

SHOCKLEY CASE HEARING AN END.

Testimony all in and Closing Arguments Will be Heard Tomorrow Afternoon.

WILL THEN GO TO THE JURY.

During Cross Examination Late Yesterday, Defendant Broke Down and Wept Bitterly.

The testimony in the case of the state vs. James M. Shockley, who is being tried in the criminal division of the district court for the murder of Amasa L. Gleason, was concluded at a late hour yesterday afternoon and the closing arguments in the case will be heard tomorrow morning at 9 o'clock, to which time the court adjourned yesterday. It is thought that the arguments will be concluded by noon tomorrow and the case finally submitted to the jury. Shockley was cross-examined by District Attorney Benner X. Smith nearly all the afternoon session. At one time during the cross-examination he lost control of himself and broke down and wept bitterly for several minutes.

SHOCKLEY'S WANDERINGS.

In answer to the questions of the district attorney, Shockley related in detail his wanderings over the country since leaving his home in 1895 down to the time of the murder. He acknowledged having been court-martialed and sentenced to six months' imprisonment and while in the army he also was sentenced to serving 10 days in Montana for petty larceny. The attorney then asked him to make the defendant attempt to make the three streetcar holdups in Salt Lake prior to the murder, but Shockley refused to answer the questions on the ground that it would tend to incriminate him. Judge Morse excused him of each question on that ground.

ATTIRED AS A HOLDUP.

Over the objections of his attorneys, Shockley was compelled to put on the suit which he wore during the hold up, and a handkerchief over his face for a mask, and with his gun in hand show the jury just how he appeared during the hold up. The demonstration was very appreciated by the large crowd in attendance and there was considerable cheering of necks to see the prisoner. After completing the scene and was told that the jury how he felt after the shooting and of his contemplating suicide, when he asked the attorney for the state to wait a minute, and he drew his knife from his pocket and, putting it to his face, cried and sobbed like a child for several minutes before he was able to control himself and proceed with his examination.

HOMER'S TESTIMONY.

After he was excused from the stand, W. B. Homer, the only other witness for the defense, was called to the stand, and he testified that he worked with Gleason five years ago on the streetcar and that Gleason always carried a gun. At the conclusion of his testimony the court adjourned as stated above.

STUDENTS ORGANIZE.

Don Beauregard Elected President of University Fine Arts Club.

Preliminary steps looking to the organization of a Fine Arts club at the University of Utah were taken yesterday afternoon when a number of students met and discussed the formation of such an organization. Don Beauregard, who has been foremost in promoting the proposed scheme, was unanimously elected president, and W. H. Fisher was made temporary secretary. Mr. Beauregard, Garnet Attridge and Oscar Carlson were elected as a committee of three to draft a permanent constitution to present at the next meeting.

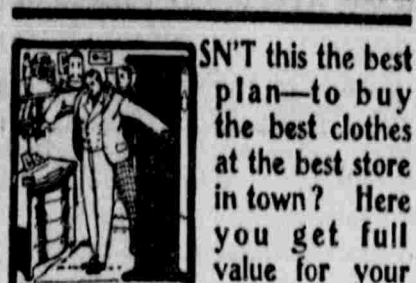

GREENE VS. HARRIMAN.

How the Copper King Laid Out the Railroad King.

The coolness and nerve of Col. William C. Greene, the copper magnate, who the other day laughed in the face of a crank who held a pistol against his abdomen, persuaded the crank to go to his office to "talk it over," and then handed him over to a policeman. He often been exhibited in the columns of the western press. Another little incident, which goes to illustrate Greene's nerve in another way, is thus related by the Boston News Bureau.

An interesting story is related as to a meeting between Col. William C. Greene and Edward H. Harriman at the time of the Harriman-Hawley-Greene Co. convertible bond issue of \$2,500,000. Mr. Harriman wanted bonds issued by Col. Greene, forseeing that this was an effort on the part of the Harriman party to secure control of the property and quietly went to work and secured the consent of stockholders holding in place of bonds and at the same time secured the underwriting of the issue of 144,000 shares of new stock. When Mr. Harriman discovered what Col. Greene had done he called upon him to talk the matter over. After talking with the copper king he stated that he did not believe that Col. Greene would be successful in his plan to issue stock. Col. Greene answered him by taking from one of the pigeon holes of his desk a list of stockholders who had agreed to underwrite the entire issue.

