The oldest, aged 15, was fined \$10; two others \$5 each and the youngest, a 6-year-old, \$2.50. A young couple walked up City Creek Canyon yesterday afternoon. The lady, while standing upon a mossy rock near the stream, fell in. The young man borrowed a buggy at a neighboring house and took her home. The body of John Washington, one of the Alta snowslide victims, was brought to the city last evening, and consigned to its final resting place in the City Cemetery, alongside the other victims of the January disaster. The only case before the Supreme Court to-day, was that of Anton Eilers appellant vs. N. C. Bauman et al., respondents. It was argued, submitted and taken under advisement. Court adjourned till 9 a. m. tomorrow. The committee on amusements, appointed to superintend that portion of the Celebration proceedings, will meet with the various Ward committees of the same name, at 6:30 o'clock this evening, in the City Hall. One of Mulloy's carriages had a runaway yesterday. The bolt which fastens the tongue to the axle, the tongue dropped and scared the horses. Four men in the carriage jumped out. No one was hurt. The accident occurred near Short's butcher shop, the carriage was left near the Valley House, but one horse ran two blocks with the pole dangling at his heels. He was stopped near City Creek, on First West Street.

LOCAL AND OTHER MATTERS.

Temple Closing.—The St. George Temple will close on the 1st of July, and remain so until the 6th of September. Odd Fellows' Excursion.—The News acknowledges the courtesy of tickets for the Odd Fellows' Excursion, on the 22nd, from this city to Gardfield Landing and return, via the Utah & Nevada Railway. It will be a grand affair, and will have a large attendance. A Card.—There is to be a celebration by citizens on the Fourth of July next, at the Mill Farm Park, this city, and to successfully conduct it, will require material aid. Those who are desirous of assisting will please send their contributions to William Jennings, Chairman, or some other member of the finance committee. Respectfully, WILLIAM JENNINGS, Chairman, W. H. HOOPER, JAMES SHARP, E. F. SHERRIS, Z. F. SNOW, Finance Committee.

A Bad Event.—A very unfortunate occurrence, resulting in the death of a highly esteemed lady of this community, took place at Gardfield Landing yesterday morning about 11 o'clock. Mrs. Josephine Schettler, wife of City Treasurer Paul A. Schettler, accompanied by her husband and a little niece named Louise, and the solicitation of her brother, George Glorich, took the morning train for Gardfield, for the purpose of having a bath in the lake. Arriving at their destination, Mr. Glorich, who is an excellent swimmer, with Mrs. Schettler and the little girl Louise, procured bathing costumes and went into the water, the gentleman occupying the centre and supporting the others. It appears that the bottom of the lake was somewhat uneven thereabouts, and before they were aware, they had stepped out beyond their depth. The lady and child immediately became frightened and clutched their companion, who, while swimming at his best, did all he could to keep them above water, at the same time shouting loudly for help. His cries were heard by several bathers, a short distance away, who within the next three minutes came to the rescue and finally succeeded in getting the trio out of danger and upon the shore. Mrs. Schettler, however, had been under the water several times before help could arrive, and was struggling from the quantity of salt liquid she had swallowed. Alternately she would come to her senses, speak incoherently, and then relapse into unconsciousness. All this time the most strenuous efforts were exerted to restore her and relieve her system of the water it had imbibed. Muzzard plaster was put upon her breast and feet, brandy freely applied to the body, and everything done which could be suggested of a nature to resuscitate. Finally about half a gallon of brine was discharged from her mouth, accompanied by some blood, but not enough to indicate the bursting of a vessel, as some have supposed was the case. All was in vain, however, and the unfortunate lady breathed her last about two o'clock, three hours after the accident occurred. Dr. Hamilton was summoned from the city, but for some reason did not attend. He said last evening, after the body had arrived (at 8:20) that he could have done no more than had been done if he had responded to the call, and was satisfied that all possible means had been utilized under the circumstances. He pronounced the case one of prostration, caused by strangulation. The funeral will be held at 3 o'clock, to-morrow afternoon, in the 12th Ward. The deceased was a native of Bavaria; was 58 years of age, and had been married to Mr. Schettler 16 years. She was an excellent wife and a lady highly respected by all. We deeply sympathize with the sorrowing husband and family.

