

## TWO PROMINENT PEOPLE CURED OF CATARRH.

Would These Two Cures Be Made if Some Remedy Had Been Substituted for Peruna?

Mr. D. Young, attorney, counselor of Aurora Lodge No. 66, of the Mystic Workers of the World, writes from 103 South Broadway, Aurora, Ill., as follows:

"I suffered with catarrh for eight years before I found anything that would help me. I have wasted hundreds of dollars trying to get relief, and never found any until I read of what Peruna claimed to do for catarrh. A few bottles cured me completely. It not only cured my catarrh by invigorating my whole system until today I feel ten years younger and in complete and perfect health—in fact, a new man, thanks to Peruna."—Delaney Young.

When a patient calls at a drug store to procure some Peruna and the druggist recommends something else that will be just as good, it may be that he does not always recognize the responsibility that he is taking upon himself. Such a substitute is always sure to result in failure and may result fatally.

In some cases catarrh has a tendency to become chronic and it not infrequently sets up disease that finally proves fatal. Peruna taken in time will prevent these cases. To substitute some other remedy means dangerous delay.

It is certainly a great responsibility that any druggist takes upon himself to recommend anyone to take some imitation of Peruna when the life of the patient may depend upon having the Peruna in time.

Read the testimonials of these two people that were cured by Peruna. Had the druggist recommended one of these imitations of Peruna, would it be supposed for an instant that these two people would be well to-day.

Hon. W. S. Lane, Ordinary (Probate Judge) for Wilkes county, Ga., writes from Washington, Ga., the following letter:

"The Peruna Medicine Co., Columbus, O.: Gentlemen—'This is to certify that I have used two and one-half bottles of Peruna for a very bad case of catarrh, and am happy to say to you that I have been entirely cured and gladly recommend Peruna to anyone suffering from catarrh in any form. Have also used it in my family with satisfactory results, both as a tonic and remedy for catarrh.'—W. S. Lane.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Spinnors' and Carders' unions have endorsed the action of their executive committees in voting to oppose the proposition to amend the constitution of the textile conference.

The textile conference, which is being held at the Hotel Hamilton in New York, is a body of representatives of the textile industry.

All the unions claim that they are in strong financial condition and able to stand a long struggle. In addition to the textile conference, there are other unions in other cities and the usual assessments will be levied.

**Depew Loaded with Engagements.**  
New York, Aug. 15.—According to the Tribune's London correspondent, Senator Depew finds the last days of his stay in England crowded with engagements before sailing on Saturday for New York with his son and niece.

He laughs merrily over the hubbub caused by his third term talk a few weeks ago, and draws a striking parallel between English and American politics.

The senator has avoided interviewers and escaped public observation as far as possible while he has been in London.

**No Receiver for Niagara Bank.**  
Buffalo, Aug. 15.—In accordance with an agreement entered into by the officers of the Bank of Buffalo and the Niagara bank, which was closed recently by the state banking department, Justice Kruz, in the supreme court denied the application of Deputy State Attorney General John E. Mason for a receiver for the Niagara bank.

The Bank of Buffalo agrees to pay all the liabilities of the Niagara bank.

**Privilege Debate in Commons.**  
New York, Aug. 15.—Says the London Tribune correspondent: It is highly probable that there will be another privilege debate in the house of commons today (Thursday). The Globe is calling the Irish Nationalists a gang of roddies, political mercenaries and disreputable allies. He has accused them of treachery and disreputable conduct. Mr. Redmond will, it is expected, call attention to the matter when the house next assembles.

Leader Enneluth Tells What Its Policy and Aims Are.

San Francisco, Aug. 15.—John Enneluth, leader of the Hawaiian Home Rule party, is here en route to his home in Cincinnati, where he will make a short visit. In an interview he said: "We want a regular territorial county government, which will induce white people to come and settle among us with the knowledge that they will be protected in their liberties and their rights. While I am east I will do all I possibly can to obtain this very much desired condition of affairs for the Hawaiian islands in whose prosperity I am most deeply interested."

"I am chairman of the tax commission," he said.

**WARM WEATHER BREAKFASTS.**  
GRAPE-NUTS

Require No Cooking.

EASY FOR THE COOK.

As the warm days approach, it is well to give some thought to an easy way to prepare breakfast. A food that is already cooked and simply needs to be treated with a little cold milk or cold cream, is ideal on that point, and such a food can be found in Grape-Nuts, at 15 cents per package.

