

MRS. MAYBERRY WANTS HER CHILD.

Comes to Town and Demands That
Former Husband Give
Her Up

SHE THREATENS TO KILL HIM.

For This She is Arrested and Placed
in Jail—Woman Denies the
Allegation.

The troubles between Andrew P. Mayberry, superintendent of the United States company's properties at Bingham, and his former wife, Mary A. Mayberry, have evidently been renewed again, and as a result Mrs. Mayberry was arrested last night by Deputy Sheriff Cowan, upon a complaint sworn to by her former husband, charging her with threatening to kill him. It seems that the present trouble, which was thought to have been ended in the divorce court over a year ago, when Mrs. Mayberry was granted a divorce from her husband on the ground of desertion, is over the custody of their daughter, Veta, who, upon an order of the court has been at Rowland hall ever since the divorce was granted.

Mrs. Mayberry has been in California ever since her divorce, and only returned north before last, and is stopping at the Halls. Yesterday she visited her daughter and asked her if she wanted to live with her or be raised by her father's second wife, the girl having married again recently. The girl said that she would rather wait until she graduated before she made a choice as to which parent she would live with. Mrs. Mayberry declared that she would never allow her child to be raised by Mayberry's present wife.

On a former visit of Mrs. Mayberry's to see her daughter, she says that she was prevented from doing so by the teachers at Rowland Hall, who acted under instructions from Mayberry. She went to Rowland Hall, determined to see her daughter and entered without knocking. She says they telephoned for a policeman, saying that she had a revolver and was going to kill her daughter, and had her removed.

Mrs. Mayberry was taken to the county jail last night, but was released upon furnishing \$200 bonds. She denies that she ever threatened to kill her daughter, and says that this is merely an attempt on his part to run her out of town, and that she intends to show him up. Mayberry attempted to commit suicide in this city a year ago last February.

TWO CRUEL HUSBANDS.

Jane Cullinan and Lillie Evans Tire of
Treatment Accorded Them.

Extreme cruelty is the ground for divorce set out in a complaint filed in the district court yesterday afternoon by Jane Cullinan against Patrick E. Cullinan. They were married in this city on Nov. 19, 1892, and it is alleged by plaintiff that defendant has repeatedly slapped her in the face and blacked her eye. On several occasions she charges that he has driven her from their home in the middle of the night and compelled her to seek shelter from her neighbors. By his repeated acts of cruelty he drove plaintiff from their home in Los Angeles and she was compelled to come to Salt Lake to live with her parents. In addition to a decree of divorce she asks that her maiden name, Jane Rowe, be restored to her.

Suit for divorce has been filed in the district court by Lillie Evans against D. J. Evans on the ground of cruelty. It is alleged that defendant has treated his wife in a cruel and inhuman manner and that he has charged her with indecent and improper conduct and his manner toward her has been very cruel for some time past. They were married in Texas on Feb. 17, 1895, and have two children of whom plaintiff asks the custody. She also asks that he be awarded \$35 per month alimony.

BUILDING OF BRIDGES.

Matter to be Regulated by Ordinance
Drafted by the County Board.

Chairman Anderson of the board of county commissioners, has drafted an ordinance to be introduced at the meeting of the board on Monday which has in view a more complete system of regulating the construction of bridges, ditches, waterways, troughs, and the laying of water and sewer mains along the public highways of the county. It provides that all bridges on sidewalks shall be as wide as the sidewalk and that all bridges on streets 66 feet wide or more, shall not be less than five feet narrower than the street, and on two-lane streets the bridges shall not be less than 20 feet wide. The bridges must also be built parallel and square with the street.

All waterways in the streets must be laid five feet from the curb line and sewer mains must be laid eight feet from the curb line. A permit must first be secured from the commissioners before any excavations are commenced for sewer or water pipes. The maximum width of ditches on the county roads shall be three and a half feet. Watering troughs must be constructed over

THE THOUSAND ISLANDS.

