

EVENING NEWS.

Tuesday, Jan. 25, 1921.

LOCAL AND OTHER MATTERS.

TALK OF THE TOWN.

Showered during the night.

City Council convenes at 6 o'clock this evening.

Blinking eyes and blue noses common on the streets yesterday.

Tickets for to-morrow night's performance have been selling rapidly to-day.

The Marshall's accounts for the September term of the Third District Court have been allowed.

Gen. H. S. Eldridge has resigned the Superintendency of the C. M. I. Hon. Wm. Jennings is his successor.

The last rehearsal of the "Banker's Daughter," in preparation for Wednesday night, was held last evening.

Miss Ada Dwyer is astonishing the natives in Utah County. She gave readings in American Fork on Saturday to a large and appreciative audience.

A row occurred on Sunday at the depot between a hackman and a person who had hired a ride. The former pulled a pistol, was arrested and yesterday fined \$5.

The lecture given by Elder H. C. Fowler in the Sixth Ward Assembly Rooms, last evening, was well attended and very enjoyable. It was interesting, instructive and humorous.

The Alta relief committee held a session at the Cliff House to-day, at 3 p. m., for the purpose of hearing statements from those having claim upon the fund gathered for their relief.

Don't forget the lecture to-night in the Congregational Church for the benefit of the Alta sufferers. Mrs. F. L. Westcott is the speaker. Admission only 50 cents.

A burglary was attempted in the 21st Ward last night. Two men were discovered in the act of lifting up a window and on an alarm being given they walked off before securing any plunder. Look out for the rascals.

Under the auspices of the 11th Quorum of Elders, Elder A. N. Macfarlane delivered a very good lecture on "Co-operation" in the 21st Ward meeting house last evening. The subject was well handled, and were its hints and suggestions carried into effect, it would no doubt do much to enhance the prosperity of the people.

Mr. John P. Caine has received from a friend in New York a very handsome pane photograph of Dana, of the celebrated Sara Bernhardt. It is stated that in New York, the demand is as great for the portraits of this noted actress as one of the leading photographers of that city has more orders on hand than he can fill within the next ten months.

The news comes from Evanston of the death of Hon. William G. Tamm, of Evanston, a prominent member of the bar, of the Masonic Fraternity and at the time of his death Register of the Land Office for Wyoming. His death took place on the 23rd inst., on the cars, near Mexico, Mo., and was presumably caused by heart disease. He was going to the Hot Springs, Arkansas, for treatment.

Home Mission.—The Home Missionaries of the Stake will meet in the Council House to-morrow (Wednesday), evening, at 7 o'clock.

High Council.—The members of the High Council are requested to meet at the Council House, on Friday evening, the 25th inst., at 7 o'clock.

William W. Taylor, Clerk.

Convalescent.—The numerous friends of Miss Letha Pratt, who has been for several weeks prostrated with severe illness, will be pleased to learn that the young lady has so far recovered as to be up and around again.

The Turner Murder.—Welcome and Emerson, who are now known, Hopt and McConnell, the accused murderers of Johnny Turner, were brought into the District Court yesterday to have counsel appointed to defend them in their trial, which will take place, likely, during the present term. Messrs. John A. Marshall and L. J. Sharp were appointed to represent Hopt, and Judge Hoge and H. F. Williams, McConnell. The prisoners were then remanded.

Another Suicide.—We learn from the Miner that James Franklin, of Silver Reef, committed suicide on the 20th inst., at that place, by swallowing 15 grains of morphine. Strenuous efforts were made to restore him, but in vain. He expired about two o'clock on Friday morning. The body was buried at four p. m. of that day, the funeral being largely attended by the miners of the district. Domestic troubles induced the deceased to end his life. The day preceding his rash act, he had buried his little daughter, to whom he was devotedly attached, and this with other griefs, made him weary of this world.

Change of Superintendents.—A meeting of the directors of the C. M. I. was held yesterday, at which Gen. H. S. Eldridge, the able and successful superintendent of the Institution, resigned the office which he has held for a number of years with credit to himself, profit to his fellow stockholders, and the confidence of the patrons and employees of the house. His motive in retiring is to lighten his labors, which to his advanced age, are becoming burdensome and incompatible with good health. He withdraws with the respect and friendship of all connected with the mammoth Institution, and of the public generally, and leaves the business of the house in a very prosperous condition, in which it has been, indeed, ever since he assumed its management. He will be succeeded in office by Hon. William Jennings, whose name has long been a synonym for business tact and energy and financial success. We congratulate the Institution on having a person so eminently qualified as Mr. Jennings to take the reins of superintendence, and wish and predict for C. M. I., under his control, a continuation of its past and present success. The change will take effect on the 1st

A Dead End.

