## Local and Other Matters.

FROM TUESDAY'S DAILY, AUG. 5.

**The New Judge.**—Chief Justice Hunter has been assigned by Governor Emery to the Third Judicial District. We hope he will prove a just judge.

**Found.**—A white embroidered infant's cape was picked up near this office one evening last week. The owner can have it by calling for it.

**Woman's Exponent.**—The last number of this valuable paper came promptly to hand filled as usual with good and entertaining literature.

**Suit Planted by the Church.**—We direct attention to the supplement which we publish this evening, it contains something of interest to every member of the Church.

**Collar Bone Fractured.**—The Dispatch says that Mrs. George Covey, a lady living near Ogden, on Sunday fell off a wagon and broke her collar bone. A surgeon was summoned and the fractured member was reset.

**For Europe.**—Messrs. C. R. Savage and G. M. Ottlager, two of Salt Lake's highly respected citizens, left this morning on a trip to Europe. They go for business as well as pleasure, and expect to be absent about ten weeks. Pleasant time.

**The Election.**—The election yesterday passed off very quietly, the People's ticket having no opposition. The returns were light. The number of votes polled in the First Precinct was 256; in the Second, 297; Third 285; Fourth, 212; Fifth, 296. Total of returns, 1,346.

**"Lo" as a Herbalist.**—A broad-chested, swarthy son of the forest was on Main Street to day, selling Indian root to the masses, from a sack containing some excellent specimens of that plant, with all the complacency, and we dare say, with much more consistency, than a regularly authorized "king of pain."

**House Robbery.**—Sunday afternoon, a house opposite the Cliff House, was entered by burglars and robbed of \$150 in cash, a gold watch, two silver ones, a suit of clothes, some rings, studs and other jewelry, also some papers. The ingress was made from the back, a key having been used to unlock the door. The suspected person is being followed.

**Comfortable.**—Brother James Dwyer, who has been visiting the Penitentiary to day, states that he found the Executors, Elders Geo. Q. Cannon, Brigham Young and Albert Carrington, in a very comfortable condition, well treated and quite good natured under their present circumstances. General Butler, the Warden, was doing what he could to make it agreeable for the gentlemen during their stay in "durance vile," and they in return, much appreciated his care and courtesy. The party occupied the guard's quarters up stairs, which had been vacated for their especial accommodation.

FROM WEDNESDAY'S DAILY, AUG. 6

**Still They Come.**—Descriptions of how the 24th of July was spent in Pabresh, Kane County, and Randolph, Rich County, have been had us, and though of interest had they arrived sooner, must now be omitted on account of their late coming. Send earlier.

**Calder's Musical Journal.**—We have received No. 2 of this journal, issued monthly by Mr. David O. Calder, music dealer of this city. It contains the current incidents of the musical world, the latest productions by the most popular composers and sundry written articles on the divine art. Each number will contain one dollar's worth of new and valuable music in sheet form.

**The Last Three Months.**—The last three months have probably been as prolific of exciting and troublous events as any in the history of the Territory. We have had legal suits, contempt, imprisonments, assaults, murders and petty tyranny to repletion; for nearly all of which we are indebted to those charitably disposed individuals who come here to make us more peaceable and law abiding Reformers! Heaven save the mark!

**Thief Caught.**—It will be remembered that on Sunday afternoon, a house opposite the old Bavarian Beer Gardens, near Main Street, was robbed of some money, watches, jewelry, a suit of clothes and some valuable papers. One of the watches was the property of Mr. R. B. Horn, who occupies one of the rooms, and the man suspected of having committed the burglary, one Fred Stone, was a former employee at the house. It was done while the occupants were out at the lake, bathing, and the thief at once decamped with his booty, its absence not being discovered until the return of the owners. A warrant was at once issued, and search began for the culprit. This morning, Sheriff Brown, of Ogden, came to the city, bringing Stone with him, having arrested him last night in that place. He had at the time, just returned from a ball, to which he had worn the suit of stolen clothes, and had on his borrowed plumes at the time he was taken into custody. Most of the other articles stolen were also found in his possession. He will likely have an examination to-morrow.

