

MANY ARRESTS MADE IN PALERMO

Assassination of Lieut. Petrosini
Of New York Stirs Police to
Unprecedented Activity.

A QUESTION OF DIPLOMACY.

As to Whether United States Is En-
titled to Special Satisfaction from
Italian Government.

Palermo, Sicily, March 14.—The as-
sassination of Lieut. Petrosini of New
York has stirred the police to unprece-
dented activity. Many arrests al-
ready have been made, and these in-
clude a number of Italians with crim-
inal records who lately have returned
from the United States.

The suspicions of the police are espe-
cially centered on two notorious crim-
inals, one of whom is a thief of in-
ternational reputation and the other
an assassin at whose door are laid
many New York crimes. The latter
was obliged to leave the United States
because of the stringent watch kept
upon him by Petrosini. It is impossible
to ascertain the names of the men who
have been arrested, as the police main-
tain complete silence.

The Palermo authorities have ar-
ranged for the funeral and the body
will be shipped to New York.

A DIPLOMATIC QUESTION.

Rome, March 14.—The question has
been raised in Rome as to whether the
United States is entitled to special
satisfaction from the Italian govern-
ment on account of the murder of
Lieut. Petrosini of the New York police
department, at Palermo.

While the nature of the crime was
such as to stir the hearts of all the
people, the government officials point
out that only the diplomatic and con-
sular bodies are under the special
protection of the government. Pet-
rosini did not come under this head,
but was in the same category as any
American citizen abroad, contemplated
in the treaty between Italy and the
United States concluded Feb. 26, 1871,
and being that the subjects of each
country shall enjoy the same protec-
tion and security for their person and
property as natives.

The American ambassador has made
further representations to the foreign
office, setting forth the imperative
necessity for the protection of both Ital-
ians and Americans and bringing the
assassination of Petrosini to justice. The
foreign office officials assured him that
everything possible was being done by
Palermo to make a full investigation,
and the government, in addition to
leaving nothing untold to discover the
criminals, has offered large rewards
for their capture.

NEW YORK ARRESTS.

New York, March 14.—Lieut. Antonio
Vachis, chief assistant to Petrosini,
arrested four Italians in a little wine
shop in one of the squalid Italian quar-
ters of Brooklyn tonight. It was in-
dicated that Vachis had reason to be-
lieve the men had knowledge of the
plot to kill Petrosini. Stefano Castor-
neve, one of those arrested, who made

TUMOR OF FOUR YEARS GROWTH

Removed by Lydia E. Pink-
ham's Vegetable Compound

South Bend, Ind.,—“Lydia E. Pink-
ham's Vegetable Compound removed
a cyst tumor of four years' growth,
which three of the best physicians de-
clared I had. They said that only an
operation could help me. I am very
glad that I followed a friend's advice
and took Lydia E. Pinkham's Vege-
table Compound, for it has made me
a strong and well woman, and I shall recommend it as
long as I live.”—MRS. MAY FRY,
Lindley, Ind.

One of the greatest triumphs of
Lydia E. Pinkham's Vegetable Com-
pound is the conquering of woman's
broad enemy—tumor. If you have
mysterious pains, inflammation, ulcer-
ation or displacement, don't wait for
time to confirm your fears and go
through the horrors of a hospital opera-
tion, but try Lydia E. Pinkham's Vege-
table Compound at once.

For thirty years Lydia E. Pinkham's
Vegetable Compound, made from roots
and herbs, has been the standard remedy
for female ills, and such unques-
tionable testimony as the above proves
the value of this famous remedy, and
should give confidence and hope to
every sick woman.

HONEST ADVERTISEMENT OF LAND FOR SALE

San Francisco, March 15.—That
Uncle Sam would make a very poor
real estate agent is indicated by the
advertisement for the lease of Santa
Barbara island, which the government
has just issued. In the said state-
ment of the attractions of the little
island off the coast of California, no
attempt is made to gloss over its many
drawbacks as a place of residence.

The advertisement is a request for
bids in all its brutal frankness reads
as follows:
“The island is about 40 miles from
the mainland, is about one and one-
half miles long and one mile wide.
There is no water on the island and no
grass, but plenty of prickly pear
and shrubs. The island rises to an
elevation of 247 feet. Landing is at
all times difficult and can be effected
at only two places. The anchorage
is in eight fathoms of water, with
clean sandy bottom, but no good hold-
ing ground.”

