PATENTS

obtained for new inventions, or for improvements on old ones, for medical or other compounds, trade-marks and labels. Caveats, Assignments, Interferences, Appeals, Suits for Infringements, and all cases arising under the Patent Laws, promptly attended to—inventions that have been REJECTED by the Patent Office may still, in most cases, be patented by us. Being opposite the U. S. Patent Department, and employed in Patent business exclusively, we can make close researches, and secure Patents more promptly, and with broader claims, than those who are remote from Washington. INVENTORS will send us a model or sketch of your device; we make examinations and advise as to patentability free of charge. All correspondence strictly confidential. Prices low, and NO CHARGE UNLESS PATENT IS SECURED. We refer to Washington, to Hon. Postmaster General D. M. Key, Hon. F. A. Ponter, The German-American National Bank, to officials in the U. S. Patent office, and to Senators and Representatives in Congress; and especially to our clients in every state in the Union and in Canada. Address

C. A. SNOW & CO.,

[CHECKMATE.]
BEAUTY:
OR, THE
Secret of a Fair Face
An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.

Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of real beauty—a pure and clear complexion.

What nature has thus denied, art must be called upon to furnish.

It can be done; it is done daily. Prof. W. E. Harris placed Beauty within the reach of every unblessed daughter of Eve when he discovered that surprising article known in fashionable circles as the true secret of beauty, and called
MAGNOLIA
BALM

The MAGNOLIA BALM is a sure device for creating a pure and blooming complexion.

It conceals all natural blemishes in the most surprising and effective manner.

It removes all roughness, eruptions, redness, blotches, freckles, and tan with magical power.

It drives away all evidences of fatigue and excitement.

It makes the plainest face beautiful.

It gives the complexion a dazzling purity and makes the neck, face, and arms appear graceful, rotund, and plump.

It makes a matron of 35 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.

The Magnolia Balm removes all blemishes and entirely every drawback to beauty; and, while it is as harmless as water, it is an effective secret of—that the closest observer cannot detect its use.

Ladies who want to make themselves attractive can make an absolute certainty of it by using HARRIS'S MAGNOLIA BALM, and we know of no other way. It is the cheapest preparation in the world, all things considered, and may be had at any drug store.

BY TELEGRAPH.

THE WESTERN UNION TELEGRAPH LINE.

Last Night's Dispatches.

EASTERN.

Reports of the Pestilence.

NEW YORK, 19.—The southern relief committee of the Chamber of Commerce, to-day, sent $2,500 to the Howard Association of Memphis, $2,500 to the Memphis citizens' relief committee, and $2,500 to New Orleans. This committee has nearly $15,000 remaining for distribution. Mayor Ely received contributions to the relief fund today aggregating $2,189. Lester Wallack is arranging a grand benefit at his theatre. The American District Telegraph Company have sent receipted bills to the various committees for all the work done for them.

Mobile, 19.—There were two fatal cases on the 17th, and another case is reported.

New Orleans, 19.—The board of health has no quorum. Dr. Loeber and Col. Haruee, members, are sick with fever. The former is improving. Messrs. Nott and Boyd are also absent.

Dr. Ribbee, inventor of the fever cot, was taken sick to-day on Canal Street. Dr. Choppin, whom he met advised him to go to the hotel Dieu, which he did at once. Dr. Choppin thinks that as the doctor has been up with a patient since Saturday he is only prostrated from overwork. Fever is reported on the Kernagen plantation.

Weather cooler and cloudy; threatening rain. Deaths reported, from noon to 6 p. m., 29; cases 86, of which 41 are prior to the 16th.

Canton, Miss., 19.—In justice to our many friends, too numerous to mention, all over our beloved land, we issue this our circular to notify them that we are no longer in need of provisions or money. From the north, east, south and west, money and provisions have flowed in, and from the bountiful supply we are enabled to say to you all that our every want is supplied. To our brethren all over the country we extend the hand of brotherly love and friendship. We will never be able to repay you, but we can pray Almighty God to shield you from the pangs that we have suffered. The fever is abating, and we have but few cases to-day to report. We hope for a favorable change.

(Signed) G. W. THOMAS,
Prest. Howard Association.
S. C. DENINE,
Chairman Relief Committee.

Washington, 19.—At a meeting of the executive committee of the yellow fever relief committee, of this district Dr. Woodworth, surgeon general of the marine hospital offered the following, and it was adopted:

Whereas, In the absence of concert of action of the several yellow fever relief committees and associations throughout the United States, some of the afflicted cities have had thier wants supplied so far as money can supply them, while other places still stand in urgent need of help, therefore

Resolved, That this yellow fever relief committee respectfully invites the co-operation of the several relief committees and associations throughout the United States, and to further this concert of action this committee, which is in official communication by telegraph with all points afflicted, will undertake to give information so far as possible of the needs of the several afflicted cities and towns.