There may be somewhere on the earth a more delightful region than that of the Thousand Islands, but if there is, it has not been discovered. It is the Venice of America, but also has good hotels that can be kept warm if there shall happen to be a cold rainy evening. It is as fine as the Bay of Naples, with 2,000 picturesque islands scattered along the twenty-five miles of one of the most beautiful rivers in the world. You can find out a great deal regarding it in No. 10 of the "Four-Track Series," "The Thousand Islands." Copy will be mailed free on receipt of a 2-cent stamp by George H. Daniels, General Passenger Agent, Grand Central Station, New York.

INSPECTION OF FORT DOUGLAS.

Gen. Sumner, Commanding Division
of the Southwest, in
The City.

SPENT THE DAY AT THE POST.

Has Had a Wide Experience as an
Army Officer—His First
Official Trip.

Maj.-Gen. Samuel S. Sumner, commanding the division of the southwest, U. S. A., arrived in this city yesterday afternoon, on a delayed Rio Grande train, accompanied by Mrs. Sumner, and his military secretary, First Lieut. Hamilton Bowie of the Ninth cavalry. The party was met at the depot by Capt. F. J. Morrow of the Twenty-ninth infantry, and escorted to the Knutsford hotel in an army wagon, the general postponing his inspection of the post until this morning.

Gen. Sumner rode up to Fort Douglas this morning, where he was met by the five companies of the Twenty-ninth infantry down the new macadamized avenue, and escorted to the post, the artillery firing a salute of 13 guns, as the commanding general entered the lines of the post. He was greeted at the colonel's headquarters by Col. Lockwood and with his party invited into the house. Shortly thereafter Gen. Sumner went over the entire post, just as Lieut.-Gen. Chaffee did recently on the occasion of his visit here.

In an interview, Gen. Sumner said that he was on an inspection trip through his division, which includes the army posts in the states of Texas, Louisiana, Arkansas, Colorado and Utah, and the territories of Arizona, New Mexico, Oklahoma and Indian Territory. This is Gen. Sumner's first official trip, as it was comparatively recently that the country was thus divided up into army divisions. He has not been here since 1875, when he was a captain in the Fifth cavalry, and accompanied James A. Garfield, then chairman of the ways and means committee of the house of representatives. Gen. Sumner is an old Indian fighter, having in 1859, in Kansas under Gen. Carr, and in 1876 under Gen. Crook, also in the Chief Joseph campaign in 1877, as well as against the Shoshones in 1878. He was in the Geronimo campaign in 1885, when major of the Eighth cavalry. Gen. Sumner served in the Philippines and China for three years, returning to the states in 1891, where he served with marked credit, earning several promotions for gallantry in action. He was born in 1842 and was appointed in 1861, a lieutenant in the Second cavalry, from which rank he has risen to his present position. His father was a corps commander in the army of the Potomac, and his brothers were cavalry officers.

SOCIAL AND PERSONAL.

The dancing party and reception given last night by Col. and Mrs. E. F. Holmes in honor of Miss Henrietta Holmes of Chicago, may be termed the opening event of the fall season and will rank as one of the most elaborate

of the year. The palatial home was brilliant with lights and flowers, American Beauty roses, asters and palms, making it a veritable floral bower. The hosts and their guest of honor received in the drawing room, which was bright with great vases and jardiniere of roses and pink asters. Pink asters also adorned the dining room, while the library had lavender asters in dainty receptacles with pink and green ribbons decorating the candelabra. The art room and veranda had a lavish and beautiful arrangement of palms and ferns, the first having for a central picture a round table holding a great block of ice and electric fan, all these being hidden by a screen of purple and white asters, palms and ferns. The platform where the orchestra was stationed was also screened with the greens. The porch was a parterre of blooms—autumn leaves mingling with sunflowers in brilliant effect. Japanese lanterns shaded the lights and fuses and settees were everywhere—the lawn being also strewn with them. In the music room an orchestra composed of Willard Weihe, Arthur Shepherd and J. J. Olsen rendered a special program of music during the evening, while a separate orchestra rendered the dance music. The dance programs were decorated in forget-me-nots and tied with green ribbon. About 300 guests enjoyed the affair.