It is sold by all grocers, and is so highly concentrated that not more than three or four teaspoonfuls are required for the cereal part of the meal. This makes the food very economical and does not overtax the stomach with a great volume.

# WALKER'S STORE.

(Store Closes Wednesday at 2 p.m.; Open Saturday Evening.)

**25c Ink Wells, 14c.**  
(Introductory Sale.) Saturday, 2:30 to 9:30 p.m.

Ever know the luxury of a good ink well? Here's one criticism proof. It can't speak for itself, but it furnished the ink to write this tale. W. L. Mason, a miller, invented it after years of perplexity at finding his ink evaporated or thickened with floor dust; this trouble set him to thinking, and this thinking brought forth the perfect ink well. Its dust proof, evaporation proof, no cork to draw, no cover to remove, a mere touch of the pen and the ink is there to meet you. Just in the nick of time to prepare the children for school going; get one for your husband, too, he'll thank you for so worthy a gift. Our word for it, the best one we ever sold.

On sale at stationery counter Saturday 2:30 to 9:30 p.m. at introductory price of . . . . . 14c

**Handkerchiefs, Ties, for Women, Much Less.**

Some were disappointed in not getting a share of the handkerchief offerings of a week or two ago so in our desire to make all happy we have "raked and scraped" the market until getting together a collection of as much or even more merit than the other. They're dainty things of which you can use easily a dozen or two—so many soiled, you know, these warm days. One lot is a PURE LINEN HANDKERCHIEF AT 20 CTS. OR THREE FOR 50 CTS. of the natural unbleached Irish linen, nicely hemstitched and embroidered corners.

**SPECIAL OF TWICE-AROUND TIES.**

Two weeks ago we placed on sale a bunch of plain white twice around ties at a special figure and although we thought they would last at least half a day they were all snapped up in less than an hour. Bought for 35c. retailing, but for these . . . . . 25c

were those of a woman and several children.

"The conclusion arrived at was that a portion of the shipwrecked crew had landed on the island, the survivors including the captain's wife and family. Marks on the beach also disclosed the fact that two boats were hauled up on the beach and were subsequently launched.

"Continuing along the beach the cutter's crew found the body of a man washed up, which was badly decomposed, but a certificate—that of a chief officer—was found in one of the pockets and turned over to the German governor of the island."

In shipping circles it is said that the wreck is undoubtedly that of the Manchester.

**STAGE ROBBERY IN NEW YORK**  
Blue Mountain Coach Held Up Near Glens Falls.

Glens Falls, N. Y., Aug. 14.—News was received here tonight that the Blue Mountain stage was held up by a masked robber about noon today at North river. The stage which was stopped connected with a train which reaches North Creek, Warren county, a station on the Adirondacks & Hudson railroad, at 10:30 a. m.

When it left the station today it contained seven men and one woman, besides a quantity of express and mail matter for Blue Mountain lake.

The stage was one mile and a half north of Dunlap's hotel at North river, a masked robber suddenly appeared. His first move was to shoot one of the horses.

He then ordered the passengers to hold up their hands and alight. Six of the men immediately took to the woods, the remaining man staying with his wife, and was relieved of \$20, but the robber failed to find a larger sum in another pocket.

The robber then proceeded to rifle the mail bags and plunder the express packages, taking everything of value.

**CALISTOGA, CAL., STAGE HELD UP.**  
Callistoga, Cal., Aug. 14.—The Callistoga and Clear Lake stage was held up today by a lone highwayman. The passengers, numbering twenty or more, were relieved of their money. **Report on Army Canteens.**  
Chicago, Aug. 14.—Dr. Wilbur F. Crafts, of Washington, D. C., superintendent of the international reform bureau and author of the anti-canteen law, visited Fort Sheridan Tuesday when the soldiers got their August pay, issued a report today based on his personal investigation, in which he declared that "with only one dissenting voice it was asserted by soldiers that there had been no more disorder since the canteen was abolished than before."

"The soldiers and citizens generally," the report continues, "attribute the disorders largely to what they alleged is a new policy, and manifestly intended to produce canteen arguments, namely, the arresting of soldiers for very small offenses formerly passed over or punished lightly, which are now made the occasion of multiplying court-martials."
