AUTOMOBILE NOTES.

A taxicab company has been formed to operate taxicabs in Memphis. Trun. It is estimated that there are now more than 200.000 active users of auto-mobiles in the United States. Cleveland, O., has taken to taxicabs with a rush. Three concerns are now operating them, and 35 more cabs are being installed. A maker of commercial auto-trucks is now offering a vehicle with a carty-ing capacity of D tons. It is the largest capacity single vehicle in the world.

A fear has actually srisen among eeling agents in several actions of the country that the supply of high grade cars this season will run short. Freparations for the automobile show to be held in Detroit, Mich. Feb. 15-20, are going furward rap-idly. The decorations will be on a more elaborate scale than over before attempted locally. The lower theor will be converted into a Venetian garden with 200 canaries hidden among the follage

with 200 canaries hidden among the foliage. The Scranton, Pa. Automobile eso-ciation has pledged itself to pay \$5.00 as its share of the expense of building a state road from Scranton to Strouds-burg, over the Pocone mountains. Re-gardless of what action the legislature takes at its next meeting, it is almost an assured fact that road will be built. Again the question of building a scien-tifically constructed hill with absolutely last summer, and a subscription list of the members of the Minneapolis Au-tomobile club. The idea was broached correct grade is engaging the attention was at once started among club mem-mers, and now again the subject is up for consideration.