**Disgraceful Scene.**—Yesterday afternoon, the inhabitants of a certain portion of the 13th Ward were shocked at a disgraceful scene that took place near Wells Fargo's shop, almost opposite the Catholic Church. A man and woman, the latter one of the plaintiffs in the big suit against the Executors and Trustee in Trust, issued from a house just north of the blacksmith shop, struggling with each other for the possession of a child. Both fell to the ground several times, and the bystanders who gathered around ascertained that the woman, at least, was in a state of intoxication. While the melee was at its height, another woman, also a plaintiff in the same suit, ran out of the house to interfere. Her appearance was such as to disgust everybody, she being in a partially nude condition and apparently perfectly senseless. She urged the officers to arrest the man for trespass, as the premises were her own. The cause of the disgusting affair, our informant, an eye witness, did not learn. We have been told, though, that the first two parties were husband and wife, and the other woman the latter's sister. Also that the man had gone to the house to bring his child away, as he had no confidence in the character of the place.

**Another Whipping Affair.**—Ten o'clock this morning was the hour fixed for the examination of Harry Bane and G. W. Elliott, the former being charged with assaulting and grossly beating Mr. A. M. Musser on Sunday last. A large crowd was in attendance at the court room, and to the most careless observer it was evident that though the spectators were calm and quiet, they were exasperated and enraged beyond expression. The proceedings before the justice merely consisted of \$1,000 bonds being given for Bane and Elliott, they through their counsel having waived an examination. This action it was considered really ended the matter, as it is not likely that the grand jury would ever have their attention called to the case. Subsequent events, however, have made doubtful the truth of the ex-

pectation and now that a "Mormon" is the assaulting party, the case will probably receive speedy notice.

After filing the bonds, the two Banes started from the room, and had just entered the hall, when the door through which they came was closed and locked on the outside. The other doors leading into the hall were simultaneously fastened, the keys being stolen or concealed. This, of course, cut off any escape or hope of rescue, and a general fight was engaged in. Mr. Musser using vigorously upon young Bane the same whip with which he himself had been beaten. The police finally broke in the front door, quelled the disturbance and arrested as participants in the fight, A. M. Musser, Harry Bane and A. McRae, who gave bonds for their appearance when wanted. Persons who saw Elliott, Bane's assistant in the previous whipping, say that he jumped through the window in the court room, and with that scrupulous discretion which is the better part of valor, quickly removed himself to a safe distance from the disturbance.

While we cannot say that the attack on Bane was undeserved, we regret that such a step should have been considered necessary. At any rate, the clique to which Bane belongs, cannot reasonably complain after opening the ball, that one of them is compelled to dance to his own kind of music.

The examination of Mr. Musser will take place on Friday morning at 10 a. m.

FROM THURSDAY'S DAILY, AUG. 7.

**A D-served Honor.**—Our dispatches to-day, announce the appointment of Hon. W. H. Hooper, President of the Deseret National Bank of this city, to a vice presidency in the American Banking Association. The meeting was held at Saratoga, New York, yesterday.

**Bang! Bang!**—Another celebration of the "24th" has just arrived, this time from Glenwood, Sevier County. If our correspondents would only send off reports of proceedings a little sooner after the reports of cannons and muskets, we would take pleasure in publishing them, otherwise it must be otherwise.

**Joint Annual Excursion.**—Next Thursday, the 20th and 21st Ward Sunday Schools will take their annual excursion, both schools amalgamating for the purpose. The time was first announced for next Monday, but it has been thought advisable to postpone it until the day stated. Lake Side is the objective point, and a fine time is expected and will no doubt be realized.

**Bound Over.**—Fred Stone, the man arrested in Ogden and brought to the city by Sheriff Brown, for trial on the charge of house robbery, was yesterday examined before Justice Pyper, and pleading guilty was bound over in the sum of \$500 to await the action of the grand jury. The stolen property was identified and returned to the proper owners, excepting the cash, which he had expended or disposed of otherwise.

**Change of Clerks.**—Mr. C. S. Hill, clerk of the Third District Court, having resigned that office, Mr. O-car J. Averell, who arrived from the east with Chief Justice Hunter, was appointed to fill the vacancy, and has entered upon the duties of his office. Mr. Boyd P. Hill will also resign as deputy clerk. We hope the successor of the outgoing official will emulate the gentlemanly and obliging demeanor for which they have been well and widely known. We are pleased to learn that Mr. H. G. McMillan, the other deputy, will in all probability retain his position. He is a gentleman in the true sense of the term, and for his efficiency and integrity has won the respect and esteem of all classes with whom he has had any dealings.

**Many Thanks.**—Among the many substantial acts of courtesy extended to Elder Rudger Clawson

while returning to Utah with the body of Elder Standing, are those of F. E. Fowler, Esq., General Passenger and Ticket Agent of the Missouri Pacific Railroad, who passed Elder Clawson and his charge free from St. Louis to Kansas City; and to Col. John L. Truslow, of Kansas City, agent of the Atchafalpa, Topeka and Santa Fe Railroad, who passed them free from Kansas City to Denver. This made nearly one thousand miles of travel for which these gentlemen refused any remuneration. Such acts of kindness will not be forgotten, and may some day be repaid with interest.

