THE EVENING NEWS.

Monday. - - - April, 3, 1871.

LOCAL AND OTHER MATTERS.

THEATRICAL.—On Saturday night "Twixt Axe and Crown was well played to a good house. The farce of "A Happy Pair" caused a good deal of merriment and was excellently played by Miss Rose Evans and Mr. Blumenthal.

To-night the very favorite drama of "Belphegor the Mountebank" will be presented, in which Mr. C. B. Waldron will personate "Belphegor." Miss Adams will appear as "Madeline," other characters by Messrs. Margetts, Power, Thorne, Misses Dolie and Edith Clawson, &c., &c.

The Farce "Mother and Child are doing Well," will conclude the entertainment.

SABBATH MEETINGS.—Yesterday morning Elder George Q. Cannon addressed the congregation in the afternoon Elder Orson Pratt was the speaker.

WITH US AGAIN.—We were pleased to greet Col. Hooker, Western Agent for the Chicago and Rock Island railroad, who, accompanied by S. S. Stevens, Esq., and wife, General Western Agent for the same line, reached this city a few days ago. Mr. Stevens headquarters is in Council Bluffs. This is his first visit to Salt Lake, and he expresses great pleasure at his visit. The Chicago and Rock Island railroad has great reason for gratulation in the possession of such energetic men for western agents as Messrs. Hooker and Stevens.

UTAH SOUTHERN RAILWAY.—Jessie W. Fox, Esq. Territorial Surveyor General, C. W. Hardy, Esq. First Ass't Surveyor, and others will commence the location of the Utah Southern Railway this afternoon. The following is the direction the line will take in the city. Starting at the terminus of the Utah Central, thence south on Third West to Eighth South street; thence to Third East street, and south, on open line, through the big field, being the first street east of Territorial Road, to Big Cottonwood.

ST. GEORGE.—The following was received on Saturday afternoon, by Deseret Telegraph, too late for publication in that day's issue of the NEWS:

ST. GEORGE, 1st.

Yesterday, two men, representing themselves to be agents for a large mining company, came to town. They are prospecting for precious ores and, from specimens examined, consider their prospects good.

Our farmers are exceedingly busy, putting in their crops.

The wheather is delightful.

A FAITHFUL TESTIMONY.—It is not often that the press is guilty of telling the truth about the people of Utah, or of bearing a faithful testimony concerning them. The Omaha *Herald* invariably speaks of the Mormons as it has found them. In its issue of the 21st ult., it bears the following true and faithful testimony:

"Listen to the voice of a solid man of Salt Lake in regard to Judge McKean and the people of Utah. That gentleman speaks the naked truth about that people. We don't ask any Omaha slanderer of them to tell us about the Mormons. They are the best ordered community on the face of the earth to-day in regard to public and private morality."

ANOTHER EXCURSION PARTY.—Another large excursion party of ladies and gentlemen from the East, arrived in this City on Saturday evening. The members of the party are exceedingly pleased with their visit to this City, being delighted with its appearance, and the good order which prevails here. The party leaves for San Francisco by this afternoon's train.

REDUCTION.—Visitors from the north to Conference can travel the round trip from Ogden to this city and return for $2.50. The tickets are good for the regular trains and are good from the 4th to the 10th inst.

TERRITORIAL ITEMS.—The following was received this morning by Deseret Telegraph:

PROVO, April 3rd.

On Friday evening, some two or three young men being intoxicated, on Main St., and becoming noisy, the police interfered, when one of them, Peter Boyer, concluding the amount of civilization he had so far enjoyed was all-powerful, endeavored to show fight, which resulted in his being rudely handled and lodged in the guard house. He makes his appearance before the Alderman this morning.

On Saturday morning, Emma, wife of Henry White, departed this life. Funeral services were held at the residence of her father, Henry Saunders, yesterday. President Smoot offered appropriate remarks.

