## UNION PICKETS VERY INSOLENT.

They Stop Carriages and Hacks. Warn Drivers Against Carrying Passengers With Parcels.

## COMPELLED WOMEN TO WALK.

Employers' Association Delivers an Ultimatum to Leading Team Owners.

## THEY MUST DELIVER FREIGHT

Or Lose Business—Trouble With Non-Union Colored Teamsters—Met With Yells of Derision.

Chicago, May 2.—The conditions of union pickets stationed on the curbing in state street and Wabash avenue have been supplemented greatly in numbers with the result that, in spite of the vigilance of the police, carriages and hacks are stopped and drivers and their fares warned against attempting to carry purchases home from the boycotted stores.

Store employees burdened with bundles are stopped and their parcels taken from them, and torn open and searched by the pickets and union sympathizers to see if they are attempting to deliver goods to customers or only carrying their own property to their homes. After assuring the pickets that the contents of the bundles belong to them they are not disturbed further.

In one instance a hired carriage was stopped in Wabash avenue, and the occupant, a woman shopper, compelled to get out and walk. Another woman, with both arms full of bundles, was caught by the skirts and stopped as she was about to step into a cab in state street. The cab driver was warned not to take her as a fare. Undaunted, the shopper walked to another corner, where she hailed a second cab. Again she was stopped by the union sympathizers. Finally she boarded a street car.

Only a few hacks or cabs ventured to drive up to the entrances to any of the state street stores. In most cases the drivers request their passengers to alight on the opposite side of the street and walk over to their destination.

With one exception, none of the state street stores attempted to make deliveries to the residential districts yesterday, although at all the boycotted establishments assurances were freely given that the wagons would start out today.

With few exceptions the liveries generally refuse to carry passengers to a boycotted store.

The sidewalks and the surface and elevated cars are thronged with men, women and children carrying bundles of all sizes and descriptions.

## EMPLOYERS' ULTIMATUM.

Chicago, May 2.—The outcome of a move to bring the teamsters' conflict to a close was eagerly awaited today by the employers and unionists. The employers' association had delivered an ultimatum to five leading teaming contractors who prepared to deliver goods and take up the matter was anxiously looked forward to.

The team-owners quit making deliveries to stores when the teamsters entered upon the strike.

The team-owners were informed that they must either deliver freight to the boycotted stores or lose the business permanently.

To deliver goods as demanded would cause a spread of the strike to 5,000 more drivers.

The five teaming companies are: American Express, United States Express, Stockton company, W. P. Henke Transportation company, Christopher M. Lynch and Stephen Clark.

The team-owners seemed determined to fight the fight, and an employer says: "The unions have extended the strike and we will simply go one better and extend it ourselves if necessary. There is no use drifting along on the defensive."

Among the many detachments of incoming strike-breakers who arrived in Chicago today, the largest single number came from Detroit. They were escorted by police through the streets to the strike breakers' headquarters.

## MEN ON STRIKE DUTY.

Assistant Chief Schuetzler reported today that he had 1,000 men on strike duty. This force, he claimed, was able to protect 350 wagons in caravans. Where single wagons are sent out, a guard of six patrolmen is provided. The attitude of the pickets, which has been involved in some doubt, is declared to be opposed to the extension of the strike to their teamsters.

In general it was stated the various backing companies will pursue their practice of conveying meat to their own distributing stations by union teamsters and selling from there to the boycotted firms as to any other customer. The boycotted firms will be promptly served. Provided the backing companies are not asked to make direct deliveries.

A PICTURESQUE SIGHT. A procession of 500 non-union colored teamsters going from their lodgings to the Employers' Training company barn at Franklin street and Jackson boulevard, where the city railway strike broke during the city railway strike here some months ago and who have recently been active in labor troubles at St. Louis, followed Curry's novel procession and as it turned into Jackson boulevard from Michigan avenue, the strike sympathizers, with yells of derision, began throwing stones and bricks. Police Lieutenant Dillon was struck on the head, staggering him.

## CONSEQUENCES VERY GRAVE.

General Strike Ordered in Poland and Lithuania—Warsaw Outwardly Quiet.

## St. Petersburg, May 2.—

Bad as was the rioting at Warsaw, Lodz, Kalisz and other places in Poland yesterday and yesterday was the hostility everywhere displayed against the police and the Russian authorities the uprising was far less formidable and the results less bloody than anticipated. The authorities had given due warning of their intention to permit no demonstrations and the troops quelled the disturbance ruthlessly. All reports, however, indicate that the demonstrators were comparatively few in number, the vast bulk of the population fearing trouble remained in doors. Where trouble occurred the crowds were armed with bombs and revolvers. In Warsaw a red flag procession was dispersed by two volleys, Cossacks and ulans then charging and cutting down the people in the streets, driving them into courtyards and beating them with sabres and whips in the cruel fashion peculiar to these wild horsemen of the steppes. About a hundred persons were killed or seriously wounded, according to the reports, women and even children sharing the fate of the men.

At Lodz workmen attacked the police with bombs and were charged by dragoons and ulans who cut off the bomb throwers, drove them into a house, surrounded it and then fired upon those inside, killing three persons and wounding many.