Correct Clothes for Men

Isn't this the best plan—to buy the best clothes at the best store in town? Here you get full value for your money; not nothing for something or something for nothing. For example, this label

Alfred Benjamin & Co.
MAKERS * NEW YORK

marks the world's standard ready-for-service apparel. We can sell you none better, because it is physically impossible to make better.

Equal to fine custom-made in all but price. The makers' guarantee, and ours, with every garment. We are Exclusive Distributors in this city.

AMERICAN LAUNDRY.

ALTAR CONSECRATED.

Important Function at the Holy Cross Hospital Yesterday Afternoon.

The new altar at the Holy Cross hospital was consecrated with imposing ceremony yesterday afternoon, the Rt. Rev. Bishop Scanlan officiating. He was assisted in the important function by Father Morrissey, Father Guinan, president of All Hallows college, Father Curran, Father Mooney of Idaho Falls and Father Easter. There were present also Sister Perpetua, the mother superior of the order of the Holy Cross, Sister Ludwina, mother superior of the hospital, and all the hospital nuns, who celebrated mass during the ceremony.

ELEVEN INDICTMENTS.

Federal Grand Jury Brought True Bills Against All Save Reed.

The Federal grand jury, after a session lasting four days, reported 11 indictments yesterday afternoon at 4:30. Twelve cases had been considered, the only man to escape being John Reed, who was accused of selling whisky to Indians. On this same charge, A. J. Thompson and James Peterson were the subjects of true bills. Rue Smith was indicted on two counts and Jed Grant on three counts for passing counterfeit money. Alfred B. Douglas was indicted for stealing two letters, containing money, from the Salt Lake postoffice. A joint indictment was found against James Edgar and Francis Parrott for breaking into a building used as a postoffice with intent to steal. Of the lot, Thompson, Smith, Douglas, Edgar and Parrott are in the county jail, while Peterson and Grant are out on bail. The others indicted have not yet been apprehended.

FIRST ORGAN RECITAL.

The Initial Performance of the Season Given Last Evening.

The first organ recital of the season was given yesterday afternoon, in the Tabernacle before a fair sized audience, most of whom were tourists. That there were many tourists was very manifest from impromptu statements made by numbers of them relative to the Tabernacle, which were entertaining, if not positively amusing. After a short delay due to temporary paralysis of the electricity, Prof. McClellan gave the following program: "Elevation," by A. J. H. By Gullmunt; "Serenade," by Moszkowski; "Larghetto," by Schumann; "To a Wild Rose," by MacDowell; old melody, "Home Sweet Home," "Lost Chord," by Sullivan. The "Larghetto" was the choicest, both as to composition and performance, but the Sullivan number

and note change in health.

Amusements

The Al. G. Field minstrels hold the boards at the theater tonight.

Right well did the Elleford Stock company present "A Bachelor's Honey-moon" at the Grand theater last night. While the individual opportunities were not quite as strong as in some of the preceding productions, as a whole the effect was better. James Corrigan, as Mr. Bachelor, scored another decided personal success and deserves first mention once more. But pressing him close and hard was Mr. Sossio in the role of Dr. Ludwig Schwartz, the love-lorn German. For one whose role is said to be the heroic, he did excellently in this departure. In manners, make-up and dialect he was a typical Teuton and divided honors with Mr. Corrigan in weaving and unweaving the tangled skein of the out of acandestine marriage and the ludicrous efforts to avoid facing the issue of a threatened disheritance. One thing we would like to have known, and that is whether Mr. Sossio has had his hair cut. Discovery, however, was impossible on account of the great yellow wig he wore. It may be that beneath the wealth of artificial golden curls his own generous shock of hair was hidden; and it may be that it has—what every admirer hopes—been sacrificed. Monday night will tell the story. True Boardman, as Stephen Howston, was as tall and lugubrious as ever, while Charles Edler actually took a leap from mediocrity to some rather clever work as Anthony Gumburg, the detective with the revolving brain. Lillian Elliott, leading lady, was Juno Arbuckle, the actress-bridge, but once more she didn't lead. That distinction among the gentler sex of the cast last night clearly belonged again to Pauline Matland, as Minerva, the spinster aunt who held the money bags and drew the strings to the snapping point. A good second was Myrtle Selwyn as Marianna, the servant girl with the mania for working out clues, and who carried the biggest one in the entire plot, in her head, by unconsciously and converting it into curling papers.

