# SENOR PALMA IS A CANDIDATE

He Aspires to be President of the Cuban Republic.

IS WONDERFULLY POPULAR.

It is Believed That He Will be Elected by an Overwhelming Majority.

New York, Sept. 23 .- Next Saturday or sooner Senor Tomas Estrada Palma, will be proclaimed a candidate for the presidency of Cuba, with the endorsement of all political parties and with

absolute assurance of election when the

vote is taken, says the Havana corre-

spondent of the Herald. This has been decided by the leaders of the several parties at a meeting called to read the platform, addressed to General Ruis Rivers by Senor Palma, in reply to a request from these parties for an expression of sentiment on the various propositions propounded by the

Cuben people,
The greatest questions involved were those of a reciprocity treaty with the United States, a permanent treaty as prescribed by the Platt amendment; the manner of the payment of the Cu-ban army for services during the revolution the system of collecting revenues for governmental maintenance and the

ownership of the Isle of Pines.

The leaders accepted Senor Palma's platform by a vote of 23 to 2. Great enthusiasm prevailed among Senor Pal-ma's friends. It is believed he will be elected by an overwhelming majority. The convention is awaiting the return of Gen. Wood to settle the matter of the electoral law,

#### FRANCO-RUSSIAN ALLIANCE. Czar's Visit to France May Affect it

Very Materially. London, Sept. 23.—In connection with the visit of the czar to France the Vienna correspondent of the Times quotes the Weiner Algemaine Zeitung which gives from a well informed quarter particulars of the origin of the Franco-Russian alliance. The ap-prochment began in 1891, when a French fleet went to Kronstadt, but then only a defensive military convention was arranged to guard against the aggression of Germany. This became an alliance when President Faure went to Russia in 1896 and the alliance officially proclaimed by the czar in 1897 The present treaty is purely defensive It provides for mutual help with the whole army of either power against any enemy, whereas the 1891 convention mentioned Germany only The Austro-German entente definite-

AGUINALDO'S BODYGUARD.

#### It Surreuders to Capt. Detchandy of the Twenty-Second Infantry.

Manila, Sept. 22.-Aguinaldo's bodyguard, Maj. Alhambra, two captains two lieutenants and twenty-nine men with twenty-eight rifles, surrendered with twenty-eight rides, surrendered about forty miles north of Baler, island of Luzon, to Capt. George Detchandy of the Twenty-second United States infantry, yesterday, and took the oath

of allegiance and were released.

After Alhambra kidnapped the president of Casiguaran. September 12th. dent of Casiguaran, September 12th, Capt. Detchandy and a detachment pursued him closely. He would have been captured within an hour if he had not surrendered.

Capt, Detchandy reported that he re-covered part of the body of Denzell George Arthur Venxille, the ill-fated apprentice of the United States gun-boat Yorktown, who was one of Lieut. Gilmore's party when that officer was captured by the Filipinos in April, 1899. The remains will be forwarded to Manila for shipment home.
Since Aguinaldo left Gen. MacAr-

thur's house for his present place of confinement, he has never left the premises, although he is at liberty to do so if accompanied by an officer. The reason assigned is that he fears assassination at the hands of the partisans of the late Gen. Luna.

Gen. Chaffee has refused the request for the release of the prisoners on the island of Guam. He considered that their release would not be safe until the surrender or capture of Malayar and Lukhan Lukban.

Gen. Frederick Funston, who has been in the hospiltal at Manila, suffering from appendicitis, for a week, has undergone a successful operation.

## Simon Sterne Dead.

New York, Sept. 23.-Simon Sterne, a well known authority on railroad and educational law, is dead of apoplexy, having been stricken last Thursday. Mr. Sterne was born in Philadelphia July 23, 1839, and was educated in the public schools of that city, the University of Heidelberg and the University of Pennsylvania. He was admitted to the bar in New York City in 1869.

## Chief Antoine Is Killed.

Tacoma, Wash., Sept. 23.—Chief Antoine, one of the leading chiefs of the Colville Indians, has been killed during a fight among his braves. The Indians resented his attempt to prevent them from obtaining liquor at their annual horse racing festivals and he was stabbed to death.