A young man named Nephew McLean was arrested yesterday on a charge of embezzlement of three shot guns, two from Mr. Nephew McLean and the other from Mr. Thomas Carter. He hired the guns last Wednesday for the purpose of going hunting and was to return them the day following. As he failed to do this, the proprietors began looking the matter up, and it finally dawned upon them that they had been made the victims of a fraud. At their instance McLean was taken into custody and returned one of Housers guns, which he had left at a house in the 10th Ward. Mr. Carter's gun was found at Madson's second hand store, where Madson had pawned it, and the remaining weapon in the possession of a gentleman in Park City, who, McLean states, took it from him by force. McLean was arrested at the Park yesterday and brought to the city last evening. While he was in the police court this morning, Mr. William Griffith, a butcher of the 11th Ward, came in and identified him as an individual who on Tuesday last received six dollars from him in advance in part payment for six "fine fat sheep," which the seller agreed to deliver on the Thursday following. Judge Pyper was making out this affidavit, when Mr. Cameron, of the New York Store, entered the court room and accused McLean of having on Friday last got four dollars from him for the purpose as represented, of visiting his brother who, he had just been informed by telegraph, had broken his leg, and sent for him to come immediately. Mr. Cameron let him have \$4 and took as security a promissory note, which he has since learned to regard as a forgery. As matters now stand, McLean will be held to answer four charges: two on embezzlement of the shot guns, and two for obtaining money under false pretenses. His examination began this afternoon about 3 o'clock.

Item from Arizona.

We have perused with pleasure an interesting communication from Brother S. F. Kimball, of Pinal City, Pinal County, Arizona, to a relative in this city. It was dated on the 15th inst. From it we are permitted to glean a few items.

Pinal City is a place of about 1500 inhabitants, situated 50 miles east of the Mesa, with a 35 mile desert lying between it. It was made and is supported by the Silver King Mine which Brother Kimball says is the richest mine in the world. It takes out \$200,000 per week and gets richer as the work goes down. Thousands of dollars worth of pure silver is shipped direct to San Francisco, without going through the mills, hence it is not quoted. The mine furnishes a splendid market to the farmers of that locality. "Sol" is there as an agent for hay, grain, flour, etc., and also with a partner runs a livery and feed stable and is doing well. In fact, is doing so well that he is encouraged to do better, and so intends getting married on the 24th of next month. The prospective Mrs. Kimball is Miss Zulee Pomeroy, at present a school-teacher at Jonesville, Maricopa County, whose inhabitants are not near so well pleased as "Sol," with the idea of their well liked preceptor's leaving them for his sake.

Pinal City has grown to its present population (1500) from 300 souls since last June, and although living is pretty expensive (water selling at 50c per bucket), the place is thriving and at its current rate of progress will soon become quite a town.

The Alta Benefit.

The closing rehearsal of the "Banker's Daughter," which will be played for the third and last time on Wednesday night, was held last evening and went off smoothly, every actor being well up in his lines and business. If to-morrow night's performance is not a success it will be from some cause unforeseen and hence that cannot be provided against. The stage will be as handsomely set as ever, and the acting if anything, should be better. As to the financial department, everything promises favorably. The Theatre, at the instance of President Taylor, having been generously offered free; the Club and the Carolea Orchestra, as well as others of the cast, having contributed their services, incidentally and added to by Gen. John E. Smith's courteous extension of the services of the 14th Infantry band will give additional color to the entertainment. But above all, the cause of charity to the unfortunate, which has induced the above, strongly appeals, and not in vain we are assured, to the great public heart which we are confident, will generously patronize the benefit of the Alta sufferers. Tickets have been selling rapidly since morning and already a good house is guaranteed. Secure seats at once before they are all taken. Last Wednesday night witnessed a "houseful" audience, an artistic entertainment and a grand financial success.

Good Condition.

The annual meeting of the Railroad Aid Society shows the Institution to be in a sound condition. The contributions for the year aggregate \$2,017.50; the disbursements, \$1,500.00; the balance, \$517.50. The following statement shows the percent of receipts and disbursements:

Contributions \$2,017.50

Disbursements \$1,500.00

Balance \$517.50

The officers for the current year are: president, Geo. Spry; vice-president, James Sharp; secretary and treasurer, Rodney C. Ballinger; directors, Francis O. Ballinger, Bulough, James Lattimer and Benjamin Jacobs. It is a gratifying situation.