Morgan City, 19.—Fever is increasing. Nine deaths and seven new cases the last 48 hours.

Terry, Miss., 19.—The fever is much worse since Dr. Metcalf left: three deaths and four new cases.

Memphis, 19.—There is no doubt of the abatement of the disease in this city, but it is for want of material. The official report of the board of health, for the past 24 hours, ending at 6 p. m., shows a death rate of 62. The medical corps of the board of health report 150 new cases. Dr. R. W. Mitchell, medical director of the Howard Association, reports the spreading of the disease in the outskirts of the city, extending as far as a radius of eight miles. Daily applications are made for physicians and supplies from small towns along the line of the railroads running into Memphis, which we have in every instance filled. To-day physicians were sent to Langrange and Bartlett, Tenn., at which points fever has made its appearance. Holst & Bro., undertakers, closed their doors to-day, as George W. Sutton, the foreman and their last representative, was stricken down.

The dead body of a colored woman was found by the police, today, at No. 62 Madison St. She had been dead for several days, and the rats had partly eaten her.

P. S. Carroll, secretary of the Italian relief committee, made an appeal this afternoon upon Italian orgaulizations in the United States to assist in taking care of the Italian sufferers in Memphis, as there are many in need, and many orphans to provide for. All donations can be remitted by telegraph to A. B. Vaccaro, treasurer.

Vicksburg, 19.—The day has been very warm and cloudy at times, but to-night is clear. The reduction in new cases the past few days has been very great, and in several cases, physicians think of leaving within a very short time. New cases to-day show an increase over yesterday. Fifteen deaths are reported to-day. The postoffice here is reduced to one employee, all the others being down or having died with fever.

The Chinese Embassy.

WASHINGTON, 19.—The Chinese embassy has arrived and is quartered ot Twentieth and Fifth Streets. Soon after his presentation to the President, the chief embassador, with a portion of those accompanying him, will go for a time to Spain and Peruto organize Chinese diplomatic services in those countries.

Statement of Customs Collections.

A statement has been procured in the Treasury Department, made up from the monthly reports of the collectors of customs for the year ending June 30th, 1878; showing the receipts and expenses in each collection district and the number of persons employed. Following are the aggregates shown by said statements, viz: Total amount of duties collected in coin, $128,828,-164; aggregate receipts from all sources in coin and currency, $132,-026,406; total cost of collection throughout the United States $5,-525,787; total number of persons employed, 3,565; average percentage of cost of collection 4 1-10th. The per cent cost of collecting revenue during 1877 was $6,256,614; the cost of collecting revenue in 1878 was $5,525,787; showing a saving in 1878 of $730,826.

Captain Ead's Mississippi Jetties.

The Second Comptroller of the Treasury having decided that the material for the work of the jetties at the mouth of the Mississippi must be actually used before payment can be made to Captain Eades, the question was submitted to the Attorney General. He decides that when the material has been delivered and is under the control of the United States, which fact must be certified by an engineer or the officer in charge, payment can be made to Captain Eades.

Wreck of the "Alex. Nichols."

KEY WEST, Fla., 19.—The American brig *Alex. Nichols*, from Cienfuegos, with a cargo of sugar for Boston, was wrecked on the Florida coast. She is a total loss. The first mate, cook, and one seaman were drowned.

Mysterious Daylight Robbery.

BALTIMORE, 19.—Col. Wm. M. Boon, president of the Mount Vernou Cotton Mills, and director of the National Bank of Baltimore, was robbed of $27,870 in bonds and $37,000 in cash. The robbery occurred in broad daylight and at a busy time of the day, but, so far as known, there is no clue to the perpetrators. It is understood that the bonds and money were kept in an ordinary bank box, but all the gentlemen connected with the affair were extremely reticent, yesterday, and keep details secret.

Discovery of a Robbers Camp.

HAT CREEK, Wyo., 19.—Two packers, just in from the north, report finding the main camp of the robbers who infest the Black Hill stage line, 65 miles north of here. There were 14 men, and two women dressed in men's clothes, in the gang. The packers saw the horses taken from the freighter Booth, in the camp. They afterwards met three of the robbers some distance this side the main camp.

Body Found.

CHICAGO, 19.—B. W. Fay, whose body was found, last night, on the dock, is shown, by to-day's investigation, to have shot himself, and, by an ingenious contrivance, caused his revolver to fall into the river.

Wind and Rain Storm.

MILWAUKEE, 19. — There has been a heavy wind and rain storm here since early this afternoon, which have done considerable damage.

Daring Robberies.

TOLEDO, 19.—While a military parade was in progress on Summit Street, this morning, the Commercial National Bank was entered from the rear of the premises and robbed of $8,000. The thieves escaped without discovery.

About the same time the delivery room of the postoffice was entered, and postage stamps, amounting to $2,000 taken. There is no clue to the robbers.

A Spanish Frigate Foundered at Sea.

