PRINCE THE NEW TABLES.

UNDER THE MAN TARRET.

So far as the United States Senate as hedy is concerned, the simpley high tariff bill will be duely disposed of today, perhaps will have been before this leave of the News reaches any of its reaches. It is so natched up and worked over as a result of the Senate which over as result of the Senate to the senate which is not believed by the senate of the senate which is not senate to the senate which is not senate to the senate which as it now stands as new thing altegation at the form of the senate thing as to siding as to the American people will have be pay for their segars and section is sent to bill shall have become a lew. It the American people will have to pay for their sugare and section in a state of the sugare and section in a sure time bill shell have become a faw. It will recent the It town without of hay, when a conference committee will undoubledly be entiled for each had, and a far all disagreements have been obviated, the measure will pass by contentially the same majority as before-coverly but not quite a party role. This all course pre-suppress the passage of the bill by the Meants, of which there is a cluster pre-suppress the passage of the bill by the Meants, of which there is a cluster pre-suppress the passage of the bill by the Meants, of which there is a third will be a superior of the bill by the Meants of the third that had been a superior to the superior which are still more about of it, and the anging is the Hapublicies would be enough, and the lass been partly promisedly betting which are been looked after most streedly by the trainers of the bill, are expected to vote second-longly.

ingly.
There is nothing to all the estegory of peacetal legislation as frangin; with consequence to the people at legislation of frangin; with consequence to the people at legislation as the state of them invented and interests class is simply evidenced by the great period of time required; in the set of them invented and interests class is the of them invented and interests class of them invented in the set of them invented and any other country to unsuffact interests; as to recise the results of legislation which has a directly based field tendency in the control of legislation which has a directly based field tendency in the control of legislation which has allowed the control of legislation which has also been manifested quite plainly during the senale presenting saw throught to a close, when the Walerian orgo of 'seawe qui pout' was made the water word and cace control of the control of t

exist.

come and gat forth their effort to that end.

The residents of the Siese are carry well acquainted with the investing characteristics of the people of other forestiller, from inving come from the various authors, and siles from extensive travel in this said other countries. In a general way the Endeavorer with will give people slewbare a much better loss of the dwalfers in this little that they had formerly for the reson that actual hnowledge of emiddium tere will be conveyed by the wish it a much more effective way than by any means at the without and before coming here. In this regues Unit will be carried to the control of the

though necessarily very brief observa-tion.

This may not be the leaf visit of a goodly humber of Eudewovers to this distr. Certainly many of them have had awakened an internet in Utah that will flave spices in that thoughts in after jears, is a kindig disposition thereto. May this be the exes not many with Utah, but with all the West, and may the summer trip of a many theusend Christian workers proved of toxiculable lend of the whole nation in spicesting light and truth and Unitsidan followship?

### A COLORADOAN'S VIEW.

OUR SAHLROADS.

It is a pleasure to be aske to fine, over it we while, an occasion to say a good with for the rathreads which even the most hostile critical forced to endorse. Such an opportunity is given he review of the hostiness done by the local trespectation companies during the last five or six days, it has long been known and recognized that in the men who have the management of the railroads in Utab we have the kestical and ablest in the word that in the men who have the cannel of the last week farmishes making proof of the Proteching or even in the West has very been smeetaled with the traveling of so many human brings in the same longth of this as the grand Christant Rudswork same to the parad Christant Rudswork in the proof of the Precion count; and surely more was even more saminably has the grand Christant Rudswork and the protection of the precion of