CUBA STRUGGLING ALONG BRAVELY

First Month of Restored Liberty
Not One of Any Great
Achievement.

NOR IS IT ONE OF FAILURE.

Members of All Parties Seem Deter-
mined to Forget Differences to
Avoid Intervention.

Havana, March 14.—While the first
month in the life of the restored Cuban
republic has not been one of achieve-
ment, it has at least not been marked
by any incident calculated to confirm
the prediction that the experiment of
Cuban self-government was destined to
speedy failure. On the other hand, the
government of Gen. Gomez has still to
present assurances of its ability wisely
and firmly to direct the destinies of the
island. Cubans of all parties seem for
the time being determined to forget
their political differences and pull to-
gether to avoid another American in-
tervention.

At the close of the provisional govern-
ment, one of the most prominent Amer-
icans expressed the fear that the Go-
mez administration would collapse
within three months; but he added that
if it survived that period it probably
would endure indefinitely.

Only once has there been even the
faintest rumor of an uprising. This
was three weeks ago, when three dis-
charged officials in Santiago de Cuba
were reported to have taken to the
woods. The story was untrue.

A discouraging feature of the con-
gressional session is the multiplicity of
trivial measures. Among these were
bills to rescind the military orders of
the first intervention against “cock
fights and bull fights, to establish a na-
tional lottery and to change the name
of the revenue cutter service to that
of the Cuban navy. The general an-
nual bill, which was signed by Gen.
Gomez a few days ago, gave liberty to
hundreds of convicts throughout the
republic, all but the perpetrators of the
most atrocious crimes being included in
its provisions. One of the most recent
amendments which was accepted by
the house gravely declares that all
homages and suicides except those
serving life sentences for a second of-
fense shall be included in the amnesty.

STRANGE CASE OF LOSS OF MEMORY

Chicago, March 15.—One of the strang-
est cases of loss of memory in medical
records has been brought to light in
Milwaukee two years after it had its
beginning in Chicago, according to the
Tribune today.

William Childs, 35 years old, son of
the late George William Childs, Jr., of
Brooklyn, N. Y., has recovered his
memory after having been mourned as
dead and identified himself when he
heard the click of a photographic cam-
era. Two years ago, he told the Mil-
waukee authorities, “something snap-
ped” in his head and since that time he
does not know what route he has trav-

eled. He says it happened at a Moody
Institute meeting after he had been
working for a Chicago firm that used
cameras in its business.

Childs appeared in Milwaukee from
nobody knows where. He begged the
county authorities to find out who he
was. They could not help him until
the camera shutter aroused the sleep-
ing memory.

A photographer was sent out to get
his picture to send to those who
thought he might be J. A. Oatman, a
missing salesman. With the taking of
the picture, the man was cured of his
strange affliction.

According to the story he told the
doctors he is the son of a wealthy fam-
ily in Brooklyn. He said that for years
he was the chief clerk of the Anthony
photographic supply house in New
York City.

A telegram from New York stated
that Childs last was heard of in Chi-
cago before he was found in Milwau-
kee. It is said his father died in Sep-
tember a year ago.

CHARITY ENTERTAINMENTS.

Chicago, March 15.—“I once knew a
dentist who advertised that teeth are
pulled here while my hand plays,” in
these words Dr. Hirsch has adopted the
plan to do away with the entertain-
ment features of charity entertainments,
in a communication to a relief society he
declared that “most people who give a
charity want something in return.”
“I hope the day is not far away when
we won't have to give entertainments
for charity,” he said. “It is not right
and I am strictly against it. But un-
der present conditions we have to do
it and so let us make the most of it.”

MEMORIAL TO DR. BULL.

New York, March 15.—A committee
of prominent New York physicians has
under consideration the establishment
of a great institution for surgical re-
search as a memorial to the life and
works of Dr. William T. Bull of this
city, who died recently of cancer in
Savannah, Ga. The memorial will be
in the form of additional equipment for
the college of physicians and surgeons,
attached to Columbia university, with
which Dr. Bull was so long identified.

SPANIEL SUCKLES TWO LION CUBS

Los Angeles, Cal., March 15.—Fear-
ing that “Kil,” the African lioness in
the Elks Lake zoo would kill two
whelps born to her yesterday morn-
ing, Keeper Hilsen took them away
from her and gave them to a spaniel
to nurse. The spaniel cuddled up to
the baby lions and they seemed per-
fectly content. The keeper was fear-
ful that the lioness would kill her off-
spring because of the nearness of
human beings to the cage. After the
whelps had been taken from the cage
the lioness paced her nervously. At
intervals she voiced her grief in a
pitiful cry but a word from the
keeper would quell her.

