EASTERN DISPATCHES.

NEW YORK, 9.—The Mace and O-Baldwin fight, which was held Thursday at some place in Virginia.

JERSEY CITY, 9.—The police muddle continues. The new commissioners made no move to-day to get possession of the city.

WASHINGTON, 9.—The superintendent of general of the recruiting service has ordered forward to Omaha 150 recruits for the 13th infantry.

ALBANY, 9.—The Evening Journal today published a long letter from A. D. White, one of the San Domingo commissioners, denying Sumner's statement concerning the treatment of Fred Douglas.

BALTIMORE, 9.—The city is quiet. Caldwell's majority will be about 1,200 to 1,500. All the official returns are not yet received. The Democrats demand that the matter be decided before the legislature in consequence of alleged frauds in many sections.

NEW ORLEANS, 9.—The Democratic and Liberal conference committee were unable to agree on a coalition ticket, and the Liberals nominated D. B. Henn for governor and adjourned till to-morrow.

ST. JOE, Mo., 9.—There was a very large meeting here last night to celebrate the Republican victory in North Carolina. A procession was formed, with banners and music, and the speakers held the audience till midnight.

NEW YORK, 9.—Gen. McClellan, with Gen. Meade and a party of friends, left last night on a trip to Utah and California.

Dispatches from Maine say that very active canvassing is going on on both sides throughout the State. Senator Doolittle is speaking in behalf of the Greeley ticket; Gov. Noyes, of Ohio, is addressing Republican meetings.

WILSON is also active for the Greeley ticket. At St. Louis, Mo., 9.—Another attempt to burn the city was made to-night. The fire raged for some time, but the firemen now have it under control. Most of the buildings burned were barns. The attempt was believed to be made by some parties engaged in a similar crime on the night of the 7th.

MEMPHIS, 9.—A mob of night took to the streets, and a young man and woman were killed, from the jail in Covington, and shot him.

WASHINGTON, 9.—Sumner was surrounded by the colored citizens. He appeared at the door of his residence and was greeted with great applause. Dr. Augusta introduced the Senator as America's greatest statesman and the life-long and firm friend of the African race. Sumner declared himself touched by the voluntary expression of friendship. He said relations had changed during the war, and he was now a "Revolution" never go backward, and you may rest secure that slavery will never be restored, and that you will be restrained or limited in any rights you now enjoy. I am sure you will unite with me in hope and trust for the future (cries of "We will.") The work will only be completed when the sun of freedom is set in the sky, and that will be the capstone. Always from the beginning I have sought to serve you and always to the end I shall seek to serve you. Do you cause my life is dedicated, and nothing can turn me from it. A number of white and colored persons entered the house to shake hands with Mr. Sumner.

CHARLOTTE, N. C.—A notorious desperado who was hanged here yesterday, confessed to numerous crimes, including murder, robbery and other foul deeds. He was, besides, one of a gang of Ku Klux.

NEW YORK, 9.—The leader of the Irish band has been arrested in Newark for a debt contracted by fraudulent representations.

The Klipsack Jenkins—Jenkins is reported at Yales, Ill. The little nephew of a man named Hale has been found buried in the yard of his uncle's house, the body bearing evidence of having been whipped to death. Hale is believed that the murderer of young Mrs. Matthews, near Yales, Ill., is discovered. His name is John Osborne, a young married man. He was arrested, waived an examination

and was taken to jail. The proofs are so strong against him that the sheriff with difficulty rescued him from a mob which had gathered to lynch him.

WASHINGTON, 10.—A dispatch says that since the letter of Gerritt Smith, interceding for the imprisoned Ku Klux at Albany, similar recommendations have been received from other influential Republicans. The report of the service, who has been directed by the President to investigate the cases, will be the basis of the President's action, he having already intimated his willingness to comply with the suggestions.

W. W. Corcoran has sold his country seat known as "Harvard," and donates the proceeds—\$225,000—to the gallery of art, which he had before donated to the city of Washington.

WESTERN DISPATCHES.

SAN FRANCISCO, 9.—The London, Liverpool and Globe Fire Insurance Company is calling in and cancelling all policies on buildings in this city, located south of Market street, in obedience to orders from London. The reason for this is the preponderance of wooden buildings, and the consequent danger of a sweeping fire in that locality.

The examination of H. W. Corben, on a charge of arson, in setting fire to his saloon on Market street, last week, took place this evening. The evidence is circumstantial, but quite strong.

The Keystone and Boston Consolidated Mining Company, with a capital of \$3,000,000, to operate in Monroe county, Cal., was incorporated today.

The subscriptions to the Atlantic and Pacific Railroad stock now aggregate within a fraction of \$750,000.

Eighteen ships have sailed from this port with cargoes of wheat since July 1 against two in the same period last year. Private telegrams quote wheat a little lower in Liverpool this afternoon.

Stocks opened very dull this morning. The sales at the first board were 8,965 shares, with a few exceptions, at a decline. No considerable advance is anticipated before the middle of next week. The day has been one of the duller of the season in business of nearly every description.

The Tucson Citizen says the Apaches continue to murder our people the same as before, though promising to keep peace. They shot J. M. Flores dead near Sopher rancho, July 16, killing his horse and that of his companion, the latter escaping. Yesterday, within 200 yards of Kitchen's rancho, they shot and killed L. Martinez, an old citizen.

VICTORIA, 8.—The steamer Oler, arrived yesterday from the north, confirms the previous reports concerning the Indians. Everything was quiet up to the time of the Oler's arrival. The passengers generally give discouraging accounts of the mines. Provisions were low and sales low.

The Alexandria suspension bridge, over the Fraser river, has been ordered to be dismantled.

SALT LAKE CITY, 9.—The W. U. Telegraph Co. have established an agency office will be opened for business to-morrow.

STOCKTON, 9.—The barge Farmer, with a cargo of 300 tons of wheat, struck a snag in the San Juan river, near Crow's landing, and sunk. The water reaches her deck, but the wheat is not injured.

John McDermott, an employee, fell from the upper to the lower deck of the steamer Carrie Belle and sustained severe injuries. It is feared he will not survive.

The Republicans fire a salute to-morrow evening to celebrate the recent victory in North Carolina.

EUROPEAN DISPATCHES.

LONDON, 10.—Gen. Sherman visited Woodrich arsenal to-day, and witnessed some experiments; he subsequently launched with the officers, and returned last night to London.