At half past five, yesterday, the ceremony was performed of drumming out of the service of the U. S. camp, at Fort Rawlins, two soldiers, who had been found guilty of desertion and other offenses. One was Terry, of Co. K. and the other Gillon, of Co. B. They were bareheaded, Gillon's head having been close shaved; he has also been branded. They were preceded by two soldiers, with bayonets fixed and arms reversed, and followed by soldiers with arms at charge bayonet; then came the band, playing. After parading around the camp they were turned into the street and their discharges handed to them by an officer. It is rumored that Major Osborne, commanding at Camp Rawlins, has been released from said command and will leave, with his company, on Wednesday, for Camp Douglass. Another company is expected to-morrow, with the new commandant of the Post, to fill the vacancy. The Major has behaved himself in a very gentlemanly manner while he has been in our midst, and we trust his services will be as highly appreciated elsewhere, as here. The weather is very dry.

AMERICAN FORK, 3rd.

Good health prevails. The land is rather dry for the grain sown.

Several gentlemen prospecting for mines in American Fork, are reported doing very favorably. Reliable parties report from Camp Floyd mining district, a number of very large veins of milling ore. One, called "Silver Cloud," resembles, in size and appearance, the celebrated Comstock lode. The "Mormon Chief" has been raked over about a mile in length, and appears very large. One vein, of 400 feet, was sold for $6,000. Several others are being prospected with very good indications. Our people, generally, realize that attending to their farms, stock and mechanical pursuits, is the surest way to get rich.

BRIGHAM CITY.

Thomas Yates, of this place, had his leg broken last evening. He was playing at billiard, in running, stepped "slantwise" on a rock. Dr. Ormsby was immediately in attendance.

REMEMBER the lecture to-night in Morgan's college building, under the auspices of the Deseret Library Association. The lecturer is Prof. Karl G. Maeser; the subject, "Nature;" admission free, time of commencement half-past 7 o'clock.

GRAND OPERATIC CONCERT.—Signor Farini announces that he will give a grand operatic concert to-morrow evening in the Theatre; and by the programme it promises to be by far the finest musical entertainment ever yet given in Utah Territory. Signor Farini has already given proof, before the Salt Lake public, of his ability as a Pianist and teacher of music; and to-morrow evening he will be assisted by the members of the Salt Lake German Liederkranz of which he is conductor and preceptor, and by the best vocal and instrumental talent of the city.

The concert will commence with the grand operatic scene from Weber's celebrated opera of "Der Freischuts," in which occurs the "Victoria Chorus" and "The Laughing Finale." The entire programme consists of gems from the very best authors, including Verdi, Ernst, Gottschalk, Donnizetti, &c. During the evening piano, violin and flute solos will be played, by Messrs Farini, Olsen, and Hodger. Mark Croxall, Esq., the talented cornet player, and Signor Farini will appear in a grand duet. Professor Tullidge, Mr. Daynes, Miss Goniger, Mrs. Thompson and others of note and talent will appear, and altogether a concert of unprecedented excellence in Utah may be confidently anticipated. It will conclude with the third act from "Il Trovatore," in which all participating will appear in full costume. Remember to-morrow night at the Theatre, and give Farini a bumper.

PEOPLE'S VERDICT
Over Half a Million sold and in use!
4,000 made and sold per week
SINGER'S
New Improved Silent
FAMILY SEWING MACHINES
ARE
The Best in the World,
Because all of them are in constant use, while a very large proportion of other makes are not used, owing to their being partially or utterly impracticable.

THE SINGER
NEW FAMILY MACHINE
Has been brought to perfection, regardless of time, labor or expense and is now incomparably the best Sewing Machine in existence.
It is *simple, compact, durable, beautiful, quiet, light-running,* and capable of performing a range and variety of work never before attempted upon a single machine; using either Silk, Twist, Linen or Cotton Thread, and sewing with equal facility the very finest and coarsest materials, or anything between the two extremes, in the most beautiful and substantial manner.
The New Improved Attachments for Hemming, (any width) Braiding, Embroidering Magic Ruffling, Gathering and sewing on (at the same time) Self-Sewing, Cording, Tucking Quilting, Felling, Trimming, Binding, etc., are novel and practicable, and have been invented and adjusted especially for this Machine.

