

GOOD SCHEME FOR FIRE PROTECTION.

Commercial Club Committee Has A Project for Benefit of Property Owners.

MAINS THROUGH CITY BLOCKS.

Sewers and Water Pipes in Down Town District—Chief Bywater's Plan in Detail.

It is generally understood that a committee of the Commercial club has charge of a project that, if carried out, would mean a great deal to property owners, especially in the business districts, of Salt Lake City. The scheme contemplates nothing less than great and material improvements in the sewer system. It has been suggested that sewer mains be built through the center of each block in the business district, and the suggestion seems to be meeting with much favor among business men here.

But there is another feature connected with the proposed scheme, which has been suggested, which is declared, will be far-reaching in its benefits to Salt Lake business men and to the city at large. If sewers are placed through the center of each block, it will be necessary to run watermains through also, for the purpose of flushing out the sewers. Now while it would not require an extremely large main for this purpose, the question has been asked:

"Why not place at least an 8-inch main along with the sewer pipe, and erect two fire plugs in the center of the blocks?"

The inestimable advantage obtained by such an improvement can at once be recognized. In addition to the great help it would be to the fire department, like advantages would be obtained by the waterworks department, the street department, property owners and the city generally. It would also mean a material reduction in fire insurance rates, and this alone would be a very great time, pay for the improvements.

In discussing the matter this morning, Chief Bywater of the fire department said:

"If sewer pipes were constructed through the blocks as you suggest, of course it will be necessary to have water. If an 8-inch watermain were placed along side of the sewer pipe and fire plugs erected in the center of the blocks, two plugs at least, it would mean valuable advantages to the city, for the following reasons:

"Insurance rates would be materially decreased for the good and sufficient reason that the fire protection would be better. It would be such a building, as a fire department, the facilities for getting to the fire from the rear of a burning building would be greatly enhanced. It would save a much water in the summer time when the pressure is always low. Why? For this reason: With every 100 feet of hose stretched, there is a reduction of 15 pounds pressure to every 100 feet. In July and August when the pressure is none too good, with a short line of hose at the rear of a building, we could do better work because we would have a better pressure, save water and do faster work. In short, it would give the department a great advantage in coping with a fire, of course this applies to the business district."

"Another valuable advantage would be given to the waterworks department for this reason: When a new building is to be erected, and new water service required, such buildings could be connected from the rear of the premises to the main running through the alleyway. It would benefit the street department, because it would dispense with the constant tearing up and obstruction of our main streets in the paved district."

"I repeat that the project you speak of would result in a considerable reduction of insurance rates, and the improvements would save a great deal of money. But the main point is that it would give us a better pressure, save water and do faster work. The scheme is a good one and I sincerely hope that it will be fully materialized."

YOUNG LADY'S LIFE SAVED.

G. R. Day Stops Runaway—Robber Flees—Boys Returned.

(Special to the "News.")

Ogden, March 31.—Deputy Sheriff Cowan of Salt Lake came to Ogden this morning to take back with him two boys named Fred Jaeschke and Albert Cheatham, wanted in that city for robbery.

W. M. Miller, the colored man arrested on the charge of robbery, was arraigned before Judge Howell this morning and entered a plea of not guilty. His hearing was set for Monday at 2 p. m. and his bond fixed at \$500, which he was unable to furnish.

NOT JOSEPH.

Jefferson Wilcox, the man who committed suicide yesterday afternoon, was formerly a resident of Milleville, Cache county, where he has a wife and several sons. He also has children at Alberta, Canada, and a daughter in Salt Lake.

G. R. Day of Salt Lake yesterday succeeded in stopping a runaway in Ogden, but in doing so had his right wrist broken. His heroic effort, however, probably saved the life of a lady who was in the buggy to which the runaway horse was attached.

A 16-pound son was this morning born to the wife of Dr. Edward I. Rich, All well.

ANTLERED DELEGATES.

Fifty Elks of Salt Lake Lodge No. 85 To Prove.

Following are the 50 delegates elected last night to represent the Salt Lake Lodge No. 85 of Elks at the coming annual convention to be held at Provo: Ben D. Luce, J. G. Barthel, J. C. Leary, A. D. Tobin, M. E. Mulvey, Thomas Homer, J. J. Greenwald, J. O. Nyström, Lester D. Freed, J. S. Critchlow, J. Enzensperger, W. H. Dale, Ralph Guthrie, C. B. Diehl, Lewis D. Martin, H. E. Booth, P. P. Christensen, G. R. Cleveland, C. J. Crabtree, A. J. Davis, M. A. Daugherty, H. E. Deardoff, James Devine, P. J. Donahue, H. J. Faust, Jr., F. L. Gardner, W. W. Hall, B. B. Heywood, F. L. Hines, J. P. Meakin, Jacob Moritz, D. S. Murray, H. P. Mylon, C. E. Warren, Tom D. Pitt, W. P. Read, F. C. Richmond, C. D. Rookledge, Dr. H. R. Scott, C. C. Sinds, W. F. Snyder, Bjarnmark Snyder, E. D. R. Thompson, W. H. Tru-

mayne, A. Fred Wex, Simon Bamberger, George Ames, C. M. Neuhauer, R. F. Redman, W. S. Hall.