PHILADELPHIA, 19.—The bark *Carlos* has arrived with 153 officers and crew of the Spanish frigate *Pizaro*, foundered at sea.

The *Pizaro* was homeward bound. She left St. Georges, Bermuda, on the 5th for Fayal, and sprang a leak during a hurricane on the 9th. The water rose rapidly and put out the fires. The vessel was kept afloat for two days by bailing, and when she was sighted by the bark *Carlos*, her crew and officers were completely exhausted. Her crew came off in boats at 7 a.m., but did not reach the bark until 4 p.m., when they were in such an exhausted condition that they had to be hoisted on board.

WESTERN.

Postmaster Key and Party.

SAN FRANCISCO, 19.—Postmaster General Key and party arrived at Stockton this morning from Yosemite, and after a brief inspection of objects of interest took the train for Sacramento, to attend the State fair. He was received by the officers of the State agricultural society, and will be tendered a grand civil and military reception to-morrow.

Nevada Republican Convention.

A Eureka dispatch says: The Nevada republican convention adopted a platform declaring the validity of Hayes' title, denouncing the Potter investigation as revolutionary, thanking the Nevada senators and representatives for their support of the silver bill, and demands further legislation to the end that the coinage of silver be placed on an equal footing with gold, favoring legislative and congressional control of railroads, and repudiating a third term. A resolution in favor of the Texas Pacific was voted down.

Howard and the Surrendered Indians.

A Portland dispatch says: Gen. Howard has been collecting the bands of surrendered Indians at Camp McDermitt, and the whole of them, aggregating about 1,000, are being transferred to Camp Harney. They are held as prisoners, and are to wait the pleasure of the government. The country is cleared of all the bands of Piutes which have been engaged in hostilities. Gen. Howard recommends that they be taken to Indian Territory, or some other distant locality. The general desire of the people is that measures should be taken without delay to effect permanent settlements with the Indians of Moses' band on the Upper Columbia.

China and Japan News.

Arrived, the steamer *City of Tokio*, Hong Kong, *via* Yokahama, brings the following:

Hong Kong, Aug. 23.—Rain has fallen abundantly in the northern provinces, and good harvests are expected.

No further devastations by famine are anticipated.

Hostile demonstrations against English missionaries in the interior of Turkish provinces, and the destruction of property and life are threatened. The consular authorities at Toochaw are taking preventive measures.

A decree has been issued by Viceroy at Nahking, ordering the confiscation of every house rented for opium smoking. This wholesale movement is expected to prove more effective than any previously undertaken.

Yokahama, Sept. 2nd.—There were two mutinous outbreaks of discontented soldiery in Tokio, on the nights of August 23rd and 30th. A portion of the regiment of the Imperial Guards, dissatisfied with the awards of presents, decorations, etc., for services during the rebellion last year, formed a conspiracy to seize their arms and leave their barracks, probably with the purpose of demanding explanations from the leading members of the government. Their full intention, however, remains unknown. The plot was discovered beforehand, and ample precautions taken. Some 200 rioters succeeded in forcing their way out of the quarters, after murdering one colonel and two officers of the lower rank, but were speedily confronted by an overpowering force, and reduced to submission. The second rising was less serious and was partially a successful attempt to set at liberty the mutineers arrested on the first occasion. About 20 lives were lost in both disturbances. Quiet is now restored, and no further serious consequences are feared, although the ill feeling is known to still exist among the jealous agitators.

Dr. W. Ap. Jones, American manager of the Government Sheef Farm in Shimosa, 40 miles distant from Tokio, was attacked by three Japanese while sleeping, on the night of August 30, and severely cut with swords. An American named Russell was slightly wounded in the affray. Two of the assailants were captured and confessed their purpose of robbery, although they succeeded in carrying nothing away. Mr. Ap. Jones' recovery is confidently hoped for.

News of the reciprocal treaty between the United States and Japan produces a remarable sensation, especially in the British Legation, where it is felt that a great advance in American interests has thus been made, and that British influence must correspondingly decline.

Oye Take, the former Governor of Kanugawa, and Matsu, the official of Genro in the consultative assembly, were condemned for complicity with the conspirators in the late Satsuma rebellion. The former was sentenced to ten years and the latter five years imprisonment.

The latest census shows the population of Japan to be 34,338, 404. A steady and large incease since 1875.

NOTICE.
In the Probate Court in and for Salt Lake County, Territory of Utah.
In the matter of the estate of WILLIAM BRAZIER, deceased.
PURSUANT to an order of said Court in said matter, notice is hereby given that Saturday, the 31st day of Aug., A.D. 1878, at 10 a. m., at the County Court House in Salt Lake City, has been appointed the time and place for the hearing of a petition filed in said matter by Caroline Brazier, praying that a certain document therewith filed, purporting to be the last will and testament of the said deceased be admitted to probate, and that letters testamentary be issued to her, at which time and place all persons interested may appear and contest the probate of said will.
