

It may almost be said that society is on a vacation. Its devotees are everywhere-except in the city. The mountain resorts have the greatest number of those who have departed from the sweltering valley in search of higher altitudes and cooler weather. There has been great need of this for without doubt, the temperature has been more oppressive during the past week than any in this summer of many hot weeks. . . .

A pretty dinner party was given at the Alta Club on Tuesday by Mrs. Charles Reid, who entertained in honor of Mrs. and Dr. Rykert. The gold room was used and effective decorations of sweet peas, ferns and other

MUSIC ROOM AND PARLOR IN RESIDENCE OF HON. F. S. RICHARDS

The above shows a portion of the interior of the home of Hon, F. S. Richards on A street, the apartments being the parlor and music room, the latter being, perhaps, the most charming in the house. The room is spacious and airy with a large bay window in the rear, which makes a cosy nook for music stand and two cellos, which are the forte of Mr. Dewey Richards and across the arching of the window stands the piano, whose handsome oriental covering has been an heirloom for many years. The floor is carpeted with a rich rug of oriental design, and chairs and picturesque furniture are on all hands. The walls are tinted in pink and the woodwork, white and gold and in therry. The parlor on the east front is also a spacious apartment. The pevailing tints are in pale green and pink. The woodwork is in white and gold and cherry. The hall is in terra cotta, and the dining room is in ecru, with mantel of oak.

The L. D. S. German club was entertained by the Missee Lyda and Lillie Shipp last Tuesday evening when a most pleasant evening was spent. Besides a general conversation Prof. Snow told two amusing anecdotes. Franklin Lillie Ship rendered musical selections, Fraulein Elizabeth Cannon gave an anecdote of Mozart and Frau Jein Etelia Paul told a fairy tale. After the program light refreshments were served. Although the club was organized and planned entirely by the students themselves, much thanks is due to Herr Le Roi C. Snow, who, by his lively interest and practical work, has been one of the main causes in making the club such a success. As a means of combining study with pleasure it is heardly received by the members. The next meeting will be held at Liberty Fark. All exercises during the session of the club are carried on entirely in the German language.
