We still occasionally receive communications for publication without anything more than a *non de plume* attached. Our friends should remember that we must know the names of our correspondents, though not necessarily for publication.

We have received from Dwyer's "The Alarm," an anarchist organ, published weekly in Chicago. It is well named, because it is of the red-hot, pro-Spanish kind, showing the views and professions of the government snuffers.

Quite a number of those who went from this vicinity to the Snake River Valley are returning, and bring very discouraging accounts of the prospects for settlers. They say that all the land worth having is taken up, the remainder being valueless without water, which cannot be brought on to it.

LOCAL NEWS.

Deseret Hospital.—The hours for visitors at the Deseret Hospital have been changed, and are now from 2 to 4 the afternoon, at which time the matrons, Mrs. Jennie Whipple, will take pleasure in showing visitors through the establishment.

A Good and Useful Book.—We have examined "Seaman's Universal Treasure House of Universal Knowledge." It is an elaborate compilation of facts. It comprises the treatment of innumerable useful subjects, and although but one volume of over 1,000 pages, it is of itself an entire library in compendious form. There is scarcely a topic upon which information is desired that does not explain. Mr. George S. Booth is agent for this valuable work.

Cruelty.—It is related of a man living over Jordan that he is so mean and cruel that when one of his cows, who had some teeth, kicked him, while being milked, he immediately obtained an ax and cut off her leg. On another occasion his brother-in-law's horse broke his fence in jumping over, and he got his ribs and shoulders broken. It is about time for the organization of a society for the prevention of cruelty to animals, or the enforcement of an ordinance for the purpose.

Arrest at St. Johns.—The officers are giving Tooele County their attention in seeking cases under the Edmunds law. Day before yesterday, Deputy Marshal Vandercrook made his appearance in the village of St. Johns, Tooele County, and arrested David E. Davis, on a complaint sworn to by Marshal Ireland, charging Davis with unlawful cohabitation with Annie Simpson Davis, Polly Simpson Davis and Sarah Ann Simpson Davis. The amount of bail is placed at \$1,500, Thomas W. Morgan and James Wrathall being sureties.

A PECULIAR QUARTETTE.

FOUR DESPERATE CHARACTERS IN ONE FAMILY.

Fred and Mark Moss, lately brought in from Iowa by Sheriff Cazley, of Juab County, and who are to have an examination on Saturday at Provo, before Commissioner McKay, next Saturday, are two of four brothers who have a remarkable reputation. They are all quite young, Fred being 21 and Mark (half-brother to the three) 22, James being 23 and Stephen 27. James is also in custody. Stephen, on account of turning States' evidence, retains his liberty.

This enterprising quartette formerly resided at Richfield, Sevier County, and at an early age developed a marked propensity for appropriating other people's property to their own use. About three years ago, Stephen, the only one of the four married, removed to Levan, Juab Co., and the others lived most of the time with him, his house being their headquarters—a species of robbers' roost.

One of their exploits is alleged to have been the robbery of Mr. Wm. McAllister, from whose wagon they purloined goods to the value of \$150. They are also accused of robbing the Levan Co-operative store, from which they carried away \$200 cash, a watch, and pocket-book containing some valuable papers. They subsequently returned the pocket-book, however, placing it on the steps of the store, where it was found a few days after the burglary.

In the same town they are said to have also burglarized two blacksmith shops and a private house.

On their way southward, probably with the intention of getting out of the country, a number of men watched their movements. Stephen and Mark came suddenly upon this party, leveled their pistols on them, made them throw up their hands, and as soon as they got a sufficient distance away the two desperadoes stole a couple of horses. They rode these furiously for 16 miles, when one of them gave out from exhaustion.

Both then rode the other animal for five miles further, when they also succumbed to fatigue, and they continued their flight afoot, and escaped.

In the meantime Stephen and Mark were taken into custody, and the former gave many details of the operations of his confederates in crime. Mr. Hudson, prosecuting attorney for Juab County, happened to be at Juab Station when an express package addressed to Stephen reached there. He got the letter to sign an order for it, when it was obtained and found to be a pistol shipped from Provo by Fred.

The telegraph was freely used to track the fugitives, and they were finally traced to Iowa, where they have an uncle. A letter from Fred to Stephen, written at Council Bluffs, and mailed there, contained a certain, as in that directed that something should be shipped to him for Jewell Junction, Iowa.

Word was sent to Iowa to arrest the two men, which was done. By the aid of Marshal Ireland, a requisition from the Governor was obtained, and the two prisoners were by that authority brought here by Sheriff Cazley, of Juab County, who went east for the purpose.

Since the first developments in the cases, a large amount of stolen property, which was cached underground, on shed roofs, in cellars and other out of the way places, has been recovered at Levan by the officers. It is said to amount to over a wagon-load.

Something New.—There is on exhibition at Savage's Art Bazar a novelty in fire-frighting and alarm signaling, the combination being both new and striking. It is from the east of a new aspirant for artistic honors, named Gavin H. Jack, at present residing at Mant, Sanpete County, who has for some time been studying in New York City. The picture is no doubt an effort to imitate the odd and fantastic styles at present in vogue there. The latest craze runs in the direction of odd and singular frames, an entire picture being painted on a single pane of glass, and the corners being covered with the same material. The completed article is covered with the metal leaf, now so much used in frame-making.