THE RECORD.

Storms of Yesterday and Today Bring Precipitation for March to 4 inches.

The storm of yesterday, and the precipitation today, brings up the precipitation for the month of plump four inches, which is exactly the record for March 1876. The storm extended all over the state, the fall at Modena, being registered at .35 of an inch. The rain covered the Green River desert, and extended east of Grand Junction. The day is threatening, and there have been snow squalls part of the day, but the forecast for precipitation are fair for tonight and Friday, with rising temperature.

LATE LOCALS.

J. A. Benson of Parowan is in the city.

The state board of education will hold a meeting in State Supt. of Schools Nelson's office on Saturday afternoon at 2 o'clock.

Mrs. W. C. Higgins and daughter, Marjorie, expect to leave next week for southern California, where they will spend several months.

Clerk Judd of the city board of education will pay off the March payroll of the board officials, employees and the salaries of the schools on Saturday. The total amount of the payroll is \$42,600.

Two cases of smallpox were reported to the board of health yesterday afternoon. The persons afflicted with the disease are Miss Schettler, 225 Fourth street, and George Shill, aged 25, 4 Florida avenue. The latter was removed to the quarantine hospital.

Today is payday for the city officials, councilmen and members of the fire and police departments. The total amount of the payroll, which are being paid by City Auditor Felt, is \$12,900.40, which is segregated as follows: Officials, \$4,325; council, \$325; fire department, \$4,480.90; police department, \$3,678.50.

M. S. Sprague has filed suit in the district court against L. P. Christensen et al. to foreclose a mortgage on part of lots 7 and 8, block 75, plat A, Salt Lake City survey. The amount of the judgment asked is \$10,000.

Sued for Death.
Stief Laskovich, administrator, has brought suit against the Southern Pacific for \$25,000, for the death of Michael Laskovich, who was killed in a collision between gravel and water trains on the Lucin cut-off.

TEMPLE NOTICES.

The Salt Lake Temple will close on Friday evening, April 1, and reopen on Tuesday morning, April 5, for baptisms only, and will be open again on Thursday morning, April 7, for other ordinances.

The St. George Temple will close Friday evening, March 25, 1904, and will reopen Tuesday morning, May 24, 1904.

JOHN D. T. McALLISTER, President.

The Logan Temple will close on Friday evening, April 1, 1904, and open again April 11, 1904.

M. W. MERRILL, President.

HOME GOWNS.

Now that good practical common sense is taxing women the economy of having a different style of dress for the house from what is worn in the street, more and more attention is paid to the house gown all the time, and there is, consequently, a much larger choice possible in design, material and color. A street gown lasts twice as long when it is reserved solely for street wear, and the change to a gown of lighter texture for the house is rational and economical. The gown is a soft silk and satin, all are enrolled upon the list of materials for house wear, while all colors may be chosen from. For the moment the fashion is in favor of more vivid colors than last year, and there are some greens, blues, cerises, and browns that are almost crude in effect and require considerable toning down to be altogether satisfactory. A light brown soft silk trimmed with embroidered chiffon in the same color and with an apple-green satin bodice would be too glaring were it not for the yellowish lace jabot and ruffles in the sleeves, while a bright blue crepe de chine would be impossible were it not for rows of blue velvet ribbon a shade lighter in tone, and the white chiffon and lace undersleeves and full front—Harper's Bazar.

JUNIOR GOLFERS.

Junior golfers have received a knockout blow in the west. The deathknell of the youngsters so far as the competitive side of the sport is concerned was sounded at the recent meeting of the Western Golf association. The resolution to bar the knickerbockered youth was carried by a 3 to 1 vote.

This means that hereafter fond fathers who like to see their hopefuls figure prominently in championship tournaments will have to "pony up" the initiation and dues demanded of regular members or else forego the pleasure of expatiating their prowess on the green.

It was decided to widen the scope of the association. Hereafter any club within 500 miles of Chicago or west of the Mississippi river may join, provided it is either an associate or an allied member of the United States Golf association.