According to the reports which have reached St. Petersburg from Kalisz the workmen there for a time had the upper hand in the police. Such a wage rate of 12 a day for bricklayers' laborers and 15 for plasterers' laborers. This is an advance of 20 and 30 per cent respectively.

Members of the Builders' association declare they cannot accede to the demands because Manhattan contractors could easily underbid them.

## Big Fire in San Francisco.

San Francisco, May 2.—Fire broke out in the property of the Arizona Warehouse company at Sixth and King streets late yesterday and the building and its contents were totally destroyed. The loss is estimated at least \$100,000. The stock destroyed was of a varied character and the greatest difficulty was experienced in extinguishing the fire in a section that contained oil, sulphur and other combustible.

The following were among the heaviest losers, Alaska Packers' association, Arnold Hardware company, Ames & Harter, Baker & Hamilton, the California Bates & Company, John Rogers Brothers company, Beck, Wakefield & Co., W. F. Boardman & Co., Commercial Pacific and the staff of the American embassy.

Chicago Old People's Home. Chicago, May 2.—A gift of practically \$50,000 to the Old People's home of Chicago from Nathaniel S. Bouton is involved in two real estate conveyances that have been filed for record. It is proposed to sell the property and devote the proceeds to the erection of a national building for the home at Indiana avenue and Thirty-ninth street.

## Slave Girl Ordered Deported.

San Francisco, Cal., May 2.—The final decision has been handed down by the United States circuit court of appeals in the case of Ah Sou, a Chinese slave girl, who was sold to a man in the pretense that she was the daughter of Mas Sou, a merchant of that city. It was shown afterward that she was not his daughter but a slave girl of Ah Hin, who had bought her in China. The court orders that she be deported to the country whence she came.

## Fifth Japanese Loan.

Tokio, May 2.—The tabulations of the subscriptions to the fifth loan of \$50,000,000 have not yet been completed, but there are indications that the entire loan has been placed at a premium. It is evident that some of the larger interests were temporarily withholding their subscriptions in order to obtain part of the loan at the best possible rate. The \$50,000,000 subscribed yesterday was largely at a premium, and the majority of the subscribers were from the smaller investors and capitalists.

## YACHT MAYFLOW.

Thought to be Missing but Turns Up All Right.

New York, May 2.—A yacht, believed to be the former cup defender Mayflower, which has been missing since Sunday, and concerning which there has been some anxiety, was sailing off Sandy Hook bay, off Atlantic Highlands, N. J., today.

The Mayflower is owned by Mrs. E. M. Barker of this city. With several guests on board, Mrs. Barker took the yacht down to the harbor for a spin on Sunday. Friends of some of the members of the party became alarmed when they did not return yesterday and began a search for the yacht. It was discovered that the Mayflower had been around near the entrance of the Shrewsbury river for a time on Sunday but was soon lost.

## COMMITTEE REQUESTS ALEXANDER TO RESIGN.

New York, May 2.—The Evening World reports that the Prick investigating committee summoned James W. Alexander before it today and asked him to resign his office as president of the Equitable Life Assurance society. According to the Evening World, Mr. Prick said that although he could not promise for a certainty, he would try to get Mr. Hyde to resign temporarily any way, if Mr. Alexander would resign.

## BURLEY LOTS SOLD LIKE HOT CAKES.

Some Choice Corner Locations Went for as High as \$1,000.

## IDEAL SEAT FOR CASSIA CO.

Indications Are that There Will be an Effort to Move Court House From Albion.

## From advices over the telephone from

Burley, Ida., the sale of lots in the townsite of the new city was an unqualified success. Indicative of the competition the poorest locations changed hands at \$15 and the corner lots in the choicest situations fetched \$1,000. Just why unbroken sagebrush should command such figures is not forthcoming, unless there should be a big future before the town of Burley.

In this connection George Aiken, head of the telegraph construction department of the Oregon Short Line with headquarters at Pocatello, this morning, stated that Burley undoubtedly was destined to become the seat of Cassia county, and that everyone in the Twin Falls district would vote to have it transferred from Albion in the near future. In fact the majority was practically assured from the outset. In his opinion, the fortunate purchasers are in line to make good money on their investment of yesterday. In this connection he affirmed that some people who got in on the ground floor at Twin Falls last October, for say \$200, can realize \$5,000 for their holdings today.

At yesterday's drawing 524 numbers were selected, each number entitling the holder to four lots. The payments on the lots required one-third of the purchase price down at the time of selection and the balance in easy payments. The fact that the sales realized \$50,000 and of this amount \$20,000 in cash was paid in yesterday speaks volumes regarding the briskness of the bidding. Quite a number of people remained over today in order to make selections as the day was too short to clean up in yesterday.

The sale commenced at 2 p. m. with about 1,500 people present. At that hour Fred Reed mounted a wagon in front of the townsite offices and read off the conditions of sale. The drawing followed. As the lottery is a government patented purchase it set direct title to the lots.

The new town of Burley is situated on the north bank of the Snake river about one mile distant from the stream. It is located in the heart of the coming agricultural district of Idaho, which will be irrigated by the Minidoka and the Twin Falls canal systems. It is about 12 miles from Milner and 45 from Twin Falls and stands in the bend of the Minidoka branch, now building which it starts to take a straight line west to the main line of the Oregon Short Line. Its location is an ideal one for a county seat.

## Shoe Machinery Trust.