#### Am. Chamber of Commerce for London New York, Sept. 23.—A dispatch to the Press from London says:

It now seems possible that an American chamber of commerce will be established before long in London. The rapidly growing colony of American business men here has been wanting something of the sort for a good while, and at last definite steps are being taken to that end. Perhaps the move ment for the establishment here of Canadian chamber of commerce and of another for Australasia may have something to do with hastening the or-ganization of the American institution.

## Prest. Romana Calls on Mr. Dudley

New York, Sept. 23 .- A dispatch to the Herald from Lima, Peru, says President Romana, accompanied by an aide de camp has paid a personal visit of condolence to United States Minister Dudley and explained the non-at-tendance of the government officials at the memorial services in honror of the late President McKinley.

#### A POLITICAL PRISIONER. Gen. Hernandez Gets Worse Treatment Than Did Dreyfus.

New York, Sept. 23 .- According to the story told here by a Venezuelan who reached New York a few days ago. Gen. Jose Manuel Hernandez, the head of the conservative party in Venezuela, and who is a political prisoner, is undergoing treatment even worse than that of Dreyfus on Devil's island, His political and military strength was re-

cently shown, says the Tribune, in the organization of a revolutionary move-ment on the frontier under the leadership of Gen. Rangel Garbrane. This uprising which President Castro called

a Colombian invasion, was in reality a Hernandez movement, it is said, "Immediately following this," said one of Hernandez's former fellow prisoners now here, "began the systematic attacks on Gen. Hermandez, which his friends fear will end the veteran's career. The first roove was to transcareer. The first move was to trans-fer him to the darkest dungeon in the foul smelling old fort. A huge ball was fastened to his ankle. He is not perfastened to his ankle. He is not permitted to see anyone, nor is he permitted to communicate with the outside world. He is even denied the usual exercise about the prison yard. His keepers take fiendish delight in throwing live rats, spiders, and other vermin into his dungeon, particularly when he sleeps. The rations allowed Gen. Hernandez are only half those required by a man of his physical condition."

#### ABOUT RUBE WADDELL. He Wins a Game With the Assistance of Catcher Only.

Chlcago, Sept. 21.-There is a good story out on Rube Waddeli, the Orphans' récalsitrant twirler. Last Thursday Rube was pitching for a team composed principally of farmers up near Milwaukee. The opposing team had been touching up Rube's curves pretty freely for four innings, and it made Rube mad all through. In the made Rube mad all through. In the fifth inning he called a session of the first, second and third basemen and the short-stop, and ordered them to line up right behind him, saying that he was going to strike the next three men out. The men demurred, but Rube declared that if he did not have his way he would throw up the game right there, as he was not accustomed to be-ing disobeyed. Finally, to prevent the game breaking up, the players took the positions that Waddell assigned them. Then Waddell turned on all the steam in that good left arm of his and made monkeys of the next three men up. So tickled was he with the result of so tickled was he with the result of his experiment that in the next inning he made all the players except the catcher go sit on the bench and watch him work. And there was no need of them, either, for Rube and the catcher, Ransome of the Spaldings, did all the

Every woman loves to think of the time when a soft little body, all her own, will nestle in her bosom, fully satisfying the yearning which lies in the heart of every good woman. But yet there is a black cloud hovering about the presty picture in her mind which fills her with terror. The dread of childbirth takes away much of the joy of motherhood. And yet it need not be so. For sometime there has been upon the market, well-known and recommended by physicians, a liniment called liniment called

which makes childbirth as simple and easy as nature intended it. It is a strengthening, penetrating liniment, which the skin readily absorbs. It gives the muscles elasticity and vigor, prevents sore breasts, morning sickness and the loss of the girlish figure. An intelligent mother in Butler, Pa., says: "Were I to need Mother's Friend again, I would obtain P bottles if I had to pay \$5 per bottle for it."

be convinced. Out of ten games played the home team has lost but two. The batting and fielding averages as compiled by Secretary F. N. Hess, shows that the locals lead in batting by .260 as against Ogden's .220. In fielding their percentage is 930 as against Ogden's .922, which indicates there is something more than luck associated with their wonderful winning streak. Their victory in yes-terday's game puts them within .200 of the .1000 mark, while Ogden is on near-ly the last round of the ladder.

After Saturday's game, a rumor was floating around to the effect that the Ogdenites would not play out the present series. Later it was said they would play the games scheduled for this week and then disband and it was also sald Borchers was to be released. It now seems the stories were all wrong. Manager Shealey and members of the team including Borchers, emphatically deny the reports. The team has a forfeit up of \$250 and cannot afford to it without a struggle. The schedule will be played out and Borchers will remain. The next game takes place tomorrow afterneon at Walkers. There will be games Wednesday, Thursday and Saturday as well.