Folding Tops and Cabinet Cases.
New designs of the unique, useful and popular Folding Tops and Cabinet Cases, peculiar to the Singer Machine, are in every variety of Wood, such as black Walnut, Mahogany, Rosewood, Satinwood, and from the plainest to the most elaborate pattern and finish. The Machines themselves are plain or highly ornamented with pearl and gold to correspond with their tables or cabinets.
In the Singer the work is fed or passed through the Machine in the natural direction; namely, *from the operator*, permitting her to sit in a natural and healthy position. In many other Machines the work passes from right to left, or the reverse, *compelling the operator to sit in a bent and unhealthy position, and thus causing weakness of the back, etc.*
The Singer uses a SHORT STRAIGHT NEEDLE, which is not liable to break or miss the stitch. Many other Machines use a long crooked needle, which is liable to break and to miss the stitch.
In the Singer Machine the Shuttle is carried, thus avoiding nearly all wear. It requires no oil, and does not soil the threads or goods. Other Machines drive their Shuttles, in a race, thus causing great wear, and *requiring oil*, soiling the thread and goods.
On the Singer, the Tension on both the upper and lower threads is absolutely under the ready control of the operator, thus rendering the Machine always available for good sewing, which is not the case with any other. Many so-called cheap Machines are really worthless, and so are many of their new peculiarities and supposed advantages.
The SINGER is the
Oldest Practical Sewing Machine,
Being about twenty years in the market. Having been constantly improved by the employment of the most skilled ingenuity of the age and unlimited capital, it is now divested of all unnecessary parts and possesses All the Very Latest Inventions and Improvements. It is the only Machine sold on Honest Claims, as all its parts are Practical and will do all that is claimed for them. Some other Machines are Greatly Complicated, to do Useless and Silly things, and thus are rendered Liable to Constant Derangement. The Singer Seldom or Never gives trouble, but is readily and easily managed by those who *utterly fail on other Machines.*
SINGER'S
New Manufacturing Machines
Claim the same advantages over others of their class as the new Family Machines. These old and well-tried sewing Machines are applicable *to all kinds of heavy and light manufacturing in Cloths, Leather, etc.*, and run in the most perfect and reliable manner without trouble to the operator.
HAVE ARRIVED!
A Full Assortment of those
Beautiful and Unrivaled
MACHINES.
(The numbers on which show a manufacture of between Five and Six Hundred Thousand.) Consisting of the Different Varieties made by the Singer Manufacturing Company, and we shall sell at Eastern Prices, with addition of Freight only. To accommodate parties who cannot pay all down, we will sell on
EASY MONTHLY INSTALMENTS
So that all may possess one of these *Blessings.*
For the convenience of our Patrons we have engaged the services of a gentleman who has had Twenty years experience and is one of the most skillful experts in the world in repairing and adjusting Sewing Machines. He will put each Machine in complete and practical running order before it leaves the Institution and will also impart to purchasers all needful instruction, so that they can at once commence work.
We resort to no trickery whatever to sell Sewing Machines, but allow their Great Merits to recommend them. We can do this, as the demand for them is so great that although the Singer Company make more than all other first-class companies combined, they constantly fill their orders, and are compelled to still extend their Gigantic Works.
We having been so fortunate as to secure the
General Central Agency,
For this Territory, we extend a cordial invitation to all to come and see the Machines, whether they wish to buy or not. See all others, but do not buy without you examine the Singer.
We Guarantee every Machine we sell to give entire satisfaction.
THE SINGER
BUTTON-HOLE MACHINE
Is the only Practical one in the World.
OTHER SEWING MACHINES REPAIRED on Reasonable Terms.

THE CELEBRATED
COOKING STOVES!

SUPERIOR
For Wood.
They are really what their name indicates, SUPERIOR to any other Stove in the market, and, for
Economy, Durability, Convenience & Dispatch
Are Unequalled!
KANSAS, ALASKA
AND
IMPROVED AMERICAN
For Coal,
Which for Neatness of Design, Thoroughness of Combustion, Capacity of Oven, Economy in the Use of Fuel and Uniformity of Operation, place them as the best Stoves in the market.
They have been constructed for the use of our Western Bituminous Coal (for which all stoves of Eastern manufacture are so ill adapted). Enlarged Fires insure a perfect draft, the fact that fire fire chamber are unusually heavy, and combine certain peculiarities in their construction which give these Stoves superiority over all others in the consumption of its smoke, thus saving a large percentage of fuel.