THE DEMAND FOR \$100 BICYCLES.
It is a peculiar thing that \$100 bicycles are still the demand, as proved by the concern of which Colonel A. A. Pope is president. This company offers a machine with a two speed gear, a coaster brake and similar conveniences at \$100, which have been sold in considerable numbers. Of course there are bicycles at lower prices, but the above proves that the enthusiasm of cycling among certain people is as fervent as ever.

DIED.

CARLISLE.—At Mill Creek, Salt Lake county, Utah, March 29, 1904, Isabelle C. Carlisle, born in Mission, England, daughter of L. J. Carlisle, Church of Jesus Christ of Latter-day Saints in 1880, and emigrated to Utah in 1881.

Funeral from parents' residence, rear of 824 Fourth Street, Friday, April 2, at 2 p. m. Friends are invited to attend.

Idaho Falls papers, please copy.

RECEIVER T. R. HINDS.

He Will Not Receive \$200,000 For Five Days' Service.

Helena, Mont., March 31.—The supreme court, in an opinion by Associate Justice George R. Milburn, has reversed the judgment of Judge Wm. Clancy of the district court of Silver Bow county, allowing Thomas R. Hinds \$200,000 as compensation and \$21,116 as expenses for the five days he was receiver of the Boston and Montana properties in the case of "Forrester" and MacGinniss against the Boston and Montana, and the suit brought to recover the amount claimed for compensation and expenses, will be tried again in the lower court. The supreme court states that the evidence in the records is not sufficient for it to decide upon a just and reasonable compensation for the receiver and for an expense allowance.

Chief Justice Theodore Brantly concurs in the opinion, but Associate Justice William Holloway dissents from the disposition made of the case by the supreme court. He is of the opinion that the evidence is sufficient for the court to decide upon the amount which should be allowed the receiver.

The opinion states that the receiver is entitled to remuneration for his services and to be reimbursed for any reasonable expenses incurred while discharging the duties of the receivership, but it says that the property of the defendant should not be confiscated to pay either such expenses or compensation.

DON'T RISK A PENNY.

GET WELL FIRST.

For 30 years I've been a physician. I have treated nearly two million cases! Surely you'll admit that such experience must have taught me some certain things.

And—all that I know of disease and cure—all that I have proven to be worth knowing—is condensed into my six books for \$1.00.

Write for a free copy today. They tell of my great discovery that practically all diseases can be permanently cured through the Sympathetic Nerves. Not the nerves we feel with, see with, hear with, but the inside nerves.

It is these, that unconsciously operate the vital Organs—the Heart, Liver, Kidneys, Brain, etc.

When these inside nerves get run down, that Organ which is weakest in the body loses its power to act properly. If then through its work upon the other organs.

These Organs in turn, become affected through over work, and so, scarcely any case is found without complications. I proved it useless to doctor the individual Organs themselves while the Nerve-power to fully operate them was lacking.

Sedatives, temporarily deadened the pain, but increased the distress afterward. Tonics revived the drooping powers, only to insure relapse so soon as the stimulus was withdrawn.

Of what use is it to move about the hands of a watch if its mainspring be seriously weakened?

There is but one sensible thing to do. Visit my office and receive my better prescription. That is what my now famous, prescription—Dr. Shoop's Restorative—does.

It acts directly upon the Sympathetic Nerve Centers just as steam acts in an engine.

It provides, through these inside nerves, the power to make the weakest organ do its duty.

It enables weak organs to cast off their clogging waste matter, and to repair their worn tissue.

It runs the human mill at full capacity. That mill produces enough material to keep itself running without further help.

So sure am I of this Restorative that I authorize certain Druggists everywhere to supply it on a month's trial, practically all who write me for that privilege.

To supply it at my expense if it fails to benefit at your expense if it cures. The cost is but \$5.00 for six bottles, including my professional help during treatment.

Could anything better prove my faith in this system, than this voluntary test? Could anyone furnish you better grounds for confidence?

You should get my book, which tells how to use this Restorative. Write for it today—now you can't get well too soon.

Just specify, which of the six you need. Book 1 on Dyspepsia. Book 2 on the Heart. Book 3 on the Kidneys. Book 4 for Women. Book 5 for Men (sealed). Book 6 on Rheumatism.

Address Dr. Shoop, Box 5713, Racine, Wis.

B. S.—Simple cases often yield to one bottle of Restorative. All druggists carry it. But all druggists do not supply it on a month's trial. You must write me for that.

BUSINESS NOTES.