## AN AWFUL WHITEWASH.

White Wings Trim Lobsters Fifteen to Nothing.

"The Fall of Borchers" was the title of the nine-act drama enacted at Walker's ball park Saturday afternoon, and er's ball park Saturday afternoon, and great was the fall thereof. Doc Webster and his cohorts jumped onto him with both feet, so to speak, and handled him unmercifully. At first it looked like the Big Chief might be able to hold the White Wings' down, but they remembered the things he had done to them and completed to show no court them and concluded to show no quar-ter. Up to the seventh inning every singles, one two-bagger and one home run. The latter was made by Doc Webster. In the eighth Hansford was substituted, but could not stop the fire works. He was bumped for three sinworks. He was bumped for three singles and a double. The game ended with a score of fifteen to nothing. "Pop" Eyler did some great pitching for the White Wings allowing but six hits and pulling his team out of many tight places.

#### WHITE WINGS 4, LOBSTERS 2 Lively Contest Put Up by the Rival Teams.

Once more the red men from the North have gone home, leaving some of their scalps dangling at the helts of the local bunch of ball tossers.

It was a game of hit and run and some splendid work on the part of "Zeke" Newmeyer, who occupied the box for Doc. Webster.

Evans presented the twisters for Og-den and although he was given fine support, his wrinkles were ironed out no less than twelve times, bringing in four runs and landing the fourth consecutive victory for Salt Lake.

The features of the game were Newmeyer's steady control, Buck Weaver's work on first, McNichol's at short, and Lefty Och! Nagel's home run drive to

deep center field. Several times Newmeyer dragged his team out of a tight place by his superb pitching, and he also did good work with the bat. McNichols brought in two runs, going on singles by himself. Following is the detailed score:

LAWSON DEFFATED KING. Interesting 100 Mile Race at the

Salt Palace. About 500 enthusiasts went down to the spucer Saturday evening and saw John Lawson defeat Billy King in a hundred-mile race. Lawson cov-ered the 100 miles in three hours twenty-four minutes and two-fifths seconds, but the time does not equal the record made for the first hundred miles in the twenty-four hour race. In that race the riders covered the distance in three hours and a little over sixteen minutes, breaking the world's record, The race was one of the most exciting of the season and both men put up a light. Lawson beat King by three laps. After going sixty miles the "turwas almost ready to drop when Chapman gave him two strychnine pills which "gingered" him up surprisingly which "gingered" him up surprisingly. He had two motors and was paced by Chapman, Clem and Charley Turville, May and Gus Lawsen,

King had but one motor and was paced the entire distance by Hi King and Neiderhofer.

TOMORROW NIGHT'S RACES. Iver Lawson Will be the Drawing

Card. Tomorrow evening at the Salt Palace, Iver Lawson, fresh from his victories in the East, will ride a match race with Charley Turville. They will go ten miles behind motors and the race is sure to be a hummer. Both riders are in fine shape and promise to hit it out from the start. Billy King is anxious to ride against John Lawson in another 100 mile race and John is willing.

PLAYERS BLACKLISTED. Meredith, Hickey, Bradley and Kos-

tal Rubbed Off the State. Denver, Sept. 22.-George Tebeau, manager of the Kansas City Western eague baseball club and organizer of the National Association of Basebali leagues, arrived in Denver from the

East today. In an interview he said: "Elmer Meredith, Walter Hickey, Joseph Kostol, E. S. Bradley, Harry Kane and James W. Sullivan, members of the Denver club, and all others who fumped their contracts or reservations, will be blacklisted at this meeting of the Association of Miner leagues, to be held on Oct. 23, in New York. Such blacklisted player will find their punishment permanent. The minor organizations are willing to help a player of ability to advance, but when they develop a player to the point where he becomes big league timber they are entitled to some recompense. My advice to players is not to be tempted by promises of large salaries made by the big leagues. The best such players will get is but a try out this fall and next spring, and then if they fall to make good they will be out of the business. when approached by the magnates to sign contracts it will pay them to advise said magnates to purchase their release, and if the players are big league timber the magnates will readily pay the price. This is a safe method for players to follow. Then if they fail to make "good there is no ban against them".