ARGUMENT AGAINST TARIFF COMMISSION

Washington, March 15.—Declaring
that there is no middle ground, that
either protection or free trade must
rule this country, William Whitman,
president of the National Association
of Wool Manufacturers, in a letter re-
plies to the arguments of the adver-
saries of a tariff commission.

“The very nature of the tariff
problem,” he says, “imperatively
demands a non-partisan considera-
tion and the only way in which the
tariff can be taken care of properly
is by settling the tariff question as we
have apparently settled the gold
standard question and that is by de-
fecting the free trade party and over-
whelmingly at the polls that it will
have to do as the free silver party
has done and abandon its cause as
a hopeless fraud and delusion, con-
demned and abandoned by the Amer-
ican people.”

“A permanent tariff commission,
and to justify its existence by in-
cessant activity,” he says, “would be
a veritable plague to the country's
business. President Taft is right in
declaring that we can have no full
prosperity until the present tariff re-
vision is completed, and after that is
done, what the business of the country
wants is absolute rest for at least 10
years from tariff agitation.”

RAGTIME.

It Has Had Its Funeral, Says John
Philip Sousa.

Pinehurst, N. C., March 15.—“Rag-
time has had its funeral,” said John
Philip Sousa, the bandmaster, now here,
discussing popular music. “It had the
ghost of dyspepsia long before it died.
It was over-fed by poor nurses. Good
ragtime came and then half a million
imitators sprang up and as a result
the people were sickened with their
stuff.”

“I have not played a piece of rag-
time this season,” continued the march
king, “and it is simply because the
people do not want it. I used to play
it and I did not discriminate between
time and grand opera or anything else
that possesses merit. Some of the best
of the old ragtime will bear as clever
manipulation as Dvořák's slow-mo-
ved on the old Slavonic dances.”

POSEY RYAN KILLS WIFE AND DAUGHTER

Cheyenne, Wyo., March 14.—Posey
Ryan, a ranchman and freighter of
Fort Laramie, today shot and killed
his wife and daughter while the women
were eating dinner in a local restau-
rant. Mrs. Ryan and her daughter came
to Cheyenne about a week ago and
commenced suit for divorce from Ryan.
Ryan walked quietly into the restau-
rant and without warning put a bullet
through his wife's head and then shot
his daughter. He made no resistance
to arrest and told the police that the
women had bled him all he had and
that he expected to hang.

GEN. W. J. PALMER OF COLORADO DEAD

Colorado Springs, Colo., March 13.—
Gen. William J. Palmer, founder of
Colorado Springs, died at his country
seat, Elgin, west of the city, at 1
o'clock this afternoon. Death came as
a result of a fall from a horse in Oc-
tober, 1908, which resulted in breaking
his back. Gen. Palmer has often been
called the foremost citizen of Colorado.
He leaves an estate valued at \$15-
\$20,000.

Gen. Palmer was distinguished as
a soldier in the civil war, but his great-
est fame came as a railroad builder.
Immediately after having been num-
bered out of the service in the sum-
mer of 1865, Gen. Palmer, at the re-
quest of John Edgar Thompson, Thom-
as A. Scott and other Pennsylvania
railroad friends, was elected secretary
and treasurer of the Kansas Pacific
Railroad company. It was his con-
nection with that road which brought him
into conspicuous identification with
the development of the resources of this
state and with its upbuilding.

Gen. Palmer's connection
with the building of the Kansas Pac-
ific railroad to Denver in 1867-76, he
conceived and carried out several con-
necting interchanges.
Gen. Palmer remained president of
the Denver & Rio Grande system and
its directing personality until August,
1888, when he resigned to give greater

road, but he continued to be pres-
ident of the Rio Grande Western road,
extending from Grand Junction to Salt
Lake City, until April 1901, when he
withdrew from personal participation
in its affairs.

In connection with his inception and
construction of the Denver & Roa
Grade railroad, Gen. Palmer conceiv-
ed and founded upon a beautiful site
near the eastward base of Pike's Peak,
the city of Colorado Springs, near
which, at the foot of the Rocky moun-
tains, he lived since that city came in-
to existence in the summer of 1871.