The subject of the picture is a group of ponies and cause horses, such as may be seen anywhere in the settlements. They are gathered around a trough in a field partly covered with snow, the surroundings being all in harmony, as the whole effect reminding us of a cold dreary day.

There is a good deal of merit in the composition, and, being the work of a young man, it suggests the possibility of still greater and more pleasing results. The painting is done upon rough tapestry canvas, apparently, although it might have been a gummy rack. This fact makes the attaining of fine touches a difficult matter, and for this reason it must not be examined too closely.

Distances, in this case, lends improvement to the picture. When the rage for the bizarre productions of some artist in Eastern cities, meets with approval here, this sort of painting may find a purchaser. Until then we would suggest the production of something more easily appreciated. Mr. Jack has started out in a new field, and his ambition will produce works compelling more pleasing effects. We sincerely wish him success.

From Weber County.—We had a pleasant call this morning from Bishop F. G. Taylor, of Harrisville, Weber County, who reports things generally in his region of country in a prosperous condition. The prospects there for crops were never better. The Bishop is among the old "stand-bys," having been a member of the Church for the last 32 years, and during that time had rather a varied experience, in view of which and his well-known integrity, he is not likely to be daunted by the troubles which now or hereafter may beset the Saints.

Arizona and Its Resources.—Brother James T. Woods, of Woodruff, Arizona, delivered a very instructive lecture in the Eleventh Ward meeting house, last evening, on the agricultural resources of Arizona.

The lecturer had a large diagram or map of that region of country, and he advised all who contemplated settling in that Territory to locate in what is known as "the forest." Large crops are raised there, land is plentiful, and it is a good place for Latter-day Saints.

Brother Woods would be pleased to lecture in any ward of this city on the same subject.

"Robbs the Till."—During the progress of the trial of one of the county saloon keepers charged with selling liquor without a license, in the Justice's Court the other day, the defense claimed that the proprietor had forbidden the selling of liquor, and if any sale had been made by the bar-tenner was against orders. At this statement one of the attorneys drily remarked: "Yes, N. sells the liquor without P's orders, but P. goes down and robs the till."

Burglary.—Last night the grocery store of Charles Balmforth, opposite the Walker House, on East Temple Street, was broken into. The thieves succeeded in taking a pane of glass out of the window and effecting an entrance, carrying off a watch and chain, a razor, and a quantity of oranges and cigars. It is supposed that the crime was committed by boys.

Not Guilty.—The defense in the case of The People, etc., vs. Michael Murphy, charged with murder, having objected to the admission of Dwyer's deposition as evidence, the point was argued to-day, and Judge Zane sustained the objection. Dwyer, the principal witness, and the only man besides Murphy having a personal knowledge of the tragedy, has gone out of the country, and the throwing out of his testimony without a case, and the matter having been stated to the jury, they returned a verdict of not guilty.

The Liquor Cases. The case against Jas. S. Pitts was dismissed, the prosecution having failed to show that the defendant was the authorized agent of the defendant.

Sven Johnson, for selling liquor without a license, was arraigned before Justice Pyper at 2 p. m. The defendant, who was represented by S. J. Johnson, asked for a jury trial, and the following were impaneled as a jury: T. C. Patton, Geo. F. Brooks, H. C. James, Adam Brown, H. L. A. Culmer, and Geo. B. Margetts.

Harry Haynes will have his trial on Tuesday next.

Exhibition and Lecture.—Tomorrow evening Dr. Burroughs will give a fine art exhibition and an accompanying lecture on the life of Joseph, one of the sons of Jacob, in the Thirteenth Ward Assembly Rooms.

The lecture will commence at 8 o'clock, and a small admission fee will be charged.

Primary Association.—The Twelfth Ward Primary Association held their annual meeting yesterday. Sister Ellen Clawson presiding. About thirty and seventy members were present, besides a number of visitors. The exercises were interesting and well rendered. After the programme was concluded, the meeting was addressed by Sisters E. B. and L. A. Wells, Dr. Ellen B. Forzson, M. G. Welles, E. Lyon and Ellen Clawson, all of whom praised and encouraged the little ones who had done so well. A pleasing feature of the occasion was the benediction by Master Alex. C. Pyper, son of the late Bishop Pyper.

District Court Proceedings.—In the case of the United States vs. Wm. A. Rossiter, indicted for unlawful cohabitation, the defendant pleaded not guilty.

In the case of Wm. M. Fewell vs. Wm. G. Green, the plaintiff, by the permission of the Court, amended the complaint by striking out all reference to the sale of plaintiff's business.

The trial of Michael Murphy, for the murder of Patrick Egan, was resumed.

After the arguments were completed the prosecution moved for a verdict of not guilty, which was accordingly rendered and the prisoner was discharged.

The case of The People, etc., vs. John Bybee, was dismissed, as to the defendant Henry Bybee, and a plea of guilty of battery was entered by John and Mary Bybee, who were fined \$15 and \$10 respectively.

The service of a summons made in the case of Martin Williamson vs. Germania Lead Works, was argued and submitted.

We direct attention to our advertisement in this paper. Ladies wishing to secure some of the Bargains we are offering will consult their own interests to give us an early call, for these lots will not last very long.