Burned to Death.—A gentleman drove in from Bingham last evening, bringing the terrible information that a man named Alexander Lawson, a son-in-law to Bishop A. McRae, had been accidentally burned to death in Bingham Canyon. He was working at a mine in that district, and had retired for the night in his cabin, which was located in the vicinity of three others, and, it is supposed, struck his mine's candlestick, containing a lighted candle, into the side of the house, and left it burning, and that it burned low, fell to the floor and set fire to the carpet. All four cabins were consumed. Lawson was found, burnt beyond all recognition, among the ruins of his domicile. The unfortunate event happened about two o'clock yesterday morning. The corpse was brought to the city last night, and conveyed to the Sexton's office, where it was prepared for burial. The funeral will be held in the 11th Ward Meeting-house, to-morrow morning at 10 o'clock. The record of the coroner's inquest has been sent after, but will not arrive until this evening. The deceased was about 32 years of age, and leaves a wife and several children. Mrs. Lawson, who, as intimated, is a daughter of Bishop McRae, left Bingham about a week ago, and came to this city, bringing her children, who were suffering from whooping cough, to get the assistance of her mother in nursing them. She came away with a single change of clothing, leaving all else behind. All her effects were consumed in the fire. As a consequence, she is entirely destitute, and being overwhelmed with sorrow at the loss of her husband, and with several small children to support, her condition is pitiable in the extreme.

Death by Suffocation.—R. N. Alsted, Esq., of Chester, Sanpete County, writes on the 17th, of a sudden death which occurred in the family of Brother Hans Nielsen, of that place, on the previous day. The father was in the mountains, and the mother was also away, leaving the children at home. Diantha Maria, the eldest, a girl of 14 years, although not feeling well, was doing some washing. She left the tub to attend to smoking some meat in an outdoor cellar, which is entered from the top by a ladder. It is supposed that she fainted and was suffocated in the smoke. She remained there for over an hour, until a man could be found to bring her out. Every effort was made, with the means at hand, to resuscitate her, but life was extinct.

At Black Rock.—About \$50 of the employee of the Z. C. M. I. shoe factory and tannery, under the care of Supt. Wm. H. Rowe, spent Saturday at Black Rock in a most enjoyable manner. They left here at 9 a. m., by special train. The wind blew all day, but could not succeed in preventing our excursionists from having a fine time. They indulged in the briny waters repeatedly, and in the afternoon, after a splendid picnic, held a concert and dance in the new dancing hall, lately erected there. The proposition, Messrs. Hyde & Taylor, spared no pains to contribute to the enjoyment of their guests. They furnish excellent meals and refreshments at reasonable rates, also hot and cold water for the public accommodation, and having already built the commodious dancing hall referred to, which is surmounted by a fine observatory, they are now engaged in putting up a number of neat and substantial cottages, for rent by the day or week. Saturday's excursion returned at 7:20 p. m.

Thursday's Race.—The Herald of yesterday was mixed a little on the trotting race which will take place next Thursday. "Countryman" and "Mary Emery" are each entered for \$500 a side instead of \$1,000, and the race therefore is for \$1,000 instead of \$3,000. The running race, mentioned in that paper also, between "Duffer" and a McKean colt, was never made and will not take place on that date, though there was an attempt made to have something of the kind between the heats of the main race. The trotting race for \$50 a side between Carlington's filly "Maggie" and a chestnut horse named by Jot. Travers, Esq., which has been advertised, is not now likely to come off as Mr. Travers' animal has met with an accident and will be unable to trot as expected. Out of all these rumors one fact is still conceded—that the trotting race will be closely contested and one of the finest trials of speed ever given in the Territory will be witnessed.

Bodies Found.—The following specials from Alta arrived on Saturday evening: Captain J. C. Morrell has organized a party to search for the body of Frank Darby, who perished in the snowslides of last winter. All the citizens of Alta will turn out and assist in the search to recover the body of the victim. The body of John Washington, one of the victims of the terrible snowslide which carried away part of Alta last January, was recovered Saturday afternoon at 5:30 o'clock. Washington is the man who was with Williams in the Job Lawrence boarding house when both were carried away. The body of Williams was recovered two or three weeks ago and sent to Salt Lake for interment. These were the only men in the mine at the time, the others having been discharged the day before the snowslide occurred, and these men were told to leave, but at their own solicitation, and on the promise that they would go in the tunnel, and not stay in the boarding house, they were permitted to remain. They failed to follow instructions, stayed in the boarding house, and that night it was carried away and both men with it. The body of Washington will be sent to Salt Lake to-morrow (Sunday) for interment.