Two sets of articles of incorporation were filed in the county clerk's office this afternoon. They are Christensen's Academy; capital stock, \$16,000, in shares of \$10 each. L. P. Christensen is president; Moise Christensen, vice president; and Lotta Christensen, secretary and treasurer. The other is the city Drug company of this city. Capital stock \$2,000, in \$10 shares. Joseph Dedrick is president; S. J. O'Connor, secretary and treasurer. The company will do business in Park City.

Today's local bank clearings amounted to \$513,285.30, as against \$572,898.72 for the same day last year. The clearings of the current month amounted to \$1,990,669.08, as against \$1,779,105.69 for the same month of last year.

COLD'S LEAD TO PNEUMONIA.

LAXATIVE BROMO QUININE removes the cause. To get the genuine call for the full name and look for the signature of L. W. Groves, 28c.

During conference or any other time be sure and buy your Seeds at Vogel's.

SALE OF SEATS ON.

Nelson-Welch Match Creates Interest Among Local Fight Fans.

Interest in the Nelson-Welch twenty-round boxing contest, scheduled for next Tuesday night at the Salt Lake Theater, is fast becoming a topic of conversation. This morning that indications pointed to record breaking attendance.

A few rings have been erected on the stage around which raised seats have been built. The chairs have been so arranged that the ring is in plain view of seats. The sale of seats is now going on at the Smokehouse, 42 West Second South, and the Auditor. The general admission seats will be sold at the gate at the Salt Palace.

Both Welch and Nelson are putting in hard lifts at their training quarters, and promise to be in superb condition for the battle.

WESTERN MARKET LETTER.

Special Correspondence.

Kansas City, Mo., Monday, March 28.—There were some good Kansas feed, range steers on the market last week, which sold at 10 to 25 cents better than the previous week, at \$3.75 to \$4.10. Range bred she stock was scarce, but included some fine lots of western feed heifers, which sold 10 to 15 cents higher than the previous week. There was a large supply of range fed stockers and feeders, including some lots of Colorado, Oklahoma and Texas stockers, which brought as high as \$4.65; prices averaged 10 to 15 cents higher for the good, and strong to 10 cents higher for common to medium. This stuff sold fully in line with native stockers and feeders, and eastern feeders or buyers showed a partiality for it, because of the good showing western stock stuff has made in the feed lots. Stock calves were strong to a shade higher. Supply today is 7,000 head, including the usual proportion of range stock. Stockers and feeders are strong; cows, heifers and butcher stuff steady; beef steers steady at 10 cents lower than the close of last week.

Sheep and lamb prices gained some last week, and good markets were the rule. Scarcity of aged sheep still continues, and they sell better than yearlings and lambs; ewes and wethers are now bringing the highest prices of the winter. Supply today is liberal at 7,000 head; market active at a shade higher prices, although nothing strictly choice is included. Best lambs bring \$5.75; medium to common grades, \$4.80 to \$5.25; yearlings sold at \$5.20; ewes \$4.60; wethers, \$4.85.

RECEIVER T. R. HINDS.

He Will Not Receive \$200,000 For Five Days' Service.

Helena, Mont., March 31.—The supreme court, in an opinion by Associate Justice George R. Milburn, has reversed the judgment of Judge Wm. Clancy of the district court of Silver Bow county, allowing Thomas R. Hinds \$200,000 as compensation and \$21,116 as expenses for the five days he was receiver of the Boston and Montana properties in the case of "Forrester" and MacGinniss against the Boston and Montana, and the suit brought to recover the amount claimed for compensation and expenses, will be tried again in the lower court. The supreme court states that the evidence in the records is not sufficient for it to decide upon a just and reasonable compensation for the receiver and for an expense allowance.

Chief Justice Theodore Brantly concurs in the opinion, but Associate Justice William Holloway dissents from the disposition made of the case by the supreme court. He is of the opinion that the evidence is sufficient for the court to decide upon the amount which should be allowed the receiver.

The opinion states that the receiver is entitled to remuneration for his services and to be reimbursed for any reasonable expenses incurred while discharging the duties of the receivership, but it says that the property of the defendant should not be confiscated to pay either such expenses or compensation.

SINKING OF THE HANVEL MARU.

The Japanese Deeply Resent Action of the Russians.

Tokio, March 31, 9 p. m.—The action of Russian warships in sinking the Japanese steaming ship, Hanyel Maru, last Saturday, has been deeply resented by the Japanese. In official circles the attack upon and the sinking of this vessel near Tain Chin island is pronounced to be a clear violation of the neutrality of China besides being an act of wantonness against a defenseless craft. The sinking of the Japanese steamer Nakomura Maru by the Russian Vladivostok squadron near the Tsugaru straits is recalled.