While at Mesquite, to attend the claims of James H. Wilson, Senator Allison was given information that he could have the treasury vaults. No three men have been known to make them open, and he has been

BRIEF TELEGRAMS.

Wilmington, N. C., is excited over the new spectacle of heavy snow and a heavy rain of sleet, and in the evening engaged in snow balling.

In the N. Y. telegrams, Al-bert, Philadelphia, last night at 11 o'clock, R. Moore, second, Vint third, Al-bert fourth, 33 miles, Moore is the victor.

The effect of the late severe weather has been a drawback to the vessels loading for California, as it has been almost impossible to get freight to the ships.

A boiler exploded to-day, five miles from Long Prairie, Minnesota, killing one and seriously injuring three. The man was moving fence posts, and using a thrashing machine for power.

John J. Anderson and others, have filed papers incorporating the Way City Mining Company, with a capital of \$1,500,000. They are to operate in Arizona with their principal office in New York.

Government offers a reward of \$500 for the discovery of the perpetrators of the Salford outrage, and \$100 and a free pardon to any accomplice, not being the actual perpetrator, who shall give information.

Suits have been brought against the Kansas Pacific Railroad to recover damages on a number of bonds which the company issued three years ago and which were still unpaid. The company answers that it had been consolidated with other companies.

Gen. Sir Geo. Collyer's column, four miles long, advanced from New York towards the Transvaal frontier Monday. The Zulus and Swazis refused the proffered money and by the Boers to join in a rising against the British.

Justice Hayes has approved the sentence of the court martial in the case of paymaster J. H. Nelson of the army, who is charged with the destruction of the service, confined two years at hard labor in a penitentiary, and fined \$2,500.

The British bark Governor, Capt. H. Chand, which sailed from New York January 19, for Queenstown, has returned. On the 20th the crew mutinied, and taking the wheel from the mate put the vessel about and returned to port.

Gen. Asahel Gridley, of Bloomington, a leading citizen for half a century, died at his residence, he was almost a millionaire and was imprugable as a banker and as a lawyer was the brilliant cotemporary of Lincoln, Breese and Douglas.

The House select committee on pensions has been taking testimony of a discharged employe of the bureau named Cain, who charges that Commissioner Bentley has allowed checks to be passed on the pretense of calling upon applicants for pensions, and allowed them to charge time and mileage.

This is the way one of our New England cotemporaries gets even with a rival: "A dispatch informs us that the latest styles of gentlemen's shirts are of black cloth with small white spots. All that our editor friend will have to do to be in the fashion will be to simply take a piece of chalk and make spots on his shirt."

IT IS TRULY WONDERFUL

TO SEE what improvements now exist in the construction of railway travel only a few years ago. To become convinced of this, one has only to select for his route East, the popular and well-known

CHICAGO & NORTHWESTERN MILWAUKEE.

You are landed by the Union Pacific R. R. in the Union Depot at Council Bluffs, where stands the C. and N. W. Palace train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, elegant Day Coaches, Smoking, Baggage, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago. On this route, you will travel over the superb track of steel rails, comfortably seated in this train, one scarcely diverts his eyes from the high rate of speed at which he is riding. The track of this road are always on time, connections made, and passengers seeking pleasure, comfort, safety and speed in traveling will find the "North Western" in excess of their expectations, and the greatest of all routes to Chicago and the East. Hold upon your seats, and holding your tickets via this route, all agree to sell them. Examine your tickets, and refuse to buy if they do not read over this Road. If you wish the best traveling, and a safe route, you will buy your tickets by this route, and WILL TAKE NO OTHER.

RECOVER FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for its attention of our readers. He says: "In the fall of 1876 I was taken with a violent attack of THE LUNGS followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my lung, and gave me a bill for \$100. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable. My cough had almost entirely disappeared and I felt better spirits than I have for three years."

"I write this hoping you will publish it, that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work. Sold by all druggists."

Nothing Short of Unmistakable

conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SARSAPARILLA enjoys. It is a compound of the best vegetable alteratives, with the addition of Sarsaparilla and iron, and it is the most effective of all remedies for scrofulous, mercurial, or blood disorders. Uniformly successful in its action, it produces rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases, and all disorders arising from impure blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities, and is a potent restorer of health, and imparts vigor and energy to the system. It has been in extensive use, and is to-day the most available medicine for the suffering sick, anywhere.