The audience was notable for its enthusiastic appreciation rather than for its size. That it was not larger is a matter of wonderment when the merit of the production is considered. The engagement closes tomorrow night.

HIGHLAND BOY WINS.

Supreme Court Reverses Judgment in Suit Brought by Lesters.

The judgment in the first of the damage suits against the Highland Boy Gold Mining company and Robert T. White, to reach the supreme court has been reversed by that court. The case in which the judgment is reversed is that brought by Fergus Lester and David Lester against the company to recover damages for injury to plaintiff's farm and crops by reason of the poisonous fumes and gases from defendant's smelter at Murray. The jury in the court below returned a verdict in favor of plaintiff for \$2,500.

This judgment is reversed by the supreme court and a new trial ordered for the reason that the lower court erred in not instructing the jury to return a verdict for the damages done at the time of the destruction, instead of instructing it to base the damages upon the value of the crop at harvest time or maturity. It is also held that the court erred in allowing interest on the judgment from the time the suit was instituted. The opinion of the court was written by Justice Barch and concurred in by Chief Justice Baskin and Justice McCarthy.

Best Cough Medicine for Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. For sale by all druggists.

S. S. CONVENTIONS.

Will be Held at Cedar City, Ephraim and Logan During May.

Elders J. W. Summerhays and L. John Nuttall of the Deseret Sunday School Union board will leave for Cedar City tonight to arrange for a district Sunday school convention to be held in that city May 14 and 15. The convention will comprise the Parowan, St. George, Beaver, Panguitch and Kanab stakes, and will be the fourth of such gatherings to be held since the plan was inaugurated.

Elders Henry Peterson and John F. Bennett will go to Mt. Pleasant to arrange for a similar convention to be held at Ephraim May 21 and 22, and comprising the North and South Sanpete stakes. A like meeting will be held at Logan May 28 and 29, by the Sunday school workers of the Cache, Hyrum, Benson, Oneida and Malad stakes, arrangements to this end having been made by Elders Summerhays and Nuttall last Sunday.

Sclerotic Rheumatism Cured

"I have been subject to sclerotic rheumatism for years," says E. H. Waldron, of Wilton Junction, Iowa. "My joints were stiff and gave me much pain and discomfort. My joints would crack when I straightened up. I used Chamberlain's Pain Balm and have been thoroughly cured. Have not had a pain or ache from the old trouble for many months. It is certainly a most wonderful liniment." For sale by all druggists.

THE REVISED ORDINANCES.

The Work Has Been Completed and Turned Over to the City.

The revised ordinances of Salt Lake City have been issued in book form by the Deseret News and turned over to the city authorities. The book includes all ordinances of a general nature in force Dec. 11, 1903, and all franchises and special grants. The ordinances were revised, compiled and arranged by Geo. L. Nye, former city attorney.

The book consists of 648 pages, is bound in both paper and leather, and was turned on by the "News" printing and binding establishments as rapidly as copy was furnished and the proofs read. Work was commenced on the book Jan. 2 last, and the first copies delivered April 4.

ETHAN BARROW'S FUNERAL.

Funeral services over the remains of the late Ethan Barrow will be held Sunday at 3:30 p. m. from the Reorganized church, corner of Second South and Second East streets. Friends are invited and may view the remains at the church after the services.

THE DANGEROUS HANDSHAKE.

The French journals have recently given publicity to a discovery which may have a considerable influence upon one of the most ordinary usages of social intercourse. One M. Crouzet, a chemist at Bordeaux, has discovered that the human hand is largely occupied in swarming the seeds of all sorts of disease. The hand, he says, is not only the most dirty but the most dangerous portion of our anatomy. It contains on the average 50,000 bacilli. Hence, he argues, people should never shake hands. We know already that it is dangerous to kiss; but now, as a Frenchman puts it, "there is no less hostile to friends than to live. All men, however, are not equal in this matter. You must not shake hands with a physician, surgeon, hairdresser or butcher—especially a pork butcher. Workmen and metal are lower still. They are dangerous, because the minute metallic particles form under the influence of the hand's warmth, an acid solution. It is possible, M. Crouzet says, to protect yourself, if you must shake hands, by using soap and a nail brush for five minutes, plunging your hand in a warm alkaline solution, rinsing it with sterilized water, drying it on a sterilized rough towel, and finally washing it again in a solution of alcohol and ether. We commend this precaution to public men in general, and to the president of the United States in particular.—London Graphic.