The Hanyel Maru was an old steamer of 54 tons, and had been chartered by some correspondents of a Japanese newspaper. After transferring 10 Japanese and seven Chinese from the Hanyel Maru, the fire of two vessels was directed upon the steamer and one of the Russian torpedo boats destroyed her several shells through her hull. When she appeared to be sinking the Russian ships started at full speed in the direction of Port Arthur.

Three of the crew of the Hanyel Maru concealed themselves on board when the Russians came over to remove them and later escaped in a junk from the sinking vessel.

The Japanese generally pronounce this affair to be a barbarous breach of the laws of the nations and of humanity.

The account received from Che Foo yesterday of the sinking of the Hanyel Maru says she fell in with some Russian warships on Sunday morning, March 27, off the Mianao islands, between Port Arthur and Che Foo. She was sunk by them after almost all her passengers had been removed. One passenger, however, and the captain and an officer of the Hanyel Maru remained on board. These three men reported to have escaped to floating wreckage until they were rescued by some Chinese fishermen. They eventually reached Teng Chow.

JUDGE KALUA'S CASE.
Will Not be Removed and Will Not be Reappointed.

Honolulu, March 31.—Gov. Carter has received from Washington the report of the department of justice on the charges against Judge Kalua of the Second circuit court of the United States. The report recommends that he be removed from office at present, but declares that he should not be reappointed at the expiration of his term which is July 1, 1905.

The charges against Kalua included corruption, intoxication on the bench, incompetency and improper political activity. The report says Kalua admits that he at times takes something to drink, and that he has been under indictment under the influence of liquor on election day, but that his denial of the other charges against him are satisfactory. It continues as follows:

"It is the general policy of the government to permit natives in our new possessions to hold office if they are reasonably fit, and not to fix too high a standard by which to test them or permit local political feeling to oust them."

Judge Kalua's name in this report has been a personal and sensational attack upon G. A. Davis, a lawyer, who was formerly attorney general of the territory and who is now a member of the territorial supreme court, but alleged unprofessional conduct, but who subsequently was reinstated.

Davis left here yesterday on the steamer Ventura on his way to Washington, where he will oppose the reappointment to office of Judge Kalua. Judge Kalua is Supreme Court Clerk and Assistant Justice Perry.

CAR BARN MURDERERS.

Bad Bungle Made in Sentencing Them to Death.

Chicago, March 31.—Seemingly a bad bungle in the sentence of the car barn bandits, Neldermeier and Vandine, confronted the state's attorney's office today. The judge presiding over the trial, a long legal battle seemed in prospect. The Illinois statute provides that the date set for hanging must not be earlier than the tenth day of the next term of the supreme court nor later than the 25th day of the next term, which, according to the law, will be the 27th day of the supreme court's term. Application was made today for writs of habeas corpus in behalf of the bandits. The writs were issued by Judge Cithraus and were made returnable Monday.

The spring and conference edition of the "News" to be printed Saturday, will be a great number to send away to friends interested in Utah.

Three Crown Baking Powder.

Helps the Baking and never disappoints.

Three Crown stands for highest quality.

Fill-in Washed Out.

Evansville, Ind., March 31.—The Hazelton fill-in on the Evansville & Terre Haute railroad, was washed away today, closing traffic between Evansville and Vincennes. A hard rain has been falling for four hours, rendering the general situation more serious. The Hazelton fill was constructed at a cost of \$600,000 and after many years work. It was at this point 10 years ago that during a similar flood an entire passenger train on the Evansville & Terre Haute railroad disappeared in a quicksand which is at the bottom of the fill and nothing but a piece of one coach was ever found. It was never known how many were killed as no bodies of train crew or passengers were ever recovered.

Ultimatum Considered.
Altoona, Pa., March 31.—In secret session today the central Pennsylvania miners delegates considered the operators' ultimatum of a 5-cent pick mining rate, it was defeated unanimously. A new offer of convention of the Illinois miners and operators meeting at the Indianapolis agreement. The miners' officials are springing to avert a strike.

Fighting at Chong Ju.
Seoul, Korea, arch 31, noon.—Detailed reports received here of the engagement of arch 28 between Russians and Japanese at Chong-Ju, Korea, say the fighting lasted two hours, at the end of which the Japanese forced the Russians to retire toward Wiju. Two Russian dead were left on the field, while other bodies were carried off with the column.

A Japanese lieutenant named Kano and four privates were killed, while Capt. Kurokawa and 11 privates were wounded.

Will Print Merger Decision.
Washington, March 31.—The senate today passed a joint resolution providing for the printing of 2,000 copies of the record of the Northern Securities merger case in the supreme court for free distribution.