A pretty affair was the dinner given by Mr. and Mrs. W. A. Bagley, Jr., last night in honor of Blaine and Walker Saltbury, preceding the Holmes dance. The decoration was entirely in grapes, the fruit with its vines and leaves being most effective. The electric globes, table and sideboard and mantel were artistically done with the same fruit. Present besides the guests of honor were: Miss Stella Saltbury, Miss Gretchen McGrath, Miss Laura Sherman, Miss Leta McMillan, Miss Margie Miller, Miss Henrietta Holmes, James and Walker Saltbury, Karl Allen, Harry Roberts, Lieut. Parker and Lieut. Saunders.

The trolley ride back and forth was a delightful feature of the occasion.

MEN OF NATIONAL PROMINENCE GIVE STRAIGHT-FORWARD EVIDENCE

That Pe-ru-na Cures Catarrh Wherever Located.

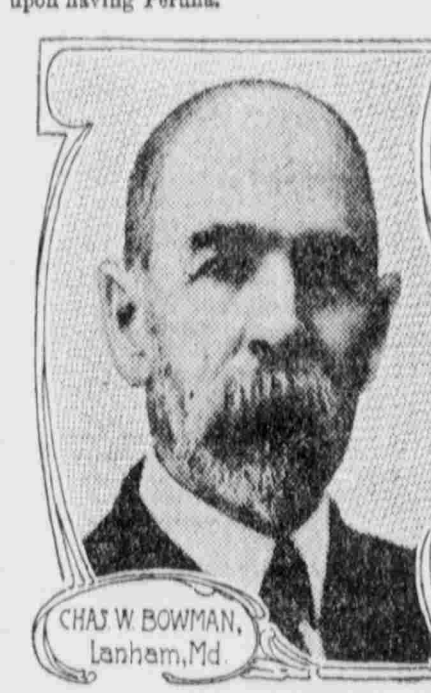

COL. NATHANIEL SHATSWELL, 1st Mass. Heavy Artillery, Army of the Potomac, past commander in the Union Veteran Legion, and a prominent Grand Army man, writes from the Museum, U. S. Dept. of Agriculture, Washington, D. C., as follows:

"I commend Peruna as a most agreeable as well as effective medicine. Catarrh and catarrhal colds are checked and generally cured by a judicious use of it. Peruna is a good promoter of digestion and an excellent remedy for a weak stomach. It tones up the appetite and is not at all disagreeable to take."—Col. Nathaniel Shatswell.

Mrs. W. E. Grissom, Henry, Ellis county, Texas, writes:

"I took Peruna faithfully over two months, and the result is a thoroughly renovated system and a strong, buoyant feeling, to say nothing of a cure of the chronic catarrh. Therefore I shall avail myself of every opportunity to speak of Peruna as a catarrh cure."—Mrs. W. E. Grissom.

Peruna cures catarrh wherever located. Peruna is not a guess nor an experiment—it is an absolute scientific certainty. Peruna has no substitutes—no rivals. Insist upon having Peruna.

COL. NATHANIEL SHATSWELL, Washington, D. C.

Chas. W. Bowman, 1st Lieutenant and Adjutant 4th M. S. M., Cav. Vols., writes from Lanham, Md., as follows:

"Though somewhat averse to patent medicines, and still more averse to becoming a professional affidavit man, it seems only a plain duty in the present instance to add my experience to the columns already written concerning the curative powers of Peruna."

"I have been particularly benefited by its use for colds in the head and throat. I have been able to fully cure myself of a most severe attack in forty-eight hours by its use according to directions. I use it as a preventative whenever threatened with an attack. Members of my family also use it for like ailments. We are recommending it to our friends."—Chas. W. Bowman.