## DISTINGUISHED VISITORS.

Yesterday afternoon a party of gentlemen went to Ogden in a special car to meet and escort to this city the committee appointed by Congress to investigate the labor and Chinese questions, with their traveling friends. The escorting party consisted of Hon. M. Thatcher, Gen. Horace S. Eldredge, Col. J. R. Winder, Judge Pyper, Aldermen Raleigh and Dinwoodey Messrs. John Henry Smith and C. W. Penrose.

The Congressional party arrived at Ogden in a special car, and were received and transferred to the Utah Central train. Carriages were waiting their arrival at the depot and they were conveyed to the Continental, where Major Erb was ready to make his guests comfortable at one of the pleasantest family hotels in the country.

The party is composed of the following ladies and gentlemen:

Of the committee—Hon. H. B. Wright, of Pennsylvania, Chairman; Hon. H. L. Dickey, Ohio; Hon. M. T. O'Connor, South Carolina; Hon. Calvin Cowgill, Indiana; Hon. J. G. Martin, North Carolina (two of the committee, viz., Messrs. Murch, of Maine, and Shermine, of Illinois, were unavoidably absent); Mr. Charles L. Flanagan, sergeant-at-arms of the committee, Mr. D. Lum, clerk; and Mr. Henry D. Hayes, stenographer.

In company with the committee are Hon. W. F. Sapp, of Iowa, and his son Mr. Will Sapp; Mr. Williamson, of Pennsylvania, and the following named ladies: Mrs. Cowgill, Mrs. Martin, Mrs. Dickey, Miss O'Connor, Miss Wright, Mrs. Sapp, Miss Brown and Mrs. Fanny B. Ward; the last named lady is a correspondent of the *New York Herald*, *Harpers'*, *Washington Chronicle*, etc., and has visited this city before, writing up the country and the people in a fair impartial and able manner. The party is in the care of Mr. Flanagan, who is also a noted Washington newspaper correspondent, and has been here five times. He is well known at Salt Lake, and will be received with pleasure by a host of friends. The company will stay here until Saturday, when they will proceed to San Francisco, and the committee will continue its labors on the important questions at issue.

This morning a portion of the company went to the Warm Springs and took a bath before breakfast. At 10 o'clock the gentlemen and most of the ladies, after calling on President Taylor at his office, went out to the Penitentiary to see Hon. George Q. Cannon and his fellow Executors in their confinement. The prisoners were in good health and spirits, and did not seem to suffer from their incarceration. The situation of the case was explained and is well understood by the Members of Congress present who are, most of them, practical lawyers of great ability. They all entertain the highest opinion of Delegate Cannon, with whose talents and good qualities they have become fully acquainted through personal intercourse with him during their Congressional experience. Returning, the Temple, Tabernacle, etc., were visited, and this evening the party intend taking a trip, per Utah Western, to Lake Point, for a bath in the briny lake. They are ladies and gentlemen of culture and refinement, and we hope they will thoroughly enjoy their brief visit to the "City of the Saints."

## Catarrhal

# POISON

Wei De Meyers' Treatise on Catarrh, explains the following important facts:

1. That Catarrhal Colic becomes a poisonous infection, at first local, and finally constitutional.
2. That, being Constitutional, the infection is beyond the reach of mere local remedies.
3. That whatever impurities exist in the nostrils, are necessarily swallowed into the stomach and inhaled into the lungs, thus poisoning the digestive, the respiratory and the genito-urinary organs.
4. That Catarrhal virus follows the mucous membrane and causes Weak Eyes, Deafness, Dyspepsia, Chronic Diarrhoea, Bronchitis, Leucorrhoea and Consumption.
5. That Smokes, Douches, Inhalations and Insoluble snuffs, taken into the nostrils and throat, cannot possibly remove infectious inflammation from the organs named.
6. That an antidote for Catarrh must possess an inoculative affinity for, and the capacity of being absorbed by the purulent mucous wherever located.

Acting upon these theories, Dr. Wei De Meyer has found a remedy for Catarrhal diseases, which proves to be infallible. His treatise, with overwhelming proofs and full explanations of the most important medical discovery since vaccination, is sent free and Post paid to anybody. *Wei De Meyer's Catarrh Cure* is not yet in the hands of all Druggists. Where not thus procurable, it will be delivered to any address at \$1.50 a package. To Clubs, six packages for \$7.50. To the Trade, liberal terms.
